Warning: This novel contains excessive humor, action, excitement, adventure, magic, romance, and bodies. Proceed with caution. Fetching a cat out of a tree should've been a quick, easy fifty bucks in Kanika's pocket. Instead, following one stray thought, the devil pays her a visit and leaves her with a debt to repay. Owing the devil a favor is bad enough, but her life is turned upside down when it's time to pay the piper. First, she doesn't want the world's sexiest firefighting, kitten-rescuing Scot as an unwilling companion. Since that wasn't bad enough, she doesn't know who wants him dead or why, but there's no way in hell she's going to let someone mar his perfection. Add in the fact the devil wants an heir, and there's only one thing she knows for certain: she's in for one hell of a job.

The Bullet Journal Method

Cities have always been important protagonists in our history, but now, more than ever, they are taking the leading role in our developing culture. The intensified urbanization and increasing importance of cities like London, Paris, New York and Mexico, which are becoming through their assets and appeal more prominent than the nations they belong to, is evident to us all. In this series, the most prominent cities in the world are given a chance to reassert their unique personalities and show us their individuality via a pictorial tour and compelling anecdotes. They can show off their exceptional monuments, both historical and contemporary, their particular ambience and flavour, their visual and cultural singularity the things that mark them out in the face of the encroaching tide of homogeneity. The series brings not only revelation and discovery to new visitors, but also rediscovery and renewed enthusiasm to the cities inhabitants, too easily blinded by their frenetic lifestyles to the extraordinary monuments, visual panoramas and street life they live amongst.

The Wandering City

A timely and shocking thriller about a young woman who is the target of a social-media smear campaign. “Smart, sardonic, sexy, suspenseful—and scary, because it’s probably true.” —Lee Child, #1 New York Times bestselling author of the Jack Reacher series Her perfect job becomes the perfect nightmare when a stalker hacks her phone. Candace Walker is thrilled when she lands a new job at a hip Manhattan tech company and gets a brand-new iPhone. She’s more than ready to move on from creating clickbait ads for weight-loss pills and herbal erection boosters, and is determined to dazzle the startup team she joins. A week later, though, everything is at risk: Candace is the target of a mysterious harasser and an online smear campaign. She tosses her new phone into the Hudson River, begins hiding out in her sister’s storage locker in New Jersey, and can’t think of a single person she can trust. But Candace hasn’t come this far—and gone to such lengths—to submit to what is happening without a fight.

Social Misconduct

Finalist for the Readers of Elle Magazine's Grand Prize (France) Winner of the Plaidoiries Prize for Best Crime Novel at the Festival Clameur(s) of Dijon Almodóvar meets Orwell in this acclaimed, fast-paced contemporary noir novel exposing the most shameful secrets of the Franco era. Present-day Spain, a time of economic crisis and resurgent populist nationalism. The radical right has just won the election after twelve years of Socialist rule. In the midst of this political upheaval, a series of murders is committed, taking place from Madrid to Barcelona to Valencia. The victims include a politician a real-estate lawyer, doctor, a banker, and a nun. There is no obvious connection between them. As the country prepares for a return to a certain moral order, radio crime reporter Diego Martin is trying to keep his head above water in anticipation of the expected media purge. When he decides to look into the first murder, he doesn't have the faintest clue that his investigation will lead far beyond his local beat and put his life at risk. For what he uncovers exposes the roots of a national scandal: the theft of babies from the victims of the Franco regime, crimes—never prosecuted—that were orchestrated by now well-connected citizens who will do anything to avoid exposure.

The stunning debut novel from one of the most creative artists of our generation, Bobby Hall, a.k.a. Logic. "Bobby Hall has crafted a mind-bending first novel, with prose that is just as fierce and moving as his lyrics. Supermarket is like Naked Lunch meets One Flew Over the Cuckoo's Nest—if they met at Fight Club."—Ernest Cline, #1 New York Times Bestselling author of Ready Player One Flynn is stuck—depressed, recently dumped, and living at his mom's house. The supermarket was supposed to change all that. An ordinary job and a steady check. Work isn't work when it's saving you from yourself. But things aren't quite as they seem in these aisles. Arriving to work one day to a crime scene, Flynn's world collapses as the secrets of his tortured mind are revealed. And Flynn doesn't want to go looking for answers at the supermarket. Thoughts of Dog

"It's official: excessive "internetting," smartphoning, and social media make us miserable. But it doesn't have to be that way. Over the last decade, recognized journalist Blake Snow rigorously researched, tested, and developed several connectivity strategies for finding offline balance in an online world, which resulted in this, his first book. In Log Off: How to Stay Connected after Disconnecting, Snow passionately, succinctly, and sometimes humorously explains how to hit refresh for good, do more with less online, live large on low-caloric technology, increase facetime with actual people, outperform workaholics in half the time, and tunefully blend both analog and digital lives with no regrets. If the "offline balance movement" is real, this is its playbook." -- Back Cover
