Patternmaking Made Easy

Connie Crawford would like to introduce you to this new up-to-date edition of Patternmaking Made Easy. The strength of Patternmaking Made Easy is the visually apparent instructional layout. • Reveals how the sexual practices of the White Tigress can preserve and restore a woman's physical youthfulness and mental energy. • The first modern guide to White Tigress techniques, the only sexual teachings exclusively for women. • Reveals for the first time in English the hidden teachings of immortal Hsi Wang Mu, a White Tigress from 3,000 years ago. • Provides Western medical correlations to substantiate White Tigress practices. White Tigress women undertake disciplined sexual and spiritual practices to maintain their beauty and youthfulness, realize their full feminine potential, and achieve immortality. Revealed here for the first time in English are the secrets of the White Tigress that have all but disappeared from the world. Under the guidance of Madame Lin, the matriarch of a distinguished White Tigress lineage still in existence in Taiwan, Hsi Lai was given the privilege to study these practices and record them from a modern perspective so they will be forever preserved. The vast majority of Taoist texts on alchemy, meditation, and sexuality are directed at male practitioners. The Sexual Teachings of the White Tigress presents traditions that focus on women, traditions that stem from a long line of courtesans and female Taoists. Translations of the ancient teachings from a rare White Tigress manual dating

back 3,000 years explain the sexual and spiritual refinement of ching (sexual energy), chi (vital energy), and shen (consciousness)--the Three Treasures of Taoism--the secret to unlocking eternal youthfulness and immortality.

Tequila Truth

Buddha said, “Your greatest weapon is your enemy's mind.” Crucial to victory in any battle is psychological warfare, a technique employed and perfected by history’s greatest military thinkers, such as Sun Tzu, Yoritomo, and Musashi of Japan; and several lesser-known but incredibly influential masterminds. Dr. Haha Lung, author of more than a dozen books on martial arts, presents an all-in-one primer to breaching your enemy's mental defenses. Building on the techniques he presented in the classic *Mind Manipulation*, he shows how to use your enemy's fears, insecurities, hopes, and beliefs against him.

Some of the most effective mind control techniques are from forgotten masters of the trade, and are featured here for the very first time. • Dark Arts: the art of intimidation • The Secret of Seven: the Seven Wheels of Power • Masters of the East: Including the Craft of the Hircarrah, Vietnamese voodoo • Chinese Face: the art of K'ung Ming and Chinese face-reading • Samurai Sly: Yoritomo's Art of Influence; the Way of No-Sword; Shadow Warriors. • Blood of Abraham: Biblical black science

Estimating Construction Costs

328 pages, 186 black & white illustrations, size 5.5 x 8.5 inches. This is a faithful reproduction of the 1962 Floyd Clymer U.S.A. Edition of the same title. While the primary focus of this publication utilizes 1960's and prior motorcycles as examples, the reader is reminded that engineering theory and the laws of physics do not change and as such, the information it contains is still relevant today. Consequently, this publication is indispensable to those either contemplating modification to a current model or the construction of a 'special' for any form of motorcycle competition. Predominantly a technical work, it is written in terms easily understood by the layman. While it includes geometry and math formulae the reader will be aptly rewarded if they take a moment to comprehend the significance of the examples. Consequently, 'Motorcycle Engineering' is considered by many knowledgeable motorcycle enthusiasts to be the best book ever written on how to construct, improve, modify and fine tune a motorcycle from the

'ground up'. It is our pleasure to offer this reprint to all motorcycle enthusiasts worldwide.
