How did our ancestors die? Whereas in our own day the subject of death is usually avoided, in pre-Industrial England the rituals and processes of death were present and immediate. People not only surrounded themselves with memento mori, they also sought to keep alive memories of those who had gone before. This continual confrontation with death was enhanced by a rich culture of visual artifacts. In *The Art of Death*, Nigel Llewellyn explores the meanings behind an astonishing range of these artifacts, and describes the attitudes and practices which lay behind their production and use. Illustrated and explained in this book are an array of little-known objects and images such as death's head spoons, jewels and swords, mourning-rings and fans, wax effigies, church monuments, Dance of Death prints, funeral invitations and ephemera, as well as works by well-known artists, including Holbein, Hogarth and Blake.

In Cold Blood

Crossing the boundaries of genre with its unrivalled storytelling, Diana Gabaldon's new novel is a gift both to her millions of loyal fans and to the lucky readers who have yet to discover her. In the ten years since her extraordinary debut novel, *Outlander*, was published, beloved author Diana Gabaldon has entertained scores of readers with her heart-stirring stories and remarkable characters. The four volumes of her bestselling saga, featuring eighteenth-century Scotsman James Fraser and his twentieth-century, time-travelling wife, Claire Randall, boasts nearly 5 million copies in the U.S. The story of *Outlander* begins just after the Second World War, when a British field nurse named Claire Randall walks through a cleft stone in the Scottish highlands and is transported back some two hundred years to 1743. Here, now, is *The Fiery Cross*, the eagerly awaited fifth volume in this remarkable, award-winning series of historical novels. The year is 1771, and war is approaching. Jamie Fraser's wife has told him so. Little as he wishes to, he must believe it, for hers is a gift of dreadful prophecy – a time-traveller's certain knowledge. To break his oath to the Crown will brand him a traitor; to keep it is certain doom. Jamie Fraser stands in the shadow of the fiery cross – a standard that leads nowhere but to the bloody brink of war.

Book of the Dead

From childbirth and baptism through to courtship, weddings, and funerals, every stage in the life-cycle of Tudor and Stuart England was accompanied by ritual. Even under the protestantism of the reformed Church, the spiritual and social dramas of birth, marriage, and death were graced with elaborate ceremony. Powerful and controversial protocols were in operation, shaped and altered by the influences of the Reformation, the Revolution, and the Restoration. Each of the major rituals was potentially an arena for argument, ambiguity, and dissent. Ideally, as classic rites of passage, these ceremonies worked to bring people together. But they also set up traps into which people could stumble, and tests which not everybody could pass. In practice, ritual performance revealed frictions and fractures that everyday local discourse attempted to hide or to heal. Using fascinating first-hand evidence, David Cressy shows how the making and remaking of ritual formed part of a continuing debate, sometimes strained and occasionally acrimonious, which exposed the raw nerves of society in the midst of great historical events. In doing so, he vividly brings to life the common experiences of living and dying in Tudor and Stuart England.

Ritual In Death

A charming, practical, and unsentimental approach to putting a home in order while reflecting on the tiny joys that make up a long life. In Sweden there is a kind of decluttering called *döstädning*, *dö* meaning

“death” and städning meaning “cleaning.” This surprising and invigorating process of clearing out unnecessary belongings can be undertaken at any age or life stage but should be done sooner than later, before others have to do it for you. In *The Gentle Art of Swedish Death Cleaning*, artist Margareta Magnusson, with Scandinavian humor and wisdom, instructs readers to embrace minimalism. Her radical and joyous method for putting things in order helps families broach sensitive conversations, and makes the process uplifting rather than overwhelming. Margareta suggests which possessions you can easily get rid of (unworn clothes, unwanted presents, more plates than you’d ever use) and which you might want to keep (photographs, love letters, a few of your children’s art projects). Digging into her late husband’s tool shed, and her own secret drawer of vices, Margareta introduces an element of fun to a potentially daunting task. Along the way readers get a glimpse into her life in Sweden, and also become more comfortable with the idea of letting go.

Conspiracy in Death

History of Anthropology is a series of annual volumes, inaugurated in 1983, each of which treats a theme of major importance in both the history and current practice of anthropological inquiry. Drawing its title from a poem of W. H. Auden's, the present volume, Malinowski, Rivers, Benedict, and Others (the fourth in the series) focuses on the emergence of anthropological interest in "culture and personality" during the 1920s and 1930s. It also explores the

historical, cultural, literary, and biological background of major figures associated with the movement, including Bronislaw Manlinowski, Edward Sapir, Abram Kardiner, Ruth Benedict, Margaret Mead, and Gregory Bateson. Born in the aftermath of World War I, flowering in the years before and after World War II, severely attacked in the 1950s and 1960s, "culture and personality" was subsequently reborn as "psychological anthropology." Whether this foreshadows the emergence of a major anthropological subdiscipline (equivalent to cultural, social, biological, or linguistic anthropology) from the current welter of "adjectival" anthropologies remain to be seen. In the meantime, the essays collected in the volume may encourage a rethinking of the historical roots of many issues of current concern. Included in this volume are the contributions of Jeremy MacClancy, William C. Manson, William Jackson, Richard Handler, Regna Darnell, Virginia Yans-McLaughlin, James A. Boon, and the editor.

Origin in Death

Fictional depictions of intermarriage can illuminate perceptions of both 'ethnicity' and 'whiteness' at any given historical moment. Popular examples such as Lucy and Ricky in *I Love Lucy* (1951-1957), Joanna and John in *Guess Who's Coming to Dinner* (1967), Toulou and Ian in *My Big Fat Greek Wedding* (2002) helped raise questions about national identity: does 'American' mean 'white' or a blending of ethnicities? Building on previous studies by scholars of intermarriage and identity, this study is an ambitious endeavor to discern the ways in which literature and films from the 1960s through 2000s rework nineteenth- and early-twentieth-century intermarriage tropes. Unlike earlier stories, these narratives position the white partner as the 'other' and serve as useful frameworks for assessing ethnic and American identity. Lauren S. Cardon sheds new light on ethno-racial solidarity and the assimilation of different ethnicities into American dominant culture.

The Theatre of Death

From the ritual object which functions as a substitute for the dead - thus acting as a medium for communicating with the 'other world' - to the representation of death, violence and suffering in media, or the use of online social networks as spaces of commemoration, media of various kinds are central to the communication and performance of death-related socio-cultural practices of individuals, groups and societies. This second volume of the Studies in Death, Materiality and Time series explores the ways in which such practices are subject to 're-mediation'; that is to say, processes by which well-known practices are re-presented in new ways through various media formats. Presenting rich, interdisciplinary new empirical case studies and fieldwork from the US and Europe, Asia, The Middle East, Australasia and Africa, *Mediating and Remediating Death* shows how different media forms contribute to the shaping and transformation of various forms of death and commemoration, whether in terms of their range and distribution, their relation to users or their roles in creating and maintaining communities. With its broad and multi-faceted focus

The Egyptian Book of the Dead

Still considered one of the best books ever written about bullfighting, *Death in the Afternoon* is an impassioned look at the sport by one of its true aficionados. It reflects Hemingway's conviction that bullfighting was more than mere sport and reveals a rich source of inspiration for his art. The unrivaled

drama of bullfighting, with its rigorous combination of athleticism and artistry, and its requisite display of grace under pressure, ignited Hemingway's imagination. Here he describes and explains the technical aspects of this dangerous ritual and “the emotional and spiritual intensity and pure classic beauty that can be produced by a man, an animal, and a piece of scarlet serge draped on a stick.” Seen through his eyes, bullfighting becomes a richly choreographed ballet, with performers who range from awkward amateurs to masters of great elegance and cunning. A fascinating look at the history and grandeur of bullfighting, *Death in the Afternoon* is also a deeper contemplation of the nature of cowardice and bravery, sport and tragedy, and is enlivened throughout by Hemingway's sharp commentary on life and literature.

Does the Bible teach Christians to avoid politics, as many claim? We are watching the greatness of America disappear and immorality is thriving. We are taught this is "God's will". A variety of scriptures are used to support this teaching but are they taught in context? This book does a very in-depth study of these scriptures and argues that it is Satan, not God, who desires that Christians avoid politics. The purpose of this book is to show four satanic lies that the church is embracing. Politics is, in The United States, a means of performing our Christian mandate of being salt and light. Satan alone benefits from Christians not being involved in politics. He has crafted a deception that will permit him to build his coveted one world tyranny
