In the extra-sized finale of Sean Murphy's top-selling miniseries, Jack Napier's suspicious seduction of Gotham City comes to its twisted conclusion! With the city on the verge of becoming an icy tomb for the GTO, Batgirl makes a crucial assist and Gordon is forced to reevaluate his judgment of Batman to secure the greater good. As the true Joker's return becomes imminent, Harley seeks vengeance and reckons with the bleak future that looms for her loved ones.

Batman: Nightwalker

A powerful tale from the ALL-STAR SUPERMAN team of Grant Morrison and Frank Quitely. Morrison and Quitely deliver the emotional journey of WE3—three house pets weaponized for lethal combat by the government—as they search for home and attempt to ward off the shadowy agency that created them. With nervous systems amplified to match their terrifying mechanical exoskeletons, the members of Animal Weapon 3 (WE3) have the firepower of a battalion between them. But they are just the program's prototypes, and now that their testing is complete, they're slated to be permanently decommissioned, causing them to seize their one chance to make a desperate run for freedom. Relentlessly pursued by their makers, the WE3 team must navigate a frightening and confusing world where their instincts and heightened abilities make them as much a threat as those hunting them.

Batman Character Encyclopedia

In New England today, there are megalithic stones, stone chambers and structures, carvings and petroglyphs, even an unidentified skeleton in armor that defy easy explanation. From Maine to Massachusetts, this work presents an examination of various unexplained historical remains in New England. From the most notorious to the lesser known, it explores not only the layout and dimensions of such sites—some reminiscent of Stonehenge with their huge stones, astronomical alignments and undiscovered purposes—but also the history and possible explanations for their existence. Theories regarding Norse, Phoenician, Irish, Celtic and Native American origins are presented here in an impartial and logical manner. Sites discussed include Mystery Hill in North Salem, New Hampshire (also known as America's Stonehenge); Dighton Rock in Berkley, Massachusetts; Newport Tower in Newport, Rhode Island; and the Bellows Falls Petroglyphs in Bellows Falls, Vermont. An appendix provides information regarding sites open to the public.

Batman: Arkham Knight - The Riddler's Gambit

Scott Snyder's protagonists inhabit a playfully deranged fictional world in which a Wall Street trader can find himself armed with a speargun, guarding a Dumpster outside a pawnshop in Florida; or an employee at Niagara Falls (his job: watching for jumpers) will take off in a car after a blimp in which his girlfriend has escaped. But in Snyder's wondrous imagination there's a thin membrane between the whimsical and the disturbing: the unlikely affair between a famous actress—in hiding after surgery—and a sporting goods salesman takes an ominous turn just as she begins to heal; an engaged couple's relationship is fractured when one of them becomes obsessed with an inmate at the women's prison next door. Dark, funny, powerful, this debut collection underscores the remarkable gifts of a fiercely original young writer. From the Hardcover edition.

Tales of Suspense: Hawkeye & the Winter Soldier

After devastating losses at the hands of the First Order, General Leia Organa has dispatched her agents across the galaxy in search of allies, sanctuary, and firepower--and her top spy, Vi Moradi, may have just found all three, on a secluded world at the galaxy's edge. A planet of lush forests, precarious mountains, and towering, petrified trees, Batuu is on the furthest possible frontier of the galactic map, the last settled world before the mysterious expanse of Wild Space. The rogues, smugglers, and adventurers who eke out a living on the largest settlement on the planet, Black Spire Outpost, are here to avoid prying eyes and unnecessary complications. Vi, a Resistance spy on the run from the First Order, is hardly a welcome guest. And when a shuttle full of stormtroopers lands in her wake, determined to root her out, she has no idea where to find help. To survive, Vi will have to seek out the good-hearted heroes hiding in a world that redefines scum and villainy. With the help of a traitorous trooper and her acerbic droid, she begins to gather a colorful band of outcasts and misfits, and embarks on a mission to spark the fire of resistance on Batuu--before the First Order snuffs it out entirely.

My daughter took her first steps on the day I was diagnosed - a juxtaposition so perfect, so trite, so filled with the tacky artifice of real life that I am generally too embarrassed to tell anybody about it.'Shortly after his daughter Leontine was born, Christian Donlan's world shifted an inch to the left. He started to miss light switches and door handles when reaching for them. He would injure himself in a hundred stupid ways every day. First playful and then maddening, these strange experiences were the early symptoms of multiple sclerosis, an incurable and degenerative neurological illness. Multiple sclerosis is a fiercely destructive disease, yet it is also, as Donlan starts to discover, a perversely creative force. As his young daughter starts to investigate her environment, he too finds himself exploring a strange new landscape - the shifting and bewildering territory of the brain.

Jeremiah Stakes did the best he could with what he had. It wasn't easy raising his little girl, Cheyenne, by himself but they were happy. She was his world, his heart and his reason for living. When he awoke that morning with the sky black and grey, he knew something wasn't right. The sound of Cheyenne's door squeaking down the hall cut through the air.

Jeremiah's head snapped left to look over his shoulder, he ran out of the bathroom and looked down the hall. It was just in time to see the back end, legs and feet of something crawling on the ceiling and through Cheyenne's bedroom door. One step into his little girl's room and there it was. Coming down the wall beside the bed, onto all fours and into a crouching position. Glowing red eyes appeared as the figure raised its head and looked right through him as if he wasn't even there. The creature hunched over Cheyenne and snatched her up viciously. Cheyenne screamed at the top of her lungs, reached toward Jeremiah and the last thing he heard was his little girl crying out for him in terror. "Daddy! Daddy!" In the blink of an eye they were gone. Vanished into thin air like smoke through a keyhole.

Batman: Earth One

An expert in the field of cryogenics, Victor Fries led a relatively normal existence. He worked diligently and married a woman named Nora who then became terminally ill. To stop her degenerative disease from taking her life, Victor put her into suspended animation. But a horrible lab accident transformed the former Dr. Fries into an ice-colored monstrosity incapable of surviving above freezing temperatures. To counteract this, Victor constructed a special, ultra-durable suit to keep his body alive. He embraced his new persona and became Mr. Freeze. Mr. Freeze is on a constant quest to bring back his beloved Nora, and he'll do whatever it takes to succeed. He wields a freeze gun and uses ice and cold to wreak havoc--mostly in Gotham and against Batman. BATMAN ARKHAM: MISTER FREEZE collects some of the villain's greatest stories by some of the industry's greatest creators, including Paul Dini (BATMAN: THE ANIMATED SERIES), Scott Snyder (BATMAN), James Tynion IV (DETECTIVE COMICS), Jason Fabok (JUSTICE LEAGUE), Charlie Adlard (WALKING DEAD), Mark Buckingham (FABLES) and many more!

Arkham Knight

A journey behind the mask and into the mind of Gotham City's Caped Crusader, timed for the summer 2012 release of The Dark Knight Rises Batman is one of the most compelling and enduring characters to come from the Golden Age of Comics, and interest in his story has only increased through countless incarnations since his first appearance in Detective Comics #27 in 1939. Why does this superhero without superpowers fascinate us? What does that fascination say about us? Batman and Psychology explores these and other intriguing questions about the masked vigilante, including: Does Batman have PTSD? Why does he fight crime? Why as a vigilante? Why the mask, the bat, and the underage partner? Why are his most

intimate relationships with “bad girls” he ought to lock up? And why won't he kill that homicidal, green-haired clown? Gives you fresh insights into the complex inner world of Batman and Bruce Wayne and the life and characters of Gotham City Explains psychological theory and concepts through the lens of one of the world’s most popular comic book characters Written by a psychology professor and “Superherologist” (scholar of superheroes)
