This open access book offers insights into the development of the ground-breaking Global Code of Conduct for Research in Resource-Poor Settings (GCC) and the San Code of Research Ethics. Using a new, intuitive moral framework predicated on fairness, respect, care and honesty, both codes target ethics dumping - the export of unethical research practices from a high-income setting to a lower- or middle-income setting. The book is a rich resource of information and argument for any research stakeholder who opposes double standards in research. It will be indispensable for applicants to European Union framework programmes, as the GCC is now a mandatory reference document for EU funding.

Knowledge of word meanings is critical to success in reading. A reader cannot fully understand a text in which the meaning to a significant number of words is unknown. Vocabulary knowledge has long been correlated with proficiency in reading. Yet, national surveys of student vocabulary knowledge have demonstrated that student growth in vocabulary has been stagnant at best. This volume offers new insights into vocabulary knowledge and vocabulary teaching. Articles range from a presentation of theories of vocabulary that guide instruction to innovative methods and approaches for teaching vocabulary. Special emphasis is placed on teaching academic and disciplinary vocabulary that is critical to success in content area learning. Our hope for this volume is that it may spark a renewed interest in research into vocabulary and vocabulary instruction and move toward making vocabulary instruction an even more integral part of all literacy and disciplinary instruction.

Legal Ethics and Corporate Practice

In business, it is no longer necessary to sacrifice integrity and peace of mind in favor of profits. Successful Fortune 500 executive James A. Autry effectively explodes the myth that "nice guys finish last" in what is perhaps the most practical, honest and humane management book ever written -- an indispensable handbook that explores every aspect of the fine art of creative and caring leadership. A unique primer for business in the '90s, Love and Profit offers clear, direct and compassionate guidance, dealing situation by situation with the most difficult decisions every manager must inevitably face -- from motivating high achievers to letting nonproductive employees go. A rare and innovative work, it will enable you to manage brilliantly and profitably during the day and sleep well at night.

The Handbook of Business Ethics: Philosophical Foundations is a standard interdisciplinary reference handbook in the field of business ethics. Articles by notable philosophers and economists examine fundamental concepts, theories and questions of business ethics: Are morality and self-interest compatible? What is meant by a just price? What did the Scholastic philosophers think about business? The handbook will cover the entire philosophical basis of business ethics. Articles range from historical positions such as Aristotelianism, Kantianism and Marxism to systematic issues like justice, religious issues, rights and globalisation or gender. The book is intended as a reference work for academics, students (esp. graduate), and professionals.

The Business World

Regan and Bauman's Legal Ethics and Corporate Practice is organized around the workflow of lawyers who represent corporations. This innovative casebook

integrates professional responsibility issues with a discussion of a particular type of task that both inside and outside counsel perform on behalf of business corporations. It uses problems to illustrate how various types of work ; from advising a privately held company to conducting an internal investigation of a multinational corporation ; generate challenges that cut across ethical categories. Each chapter begins with a road map of the material that will follow, and most end with one or two detailed problems that require students to draw on that material.

Ethics for Today This is a pragmatic, hands - on, up - to - date guide to determining right and wrong in the business world. Joseph Weiss integrates a stakeholder perspective with an issues - oriented approach so students look at how a business's actions affect not just share price and profit but the well - being of employees, customers, suppliers, the local community, the larger society, other nations, and the environment. Weiss uses a wealth of contemporary examples, including twenty - three customized cases that immerse students directly in recent business ethics dilemmas and ask them to consider how they would resolve them. The recent economic collapse raised ethical issues that have yet to be resolved - there could not be a better time for a fully updated edition of Weiss's classic, accessible blend of theory and practice. New to the Sixth Edition! New Cases! Fourteen of the twenty - three cases in this book are brand new to this edition. They touch on issues such as cyberbullying, fracking, neuromarketing, and for - profit education and involve institutions like Goldman Sachs, Google, Kaiser Permanente, Walmart, Ford, and Facebook. Updated Throughout! The text has been updated with the latest research, including new national ethics survey data, perspectives on generational differences, and global and international issues. Each chapter includes recent business press stories touching on ethical issues. New Feature! Several chapters now feature a unique Point/Counterpoint exercise that challenges students to argue both sides of a contemporary issue, such as too - big - to - fail institutions, the Boston bomber Rolling Stone cover, student loan debt, online file sharing, and questions raised by social media.

The Newbery Medal and Coretta Scott King Award-winning classic about a boy who decides to hit the road to find his father—from Christopher Paul Curtis, author of *The Watsons Go To Birmingham—1963*, a Newbery and Coretta Scott King Honoree. It's 1936, in Flint Michigan. Times may be hard, and ten-year-old Bud may be a motherless boy on the run, but Bud's got a few things going for him: 1. He has his own suitcase full of special things. 2. He's the author of *Bud Caldwell's Rules and Things for Having a Funner Life and Making a Better Liar Out of Yourself*. 3. His momma never told him who his father was, but she left a clue: flyers advertising Herman E. Calloway and his famous band, the Dusky Devastators of the Depression!!!!!! Bud's got an idea that those flyers will lead him to his father. Once he decides to hit the road to find this mystery man, nothing can stop him—not hunger, not fear, not vampires, not even Herman E. Calloway himself.
