50 Great States Read & Solve Crossword Puzzles

A military historian's "eminently readable" look at the strategy and tactics at Bunker Hill, Trenton, and other battles of the American Revolution (George F. Scheer, author of *Rebels and Redcoats*). This groundbreaking study argues that the Americans did not simply outlast the British in the Revolutionary War—but won their independence by employing superior strategies, tactics, and leadership. For history buffs and armchair strategists, here is a blow-by-blow analysis of the men, commanders, and weaponry used in the famous battles of Bunker Hill, Quebec, Trenton, Princeton, Saratoga, Cowpens, and more—with dozens of detailed maps and illustrations.

America

Crossword puzzles encourage students in grades three through six to recall facts provided in informational passages on each of the fifty United States.

Independence Lost

George Vs. George

Bring history to life for students in grades 5 and up using *The American Revolution!* This 144-page book highlights events, battles, and people from when the first inhabitants arrived in North America to when the new republic was created. The book covers topics such as the first colonies, slavery, New France, George III, the Boston Tea Party, and the Confederacy. It also includes biographies, time lines, maps, reproducible activities, and a complete answer key.

I Survived the American Revolution, 1776 (I Survived #15)

Americans have always put the past to political ends. The Union laid claim to the Revolution--so did the Confederacy. Civil rights leaders said they were the true sons of liberty--so did Southern segregationists. This book tells the story of the centuries-long struggle over the meaning of the nation's founding, including the battle waged by the Tea Party, Glenn Beck, Sarah Palin, and evangelical Christians to "take back America." Jill Lepore, Harvard historian and *New Yorker* staff writer, offers a careful and concerned look at American history according to the far right,

from the "rant heard round the world," which launched the Tea Party, to the Texas School Board's adoption of a social-studies curriculum that teaches that the United States was established as a Christian nation. Along the way, she provides rare insight into the eighteenth-century struggle for independence--a history of the Revolution, from the archives. Lepore traces the roots of the far right's reactionary history to the bicentennial in the 1970s, when no one could agree on what story a divided nation should tell about its unruly beginnings. Behind the Tea Party's Revolution, she argues, lies a nostalgic and even heartbreaking yearning for an imagined past--a time less troubled by ambiguity, strife, and uncertainty--a yearning for an America that never was. *The Whites of Their Eyes* reveals that the far right has embraced a narrative about America's founding that is not only a fable but is also, finally, a variety of fundamentalism--anti-intellectual, antihistorical, and dangerously antipluralist. In a new afterword, Lepore addresses both the recent shift in Tea Party rhetoric from the Revolution to the Constitution and the diminished role of scholars as political commentators over the last half century of public debate.

Writings of George Washington

The American Revolution 1776

Bestselling author Lauren Tarshis tackles the American Revolution in this latest installment of the groundbreaking, New York Times bestselling I Survived series.

A Guide for Using the War with Grandpa in the Classroom

Based on a true incident that happened to one of the author's ancestors, Katie's Trunk gives an unusual and arresting glimpse of the beginnings of the American Revolution. Katie could feel it in the air—something was wrong. Neighbors didn't speak to each other anymore, and someone even hissed "Tory!" at her. All around Katie, men were arming themselves for war. Then one day it happened—the rebels came! Katie's father told the family to hide in the woods. At first Katie obeyed, but as she crouched in the underbrush she got mad and ran back to defend her home. It wasn't right for people to treat one another this way. But what could one little girl do about it?

Teacher Edition of Senior Scholastic

When his uncle's cruelty forces him to flee the only home he knows, 11-year-old Nate begins dangerous journey into the heart of the Revolutionary War. He finds himself in New York City on the brink of what will be the biggest battle yet. Part of the NYT bestselling I Survived series.

Creating America

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to

ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

U.S. History

Separated from his friend Isabel after their daring escape from slavery, fifteen-year-old Curzon serves as a free man in the Continental Army at Valley Forge until he and Isabel are thrown together again, as slaves once more.

American Revolution, Grades 5 - 8

Benedict Arnold always carried things too far. As a boy he did crazy things like climbing atop a burning roof and picking a fight with the town constable. As a soldier, he was even more reckless. He was obsessed with being the leader and the hero in every battle, and he never wanted to surrender. He even killed his own

horse once rather than give it to the enemy. Where did the extremism lead Arnold? To treason. America's most notorious traitor is brought to life as Jean Fritz relays the engrossing story of Benedict Arnold -- a man whose pride, ambition, and self-righteousness drove him to commit the heinous crime of treason against the United States during the American Revolution. "A highly entertaining biography illuminating the personality of a complex man." —Horn Book "A gripping story. . . As compelling as a thriller, the book also shines as history." —Publishers Weekly An ALA Notable Book A New York Times Book Review Notable Book of the Year A School Library Journal Best Book of the Year An ABA Pick of the Lists A Horn Book Fanfare Title

World History Shorts 2

One hundred and one crossword puzzle activities based on U.S. history from pre-exploration to the 1990s. Reproducible puzzles are offered in chronological order--ideal for homework, extra credit, or a break from classroom routine. The book covers every area of American history, from the explorers and the colonies through the 1980s.

Katie's Trunk

In this exciting classic early reader, Nathaniel Benchly re-creates what it must have been like for a young boy to fight in the Battle of Lexington. Arnold Lobel's vivid pictures give a poignant reality to the famous battle that marked the beginning of the American Revolution. This is historical fiction that pulls in young readers in first and second grade, even reluctant readers. Great for home or classroom units on and discussions about colonial America and the start of the American Revolution. "Benchley's expressive words and Lobel's vivid drawings portray a realistic story," Publishers Weekly wrote. Father and son rushed to the village green. Other Minutemen were already there. Through the long night they waited and waited. Then, at dawn, the soldiers came!

Hooked on American History!

New York Times bestselling author and Newbery Honor recipient Steve Sheinkin gives young readers an American history lesson they'll never forget in the fun and funny *King George: What Was His Problem?: Everything Your Schoolbooks Didn't Tell You About the American Revolution*, featuring illustrations by Tim Robinson. A Bank Street Best Children's Book of the Year A New York Public Library 100 Titles for Reading and Sharing What do the most famous traitor in history, hundreds of naked soldiers, and a salmon lunch have in common? They're all part of the amazing story of the American Revolution. Entire books have been written about the causes of the American Revolution. This isn't one of them. What it is, instead, is

utterly interesting, anecdotes (John Hancock fixates on salmon), from the inside out (at the Battle of Eutaw Springs, hundreds of soldiers plunged into battle "naked as they were born") close-up narratives filled with little-known details, lots of quotes that capture the spirit and voices of the principals ("If need be, I will raise one thousand men, subsist them at my own expense, and march myself at their head for the relief of Boston" --George Washington), and action. It's the story of the birth of our nation, complete with soldiers, spies, salmon sandwiches, and real facts you can't help but want to tell to everyone you know. "For middle-graders who find Joy Hakim's 11-volume A History of US just too daunting, historian Sheinkin offers a more digestible version of our country's storyThe author expertly combines individual stories with sweeping looks at the larger picture—tucking in extracts from letters, memorable anecdotes, pithy characterizations and famous lines with a liberal hand."—Kirkus Reviews Also by Steve Sheinkin: Bomb: The Race to Build—and Steal—the World's Most Dangerous Weapon The Notorious Benedict Arnold: A True Story of Adventure, Heroism & Treachery The Port Chicago 50: Disaster, Mutiny, and the Fight for Civil Rights Undeclared: Jim Thorpe and the Carlisle Indian School Football Team Most Dangerous: Daniel Ellsberg and the Secret History of the Vietnam War Which Way to the Wild West?: Everything Your Schoolbooks Didn't Tell You About Westward Expansion Two Miserable Presidents: Everything Your Schoolbooks Didn't Tell You About the Civil War Born to Fly: The First Women's Air Race Across America

everywhere. No one is above suspicion. Still, everyday life must go on and young Maddy Rose must help her mother, especially since her father's death at the Battle of Princeton and now with her beloved brother Jonathan off with Washington's army. But when childhood games become life-and-death actions, Maddy Rose is drawn ever deeper into events that will explode beyond her imagining. As young America stands on the very brink of its fight for freedom, it becomes clear that even the smallest of citizens can play the largest of parts, and that the role of a patriot has nothing to do with age and everything to do with heart. In *The Scarlet Stockings Spy*, Trinka Hakes Noble melds a suspenseful tale of devotion, sacrifice, and patriotism with the stark realities of our country's birth. Noted picture book author and illustrator Trinka Hakes Noble has pursued the study of children's book writing and illustrating in New York City at Parsons School of Design, the New School University, Caldecott medalist Uri Shulevitz's Greenwich Village Workshop, and New York University. She has authored and illustrated numerous books including the popular Jimmy's Boa series, which has been translated into six languages. Trinka lives in Bernardsville, New Jersey. *The Scarlet Stockings Spy* is her first book with Sleeping Bear Press. Because Robert Papp's childhood drawings of his favorite superheros were such a pleasure, it was only natural that he would wind up an illustrator. Nowadays, his award-winning artwork appears on book covers and in magazines instead of on the refrigerator. He has produced hundreds of cover illustrations for major publishers across the United States. Robert lives in historic Bucks County, Pennsylvania.

Traitor: The Case of Benedict Arnold

The Age of the Democratic Revolution: The challenge

Late one spring night in California, Driss Guerraoui—father, husband, business owner, Moroccan immigrant—is hit and killed by a speeding car. The aftermath of his death brings together a diverse cast of characters: Guerraoui's daughter Nora, a jazz composer returning to the small town in the Mojave she thought she'd left for good; her mother, Maryam, who still pines for her life in the old country; Efraín, an undocumented witness whose fear of deportation prevents him from coming forward; Jeremy, an old friend of Nora's and an Iraqi War veteran; Coleman, a detective who is slowly discovering her son's secrets; Anderson, a neighbor trying to reconnect with his family; and the murdered man himself. As the characters—deeply divided by race, religion, and class—tell their stories, each in their own voice, connections among them emerge. Driss's family confronts its secrets, a town faces its hypocrisies, and love—messy and unpredictable—is born. Timely, riveting, and unforgettable, *The Other Americans* is at once a family saga, a murder mystery, and a love story informed by the treacherous fault lines of American culture.

Forge

Lesson plans for using the novel *The War With Grandpa* in the classroom. Gives teachers curriculum ideas, unit tests, vocabulary and critical thinking lessons.

The Whites of Their Eyes

"In an entirely new, global perspective on the Revolutionary period, Kathleen DuVal reveals personal stories such as that of Irish trader Oliver Pollock, Scottish plantation owners James and Isabella Bruce, and Creek leader Alexander McGillivray for whom the American Revolution was more complicated than the issue of colonial independence. These individuals, their communities, and nations weighed their options, deciding based on personal interests whether independent states or loyal British colonies would best serve them as neighbors, let alone future rulers. DuVal explores how so-called American independence affected the lives of those living on the edges of British colonial America, such as slaves, Indians, women, and the colonists of other European nations and finds that the war left some much more free than others. For most of its duration, the outcome of the

Revolutionary War was far from certain. DuVal brings us to a region on the edge of the war where it seems that everyone was hedging their bets--the Gulf Coast. As the British tried to hold onto the thirteen rebelling colonies that would eventually be the nascent United States, their loyal colony of West Florida was left vulnerable to Spanish invasion from the west. With the British stretched thin fighting two wars, the clashing empires found enemies and allies for whom loyalty was a calculation more than a feeling."

Uncle John's Bathroom Reader Plunges into New York

From the Pulitzer Prize-winning scholar, a timely history of the constitutional changes that built equality into the nation's foundation and how those guarantees have been shaken over time. The Declaration of Independence announced equality as an American ideal, but it took the Civil War and the subsequent adoption of three constitutional amendments to establish that ideal as American law. The Reconstruction amendments abolished slavery, guaranteed all persons due process and equal protection of the law, and equipped black men with the right to vote. They established the principle of birthright citizenship and guaranteed the privileges and immunities of all citizens. The federal government, not the states, was charged with enforcement, reversing the priority of the original Constitution and the Bill of Rights. In grafting the principle of equality onto the Constitution, these revolutionary changes marked the second founding of the United States. Eric

Foner's compact, insightful history traces the arc of these pivotal amendments from their dramatic origins in pre-Civil War mass meetings of African-American "colored citizens" and in Republican party politics to their virtual nullification in the late nineteenth century. A series of momentous decisions by the Supreme Court narrowed the rights guaranteed in the amendments, while the states actively undermined them. The Jim Crow system was the result. Again today there are serious political challenges to birthright citizenship, voting rights, due process, and equal protection of the law. Like all great works of history, this one informs our understanding of the present as well as the past: knowledge and vigilance are always necessary to secure our basic rights.
