"Treasures of a Lost Art presents 144 leaves, cuttings, and illuminated manuscript fragments from the collection of Robert Lehman (1891-1969), one of the largest and most impressive private holdings of Italian manuscripts assembled after the First World War. Discussed here - with many of them handsomely illustrated in full color - are important examples of the major schools of illumination in southern Italy, Umbria, Tuscany, Emilia, Lombardy, and the Veneto. Previously unpublished, and perhaps even unknown to scholars, are works by some of the foremost Italian painters of the Middle Ages and Renaissance, including a leaf here attributed for the first time to the Sienese master Duccio di Buoninsegna and cuttings by Stefano da Verona and Cosimo Tura. Lesser-known artists, such as Neri da Rimini, Belbello da Pavia, and Girolamo da Cremona, once renowned for their beautifully illuminated volumes, are also discussed in full."--Jacket.

Elmer, Rose and Super El

The impossible has happened: The Joker has become sane. Batman: White Knight follows the man now known as Jack Napier as he embarks on a quest to heal the city he once terrorized. After reconciling with his long-suffering partner, Harley Quinn, he sets in motion a carefully plotted campaign to discredit the one person whom he views as Gotham City's true enemy: Batman. His crusade exposes a decades-long history of corruption within the Gotham City Police Department and transforms Napier into a city councilman and civic hero. But when the sins of his past return to threaten everything that he has accomplished, the distinctions between savior and destroyer begin to break down for both The Joker and Batman alike - and with them any hope for Gotham's future. Writer and artist Sean Murphy delivers an extraordinary examination of comics' greatest antagonists in Batman: White Knight, exploring justice, corruption, activism and the darkest depths of mental illness. Collecting the acclaimed eight-issue miniseries, this stunning graphic novel also marks the debut of the DC Black Label imprint, which features classic DC characters in all-new, standalone stories written and illustrated by world-class authors and artists.

Treasures of a Lost Art

Academic attention has focused on America's influence on European stage works, and yet dozens of operettas from Austria and Germany were produced on Broadway and in the West End, and their impact on the musical life of the early twentieth century is undeniable. In this ground breaking book, Derek B. Scott examines the cultural transfer of operetta from the German stage to Britain and the USA and offers a historical and critical survey of these operettas and their music. In the period 1900-1940, over sixty operettas were produced in the West End, and over seventy on Broadway. A study of these stage works is important for the light they shine on a variety of social topics of the period - from modernity and gender relations to new technology and new media - and these are investigated in the individual chapters. This book is also available as Open Access on Cambridge Core.

Recollections of an Excursion to the Monasteries of Alcobaça and Batalha

This early work by Earl Derr Biggers was originally published in 1930 and we are now republishing it with a brand new introductory biography. “Charlie Chan Carries On” is the fifth novel in the Charlie Chan series. Inspector Duff, a Scotland Yard detective and friend of Chan's, first introduced in *Behind That Curtain*, is pursuing a murderer on an around-the-world voyage; so far, there have been murders in London, France, Italy and Japan. While his ship is docked in Honolulu, the detective is shot and wounded by his quarry; though he survives, he is unable to continue with the cruise, and Chan takes his place instead. Earl Derr Biggers was born on 26th August 1884 in Warren, Ohio, USA. Biggers received his further education at Harvard University, where he developed a reputation as a literary rebel, preferring the popular modern authors, such as Rudyard Kipling and Richard Harding Davis to the established figures of classical literature. Following in their footsteps upon

graduating, he himself began a career as a popular writer, penning humorous articles and reviews for the Boston Traveler. While on holiday in Hawaii, Biggers heard tales of a real-life Chinese detective operating in Honolulu, named Chang Apana. This inspired him to create his most enduring legacy in the character of super-sleuth Charlie Chan. The first Chan story "The House Without a Key" (1925) was published as a serialised story in the Saturday Evening Post and then released as a novel in the same year. Biggers went on to write five more Chan novels and all were licensed for movie adaptations by Fox Films. These films were hugely popular with several different actors taking the lead role of Chan. Eventually; over 40 films were produced featuring the character. Biggers only saw the early on-screen successes of Charlie Chan due to his death at the age of only 48 from a heart attack in April 1933.

The Bilingual Text

Literary Nonfiction. LGBTQIA Studies. Translated from the German by James J. Conway. Rough trade, drag kings, tea dances, sporty dykes, coded classified ads, campy nicknames, passing, outing, hustlers, beats and cruising at the YMCA--all accompanied by a wave of gay and lesbian activism. Eighties New York? No, Germany's imperial capital at the dawn of the 20th century. BERLIN'S THIRD SEX reveals an astonishingly diverse gay subculture years ahead of the Weimar era, with cross-dressing cabaret, all-night parties and erotic license at every level of society. Magnus Hirschfeld's 1904 report is a foundational text of modern gay identity, queer history captured by an insider, as it happened. Police, blackmailers and moral crusaders are never far, suicide is all too common, but Hirschfeld also invites us into the homes of same-sex couples to witness tranquil scenes of domesticity and devotion. BERLIN'S THIRD SEX formed part of the vast "Metropolis Documents" project, a visionary panorama of early 20th century urban life. This, the first part of the series to appear in English, is offered alongside an earlier Hirschfeld study of the "third sex" (the author's provisional term for gays and lesbians) as well as comprehensive notes and an informative afterword. "[BERLIN'S THIRD SEX] depicts a flourishing gay subculture populated by cross-dressers, drag queens, sporty dykes, blackmailers and prostitutes, who establish contact with one another via intricately coded classified ads, adopt droll nicknames such as 'Squeaky Lotte,' 'Rollmop Queen' and 'Hiddigeigei,' and generally live it up in bars and cabarets, in the Tiergarten, or at the Opera. The Rixdorf edition includes an informative afterword and helpful notes by the translator James. J. Conway."--Anna Katharina Schaffner "Hirschfeld's rhetorical strategy, which includes these appeals to sentiment, walks the line between emphasizing the similarities in behavior between homosexuals and heterosexuals (in other words, suggesting homosexuals are just like the [presumably heterosexual] reader), and relating anecdotes or characteristics that portray the former as uniquely, yet endearingly, different. That this approach has strong parallels with contemporary gay rights rhetoric suggests that there is a timeless appeal in finding reasons for empathy in order to demonstrate that 'the other' is just as human."--Tyler Langendorfer

Gatto Fantasio e la statua di cera

Music after the Fall

From Rabelais's celebration of wine to Proust's madeleine and Virginia Woolf's boeuf en daube in *To the Lighthouse*, food has figured prominently in world literature. But perhaps nowhere has it played such a vital role as in the Italian novel. In a book flowing with descriptions of recipes, ingredients, fragrances, country gardens, kitchens, dinner etiquette, and even hunger, Gian-Paolo Biasin examines food images in the modern Italian novel so as to unravel their function and meaning. As a sign for cultural values and social and economic relationships, food becomes a key to appreciating the textual richness of works such as Lampedusa's *The Leopard*, Manzoni's *The Betrothed*, Primo Levi's *Survival in Auschwitz*, and Calvino's *Under the Jaguar Sun*. The importance of the culinary sign in fiction, argues Biasin, is that it embodies the oral relationship between food and language while creating a sense of materiality. Food contributes powerfully to the reality of a text by making a fictional setting seem credible and coherent: a Lombard peasant eats polenta in *The Betrothed*, whereas a Sicilian prince offers a monumental macaroni timbale at a dinner in *The Leopard*. Similarly, Biasin shows how food is used by writers to connote the psychological traits of a character, to construct a story by making the protagonists meet during a meal, and even to call attention to the fictionality of the story with a metanarrative description. Drawing from anthropology, psychoanalysis, sociology, science, and philosophy, the author gives special attention to the metaphoric and symbolic meanings of food. Throughout he blends material culture with observations on thematics and narrativity to enlighten the reader who enjoys the pleasures of the text as much as those of the palate. Bilingual texts have been left outside the mainstream of both translation theory and literary history. Yet the tradition of the bilingual writer, moving between different sign systems and audiences to create a text in two languages, is a rich and venerable one, going back at least to the Middle Ages. The self-translated, bilingual text was commonplace in the multilingual world of medieval and early modern Europe, frequently bridging Latin and the vernaculars. While self-translation persisted among cultured elites, it diminished during the consolidation of the nation-states, in the long era of nationalistic monolingualism, only to resurge in the postcolonial era. *The Bilingual Text* makes a first step toward providing the fields of translation studies and comparative literature with a comprehensive account of literary self-translation in the West. It tracks the shifting paradigms of bilinguality across the centuries and addresses the urgent questions that the bilingual text raises for translation theorists today: Is each part of the bilingual text a separate, original creation or is each incomplete without the other? Is self-translation a unique genre? Can either version be split off into a single language or literary tradition? How can two linguistic versions of a text be fitted into standard models of foreign and domestic texts and cultures? Because such texts defeat standard categories of analysis, *The Bilingual Text* reverses the usual critical gaze, highlighting not dissimilarities but continuities across versions, allowing for dissimilarities within orders of correspondence, and englobing the literary as well as linguistic and cultural dimensions of the text. Emphasizing the arcs of historical change in concepts of language and translation that inform each case study, *The Bilingual Text* examines the perdurance of this phenomenon in Western societies and literatures.

Rover Saves Christmas

This book reveals for the first time the import of a huge network of connections between Tennessee Williams and the country closest to his heart, Italy. America's most thought-provoking playwright loved Italy more than any other country outside the US and was deeply influenced by its culture for most of his life. Anna Magnani's film roles in the 1940s, Italian Neo-realist cinema, the theatre of Eduardo De Filippo, as well as the actual experience of Italian life and culture during his long stays in the country were some of the elements shaping his literary output. Through his lover Frank Merlo, he also had first-hand knowledge of Italian-American life in Brooklyn. Tracing the establishment of his reputation with the Italian intelligentsia, as well as with theatre practitioners and with generations of audiences, the book also tells the story of a momentous collaboration in the theatre, between Williams and Luchino Visconti, who had to defy the unceasing control Italian censorship exerted on Williams for decades.

Legends of Marvel: Spider-Man

Manslaughter, blackmail, violent sex, sudden death: out of materials which might have served a lesser author as the basis for mere melodrama, E. M. Forster created literary vehicles which convey the reader with near-celestial ease to psychological

realms as diverse as the London drawing-room and the Indian cave of revelation. The essays collected here range from early commentaries introducing Forster to an American audience, to more recent essays illuminating the subtlety and resourcefulness of his fictional method, the acute modernity of his moral and intellectual concerns. Disputing a long-held view that Forster is intellectually a Victorian, in bondage to the liberal pieties he portrayed so well, these critics point to his capacity for rigorous self-scrutiny and detached observation of those very institutions and ideas so often associated with him. As they reveal new facets of Forster's accomplishment, these essays indicate why the twentieth century now recognizes him as one of its major literary figures. -- From publisher's description.

"the best extant map of our sonic shadowlands, and it has changed how I listen."—Alex Ross, *The New Yorker* "an essential survey of contemporary music."—*New York Times* "...sharp, provocative and always on the money. The listening list alone promises months of fresh discovery, the main text a fresh new way of navigating the world of sound."—*The Wire* 2017 Music Book of the Year—Alex Ross, *The New Yorker* *Music after the Fall* is the first book to survey contemporary Western art music within the transformed political, cultural, and technological environment of the post-Cold War era. In this book, Tim Rutherford-Johnson considers musical composition against this changed backdrop, placing it in the context of globalization, digitization, and new media. Drawing connections with the other arts, in particular visual art and architecture, he expands the definition of Western art music to include forms of composition, experimental music, sound art, and crossover work from across the spectrum, inside and beyond the concert hall. Each chapter is a critical consideration of a wide range of composers, performers, works, and institutions, and develops a broad and rich picture of the new music ecosystem, from North American string quartets to Lebanese improvisers, from electroacoustic music studios in South America to ruined pianos in the Australian outback. Rutherford-Johnson puts forth a new approach to the study of contemporary music that relies less on taxonomies of style and technique than on the comparison of different responses to common themes of permission, fluidity, excess, and loss.
