Careers in Accounting

You don't have to stifle your creative impulses to pay the bills. For anyone who's ever been told, "Don't quit your day job," career counselor Carol Eikleberry is here to say, "Pursue your dreams!" Now in its third edition, her inspiring guide provides knowledgeable career guidance, real-life success stories, and eye-opening self-evaluation tools to help artistic individuals figure out how to remain different, unconventional, and hard-to-categorize while finding work they love. The revised third edition of the popular guide for offbeat individuals seeking work that suits their unique skills, talents, and passions. Updated throughout, including new inspiration and tips for keeping a creative job notebook. Descriptions of more than 270 creative jobs, from the mainstream (architect, Web designer) to the unexpected (crossword-puzzle maker, police sketch artist). Previous editions have sold more than 60,000 copies. Reviews "What a great manual for young rebels and older freethinkers who are plotting their next career move."—Boston Globe From the Trade Paperback edition.

How to make the right career moves

Designed to help new librarians begin to manage a successful and satisfying career in the library and education science profession. Contains advice and anecdotes gathered from research and interviews with more than 70 information professionals in a variety of library-related careers. Covers eight broad topics: career planning, job searching, gaining experience and education, developing interpersonal skills and leadership skills, networking, mentoring, and writing for publication.

How to Write a Winning Resume

Each volume focuses on a different career area and contains approximately 700 job profiles, including job summary, job description, and up-to-date salary information.

How to Get Hired Today!

What do Casanova, Pope Pius XI, Benjamin Franklin and first lady Laura Bush have in common? At one time, all were members of the librarian profession. While librarians are often stereotyped as quiet, shy ladies who wear their gray hair in a dignified bun, that doesn't reflect the variety and diversity of today's library professionals. As of 2004, 159,000 people in the United States held the job of librarian. Although only 18 percent of that number was male, the median age for librarians was a young 47—far from the gray-haired, bun-wearing ladies of our imaginations! From

pick-up lines to bumper stickers, this volume takes a light-hearted look at the many facets of the librarian occupation. Beginning with statistics, it enumerates gender divisions, personality types, salaries and educational requirements for various types of librarians including public, academic, school and special librarians. Other topics include specific occupational health risks, job-related recreation and novelty gifts for library professionals. Instances of librarians found in prose, poetry, film and musicals are also discussed.

Teaching Integrated Reading Strategies in the Middle School Library Media Center

Bookworms and Other Literary Types

Looks at job opportunities, training requirements, and salary statistics for careers that involve writing, including advertising directors, editors, reporters, and communication directors.
