You get a mélange of projects bursting with every flavor imaginable! Each designer was given a focal bead, a unique clasp, and coordinating beads, and was charged with creating a dynamic piece of jewelry. These artists push their own boundaries to come up with new combinations and original pieces.

The Everything Coaching and Mentoring Book

The hilarious first novel by the #1 bestselling author of Running with Scissors, Dry, A Wolf at the Table, and You Better Not Cry, Sellelevision is Augusten Burrough's darkly funny and vastly entertaining skewering of a very troubled home-shopping channel. Welcome to the world of Sellelevision, America's premier retail broadcasting network. When Max Andrews, the much loved and handsome (that is, lonely and gay) host of a "Toys for Tots" segment, accidentally exposes himself in front of millions of kids, Sellelevision faces its first big scandal. As Max struggles to find a new job in television, the popular and perky host Peggy Jean Smythe is receiving sinister emails from a stalker. Popping pills and drinking heavily, she fails to notice that her husband is spending a lot of time with the young babysitter who

lives next door. Then there's Leigh, whose affair with married Sellelevision boss Howard Toast is going nowhere until she announces their relationship on air. A blistering satire of our overcharged, scandal-obsessed world, Sellelevision is "an absolute howl . . . wicked fun" (New York Daily News).

Here is an illustrated, easy-to-reference handbook with step-by-step instructions for the procedures most commonly performed by primary care clinicians in office, hospital, and other outpatient settings. Organized by major body systems, each section reviews the diagnostic procedures for that system, followed by all of the information you need to perform the procedure. Begin with an overview and a list of methods for performing the procedure, followed by rationales, indications and contraindications. The procedure section lists the required equipment and provides step-by-step instructions for performing the procedure. You'll also have CPT coding guidelines and health promotion and safety prevention tips for client teaching as well as post-procedure care.

For 14K Triad official Steven Wong, faking his own death to escape trial was easy. But evading investigative reporter Terry Gould -- impossible. For 11 years Terry Gould has tracked the man known as the "paper fan" through the organized crime circles of six countries. This riveting, horrifying, yet often hilariously funny book is the story of that search, a daredevil journey through the seductions and terrors of Steve's world. Steven Wong is the "paper fan," a thirty-nine-year-old Hong Kong-born mobster. Raised in New York's Chinatown, he matured into crime in Vancouver, where he founded and headed the murderous Gum Wah Gang in the late 1980s and early '90s. In 1992, Wong "died" in a traffic accident in a remote area of the Philippines before he could be sent to jail for heroin trafficking, conveniently just after he'd taken out a million-dollar life insurance policy. His urn may still be interred in a Vancouver cemetery, but today, Interpol has a "Red Alert" arrest warrant out for Wong, and his updated file reads like a Hollywood action film -- a post-mortem panorama of organized criminal adventure that circles the Pacific Rim, from Macau to Japan, from Cambodia to the Philippines. Gould's search takes him into a world in which politicians, police, businessmen and criminals sprint along in one big pack, sometimes nipping each other's heels, sometimes licking each other's faces, and sometimes inviting one another back home for all-night mah-jong parties. Forced to work according to right-side-up rules, honest cops haven't had a chance of arresting Steve in his upside-down world. Four times, Terry Gould has traced Steven Wong through Asia's circles of corruption and pinned him down, but the law has let him slip away. Fifth time lucky? "Gangsters are good team players who generally exhibit a locker-room familiarity with other men. Still, it surprised me when Steve answered the door on Monday wearing only his polka-dot boxers, showing off his biceps and his chest tattooed with the winged dragons and sharp-taloned eagle. He was talking on the phone and barely interrupted himself as he turned back into the house, whereupon I realized that the display was likely done on purpose. Neck to waist his back was totally covered by a stylized tableau of a dragon crawling against a background of tigers and flowers -- a Triad montage no one outside his syndicate world was supposed to see." -- from Paper Fan From the Hardcover edition.

Mawson turned down an invitation to join Robert Falcon Scott's Terra Nova Expedition in 1910; Australian geologist Griffith Taylor went instead. Dawson chose to lead his own expedition, the Australian Antarctic Expedition, to King George V Land and Adelie Land, the sector of the Antarctic continent immediately south of Australia, which at the time was almost entirely unexplored. The objectives were to carry out geographical exploration and scientific studies, including visiting the South Magnetic Pole.

The fascination with aluminum giftware is that there is so much to choose from. You can collect it by the piece or by the pattern. It never grows old and the items are just as useful today as when they were first made. Here are serving dishes, children's playthings, napkin rings, pitchers, smoking accessories, salt and pepper shakers, vases, trays and more in popular as well as unusual patterns, all presented in clear color photographs and with today's market values. Aluminum giftware is twentieth century design of enduring usefulness and beauty.

This invaluable, practical book is written by a watch repairer with over twenty years' experience. It is aimed principally at the novice mechanical watch repairer, although those with more experience will also find it most useful. Brimming with advice and useful tips, it provides step-by-step photographs with accompanying text and demonstrates how to maintain a mechanical watch, and how to identify problems and correct them. The author discusses the theory behind how a watch works and reveals how to take a watch apart and how to reassemble it without causing any damage. Each section of the book is related to a particular element within the watch, and the author clearly explains the function and design of each part. He covers the essential requirements of a workspace, discusses basic tools, and how to use and care for them and illustrates how to take a mechanical watch apart and re-assemble it. He goes on to examine types of watch cases, case backs and how to open and re-fit them, as well as the movement and removing the

movement from the case. He demonstrates how to remove the hands and the dial, and discusses motion work and the removal of the cannon pinion. He also pays attention to keyless-work, the mainspring and the barrel, the balance wheel, the escapement, the gearing and the gear train, pivots and arbors, bearings and jewels, and much more. The book also shows the reader how to service, clean and oil a watch, and how to successfully complete common repairs and make basic adjustments. Essential reading for all those interested mechanical watch repair, and superbly illustrated with 337 colour photographs.

Questions about Amazon, FBA, arbitrage, or selling online? You can call (yes, CALL!) the author, Chris Green (or send a text if that's your thing). Phone number is included in this book. Arbitrage is the practice of taking advantage of a price difference between two or more markets, striking a combination of matching deals that capitalize upon the imbalance, the profit being the difference between the market prices. This is the complete, authoritative, and exhaustive manual outlining the Arbitrage business model. It has been compiled and made available to anyone interested in buying products to be resold online. In this book, Chris Green will give you the keys to the Arbitrage Kingdom with the mindset of unlimited opportunities and abundance and not one of scarcity. Empires are being built by using powerful new programs like ScanPower to source and evaluate items for resale. Pair this with Amazon's amazing fulfillment program called Fulfillment By Amazon (FBA) to outsource the storage, shipping, and customer service of your items, and you have a completely scalable, nearly risk-free business model with a near-zero entry cost. The techniques described in this book can be used by anyone, anywhere to build a small side business or large empire. The only limit is your imagination.
