Colloquial Persian

This is a very accessible learner's guide to one of the oldest and most important literary languages of the Middle East. Persian is spoken by over 35 million people in Iran and Afghanistan, where it is known respectively as Farsi and Dari. First learn about the country's history and culture, acquaint yourself with social customs, restaurant practices and transportation systems. Then learn basic language skills, including vocabulary, grammar and useful phrases that will have you communicating with natives and moving about freely.

Modern Persian

Originally published in 1944, this book contains a selection of passages intended to help a beginner in Persian 'with sufficient reading matter for an intensive course to qualify him for attacking successfully the ordinary newspaper and magazine', as well as for informal conversation. Arberry also intends the book as a brief overview of Persian literature and culture, and supplies notes and vocabulary to go with the sample texts. This book will be of value to anyone with an interest in the history of education and Persian language learning in Britain.

Farsi Conversations

The Gospel and the Catholic Church

The Easy Persian Reader is intended to help learners of the Persian language improve their reading and comprehension skills. This book is suitable for those learners who are at the beginner to intermediate level. Although a basic knowledge of the Persian alphabet such as the ability to recognize, read and write the Persian script is required prior to using this book, a brief overview of the Persian alphabet and the pronunciation of Persian letters have been provided at the beginning of the book. The Easy Persian Reader consists of twelve chapters. Each chapter includes a short reading passage in Persian followed by a series of exercises to develop and test the reader's comprehension of that passage. The passages are accompanied by the transliteration of the Persian sentences. The English translation of all words used in each chapter has been provided at the end of each chapter. The book also provides the key list to the covered exercises.

An Introduction to Persian

Your First 100 Words in Persian

The grammar in this book is comprehensive, and contains all that is necessary for the student to become thoroughly familiar with the language.

The Book of a Thousand Judgements

Mr Elwell-Sutton's book provides a simple grammatical framework for contemporary written Persian. It is based on the characteristic idiom and phraseology of the language as it is used in newspapers, magazines and novels. The student is introduced to Persian script from the first lesson. Words are fully vocalized in the early lessons, but vowels are progressively discarded; they are, however, shown in the vocabulary. The letter-forms of printed Persian are used cursive scripts. Although the structure of the language is Mr Elwell-Sutton's immediate concern, he has given close attention to the need for acquiring a workable vocabulary. The examples and exercises thus require only a limited

vocabulary of words in fairly common use - about 1500 in all. The student is also given help with pronunciation; at the ends of lessons sample sentences from the exercises are printed with diacritics showing the intonation and stress of each syllable. At the end of the book there is a key to the lessons.

1000 Most Common Farsi Phrases

"All memoirs bring the past into the present, but only a few manage to illuminate both simultaneously. French Hats in Iran, a quietly insightful masterpiece of remembrance, belongs in that select group. Heydar Radjavi's evocations of growing up in Tabriz in the 1930s and 1940s describe a traditionalist Iran grappling with modernity, a process as fraught with contradictions and stresses then as it is in Iran today. In a series of mini-tales, we meet a rich cast of characters: the elderly father who works in the Tabriz bazaar and runs his household according to unbending religious precepts; the resourceful mother who finds ways to enjoy such forbidden frivolities as music; the female playmate who marries at the age of nine; the teacher whose personal journey takes him from strictest piety to political radicalism; and many more. Finding a path through all the complexities is Radjavi himself—a wide-eyed little boy in some episodes, an adventurous teenager in others, and finally a young man preparing to enter a fast-changing world. The tone

is always light, the memories wonderfully vivid, and the underlying theme of tension between old and new truly timeless. "

Read and Write Persian Language in 7 Days

This handbook offers a comprehensive overview of the field of Persian linguistics, discusses its development, and captures critical accounts of cutting edge research within its major subfields, as well as outlining current debates and suggesting productive lines of future research. Leading scholars in the major subfields of Persian linguistics examine a range of topics split into six thematic parts. Following a detailed introduction from the editors, the volume begins by placing Persian in its historical and typological context in Part I. Chapters in Part II examine topics relating to phonetics and phonology, while Part III looks at approaches to and features of Persian syntax. The fourth part of the volume explores morphology and lexicography, as well as the work of the Academy of Persian Language and Literature. Part V, language and people, covers topics such as language contact and teaching Persian as a foreign language, while the final part examines psycho-neuro-, and computational linguistics. The volume will be an essential resource for all scholars with an interest in Persian language and linguistics.

Modern Persian Reader

A Thread in the Tangle

NEW YORK TIMES BESTSELLER • Finalist for the PEN/USA Award in Creative Nonfiction, the Thurber Prize for American Humor, and the Audie Award in Biography/Memoir This Random House Reader's Circle edition includes a reading group guide and a conversation between Firoozeh Dumas and Khaled Hosseini, author of *The Kite Runner*! "Remarkable . . . told with wry humor shorn of sentimentality . . . In the end, what sticks with the reader is an exuberant immigrant embrace of America."—San Francisco Chronicle In 1972, when she was seven, Firoozeh Dumas and her family moved from Iran to Southern California, arriving with no firsthand knowledge of this country beyond her father's glowing memories of his graduate school years here. More family soon followed, and the clan has been here ever since. *Funny in Farsi* chronicles the American journey of Dumas's wonderfully engaging family: her engineer father, a sweetly quixotic dreamer who first sought riches on Bowling for Dollars and in Las Vegas, and later lost his job during the Iranian revolution; her elegant mother, who never fully mastered English (nor cared to); her uncle, who combated the effects of American fast food with an army of miraculous American weight-loss gadgets; and Firoozeh herself, who as a girl changed her name to Julie, and who encountered a second wave of culture shock when she met and married a Frenchman, becoming part of a one-couple melting pot. In a series of deftly drawn scenes, we watch the family grapple with American English (hot dogs and hush puppies?—a complete mystery),

American traditions (Thanksgiving turkey?—an even greater mystery, since it tastes like nothing), and American culture (Firoozeh's parents laugh uproariously at Bob Hope on television, although they don't get the jokes even when she translates them into Farsi). Above all, this is an unforgettable story of identity, discovery, and the power of family love. It is a book that will leave us all laughing—without an accent. Praise for *Funny in Farsi* "Heartfelt and hilarious—in any language."—*Glamour* "A joyful success."—*Newsday* "What's charming beyond the humor of this memoir is that it remains affectionate even in the weakest, most tenuous moments for the culture. It's the brilliance of true sophistication at work."—*Los Angeles Times Book Review* "Often hilarious, always interesting . . . Like the movie *My Big Fat Greek Wedding*, this book describes with humor the intersection and overlapping of two cultures."—*The Providence Journal* "A humorous and introspective chronicle of a life filled with love—of family, country, and heritage."—*Jimmy Carter* "Delightfully refreshing."—*Milwaukee Journal Sentinel* "[*Funny in Farsi*] brings us closer to discovering what it means to be an American."—*San Jose Mercury News*

The *Pirates Reader* is a tribute to the Pittsburgh Pirates, their fans nationwide, and to the franchise's rich history of baseball--Richard Peterson has collected the writing of baseball's greatest storytellers. Included are early pioneers of sports journalism, such as Henry Chadwick, the father of baseball statistics, and Alfred H. Spink, founder of *The Sporting News*.

The Pirates Reader

This reissue of Archbishop Ramsey's classic theological study of Anglican views of the church is important for students of ecumenism, and for those concerned with the relationship between Christ and the church in the New Testament. Although some of the book is dated, its conviction that "the church's meaning lies in its fulfillment of the sufferings of Christ" and that "every part of its history is intelligible in terms of the Passion" remains perceptive and challenging. Examining Scripture, doctrine, and history, Ramsey paints an intricate portrait of the church as an example of Christ's death and resurrection. He explores Eastern orthodox doctrine; explains the purposes and preconditions of the Reformation; and calls for a renewal of liturgical worship and reconciliation within the communion of the saints. Originally published in 1936 while he was serving as sub-warden of Lincoln Theological College, this was Ramsey's first book. After more than seventy years, its wisdom concerning the relationship between Catholic and Evangelical, and the underlying complementarities and tensions which characterize the Anglican tradition, remains theologically sound and biblically astute.
