### **Managing Business Ethics**

The essays included in the text explore the many facets of business ethics. In this overview of business ethics, we see its relationship to the social sciences, management practices, etc.

### **Business Ethics**

### **Ethical Theory and Business**

Though the revised edition of A Theory of Justice, published in 1999, is the definitive statement of Rawls's view, so much of the extensive literature on Rawls's theory refers to the first edition. This reissue makes the first edition once again available for scholars and serious students of Rawls's work.

### **Business Ethics And Corporate Governance**

How can you be an ethical corporate citizen in an increasingly complex, multiple-stakeholder world? This is the most pressing question facing businesses today, small and large, local and global. Business Ethics is a thorough yet accessible exploration of the main ethical theories and how these apply to the major stakeholders facing this question. Written from a truly international perspective and supported by diverse and innovative learning features, this book provides the tools and concepts necessary to understand and effectively manage ethical challenges wherever you are in the world. 'Key Concepts' and 'Think Theory' boxes ensure the essential ideas are straightforward to grasp but don't go unchallenged, while 'Ethics in Action' boxes and Case Studies illustrate these ideas at play in the working world. Step into the shoes of a decision-maker with 'Ethical Dilemma' boxes and hear from them first hand with new 'Practitioner Spotlight' boxes, which

feature fascinating insights from real-life practitioners on how they manage ethical decisions and what skills they consider to be crucial to success. The fourth edition offers a wealth of new cases and examples as well as updates of favourites from previous editions, including features on AirBnB, TOMS, and McDonalds. Bespoke video interviews with the practitioners from the book and new multiple-choice questions enhance the online resources for students, while workshop and flipped classroom activity ideas support lecturers. In addition, content has been thoroughly updated across the book and online to reflect the latest developments and issues surrounding corporate citizenship, globalization, and sustainability. Award-winning, best-selling, and up-to-date; this is the textbook of choice for those wishing to excel in business ethics. The book is supported by an extensive range of online resources: For students: Practitioner Spotlight videos and web links Additional Case Study web links Additional Ethics in Action web links Addition Ethics on Screen web links Think Theory responses Film list Ethics career guide Further reading Multiple-choice questions For lecturers: VLE content PowerPoint slides Test bank Case bank Sample course outline Teaching notes for Case Studies Teaching notes for Ethical Dilemmas Teaching notes for Ethics in Action features Teaching notes for Ethics on Screen features Ideas for structured workshops

### **The Oxford Handbook of Business Ethics**

An anthology of readings, legal perspectives, and cases in business ethics. Ethical Theory and Business provides students with a strong understanding of ethics in business. Case studies, a discussion of ethical theory, and a diverse range of perspectives on specific topics give students the tools needed to address ethical situations in business and challenge them to think for themselves. Learning Goals Upon completing this book readers will be able to: Reflect on ethical and sustainable business practices Understand the role of ethics in all function areas of business including management, marketing, international business, human resources, finance, and accounting Discuss the most pressing issues confronting business leaders today

### **Normative Theory and Business Ethics**

Introduction to the role of virtue ethics in business, written by one of the foremost Aristotelian scholars.

### **Ethical Theory and Business**

Revised edition of: Oxford handbook of positive psychology and work / edited by P. Alex Linley, Susan Harrington, Nicola Garcea. -- Oxford; New York: Oxford University Press, 2010.

### **The Oxford Handbook of Ethical Theory**

In 1984, R. Edward Freeman published his landmark book, Strategic Management: A Stakeholder Approach, a work that set the agenda for what we now call stakeholder theory. In the intervening years, the literature on stakeholder theory has become vast and diverse. This book examines this body of research and

assesses its relevance for our understanding of modern business. Beginning with a discussion of the origins and development of stakeholder theory, it shows how this corpus of theory has influenced a variety of different fields, including strategic management, finance, accounting, management, marketing, law, health care, public policy, and environment. It also features in-depth discussions of two important areas that stakeholder theory has helped to shape and define: business ethics and corporate social responsibility. The book concludes by arguing that we should re-frame capitalism in the terms of stakeholder theory so that we come to see business as creating value for stakeholders.

### **This is Business Ethics**

Business Ethics: An Ethical Decision-Making Approach presents a practical decision-making framework to aid in the identification, understanding, and resolution of complex ethical dilemmas in the workplace. Focuses exclusively on three basic aspects of ethical decision making and behavior—how it actually takes place, how it should take place, and how it can be improved Uses real-life examples of moral temptations and personal ethical dilemmas faced by employees and managers Discusses the biases, psychological tendencies, moral rationalizations, and impact of self-interest as impediments to proper ethical decision making Includes relevant examples of ethical misconduct and scandals appearing in the news media

### **An Introduction to Ethical Theories**

The Handbook is a comprehensive reference work in ethical theory consisting of commissioned articles by leading scholars. The first part treats meta-ethics and the second part normative ethical theory. As with all the Oxford Handbooks, the collection is designed to achieve three goals: exposition of central ideas, criticism of other approaches, and defenses of distinct points of view.

### **Ethical Theory and Business**

Covers professional standards, corporate responsibilities, self-regulation, government regulation, consumer rights, working conditions, discrimination, advertising, and economic justice

## **Ethical Theory and Business: Pearson New International Edition**

In his ground-breaking new textbook, Mick Fryer offers students of Business Ethics clear explanations of a range of theoretical perspectives, along with examples of how these perspectives might be used to illuminate the ethical challenges presented by business practice. The book includes: Realistic scenarios which gently introduce a theory and demonstrate how it can be applied to a real-life ethical dilemma that everyone can relate to, such as borrowing money from a friend Real organisational case studies in each chapter which illustrate how each theory can be applied to real business situations. Cases include Nike, Coca Cola, BMW, Shell, Starbucks and GSK 'Pause for Reflection' boxes and 'Discussion Questions' which encourage you to challenge the established notions of right and wrong, and empower you to develop your own moral code Video Activities in each chapter with accompanying QR codes which link to documentaries, films, debates and news items to get you thinking about real-life ethical dilemmas Visit the book's companion website for self-test questions, additional web links and more at: [study.sagepub.com/fryer](http://study.sagepub.com/fryer)

## **Business Ethics and Ethical Business**

Applying Care Ethics to Business is a multidisciplinary collection of original essays that explores the intersection between the burgeoning field of care ethics and business. Care ethics is an approach to morality that emphasizes relational, particularist, and affective dimensions of morality that evolved from feminist theory and today enjoys robust intellectual exploration. Care ethics emerged out of feminist theory in the 1980's and the greatest contribution to moral analysis among Women' Studies scholars. Today, feminists and non-feminist scholars are increasingly taking care ethics seriously. Applying care to the marketplace is a natural step in its maturity. Applying Care Ethics to Business is the first book-length analysis of business and economic cases and theories from the perspective of care theory. Furthermore, given economic turbulence and the resulting scrutiny of market practices, care ethics provides fresh and timely insight into ideal business values and commitments. In many ways, care ethics' emphasis upon connection and cooperation as well as the growth and well-being of the other make

it appear to be the antithesis of the corporate character. Nevertheless, many contemporary theorists question if traditional moral approaches based on autonomous agents is adequate to address a shrinking and interconnected world—particularly one that is marked by global markets. Applying Care Ethics to Business offers a unique opportunity to rethink corporate responsibility and business ethics.

### **Business Ethics For Dummies**

This volume provides an updated examination of the role that moral and political philosophy can play in addressing problems in business ethics. The essays contained within its pages represent the work of new scholars and address a wide array of foundational issues such as distributive justice within firms, human rights, ethical challenges of international business, the role of virtue in business management, entrepreneurship and the relationship of markets and market actors with democratic institutions.

### **Virtue in Business**

The Oxford Handbook of Business Ethics is a comprehensive treatment of the field of business ethics as seen from a philosophical approach. The volume consists of 24 essays that survey the field of business ethics in a broad and accessible manner, covering all major topics about the relationship between ethical theory and business ethics.

### **Ethical Issues in Business**

The second edition of Business Ethics introduces readers to key ethical issues that arise within the world of business, providing a strong theoretical foundation as well as real world applications. This new edition has been greatly revised, and includes new sections on the financial services industry, globalization, and global economic justice. An accessible introduction for beginners, offering a combination of important established essays and new essays commissioned especially for this volume. Greatly revised - more than half of the selections are new to this edition. Newly commissioned essays address information technology, global economic justice and globalization, stakeholder theory, the corporation as an individual, and other topics. Uses diverse, authentic business cases to illustrate discussion of concepts. Cases have been updated to reflect current problems and issues. Provides students with guidance and tools to write their own case study essays. Readings are presented to progressively develop the reader's ability to read and apply ethical theory by writing case responses from different vantage points.

### **Ethics Theory and Business Practice**

The tools you need to deal with ethical dilemmas in business. In today's world, it's increasingly important for all businesses and government agencies to implement ethical conduct in the workplace. Therefore, business ethics has become required coursework for most students in undergraduate and postgraduate business programs. Mapping to a business ethics course, Business Ethics For Dummies

examines ethical theory and discusses the moral issues facing corporate America. It covers topics such as conflicts of interest, trade secrets and insider trading, product safety and product liability, hiring, drug testing, sexual harassment, diversity, and much more. The basics of ethics and making ethical decisions How-tos on incorporating business ethics in the workplace A discussion of moral issues facing corporate America Packed with easy-to-understand explanations and examples, *Business Ethics For Dummies* is a helpful resource for students, professors, business owners, managers, and CEOs who seek a clear understanding of the importance of ethics.

### **Business Ethics in the 21st Century**

Since its inception *An Introduction to Business Ethics*, by Joseph Desjardins has been a cutting-edge resource for the business ethics course. DesJardin's unique approach encompasses all that an introductory business ethics course is, from a multidisciplinary perspective. It offers critical analysis and integrates the perspective of philosophy with management, law, economics, and public policy.

### **Business Ethics: A Kantian Perspective**

In a series of articles specifically commissioned for this volume, some of today's most distinguished business ethicists survey the main areas of interest and concern in the field of business ethics. Sections of the book cover topics such as the often easy relation between business ethics and capitalism, the link between business ethics and ethical theory, how ethics applies to specific problems in the business world, the connection between business ethics and related academic disciplines, and the practice of business ethics in modern corporations. Includes extensive, accessible discussion of all of the main areas of interest and debate in business ethics Features all original contributions by distinguished authors in business ethics Includes an annotated table of contents, bibliographies of the relevant literature and a list of internet sources of material on business ethics Perfect, comprehensive book for use in business ethics courses

### **Business Ethics**

Take a seat in the boardroom. What will you decide? Corporations make difficult decisions about the right thing to do every day, but as an organization made up of people with different perspectives and values, how can a business behave ethically? This is *Business Ethics* offers a dynamic and engaging introduction to the study of corporate morality. Offers real-world practical advice for navigating ethical dilemmas in business, developed and explained through illustrative high-profile case studies like the Ford Pinto case, Enron, Walmart and British Petroleum. Explores how ethical theory informs business policy and practice. Presents unresolved contemporary case studies for consideration, inviting readers to participate in the decision-making and offer their own recommendations. The latest in the *This is Philosophy* series, *This is Business Ethics* features supplemental online resources for instructors and students at [www.thisisphilosophy.com](http://www.thisisphilosophy.com).

### **An Introduction to the Philosophy of Management**

Contains case studies for courses in Business Ethics in the Philosophy or Business curriculum. This book is a collection of 35 original and reprinted contemporary cases that focus on ethical and social issues surrounding business. It makes the students aware of situations that require moral reflection, judgment, and decision-making.

### **Ethical Theory and Business**

Cases in Business Ethics provides the opportunity for students not only to discuss the application of ethical theories in managerial situations, but also to apply judgment and make decisions in a real-world context. This collection of cases focuses on business decision-making, and includes both short and long, more complex cases that highlight the practicalities of business practice and ethical theory. A beneficial feature of Cases in Business Ethics is the variety of ways in which the cases can be organized to fit the course curriculum.

### **Business Ethics**

This collection of readings and cases begins with an introduction to moral reasoning, and then provides students with a wide range of opportunities to apply ethical theory to real contemporary managerial situations - including issues facing managers in the next century. Each section contains a case study and relevant theoretical articles that range from classics in philosophy to modern commentaries by business practitioners.

### **The Routledge Companion to Business Ethics**

In this lively undergraduate textbook, Kevin Gibson explores the relationship between ethics and the world of business, and how we can serve the interests of both. He builds a philosophical groundwork that can be applied to a wide range of issues in ethics and business, and shows readers how to assess dilemmas critically and work to resolve them on a principled basis. Using case studies drawn from around the world, he examines topics including stakeholder responsibilities, sustainability, corporate social responsibility, and women and business. Because business can no longer be isolated from its effects on communities and the environment, these concerns are brought to the forefront. The book also captures the dynamic nature of business ethics in the era of globalization where jobs can be outsourced, products are made of components from scores of countries and sweatshops often provide the cheap goods the public demands.

### **The Oxford Handbook of Positive Organizational Scholarship**

This work provides a critical look at business practice in the early 21st century and suggests changes that are both practical and normatively superior. Several chapters present a reflection on business ethics from a societal or macro-organizational point of view. It makes a case for the economic and moral superiority of the sustainability capitalism of the European Union over the finance-based model of the United States. Most major themes in business ethics are covered and some new ones are introduced, including the topic of the right way to

teach business ethics. The general approach adopted in this volume is Kantian. Alternative approaches are critically evaluated.

## **Applying Care Ethics to Business**

"Ethical Theory and Business, 8/e "presents a comprehensive anthology of readings, legal perspectives, and cases in ethics in business. Focuses on providing and explaining the tools needed to deal with ethical dilemmas in business. The authors examine ethical theory and business practice, the purpose of the corporation, corporate character and individual responsibility, acceptable risk, the ethical treatment of employees, diversity and discrimination in the workplace, marketing and disclosure of information, ethical issues in information technology and, ethical issues in international business. This book is intended for those interested in examining the ethical challenges we face today.

## **Ethical Theory and Business**

This handbook is a 'one-stop shop' for current information, issues and challenges in the fields of research ethics and scientific integrity. It provides a comprehensive coverage of research and integrity issues, both within researchers' 'home' discipline and in relation to similar concerns in other disciplines. The handbook covers common elements shared by disciplines and research professions, such as consent, privacy, data management, fraud, and plagiarism. The handbook also includes contributions and perspectives from academics from various disciplines, treating issues specific to their fields. Readers are able to quickly source the most comprehensive and up-to-date information, protagonists, issues and challenges in the field. Experienced researchers keen to assess their own perspectives, as well as novice researchers aiming to establish the field, will equally find the handbook of interest and practical benefit. It saves them a great deal of time in sourcing the disparate available material in these fields and it is the first 'port of call' for a wide range of researchers, research advisors, funding agencies and research reviewers. The most important feature is the handbook's ability to provide practical advice and guidance to researchers in a wide range of disciplines and professions to help them 'think through' their approach to difficult questions related to the principles, values and standards they need to bring to their research practice.

## **A Theory of Justice**

Revised and updated to meet the ethical challenges of today's business world, Ethical Theory and Business presents a collection of readings that includes historical as well as contemporary material. Chapters offer thoughtfully collected essays, legal perspectives, and court cases that give readers a basis for understanding the latest developments in business ethics scholarship, analysis, and decision making. In addition to presenting the fundamental concepts and problems of business ethics, normative ethical theory, and the analysis of cases, the Fifth Edition of Ethical Theory and Business examines issues such as corporate social responsibility; business self-regulation versus government regulation; consumer, occupational, and environmental risk; drug testing; whistleblowing; affirmative action; reverse discrimination; sexual harassment; deception in

advertising; ethical issues in international business; and social and economic justice.

## **Stakeholder Theory**

## **Business Ethics**

### **Case Studies in Business, Society, and Ethics**

Electronic inspection copies are available for instructors What and who is business for? What exactly is work and how can we distinguish it from other activity? Do businesses operate along different ethical lines from individuals? This clear and accessible text introduces key philosophical concepts and ideas and applies them to fundamental issues in management and organizations. Written for business and management students with no previous knowledge of philosophy, this text will lead readers to question the basic assumptions widely made about business and management. An Introduction to the Philosophy of Management is packed with case studies and examples which provoke thought and discussion. Coverage includes crucial topics such as business ethics, culture and leadership. Key features: - Boxed definitions of key concepts - Real life case studies and examples - Questions for Reflection - Further reading This text is essential reading for any business and management student wanting to think creatively.

### **Ethical Theory and Business**

In this general introduction to ethical theory, Chapter I introduces the reader to philosophical thinking, philosophy's domain, the value of philosophy, and the nature of philosophical ethics. The second chapter examines various impediments to ethical theory including nihilism, determinism, skepticism, relativism, emotivism, egoism, and divine command theory. With these impediments surmounted the subsequent chapters focus on major ethical theories including natural law, virtue, contract, deontological, utilitarianism, existentialism, evolutionary, and feminist. Each chapter systematically presents, critiques, and assesses both classical and contemporary formulations of theory in language accessible to the uninitiated. The author neither dismisses nor advocates particular theories but gives them a fair hearing in a rational forum. The final chapter presents the author's own moral theory in a straightforward but non-dogmatic manner.

## **Business Ethics**

Ethical aspects of business and the economy are of increasing concern in business practice, higher education, and society in general. This concern results from significant business scandals and economic crises, such as the financial crisis of 2008 and the following great recession, as well as from pressing current and future challenges for the economy, such as sustainability and globalization. As a result, there is a growing demand for normative analysis and orientation for business and the economy, where business ethics has become a crucial part of organizational

management, risk management, branding, and strategic management. *Business Ethics: Methods and Application* provides a new systematic approach to normative business ethics that covers the complex and various ethical challenges of modern business. It aims to train analytical thinking skills in the field of business ethics and to approach ethical issues in business in a rational and systematic way. The book develops a number of specific methods for business ethics analysis that are tailored for ethical decision-making in business and for analyzing complex ethical topics in business. The book discusses fundamental ethical questions regarding the meaning of business and the economy for the individual person, society, the environment, and people around the world. As a result, *Business Ethics: Methods and Application* develops normative guidelines for business in the 21st century and its fundamental challenges and will be key reading for undergraduate, postgraduate, and MBA students of business ethics, business strategy, business and society, and related fields.

### **Ethical Issues in Business**

*Ethical Theory and Business* is the authoritative guide to business ethics and CSR, with cutting edge theoretical readings and cases.

### **Ethics and Business**

*Business Ethics and Ethical Business* is a brief yet remarkably comprehensive introduction to the thought-provoking field of business ethics. The text is organized into three parts that cover the role of business in society, the ethics of internal management, and the challenges of international business. It introduces the standards essential in business ethics, explores a wide range of issues using concrete examples, and provides analytical tools for guiding ethical decisions in the real world. *Business Ethics and Ethical Business* is ideal for undergraduate or MBA courses, as either a standalone text or a companion to an anthology or selected case studies. Every chapter is self-contained, so the text can be used in whole or in part and in long or short courses.

### **An Introduction to Business Ethics**

*Business Ethics* introduces students to ethical issues and decision-making in a variety of contemporary contexts. It develops an awareness of the many ways in which ethical considerations can manifest in commercial domains, thereby helping prepare students for their professional careers. *Business Ethics* shows how theory works in practice. It includes hundreds of real-world examples that will help engage students. Examples draw on recent and emerging concerns, such as the moral implications of social media and the enforcement of codes of behaviour within industries. The book also addresses corporate social responsibility, stakeholder management and sustainability, reflecting the broad scope of business ethics today. Comprehensive online resources are available at [www.cambridge.edu.au/academic/businessethics](http://www.cambridge.edu.au/academic/businessethics). Student resources include additional review questions and case studies, with answer guides, to help students reinforce learning and prepare for assessment tasks. Instructor resources include an extensive set of tutorial exercises, PowerPoint slides and a test bank of

assessment resources.

## **Handbook of Research Ethics and Scientific Integrity**

TRY (FREE for 14 days), OR RENT this title: [www.wileystudentchoice.com](http://www.wileystudentchoice.com) Linda Treviño and Kate Nelson bring together a mix of theory and practice in *Managing Business Ethics: Straight Talk about How to Do It Right*, 7th Edition. In this new edition, the dynamic author team of Linda Treviño, prolific researcher and Distinguished Professor, and Kate Nelson, Professor and longtime practitioner of strategic organizational communications and human resources, equip students with the pragmatic knowledge they need to identify and solve ethical dilemmas, understand their own and others' ethical behavior, and promote ethical behavior in their organization. *Managing Business Ethics* is the perfect text to prepare students for a range of roles in the business world--managers across business functions, communications professionals, compliance officers, corporate counsels, human resources managers, and senior executives.

## **A Companion to Business Ethics**

It is more important than ever that a business must be both ethical and profitable. In this thoroughly revised and updated second edition, Norman E. Bowie shows that by applying Kant's three formulations of the categorical imperative, and by doing the right thing for the right reason, a business can achieve success in both of these fields. Bowie uses examples such as building trust, transparency through open book management and respecting employees by providing a living wage and meaningful work. This new edition, for graduates and academic researchers in the field of business ethics, has been heavily revised to include the newest scholarship on Kantian ethics, with a new emphasis on Kant's later moral and political theory, a workable account of Kantian capitalism, and additional accounts on corporate social responsibility, Kantianism and human rights, corporate moral agency, and the Kantian theory of meaningful work.

## **Cases in Business Ethics**

*Ethical Theory and Business*, 8/e presents a comprehensive anthology of readings, legal perspectives, and cases in ethics in business. Focuses on providing and explaining the tools needed to deal with ethical dilemmas in business. The authors examine ethical theory and business practice, the purpose of the corporation, corporate character and individual responsibility, acceptable risk, the ethical treatment of employees, diversity and discrimination in the workplace, marketing and disclosure of information, ethical issues in information technology and, ethical issues in international business. This book is intended for those interested in examining the ethical challenges we face today.
