Accounting for Decision Making and Control

In the early part of my life, having read many books in favour of Ghosts and Spectral Appearances, the recollection remained so strong in my mind, that, for years after, the dread of phantoms bore irresistible sway. This dread continued till about my twenty-third year, when the following simple affair fully convinced me, how necessary it was thoroughly to investigate every thing that tended to supernatural agency, lest idle fear should gain a total ascendancy over my mind. About this period, I had apartments in a large old-fashioned country mansion. From my bed-chamber was a secret door leading to a private staircase, which communicated with some of the lower rooms. This door was fastened both within and without; consequently all fear of intrusion from that quarter was entirely removed. However, at times, I could not help ruminating on the malpractices that might have been committed by evil-disposed persons, through this communication; and "busy meddling fancy" was fertile in conjuring up imaginary horrors.

Problems & Solutions in Advanced Accountancy Volume I, 6th Edition

Financial Accounting

This text is intended for a first course in introductory financial accounting. It was updated to reflect current International Financial Reporting Standards (IFRS). For example, it reflects the recent change in IAS38, para. 98, allowing the use of multiple methods in amortizing intangible assets. It focuses on core Introductory Financial Accounting topics that match pre-requisite requirements for students advancing to Intermediate Financial Accounting. Excluded are advanced topics that are covered in Intermediate Financial Accounting, such as leases and bond amortization. The text takes a corporate approach (vs. beginning with a sole proprietorship emphasis and then converting to a corporate approach); this consistency throughout the book reduces confusion for the introductory student. The book covers all essential topics: the accounting cycle, merchandising, assigning costs to inventory, cash and receivables, property, plant and equipment, debt financing, equity financing, statement of cash flows, financial statement analysis, and proprietorships and partnerships. Additionally, this version of the open text is supported by Lyryx Learning, offering at an affordable price editorial services to develop and adapt the content, formative online assessment, course supplements, and daily support to both the students and instructors.

Emergency Evacuation Planning for Your Workplace

This book will answer the following questions: Is a Spiritual Covering

necessary? How do we separate from a Spiritual Covering? Is there a guide that will help us deal with the pain we will experience from a Paternal separation? What is considered a legitimate separation? What happens after you disconnect from a Spiritual Father? Is it legitimate to unite myself to another Covering? To these questions and others, Pastor and Prophet Eric Fontanez will answer based on his biblical knowledge and Ministerial experience. He teaches us that every believer has the task and responsibility to find a covering that understands their potential, but that at the same time can impart a Spiritual DNA that will keep living in them for future generations. The Fathers of the Kingdom of this generation, need wisdom to choose wisely in whom they can deposit and impart their Spiritual inheritance. We recognize that not everyone who calls themselves a Spiritual Son will fulfill his obligation, but true Spiritual sons will be formed and prepared by a Father of the Kingdom. Eric Fontanez obtained his Theological Masters Degree from the Christian University in the city of Paterson NJ. He has traveled to different nations sharing and preaching the message of salvation and restoration that is only found in our Lord Jesus Christ. He lives on Orlando, FL along his wife Brunilda, and his two children named Caleb and Briana Fontanez.
