Now you can master the art of foreign exchange trading While most currency trading and foreign exchange books focus on international finance theory or simplistic chart-based strategies, The Art of Currency Trading is a comprehensive guide that will teach you how to profitably trade currencies in the real world. Author Brent Donnelly has been a successful interbank FX trader for more than 20 years and in this book, he shares the specific strategies and tactics he has used to profit in the forex marketplace. The book helps investors understand and master foreign exchange trading in order to achieve sustainable long-term financial success. The book builds in intensity and depth one topic at a time, starting with the basics and moving on to intermediate then advanced setups and strategies. Whether you are new to currency trading or have years of experience, The Art of Currency Trading provides the information you need to learn to trade like an expert. This much-needed guide provides: an insider's view of what drives currency price movements; a clear explanation of how to combine macro fundamentals, technical analysis, behavioral finance and diligent risk management to trade successfully; specific techniques and setups you can use to make money trading foreign exchange; and steps you can take to better understand yourself

Read Free Currency Trading Pro Guide

and improve your trading psychology and discipline. Written for currency traders of all skill levels, international stock and bond investors, corporate treasurers, commodity traders, and asset managers, The Art of Currency Trading offers a comprehensive guide to foreign exchange trading written by a noted expert in the field.

Forex for Beginners

Praise for FOREX CONQUERED "In this amazing book, John covers it all. From trading systems to money management to emotions, he explains easily how to pull money consistently from the most complicated financial market in the world. John packs more new, innovative information into this book than I have ever seen in a trading book before." —Rob Booker, independent currency trader "John Person is one of the few rare talents that are uniquely qualified to help traders understand the process of successful trading. With today's markets becoming increasingly challenging, John has cut right into the essentials and brought forward the much-needed tools of forex trading. This clear and well-organized publication is a major step forward in helping traders gain an edge. I would highly recommend Forex Conquered as a valuable handbook for both aspiring and experienced traders alike." —Sandy Jadeja, Chief Market Analyst and Editor London Stock Exchange, London, England "Forex Conquered is a bold title, but this book delivers the tools needed for successful forex trading. There is no fluff here, just the wisdom of a

Read Free Currency Trading Pro Guide

trading veteran that I have always respected-and followed." —Michael Kahn, Editor, Quick Takes Pro market letter and Columnist, Barron's Online "This is a wonderful, in-depth view into the explanation of technical analysis and prudent money management guidelines in the forex market." —Blake Morrow, President, 4XMadeEasy "Forex Conquered is a meaningful contribution to the growing number of books on forex trading. John Person provides a professional view of forex trading that readers will be able to use as a guide for strategies and tactics that work. The scope of the book covers more than forex and includes salient aspects of futures and option trading. It should be read and then re-read!" —Abe Cofnas, President, Learn4x.com Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

Trading

Which one of the following two offers is more appealing to you? Making a 70% return on an easy to understand, short time investment; joining a coin-tossing game in which when you lose you pay 1 euro and when you win you gain 70 cents. Most people take the first offer and stay away from the second one. And yet ... they are basically the same! Welcome to the wonderful dual world of Binary Options! You can play binary options merely for entertainment and have great fun. You might even win a lot of money, provided that you get lucky and do not stay long, just like in Vegas... Or, you can trade binary options for fun and profit. This is

Read Free Currency Trading Pro Guide

what this book is about: it is a practical step-by-step guide that shows you how to trade systematically, how to identify profitable trading strategies, and how to select and use a sound money management system. In short, how to have fun and make money! Trading Binary Options for Fun and Profit: A Guide for Speculators walks you through what you need to know and do to trade binary options profitably. Since this it is not a work of fiction you will not be shown the magic formula that will make you rich in the blink of an eye. Rather you will gain the fundamental knowledge and tools needed to become a successful trader. You will learn to develop your own strategies for trading binary options profitably. Actually, a lot of what is covered here is easily adaptable to other types of trading such as the stock and Forex markets and even to sports betting. That said you do not need to have any prior knowledge of binary options, trading or math. Just start reading at the beginning and proceed sequentially. All what you will need to know is clearly spelled out. If you happen to have previous knowledge of a topic you can proceed directly to the next one without losing context. However if you are in doubt it is better to read through. This book is fluff free so it won't waste your time. Trading Binary Options for Fun and Profit: A Guide for Speculators starts by defining what a binary option is and how it works, the main types of trades available and the criteria you may want to consider when selecting a binary options broker. Then it proceeds to explain why using trading strategies makes sense and where you can find ideas to create or adapt them. Ultimately you will want to know if your trading strategy makes money so it also shows you how to calculate the magic number

Read Free Currency Trading Pro Guide

that tells it all: its Expectancy. Since trading strategies are built upon technical indicators a very brief overview of Technical Analysis follows and some very common indicators are presented. Next explains the MetaTrader platform and shows you how it can serve as your own cost-free research assistant and trading signal provider. It then goes over the details of developing and improving a trading strategy using Excel and Expert Advisors (no programming knowledge needed). Money Management comes next: you will get to know several systems and in the process learn how easy it is to do a Monte Carlo simulation to test them (or to test anything else). The book ends with an overview of the complete methodology and leaves you with some final trading suggestions. Finally, in the Appendixes you will find several resources that are made available for free to the buyers of this book: Six spreadsheets containing templates for the Martingale, Paroli, D'Alembert, Fibonacci, Percentage of Bankroll and Kelly money management systems; Examples of trading strategies that backtested with winning percentages above 60%; An Expert Advisor that pops-out an alert window and plays a sound on MetaTrader each time a new trade is opened.

The Sensible Guide to Forex

THE INVESTMENT CLASSIC "I've read Market Wizards at several stages of my career as it shows the staying power of good down-to-earth wisdoms of true practitioners with skin in the game. This is the central document showing the

heuristics that real-life traders use to manage their affairs, how people who do rather than talk have done things. Twenty years from now, it will still be fresh. There is no other like it." —NASSIM N. TALEB, former derivatives trader, author of *The Black Swan*, and professor, NYU-Poly "Market Wizards is one of the most fascinating books ever written about Wall Street. A few of the 'Wizards' are my friends—and Jack Schwager has nailed their modus operandi on the head." —MARTIN W. ZWEIG, PhD, Editor, *The Zweig Forecast* "It is difficult enough to develop a method that works. It takes experience to believe what your method is telling you. But the toughest task of all is turning analysis into money. If you don't believe it, try it. These guys have it all: a method, the conviction, and the discipline to act decisively time after time, regardless of distractions and pressures. They are heroes of Wall Street, and Jack Schwager's book brings their characters vividly to life." —ROBERT R. PRECHTER, JR., Editor, *The Elliott Wave Theorist*

Congressional Quarterly's Guide to the Presidency

Adventures of a Currency Trader

This trading ledger was created by an active stock trader and allows the user to make detailed journal entries of all of their trading activities. Numerous

Read Free Currency Trading Pro Guide

psychological studies have determined that the best way for humans to learn is by writing things down with pen and paper, and then reviewing this information periodically. The author of this ledger holds a degree in psychology and used his knowledge of human learning to develop an intuitive ledger that allows traders to clarify their thoughts on paper and analyze all of their transactions. Even the cover has been designed with vivid colors and a retro pattern to evoke the limbic system of the brain and encourage organization of thought processes. This workbook has been laid out in a manner to make effective use of goals, trading plans, and strategies by allowing the trader to keep a visual record of their progress. Created by best-selling author Ashbee A. Bakht, the trading ledger is printed on high quality paper and is published in a compact format making it easy to carry with you no matter where you choose to trade. The formatting of the workbook has been designed with special attention paid to allow for it to be flexible enough for all trading strategies (i.e. intraday/day/swing/long term, etc.).

Invest Diva's Guide to Making Money in Forex: How to Profit in the World's Largest Market

Do you want to start with Forex Trading, but do you think it is very complicated? No one likes to tackle hard topics, especially when they involve money and math and just numbers in general. However, what most people do not know is that some

Read Free Currency Trading Pro Guide

of these topics are not as hard as you think. Nobody ever wakes up and becomes perfect in a certain field. With forex exchange, you can become the best trader by laying down time and resources to understand how to go about it. In this book, you will learn how to start, what to do upon starting, how to earn money as well as simple technical analysis. You can go from a complete beginner to the ultimate pro matters trading. A lot of people become such good traders that they develop their own farms of financial advice and get to lead other upcoming traders. There are no limits to the levels you can achieve once you begin learning about forex exchange. The first thing you need to get accustomed is the basics. We shall discuss some of the keywords you need to know before becoming a trader. It is important for you to learn what a lot size is and how to manipulate it so that you do not make huge losses that take all your money out. The basics will also leave you knowing how the market trades so much money in one day. In the beginning, you will need a broker to organize your money for you to be able to trade. The market is very volatile, and the currencies change their value every minute. A broker is able to leverage your money by lending you their own, which allows you to participate for a longer period of time. Here you will learn about the technical analysis that a trader needs to carry out before taking on a pair to trade with. There is a lot of work that goes into understanding how a trend is curving. Whether you will be trading for fifteen minutes, one hour or even days and weeks, it is important to know how the market is curving so that you can make an informed choice of whether to go into a buy or a sell. Forex trading psychology is also a big part of this book. After going through

Read Free Currency Trading Pro Guide

this chapter, you will be able to understand the state in which your mind needs to be in before and after trading. You will lose and gain profits while trading. However, the extent to which you experience any of these motions is entirely upon you. We shall discuss trading discipline and how to remain level headed and make well-informed choices regarding your currency pairs. It is also important to know what currencies are major and which ones are minor. This book will help you understand the things you need to do in order to become successful in trading forex. We shall examine the do's and don'ts and give you the tricks that you should have under your sleeve at all times. There are many reasons why people trade. Some want to become financially free, while others want something to supplement their income. Forex trading has tremendous opportunities for you. The only differentiating factor, however, is how badly someone wants it and the amount of time they are ready to put into understanding it. Don't worry if you have never operated in this world, this is the guide you need to get started Scroll to the top of the page and select the Buy Now button

Forex and Cryptocurrencies Trading

"Backed by a comprehensive list of studies, this book is a brilliant contribution on the connections between exchange rates and economics."—Francesc Riverola, CEO and Founder of FXstreet.com "Adam Kritzer has been covering the forex market for years as a prominent but accessible industry expert. In a market sector full of

pitfalls for the novice, this book will help many new traders avoid costly mistakes and get started on the path to success."—Andy Hagens, Co-founder of ETF Database "Adam Kritzer is not only one of my favorite forex writers but also one of the best This book will likely become required reading for those getting into the forex market."—Zachary Storella, Founder of CountingPips.com

Forex for Beginners: A Comprehensive Guide to Profiting from the Global Currency Markets is a guide for those who want to earn extra income trading currencies without committing large amounts of time or money. This book will introduce global investors to the basics of forex (foreign exchange) trading and provide them with a solid framework for analyzing currencies and profiting from their fluctuations. Topics covered include the forces that cause exchange rates to fluctuate, an overview of the mechanics of trading, analytical and forecasting tools, how to profit from pricing trends, and common pitfalls that often ensnare traders. While most books make grandiose promises of instant success and large profits, *Forex for Beginners* represents an alternative approach to investing in forex. The forex market is dominated by institutional capital and algorithmic trading, making it unrealistic to think that day traders can beat the market by relying on charts and technical indicators alone. Thus, the emphasis here is on fundamental analysis—using economic concepts to spot currency misalignments—and staking out positions to profit from them over a period of weeks and months. If you're eager to tap into the world's largest financial market on a part-time basis, this is the book for you. You will gain an understanding of how currency markets work

and use this knowledge to generate income.

The American

In this book, self-made millionaire Phil Towns will show you how he turned \$1,000 into \$1 million in only five years, and then proceeded to make many millions more. Before I became “Phil Town, teacher of investing principles to more than 500,000 people a year,” I was a lot like you: someone who viewed individual stock investing as way too hard to do successfully. As a guy who barely made a living as a river guide, I considered the whole process pretty impenetrable, and I was convinced that to do it right you had to make it a full-time job. Me, I was more interested in having full-time fun. So I was tempted to do what you’re probably doing right now: letting some mutual fund manager worry about growing your nest egg. Let me tell you why that decision could one day make you absolutely miserable. The fact is, because of natural market cycles, the mutual fund industry is likely to soon be facing twenty years of flat returns. That means that if you’ve got your nest egg tucked away in funds—especially the type found in most 401ks—your egg won’t get much bigger than it is now. Translation: Get ready for a retirement filled with lots of cold cuts, plenty of quality TV-watching time, and a place to live that’s too small to accommodate your visiting kids. I came to investing as a person who wasn’t great at math, possessed zero extra cash, and wanted a life—not an extra three hours of work to do every day. Fortunately, I was introduced to *The Rule*.

Read Free Currency Trading Pro Guide

Rule #1, as famed investor Warren Buffett will tell you, is don't lose money. Through an intriguing process that I'll clarify in this book, not losing money results in making more money than you ever imagined. What it comes down to is buying shares of companies only when the numbers—and the intangibles—are on your side. If that sounds too good to be true, it's because the mind-set I'll be introducing you to leads not to bets but to certainties. Believe me, if there were anything genius-level about this, I'd still be a river guide collecting unemployment much of the year. Part of the secret is thinking of yourself as a business owner rather than a stock investor. Part is taking advantage of today's new Internet tools, which drastically reduce the "homework factor." (We're talking a few minutes, tops.) Part is knowing the only five numbers that really count in valuing a potential investment. And part—maybe the most important part—is using the risk-free Rule #1 approach to consistently pay a mere 50 cents to buy a dollar's worth of a business. What I won't waste your time with is fluff: a lot of vague parables reminding you of what you already know and leaving you exactly where you started. This is the real deal, folks: a start-to-finish, one-baby-step-at-a-time approach that will allow you to retire ten years sooner than you planned, with more creature comforts than you ever imagined.

Currency Trading For Dummies

Forex For Beginners is the prequel to my first two books, A Three Dimensional Approach to Forex Trading, and A Complete Guide to Volume Price Analysis. It is your primer to the world of forex. It has been written to lay the foundations and provide the framework for getting started in the world of forex, in what I believe is the correct way. My other books then build on what you will learn here, to further develop your trading skills and knowledge. What I try to do in all my books, is to

Read Free Currency Trading Pro Guide

show you how to apply that knowledge to help you become a more confident trader. After all, learning is all well and good, but if we are not taught how to apply that knowledge in a practical way, then it is of little use. It is the application of knowledge that empowers, and this is what I have tried to do here, and in my online training rooms, and all my books. There are of course many books about forex trading. What is different about this book, is the focus on those aspects of trading which I believe are fundamental. After all, there are only two questions we need to answer when considering a position in the market:- What is the risk on this trade - high, medium or low? What is the financial risk on this trade? The first is the hardest question to answer, and the book will explain in detail the analysis and approach to use, in order to answer this question with confidence. The second question is more straightforward and is answered provided you have an understanding of risk, money management and position sizing in relation to your trading capital. Again, this is covered in detail in the book. As the tag line on the front cover says 'What you need to know to get started, and everything in between' which really sums up what you will learn. The book explains everything, from the pure mechanics to the trading methodology that I advocate, and which I have used in all my own trading and investing for over 17 years. Forex For Beginners is also dedicated to all those traders who have asked me to write such an introduction, based on my knowledge and my methodology. This book is for you.

Now in its third edition, this invaluable guide provides the latest statistics, data, and analysis of recent events, giving you the most up-to-date picture of the state of the fast-moving foreign exchange markets. You'll learn how the interbank currency markets work, and how to borrow strategy from the biggest players to profit from trends. Clear and comprehensive, this book describes the technical and fundamental strategies that allow individual traders to compete with bank traders, and gives you comprehensive explanations of strategies involving intermarket relationships, interest rate differentials, option volatilities, news events, and more. The companion website gives you access to video seminars on how to be a better trader, providing another leg up in this competitive market. The multi-billion-dollar foreign exchange market is the most actively traded market in the world. With online trading platforms now offering retail traders direct access to the interbank foreign exchange market, there's never been a better time for individuals to learn the ropes of this somewhat secretive area. This book is your complete guide to forex trading, equipping you to play with the big guys and win—on your own terms. Understand how the foreign currency

The Art of Currency Trading

Traders are constantly learning their craft. Those who do not share information, discuss tactics and review prior trades are doomed for failure. Global-View.com knows this. It is the leading destination for Forex traders looking to learn and discuss trading. With over 33,000 registered users from 125 countries, Global-View.com exposes its users to an incredible base of knowledge. In this book, the authors dissect each of 15 chosen trades, using the material to expose some of the best (and worst) practices of a Forex trader. The book weaves a plethora of Global-View.com information into the detailed dissection. Each description will include how the trade was selected and why it was made, as well as money management and psychological aspects of the trade. Entertaining anecdotal stories are interspersed throughout each trade story.

Currency Trading For Dummies

A straightforward guide to trading today's dynamic Forex market Written by Wayne McDonell, the Chief Currency Coach at FX Bootcamp, this book shows readers how

Read Free Currency Trading Pro Guide

to successfully trade the Forex market on their own. FX Bootcamp's Guide to Strategic and Tactical Forex Trading skillfully explains how to combine popular technical indicators to formulate a comprehensive market strategy. Readers will then learn how to focus on using this information to create a tactical trading plan--one that will help them pull the trigger to get in and out of a trade. Along the way, McDonell takes the time to discuss the various challenges a Forex trader faces, such as greed, fear, loss, and isolation. As a Forex trader and educator of traders, Wayne McDonell knows what it takes to make it in the competitive world of Forex. And with FX Bootcamp's Guide to Strategic and Tactical Forex Trading he shows readers how.

Praise for ADVENTURES of a CURRENCY TRADER "A truly easy, unique, and enjoyable read! Rob has done it once again to teach us in the funniest way possible how not to make the most common trading mistakes. If you are tired of reading how-to books, this is perfect for you. I highly recommend this book to all traders. Everyone will learn something about themselves by reading this book."
—Kathy Lien, author, Day Trading the Currency Market, and Chief Strategist, www.dailyfx.com "Adventures of a Currency Trader is a must read for anyone who has ever traded or is thinking about trading in the Forex markets. Rob Booker has a unique way of taking years of market knowledge and transforming it into an

Read Free Currency Trading Pro Guide

educational and entertaining experience. It has quickly become a cult classic in my trading library!" —H. Jack Bouroudjian, Principal, Brewer Investment Group

"Brilliant! Rob's humor and humanity shine through in this parable about trading and life. Filled with wisdom and wit, it's an exhilarating rollercoaster ride through the peaks and valleys of the learning curve, with many valuable lessons learned along the way." —Ed Ponsi, President, FXEducator.com

"Rob's fable of everyman 'Harry Banes' is destined to become a trading classic. This is both the missing piece and the foundation that comes before the strategies and methodologies. The search for the Holy Grail begins and ends in the heart and mind. The journey is authentic and real and if you're willing to take it with Rob, you will be rewarded in the end. Seldom has psychology and wisdom been so entertaining!" —Raghee Horner, trader and author of *Forex Trading for Maximum Profit* and *Days of Forex Trading*

"In a series of insightful and entertaining vignettes, Rob Booker teaches both the novice and the experienced trader some hard won truths about the currency market. It's a must read book written by a guy who survived the trenches and went on to prosper in the biggest and most competitive financial market in the world." —Boris Schlossberg, Senior Currency Strategist, Forex Capital Markets LLC, and author of *Technical Analysis of the Currency Market*

The Advanced Forex Trading Guide

Q: Ladies, Do YOU Have What It Takes To Become A Forex Diva? A: Yes, You Do. With this incredible new step-by-step guide, investing pro and TV personality Kiana Danial shows you exactly how to understand and take advantage of foreign currency trading. Years ago, the author discovered that women in Japan were making a fortune trading currencies on the foreign exchange (forex) market. These ladies were not investment professionals or financial wizards; they were ordinary individuals who simply learned how the online currency exchange market works--and mastered it. Now you can do the same. In fact, you're about to see just how easy it can be to trade on the largest and most liquid financial market in the world. Kiana Danial spent years studying the habits of investors and discovered that women frequently make smarter, wiser, and less-risky investment choices than their male counterparts. This is precisely why she founded InvestDiva.com--the woman's guide to smart, safe, and profitable trading. By tapping into women's intuitive knack for multitasking and risk management, the author demonstrates why a woman's natural skill sets make her uniquely equipped to reap the enormous rewards of this extremely lucrative field. Invest Diva will show you: How the global currency market works Why social, political, and cultural events shape trading The smartest short- and long-term strategies Best practices for navigating the economic calendar Plus, you'll learn how to identify investment opportunities and spot trends using the five points of the Invest Diva Diamond: *

Technical Analysis * Fundamental Analysis * Sentimental Analysis * Capital Analysis * Overall Analysis From her popular blog to her worldwide TV and web presence, Danial has become famous for making complex topics fun and easy to understand via simple, everyday analogies. With Invest Diva, she shows women everywhere the stress-free way to trade currencies--without ever leaving home. What the Boys of Wall Street don't want you to know . . . After years of studying the principles of the foreign currency exchange market, financial expert and financial correspondent Kiana Danial gets to the bottom of today's most curious investment phenomenon: Why are women suddenly making a fortune trading currencies? The answer is inside this book, along with a roadmap designed to show you how and why forex can work for you. "Kiana Danial breaks down a sophisticated foreign exchange market with memorable analogies that can help the most financially illiterate person understand and gain passion in following the markets the way Ms. Danial does." -- FAN YANG, CMT, CEO, FXTimes.com "A must-read if you're considering trading any market or need to know more about trading the forex market. Kiana is an experienced market analyst and a gifted communicator whose book confirms what a lot of men are coming to realize--that women have an edge in trading because they understand the value of analyzing and planning before they risk their time and money." -- JAY NORRIS, founder, Trading University, and author of Mastering the Currency Market and Mastering Trade Selection and Management

Forex for Beginners

FXstreet.Com's 2013 Best Book Award! The Sensible Guide to Forex: Safer,

Read Free Currency Trading Pro Guide

Smarter Ways to Survive and Prosper from the Start is written for the risk averse, mainstream retail investor or trader seeking a more effective way to tap forex markets to improve returns and hedge currency risk. As the most widely held currencies are being devalued, they're taking your portfolio down with them—unless you're prepared. For traders, the book focuses on reducing the high risk, complexity, and time demands normally associated with forex trading. For long-term investors, it concentrates on how to hedge currency risk by diversifying portfolios into the strongest currencies for lower risk and higher capital gains and income. The usual forex materials don't provide practical answers for most retail traders or longer term investors. Virtually all forex trading materials focus on time-consuming, high-leverage, high-risk methods at which most traders fail. Materials about long-term investing in foreign assets rarely take into account the prospects of the related currency. A falling currency can turn an otherwise good investment into a bad one. Throughout the book, the emphasis is on planning and executing only low risk, high potential yield trades or investments and avoiding serious losses at all costs. Packed with richly illustrated examples every step of the way and including additional appendices and references to online resources, the book is the ultimate guide to forex for retail traders and investors seeking to tap forex markets for better currency diversification and income. Provides traders with safer, smarter, less complex and time-consuming ways to trade forex with higher odds of success. These include the use of such increasingly popular new instruments like forex binary options and social trading accounts that mimic expert traders. Shows

Read Free Currency Trading Pro Guide

investors how to identify the currencies most likely to hold or increase their value, and provides a wealth of ideas about how to apply that knowledge to a long-term, low-maintenance portfolio for both income and capital appreciation. Helps anyone seeking an asset class with low correlation to other markets by explaining how the very nature of forex markets means that regardless of market conditions there's always a playable trend somewhere, regardless of what other asset markets are doing, and how to find and exploit it for a short-term trade or a long-term investment in a currency pair, stock, bond, or other asset. The Sensible Guide to Forex is only book that teaches mainstream risk averse investors and traders how to build a portfolio that's diversified by currency exposure as well as by asset class and sector, via a variety of safer, simpler methods to suit different needs, risk tolerances, and levels of expertise. Written by Cliff Wachtel, a 30+ year financial market writer, advisor, and analyst, The Sensible Guide to Forex offers practical solutions to the above dilemmas faced by every serious, prudent investor. A must own for any informed investor-but don't take out word for it - see advanced reviews at: <http://thesensibleguidetoforex.com/review/>

How to Make a Living Trading Foreign Exchange

Forex Trading for Beginners

Do you often hear about "trading", "automatic investments", "make money online", "forex" and similar topics? Are you new to the game and would like to pursue it following a smoother and more linear path, with the right tools for this journey as a trader and learning to manage your savings independently? Then you're in the right place! There is a plethora of information, mostly contradictory, in the thousands of books, courses, and videos talking about trading. Unfortunately, because the web gives "everyone" a voice, it also allows the dissemination of

Read Free Currency Trading Pro Guide

invalid or misleading information, which literally sends people off the beaten path, resulting in loss of time, money and health. " To me, an educated man is one who knows where to go looking for information the one time in his life when he needs it." -Umberto Eco- Every day I hear from disappointed people, who have lost part, if not all, of their savings following the advice of alleged trainers, blog articles, and courses that promised monthly earnings, or of videos describing "miraculous" strategies With this book, I want to say AWAY with all this and make things clear once and for all! No needless words or arguments: what you read will be a practical book with fundamental notions. In these lines, I will try to expose only the best of this universe. I warn you that mine is a very "earthy" language: you won't find big words, you won't find complicated concepts or university-level language. I would like you to get useful information in the most direct and straightforward way possible. My goal is to provide you with information that can provide clarity and start you on a successful path in the world of online trading, mainly through the Forex market. Potentially, trading is within reach of all those who want to improve themselves and manage their finances better. "There's no need to be a scientist. Trading is not a game where the guy with an IQ of 160 beats the guy with an IQ of 130". -Warren Buffet- Within this book you will find these topics: 1. Chapter: What is online trading: The basics of trading, the differences between discretionary and algorithmic traders, the operating methods. 2. Chapter: What is Forex: Currency pairs, forex history, Forex players, Brokers. 3. Chapter: Operating Terms: All the indispensable terms to know 4. Basics of Technical Analysis: We will look at the

main tools of technical analysis and how to use them 5. Chapter: Operative Strategy for Forex: Forex strategies to be applied immediately, studied with quantitative tools using data from the last 10 years 6. Chapter: Being Trader: The mentality of the trader What are you waiting for? Buy now!

Stock Trading Ledger (Blue)

In the first edition of Japanese Candlestick Charting Techniques, Steve Nison revealed, for the first time to the Western world, the background and practical applications of candlestick charts. Now, these colourful exciting techniques are hot on the lips of leading analysts, traders, and brokers worldwide. Completely informative and global in its outlook, this revised edition provides in-depth explanations of how candlestick techniques can be used in all of today's markets to help improve profits and decrease market risk. This totally updated revision focuses on the needs of today's traders and investors with:

- All new charts, including more intraday markets
- New candle charting techniques and refinements to earlier methods
- More focus on active trading for swaying, online, and day traders
- Brand new sections on Western techniques in combination with candles
- A greater spotlight on capital preservation

Whether you are new to technical analysis, or a seasoned pro, the rewards reaped by adding the candlestick techniques revealed in this book should be immediate and long-lasting.

Investing For Beginners

Since the first edition of Foreign Exchange Options in 1993, trading in foreign exchange options has undergone rapid expansion and now accounts for a daily turnover of some \$100 billion world-wide. This revised and expanded second edition takes into account recent changes in both market practice and regulatory requirements and contains many new explanatory diagrams and practical examples. As with the first edition, the emphasis is on practicality, taking the reader through the basics, clarifying jargon when and where appropriate. This book will be invaluable for accountants, auditors, experienced practitioners and those entering the world of currency options for the first time. The benefits of using options to hedge foreign exchange risk Detailed examination of both the OTC market and the main exchange listing Specific coverage of pricing, trading risk and market practice
