Note: CD files are available to download after purchasing the e-Book version.

Hal Leonard Ukulele Method

(Fretted). The term "steel guitar" can refer to instruments with multiple tunings, 6 to 14 strings, and even multiple fretboards. To add even more confusion, the term "Hawaiian guitar" refers to an instrument played flat on the lap with a steel bar outside of Hawaii, but in Hawaii, it is the early term for the slack key guitar. Lorene Ruymar clears up the confusion in her new book that takes a look at Hawaiian music; the origin of the steel guitar and its spread throughout the world; Hawaiian playing styles, techniques and tunings; and more. Includes hundreds of photos, a foreword by Jerry Byrd, and a

bibliography and suggested reading list.

Ukulele Chord Dictionary : Handy Guide

Éste estupendo libro fue inspirado por mi pasión de ayudar, tanto a los jóvenes como a los adultos, a aprender y perfeccionar el arte de tocar el Ukelele. Para aquellos amigos, que durante varios años han querido aprender, pero no saben por dónde empezar. En mis varios años de experiencia tocando y enseñando sobre el ukelele, he amalgamado diferentes técnicas y puntos beneficiosos que me gustaría compartir con todos mis estudiantes. En este libro, te guiaré todo el proceso, desde el principio del aprendizaje del Ukelele hasta el puro final. Cuando acabes este libro, serás capaz de tocar al menos una canción en el ukelele. Pero no cualquier canción, no será "Los Tres Ratones Ciegos" o algo por el estilo. ¡Vamos a tocar canciones legendarias! Vamos a tocar "Let it be" de los Beatles.

Kids Guide to Learning the Ukulele

The Beginner Piano Lessons for Kids Book with Online Video & Audio Access by Jay Wamsted was designed to help the absolute beginning student learn to play the piano or keyboard. This step by step course is designed for elementary school-aged children (ages 5-11) and quickly teaches the student to play songs they will know and love. These lessons start by playing with just the right hand and gradually build to adding the left hand thumb and learning how to play with both hands. Song arrangements were carefully selected to provide an easy transition from learning the basics to covering more interesting rhythms, techniques, and musical ideas. The book features standard music notation for each song and exercise along with fingering notation and hand shifts to make the course easier to learn. This method includes online access to over an hour of video instruction that will help the child play with proper form and timing. The video shows the piano, both hands, and the sheet music on-screen at the same time. The audio tracks allow the student to practice and play along with easy songs at two speeds. The slower speed features just the piano playing the song. The faster version includes vocals and other instruments in a performance-like setting. The combination of book, video, and audio make this the easiest to understand piano course for kids available. Songlist: Mary Had a Little Lamb, Ode to Joy, Hot Cross Buns, Jingle Bells, Oh When the Saints, Twinkle Twinkle Little Star, Rain Rain Go Away, This Old Man, Hush Little Baby, I Have a Little Dreidel, Frere Jacques, Alouette, Yankee

Doodle- Watch & Learn, Inc.

The Ukulele Chord Finder contains more than a thousand chord diagrams for the most important 28 chord types, including three voicings for each chord. Also includes a lesson on chord construction and a fingerboard chart of the ukulele neck!

CANCIONERO POPULAR PARA UKELELE

In Why Beethoven Threw the Stew, renowned cellist Steven Isserlis sets out to pass on to children a wonderful gift given to him by his own cello teacher - the chance to people his own world with the great

composers by getting to know them as friends. Witty and informative at the same time, Isserlis introduces us to six of his favourite composers: the sublime genius Bach, the quicksilver Mozart, Beethoven with his gruff humour, the shy Schumann, the prickly Brahms and that extraordinary split personality, Stravinsky. Isserlis brings the composers alive in an irresistible manner that can't fail to catch the attention of any child whose ear has been caught by any of the music described, or anyone entering the world of classical music for the first time. The lively black and white line illustrations provide a perfect accompaniment to the text, and make this book attractive and accessible for children to enjoy on their own or share with an adult.

Perfect Sheet Music

This book is a pleasant, fun, and accessible guide to learning the ukulele and will familiarize readers with the basic notions of melody, harmony, and rhythm, and outline the peculiar history of this instrument. With a little practice, chords will come easy and you will be singing and playing ukulele in no time.

Ukulele Method

Ukelele

Learn about arranging chord-melody solos using the entire ukulele fretboard, and have fun playing solos of well-known songs like "When the Saints Go Marching In" and "The Star-Spangled Banner." Techniques like triplet strums, bursts, split strums, and fan strokes are introduced. Explore musical styles such as old school, ragtime, Hawaiian, fingerstyle, and rock---and learn rhythms from around the world. Have fun rocking, getting funky, and improvising over jazz progressions. Any ukulele player, no matter how advanced, will improve their playing with this book and DVD featuring ukulele star Daniel Ho. Recipient of "Best in Show" Award at NAMM 2014.

The Hawaiian Steel Guitar and Its Great Hawaiian Musicians

A D-tuning method written by one of the greatest uke soloists of all time. This fine beginner's text teaches chords, melody playing, rhythm accompaniment, strumming strokes and techniques, and moveable chord forms. The songs appear as melodies in notation with lyrics and diagrams for both rhythm chords and melody/chord playing. Also included are chord exercises by key, a section on introductions and endings, and a section of chord diagrams in three positions.

The Little Black Book of Beatles Songs for Ukulele

“Es muy listo, pero no aprueba”, “estudia mucho, pero luego suspende”. Sentencias como éstas se

escuchan a padres cuyos hijos en edad escolar no obtienen los resultados académicos deseados. Las causas de este bajo rendimiento no hay que buscarlas siempre en la capacidad o en la inteligencia de los estudiantes. A menudo, el origen del problema es diferente: no saben estudiar. La falta de organización y concentración son algunos de los errores que dificultan el aprendizaje. Estudiar para una oposición requiere conocer la convocatoria, el temario, revisar exámenes anteriores y cumplir los requisitos. En época de crisis aumenta el número de personas que se presenta a una oposición. Si se consigue una plaza, los afortunados se asegurarán un empleo o, en otros casos, tendrán la opción de formar parte de una bolsa de trabajo a la cual las instituciones recurren para cubrir bajas o puestos con carácter temporal. Una de las claves del éxito es la preparación previa, ya que de ella dependerá en gran medida el resultado.
