### Voyages in World History

Worlds of History offers a flexible comparative and thematic organization that accommodates a variety of teaching approaches and helps students to make cross-cultural comparisons. Thoughtfully compiled by a distinguished world historian and community college instructor, each chapter presents a wide array of primary and secondary sources arranged around a major theme — such as universal religions, the environment and technology, or gender and family — across two or more cultures, along with pedagogy that builds students' capacity to analyze and interpret sources.

### Introduction to Psychology

### Song of Solomon

"Fully revised for the new 2016 exam."--Cover.

### The Declaration of the Rights of Women

Stunningly-designed new editions of Toni Morrison's best-known novels, published by Vintage Classics in celebration of her life and work. Soon after a local eccentric leaps from a rooftop in a vain attempt at flight, Macon 'Milkman' Dead III is born. Brought up by his well-off black family to revere the white world around him, Milkman strives to make sense of his conflicting identities. Always seeking flight in some way, he leaves his Michigan home for the South, retracing the steps of his forebears in search of his own buried heritage and is introduced to an entire cast of strivers and seeresses, liars and assassins; the inhabitants of a fully realised black

world. Evocative and kaleidoscopic, Song of Solomon is a brilliantly imagined coming-of-age tale.

Olympe de Gouges was the most important fighter for women's rights you've never heard of. An activist and writer in revolutionary Paris, she published 'The Declaration of the Rights of Women' in 1791, and was beheaded two years later, her articulate demands for equality proving too much for their time. Over one hundred and fifty years later, the key statements of her declaration were internationally endorsed by the United Nations in its Declaration on the Elimination of Discrimination Against Women, which in turn went on to be legally recognized by nearly every country in the world. This volume presents both of these key texts along with enlightening and inspiring commentary from a host of powerful women, from Virginia Woolf to Hillary Clinton.

### **An Essay on Universal History, the Manners, and Spirit of Nations**

"This book is designed to help students organize their thinking about psychology at a conceptual level. The focus on behaviour and empiricism has produced a text that is better organized, has fewer chapters, and is somewhat shorter than many of the leading books. The beginning of each section includes learning objectives; throughout the body of each section are key terms in bold followed by their definitions in italics; key takeaways, and exercises and critical thinking activities end each section"--BCcampus website.

### **Voyages in World History, Volume 1**

of the important contributions women have made to Western Civilization and arguments that prove their intellectual and moral equality to men. Earl Jeffrey Richards' acclaimed translation is used nationwide in the most eminent colleges and universities in America, from Columbia to Stanford.

Selected by the Modern Library as one of the 100 best novels of all time Published in 1975, Ragtime changed our very concept of what a novel could be. An extraordinary tapestry, Ragtime captures the spirit of America in the era between the turn of the century and the First World War. The story opens in 1906 in New Rochelle, New York, at the home of an affluent American family. One lazy Sunday afternoon, the famous escape artist Harry Houdini swerves his car into a telephone pole outside their house. And almost magically, the line between fantasy and historical fact, between real and imaginary characters, disappears. Henry Ford, Emma Goldman, J. P. Morgan, Evelyn Nesbit, Sigmund Freud, and Emiliano Zapata slip in and out of the tale, crossing paths with Doctorow's imagined family and other fictional characters, including an immigrant peddler and a ragtime musician from Harlem whose insistence on a point of justice drives him to revolutionary violence.
