### **Friday the 13th**

These short stories are set primarily in the farmland of County Antrim in Northern Ireland during the author's youth in the nineteen forties and fifties, but some feature Scots Irish in America and England during that same period. County Antrim has strong residual connections to Scotland that are reflected in the manner of

speech and in the social values that the author experienced during his youth. Chard work, religious belief and valuing family connections. Long before television entered the home, family and neighborhood get-togethers were common, often around the hearth fire, especially in the winter months. During those times it was common for older members to mention their escapades in not just the Second World War but the First World War and even the Boer War. The very human lives of these wholesome people, their sorrow, happiness, humor and futility, are picturesquely captured in the author's sensitive, homespun stories.

### **The Granite Cutters' Journal**

Gross is back and viler than ever! From the author of *Oh, Yuck!* the perennial bestseller about science with over 610,000 copies in print, comes *OH, YIKES!*, an illustrated encyclopedia of history's messiest, dumbest, grossest, wackiest, and weirdest moments. If kids think pus and gas are fun, wait until they hear the lowdown on the real Dracula, samurai, gladiators, guillotines and vomitoriums, pirates, Vikings, witch trials, and the world's poxiest plagues. Impeccably researched, deliciously wry, and subversively educational (check out the toilet-paper timeline), *OH, YIKES!* covers people, events, institutions, and really bad ideas, alphabetically from April Fool's Day to zany Zoos. Here are the Aztecs, sacrificing 250,000 people a year for the gods—and for food. Fearsome Attila the Hun, scourge of the steppes whose spinning eyes terrified his friends and whose mastery of horses terrorized his enemies (how does someone so evil die? Nosebleed!). Saur, the 11th-century dog-king of Norway (and not too bad as kings go). Henry VIII and his marital problems, the story of the Abominable Snowman and the Loch Ness Monster, why sailors in the old days preferred eating in the dark (hint: you can't see what's crawling in your food), and the answer to the question, "How did knights in armor go to the bathroom?" Topped off with hundreds of illustrations and photographs along with hands-on activities that bring the past to life, *OH, YIKES!* puts the juice in history in a way that makes it irresistible.

### **Common Service Book of the Lutheran Church**

"Dan Jones is an entertainer, but also a bona fide historian. Seldom does one find serious scholarship so easy to read." – *The Times*, Book of the Year  
A New York Times bestseller, this major new history of the knights Templar is "a fresh, muscular and compelling history of the ultimate military-religious crusading order, combining sensible scholarship with narrative swagger" – Simon Sebag Montefiore, author of *Jerusalem A faltering war in the middle east*. A band of elite warriors determined to fight to the death to protect Christianity's holiest sites. A global financial network unaccountable to any government. A sinister plot founded on a web of lies. Jerusalem 1119. A small group of knights seeking a purpose in the violent aftermath of the First Crusade decides to set up a new order. These are the first Knights Templar, a band of elite warriors prepared to give their lives to protect Christian pilgrims to the Holy Land. Over the next two hundred years, the Templars would become the most powerful religious order of the medieval world. Their legend has inspired fervent speculation ever since. In this groundbreaking narrative history, Dan Jones tells the true story of the Templars for the first time in a generation, drawing on extensive original sources to build a gripping account of these Christian holy warriors whose heroism and alleged depravity have been

shrouded in myth. The Templars were protected by the pope and sworn to strict vows of celibacy. They fought the forces of Islam in hand-to-hand combat on the sun-baked hills where Jesus lived and died, finding their nemesis in Saladin, who vowed to drive all Christians from the lands of Islam. Experts at channeling money across borders, they established the medieval world's largest and most innovative banking network and waged private wars against anyone who threatened their interests. Then, as they faced setbacks at the hands of the ruthless Mamluk sultan Baybars and were forced to retreat to their stronghold in Cyprus, a vindictive and cash-strapped King of France set his sights on their fortune. His administrators quietly mounted a damning case against the Templars, built on deliberate lies and false testimony. On Friday October 13, 1307, hundreds of brothers were arrested, imprisoned and tortured, and the order was disbanded amid lurid accusations of sexual misconduct and heresy. They were tried by the Pope in secret proceedings and their last master was brutally tortured and burned at the stake. But were they heretics or victims of a ruthlessly repressive state? Dan Jones goes back to the sources to bring their dramatic tale, so relevant to our own times, to life in a book that is at once authoritative and compulsively readable.

Is the traditional, accepted view of the life of Christ in some way incomplete? • Is it possible Christ did not die on the cross? • Is it possible Jesus was married, a father, and that his bloodline still exists? • Is it possible that parchments found in the South of France a century ago reveal one of the best-kept secrets of Christendom? • Is it possible that these parchments contain the very heart of the mystery of the Holy Grail? According to the authors of this extraordinarily provocative, meticulously researched book, not only are these things possible — they are probably true! so revolutionary, so original, so convincing, that the most faithful

Christians will be moved; here is the book that has sparked worldwide controversy. "Enough to seriously challenge many traditional Christian beliefs, if not alter them." — Los Angeles Times Book Review "Like Chariots of the Gods?the plot has all the elements of an international thriller." — Newsweek

### **Common Worship: Times and Seasons President's Edition**

I was born sixty-eight years ago; at the age of thirty I began to wonder about the purpose of Life. I had many questions in my heart but not answer. The creation reveals a great purpose; therefore I cannot believe that the Creator of all these wonders did not leave any message! I searched through the religions for answers to my questions in vain; maybe because the religions are not based on revelations but on questions. The religion that doesn't give answers to our questions is not from God but from men! Only the True God can give the answers to all our questions! Religions, traditions and symbols are what deviate people from the Truth! I began to write this book, because the things that people believe are so absurd and untrue that it stimulated me to write something about it. For some reason I feel responsible before the Lord God if I do not do something about it. I began to read the Bible for passion; I wanted to know who created me. I cannot believe in the theory of the evolution, because it requires far more faith than to believe in God! To believe in God is easy, everything leads to Him; at the contrary nothing leads to the evolution of the species; it was a theory more than two hundred years ago, and will be a theory as long this world lasts! The Bible, besides making people wiser, reveals the entire human's story in relation with the Creator from the beginning to the end. The story of the Bible starts with the creation and ends with a New Creation. It starts with men's kingdom and ends with God's

Kingdom. Men's kingdom lasted one moment; God's Kingdom lasts forever! It starts with men's failure and ends with the Savior's success! Because man is created in the image of God, he thinks that by disobeying he can prove to himself to be independent as God; but the Truth reveals otherwise! May the Lord God have mercy on us!

The nineteenth-century Scottish theologian and church leader Edward Irving has been the subject of a remarkable resurgence of interest among historians and theologians in recent decades. A friend of Thomas Carlyle and a household name in his lifetime, Edward Irving became involved with a group headed by the scion of Drummonds Bank who were convinced there was to be an imminent second coming. Irving became caught up in this idea, and it not only changed his life but resulted in his expulsion from the Scottish Presbyterian Church. His life journey, including his personal loves and losses and early death in 1834, we can trace from his short diary, kept as a young man, and his letters, published here for the first time.

### **Friday The 13th**

There was a preacher who once said, "In today's world, we need to keep a Bible in one hand and a newspaper in the other." In this particular book, the author's main source of information was the Word of God, as it had been in all of his other books; however, it was uncanny how it kept connecting with current events of 2012 and early 2013: from the summer Olympics to the fall presidential election, or the drought in the Midwest to the results of the Super Bowl. He also thought of a Bible reference with a similar thought: Jesus said, in Matthew 13:52 (NIV), "every teacher of the law who has been instructed about the kingdom of heaven is like the owner of a house who brings out of his storeroom new treasures as well as old." The truths in the Scriptures have stood the test of time for thousands of years, and the "old" still shines brightly in our modern and sophisticated world. But they have "new" applications that we need now as much as Moses and Elijah needed them back then. (Perhaps this was why those godly men appeared on the Mount of Transfiguration, to talk with Jesus about the importance of His mission of mercy here among us, that would fulfill all of their hopes and dreams.) Then, in the author's own life, experiences that he had and lessons that he learned forty years ago have a connection with breaking news stories of today.
