Context

Spectrum Test Practice, Grade 1

This 256-page workbook helps fourth grade children learn to follow directions, understand test formats, use effective strategies to avoid common mistakes, and budget their time wisely. This workbook includes actual test questions in reading, language arts, and math; tips on test preparation; strategies and techniques for answering different kinds of questions; full-length practice tests; and a complete answer key. Test questions feature up-to-date content aligned with the Common Core Standards. The Ready to Test series boosts confidence and helps learners improve their test scores by offering children the preparation they need for standardized tests.

Spectrum FI Test Prep Gr 4, Grade 4

The activities in this book provide an excellent source of phonics practice for primary students. The pages can be used as drill reinforcement or as independent instructional material. The whimsical pictures help to motivate students to learn through a variety of activities. These activities include tracing and writing, coloring, cutting and pasting, matching, and puzzles. Review pages are included, as well as an awards page at the end of the book for added motivation. In this book, students will learn about unusual consonant sounds and their spellings, and unusual vowel sounds (other than long and short). Therefore, the teacher

may want to give more initial instruction before presenting some of the pages. Students will learn the more unusual sounds of vowels, exceptions, and also the diacritical markings for their sounds.

Today, more than ever, students need to be equipped with the skills required for school achievement and success on proficiency tests. The book is perfect for use at home or in school and is favored by parents, homeschoolers, and teachers. This 96-page book supports National Science Education Standards and aligns with state and national standards.

Key Maths

The Credit books have been substantially revised from the previous editions to ensure that they are

accessible to all students at this level and now have a 'fast track' route to allow for early presentation. Non-calculator work clearly identified throughout all books. Parallel content between all books allows movement between levels. 'Review' sections at the beginning of each chapter enable students to consolidate learning from previous chapters and establish knowledge required to proceed with the topic. 'Recap' sections provide summaries of the chapter, making them an ideal revision tool. 'Revise' sections contain end of chapter exercises for revision and assessment, building up to exam style questions to ensure thorough preparation for exams.
