The Campaign of Chancellorsville

"With colorful characters so ludicrous they could only be real, McCord's satire of profit, politics, and capital punishment should be required reading." -- Clarion

Read Book Hamas A History From Within Dhaze

ReviewWhat will readers encounter when exploring the wicked and witty satirical universe of Michael McCord's *The Execution Channel: A Political Fable*? First, they will travel to the not-so-distant future and discover the emerging new country of Real America and the Galtian Imperatives, a faith-based economic religion which promises that extreme austerity and tax cut policies will ensure "prosperity for all" though the exact details of the magic remain elusive. Next, readers will see that John Galt, the fictional hero of Ayn Rand's *Atlas Shrugged*, has become the founding father icon of Real America and the Real American Party, the new political force sweeping the land. Local militias do their patriotic duty and lead the privatization craze throughout Real America while employing a creative protection racket plan to fit every business budget. Finally, readers will behold the majesty of *The Execution Channel* - a televintet network that promotes a focus-group tested variety of live executions in football stadium settings. As foretold by the Galtian Imperatives, *The Execution Channel* has been hailed as a model of modern economic policy that seamlessly merges massive private sector profits and public sector bankruptcy. Set in 2018 in an increasingly non-United States of America, *The Execution Channel: A Political Fable* is fantastical in its imaginative scope of American political rhetoric and public policy run amok. McCord, an award-winning journalist and writer who lives in New Hampshire, offers fictional reportage with a provocative twist and more than a few punch lines. "The initial spark for this satirical romp came from a 2011 Republican presidential primary debate when some of the audience cheered at the notion that if people without health insurance

Read Book Hamas A History From Within Dhaze

died, there was nothing anyone could do," McCord said. "I then made the leap to a perfectly sensible investment scheme of publicly televised executions in which guilt or innocence matter less than profit margins. From there, the theme menu grew to include the cult of Ayn Rand, political ambition, incoherence as a political virtue, greed redefined, secession, free market economics with no restraint, the primacy of sperm, backyard rocket launchers, psychic readings, reality TV mortgage foreclosures and monuments to austerity. The book aspires, as Lewis Carroll's White Queen so eloquently put it, to believe six impossible things at once, if not before breakfast then certainly by supper." Readers also will encounter an intriguing, colorful cast of characters that embrace a higher calling of extreme self-interest: * Gov. Lawrence C. "Demon Seed" Bowie of the Real American Republic of Texas is in a political fix because his 'War on the Poor' tax plan isn't working. * Texas militia leader Col. Rufus T. Fairbush wants to replace Bowie by the bullet or ballot while running on a platform to eliminate the idea of government. * Conservative televine producer Jason Bravtart seeks redemption following the scandalous cancellation of The Real Homeless of Malibu Beach. * Billionaire speculator James "Big Stake" Frimmer II wants another big financial score to spread his political influence. * In the SoCal Liberty Territory of California, Penelope the Psychic is forced to be a confidential informant for Mr. Jones, the most feared security operator in Real America. The Execution Channel: A Political Fable is a subversive satire for our times and will leave readers wondering: Just how REAL is Real America? Learn more about The Execution Channel: A Political Fable and

The Black and Tan Summer

Ireland: Summer of 1920 Father John wanted to keep his village of Cafgarven free from trouble but the surrounding countryside was in the grip of a rebellion against Great Britain's Crown forces. He found himself caught up in the horrid conflict of tit-for-tat murder when two individuals from either side of the struggle came to him for help. One was a Fenian rebel from a decimated flying column; the other was a young English Black and Tan.

Hamas, Popular Support and War in the Middle East

This remarkable book examines how the Islamist movement and its competition with secular-nationalist factions have transformed the identities of ordinary Palestinians since the first Palestinian uprising, or intifada, of the late 1980s. Drawing upon his years living in the region and more than eighty in-depth interviews, Loren Lybarger offers a riveting account of how activists within a society divided by religion, politics, class, age, and region have forged new identities in response to shifting conditions of occupation, peace negotiations, and the fragmentation of Palestinian life. Lybarger personally witnessed the tragic days

Read Book Hamas A History From Within Dhaze

of the first intifada, the subsequent Oslo Peace Process and its failures, and the new escalation of violence with the second intifada in 2000. He rejects the simplistic notion that Palestinians inevitably fall into one of two camps: pragmatists who are willing to accept territorial compromise, and extremists who reject compromise in favor of armed struggle. Listening carefully to Palestinians themselves, he reveals that the conflicts evident among the Islamists and secular nationalists are mirrored by the internal struggles and divided loyalties of individual Palestinians. Identity and Religion in Palestine is the first book of its kind in English to capture so faithfully the rich diversity of voices from this troubled part of the world. Lybarger provides vital insights into the complex social dynamics through which Islamism has reshaped what it means to be Palestinian.

Rise and Kill First

NEW YORK TIMES BESTSELLER * The first definitive history of the Mossad, Shin Bet, and the IDF's targeted killing programs, hailed by The New York Times as "an exceptional work, a humane book about an incendiary subject." WINNER OF THE NATIONAL JEWISH BOOK AWARD IN HISTORY NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY JENNIFER SZALAI, THE NEW YORK TIMES NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Economist * The New York Times Book Review * BBC History Magazine * Mother Jones * Kirkus Reviews The Talmud says: "If someone comes to kill you, rise up and kill him first." This instinct to take every

Read Book Hamas A History From Within Dhaze

measure, even the most aggressive, to defend the Jewish people is hardwired into Israel's DNA. From the very beginning of its statehood in 1948, protecting the nation from harm has been the responsibility of its intelligence community and armed services, and there is one weapon in their vast arsenal that they have relied upon to thwart the most serious threats: Targeted assassinations have been used countless times, on enemies large and small, sometimes in response to attacks against the Israeli people and sometimes preemptively. In this page-turning, eye-opening book, journalist and military analyst Ronen Bergman--praised by David Remnick as "arguably [Israel's] best investigative reporter"--offers a riveting inside account of the targeted killing programs: their successes, their failures, and the moral and political price exacted on the men and women who approved and carried out the missions. Bergman has gained the exceedingly rare cooperation of many current and former members of the Israeli government, including Prime Ministers Shimon Peres, Ehud Barak, Ariel Sharon, and Benjamin Netanyahu, as well as high-level figures in the country's military and intelligence services: the IDF (Israel Defense Forces), the Mossad (the world's most feared intelligence agency), Caesarea (a "Mossad within the Mossad" that carries out attacks on the highest-value targets), and the Shin Bet (an internal security service that implemented the largest targeted assassination campaign ever, in order to stop what had once appeared to be unstoppable: suicide terrorism). Including never-before-reported, behind-the-curtain accounts of key operations, and based on hundreds of on-the-record interviews and thousands of files to which Bergman has gotten exclusive

Read Book Hamas A History From Within Dhaze

access over his decades of reporting, Rise and Kill First brings us deep into the heart of Israel's most secret activities. Bergman traces, from statehood to the present, the gripping events and thorny ethical questions underlying Israel's targeted killing campaign, which has shaped the Israeli nation, the Middle East, and the entire world. "A remarkable feat of fearless and responsible reporting . . . important, timely, and informative."--John le Carré

Hezbollah and Hamas

The Palestinian Hamas

'Milton-Edwards and Farrell get inside the mind of Hamas, the blood-soaked Islamic movement which cannot be ignored and which casts a shadow well beyond the gritty streets of Gaza. They track Hamas from bullets to ballot box, probing its origins and motivations. An important study of a key player in the Middle East.'-Orla Guerin, award winning former Middle East correspondent for the BBC 'Dubbed terrorist by the West for its horrific suicide bombings, Hamas stunned the world when it won one of the only free elections in the Arab world. In this fast-paced and clear-headed narrative, Farrell and Milton-Edwards blend frontline reportage with deep historical insight to tell a compelling tale of how a quadriplegic

Read Book Hamas A History From Within Dhaze

visionary with no formal clerical training led a band of lay preachers to found one of the most powerful Islamic movements in the Middle East.' 'Beverley Milton-Edwards and Stephen Farrell's Hamas is an engaging, at times riveting, insightful and provocative analysis that is both timely and required reading for policymakers, experts and concerned citizens. Few Islamic movements have been and continue to be more controversial and influential than Hamas as a militia and major political party and force in the Palestinian-Israeli conflict.' Declared a terrorist menace yet elected to government in a free election, Hamas now stands as the most important Sunni Islamist group in the Middle East. But how did Hamas grow to be so powerful? Who supports it and what is its future? This illuminating study provides insightful answers to these pressing questions. With decades of combined experience researching and reporting from the heartlands of the Hamas movement, Milton-Edwards and Farrell have gained unrivalled access to the world of Palestinian resistance and radical Islam. They draw on frontline experiences of recent events, secret documents from the Western intelligence community, and interviews with leaders, militants, and commanders of Hamas's armed wing to reveal the story of Hamas and the future awaiting it. They show Hamas to be a broadly based and more powerful regional phenomenon than previously thought and contend that it is now time to rethink both the Israeli-Palestinian conflict and the nature of political Islam and its impact in the Middle East.

The Life of St. Patrick and His Place in History

Read Book Hamas A History From Within Dhaze

Ever since Syria won its independence from France in 1946, it has been a crucial player in Middle Eastern politics. Over the years, relations between the United States and Syria have fluctuated as Washington has tried to balance its commitment to Israel's security with its support for Arab regimes in order to protect vital and strategic interests in the Arab world. Rabil provides a history of the modern U.S.-Syrian relationship, putting the latest events in the context of contemporary history, and placing the relationship in the context of Middle Eastern politics.

Hamas

The End of the Middle Ages

Includes bibliographical references and index.

Hamas

Hezbollah and Hamas are players in Middle Eastern politics and have a growing involvement in global events. Despite their different beginnings, they share a common denominator in Israel. This title offers an analysis of their histories and

Read Book Hamas A History From Within Dhaze

political missions that moves beyond reductionist portrayals of the organizations' military operations.

Hamas in Politics

Eretz Israel, the only democratic state in the Middle East, is the focal point of world attention. Throughout the world, (Muslim sponsored) radio and television broadcasting companies often give distorted or one-sided information, while newspapers often print half-truths, outright lies, exaggerated details or rearranged events. So where do people get the truth? Where are the actual facts, written in an easy to read book? Israel, History in a Nutshell, Highlighting the Wars and Military History is a compilation of facts, proof of the long and glorious history of the State of Israel. It is a tool to refute the lies, twisted facts and half-truths that are spread daily around the globe. This publication not only sheds light on Israel's military history, it also gives short biographies of the key-role players, and much, much more. This book gives answers to many questions, and includes additional interesting facts that will help you understand Israel's history better.

Gaza

The true story of the search for one of the world's most deadly terrorists.

Hamas Contained

Son of Hamas is now available in softcover with an all-new chapter about events since the book's release such as the revelation of Mosab's Israeli intelligence handler's true identity, and Homeland Security's effort to deport the author. Since he was a small boy, Mosab Hassan Yousef has had an inside view of the deadly terrorist group Hamas. The oldest son of Sheikh Hassan Yousef, a founding member of Hamas and its most popular leader, young Mosab assisted his father for years in his political activities while being groomed to assume his legacy, politics, status . . . and power. But everything changed when Mosab turned away from terror and violence, and embraced instead the teachings of another famous Middle East leader. In Son of Hamas, Mosab reveals new information about the world's most dangerous terrorist organization and unveils the truth about his own role, his agonizing separation from family and homeland, the dangerous decision to make his newfound faith public, and his belief that the Christian mandate to "love your enemies" is the only way to peace in the Middle East.

Son of Hamas

A History of Modern Israel

Read Book Hamas A History From Within Dhaze

Two Israeli experts show that, contrary to its image, Hamas is essentially a social and political movement, providing extensive community services and responding constantly to political realities through bargaining and power brokering.

History of the Second Massachusetts Regiment of Infantry

How does a group that operates terror cells and espouses violence become a ruling political party? How is the world to understand and respond to Hamas, the militant Islamist organization that Palestinian voters brought to power in the stunning election of January 2006? This important book provides the most fully researched assessment of Hamas ever written. Matthew Levitt, a counterterrorism expert with extensive field experience in Israel, the West Bank, and Gaza, draws aside the veil of legitimacy behind which Hamas hides. He presents concrete, detailed evidence from an extensive array of international intelligence materials, including recently declassified CIA, FBI, and Department of Homeland Security reports. Levitt demolishes the notion that Hamas' military, political, and social wings are distinct from one another and catalogues the alarming extent to which the organization's political and social welfare leaders support terror. He exposes Hamas as a unitary organization committed to a militant Islamist ideology, urges the international community to take heed, and offers well-considered ideas for countering the significant threat Hamas poses.

Peru Travel Guide

Read Book Hamas A History From Within Dhaze

Colin Shindler's remarkable history begins in 1948, as waves of immigrants arrived in Israel from war-torn Europe to establish new cities, new institutions, and a new culture founded on the Hebrew language. Optimistic beginnings were soon replaced with the sobering reality of wars with Arab neighbours, internal ideological differences, and ongoing confrontation with the Palestinians. In this updated edition, Shindler covers the significant developments of the last decade, including the rise of the Israeli far right, Hamas's takeover and the political rivalry between Gaza and the West Bank, Israel's uneasy dealings with the new administration in the United States, political Islam and the potential impact of the Arab Spring on the region as a whole. This sympathetic yet candid portrayal asks how a nation that emerged out of the ashes of the Holocaust and was the admiration of the world is now perceived by many Western governments in a less than benevolent light.

Preventing Palestine

This book offers a new understanding of the nature of power-seeking insurgent groups by empirically examining the use of violence by Hamas in the Palestinian-Israeli Conflict. Though Hamas has learned to ride the tides of popular support, it remains suspended between its quest to achieve the values of its ardent supporters (reclamation of land through force) and the desire to grow popular

Read Book Hamas A History From Within Dhaze

support. This tension is reflected in how and when the group exercises violent resistance. The theoretical framework applied in this volume provides a simple construct to understand the dynamics that result in use and non-use of violence under changing environmental conditions by Hamas, but could be applied more broadly to other power-seeking insurgent groups, including ISIL. The book weaves together the dynamics between violent actions and internal and external influences on Hamas, including: expressed values of the group, Palestinian popular support measures, leaders' personalities and innovation (weapons and tactics), Israeli influence and targeted killings, peace processes and conflicts in Gaza, Syria, Iraq and Egypt. With newly assembled datasets on Hamas' violent acts and public statements, Israeli Targeted Killings, historical measures of popular support and extensive field interviews, the book offers a fresh perspective on insurgent group violence by demonstrating under what conditions the group exercises violence or refrains from doing so. This book will be of much interest to both policy makers and students of the Arab-Israeli conflict, political violence, Middle Eastern politics, security studies and international relations in general.

The War and Democracy

Gaza in Crisis is Noam Chomsky's clear-sighted analysis of an area in a desperate impasse. From the targeting of schools and hospitals, to the indiscriminate use of white phosphorus, Israel's conduct in 'Operation Cast Lead' has rattled even some of its most strident supporters. In Gaza in Crisis, Noam Chomsky and Ilan Pappé survey the fallout from that devastation, and place the massacre in Gaza in the context of Israel's long-standing war against the Palestinians. It is a rigorous, historically informed and much-needed analysis of the situation and will be

Read Book Hamas A History From Within Dhaze

welcomed by all those eager for Chomsky's and Pappé's insights into yet another political catastrophe. 'Noam Chomsky is a global phenomenon . . . he may be the most widely read American voice on foreign policy on the planet today' The New York Times Book Review 'Ilan Pappé is Israel's bravest, most principled, most incisive historian' John Pilger Noam Chomsky is the author of numerous bestselling political books, including Hegemony or Survival, Failed States, Interventions, What We Say Goes and Hopes and Prospects, all of which are published by Hamish Hamilton/Penguin. Ilan Pappé is Professor of History at the University of Exeter, co-director of the Exeter Centre for Ethno-Political Studies, director of the Palestine Studies Centre at the University of Exeter, and the author of various books, including the bestselling The Ethnic Cleansing of Palestine (Oneworld).

Gaza in Crisis

Hamas rules Gaza and the lives of the two million Palestinians who live there. Demonized in media and policy debates, various accusations and critical assumptions have been used to justify extreme military action against Hamas. The reality of Hamas is, of course, far more complex. Neither a democratic political party nor a terrorist group, Hamas is a multifaceted liberation organization, one rooted in the nationalist claims of the Palestinian people. Hamas Contained offers the first history of the group on its own terms. Drawing on interviews with organization leaders, as well as publications from the group, Tareq Baconi maps

Read Book Hamas A History From Within Dhaze

Hamas's thirty-year transition from fringe military resistance towards governance. He breaks new ground in questioning the conventional understanding of Hamas and shows how the movement's ideology ultimately threatens the Palestinian struggle and, inadvertently, its own legitimacy. Hamas's reliance on armed struggle as a means of liberation has failed in the face of a relentless occupation designed to fragment the Palestinian people. As Baconi argues, under Israel's approach of managing rather than resolving the conflict, Hamas's demand for Palestinian sovereignty has effectively been neutralized by its containment in Gaza. This dynamic has perpetuated a deadlock characterized by its brutality—and one that has made permissible the collective punishment of millions of Palestinian civilians.

Hamas vs. Fatah

Presents an original investigation into the 1956 massacre of more than one hundred Palestinian refugees by Israeli soldiers in Rafah in graphic novel format.

The Hunt for the Engineer

The Bible's story of creation in Genesis names Adam as the first human in history. His story with Eve in the Garden of Eden is widely known-but what if he actually

Read Book Hamas A History From Within Dhaze

played a larger part in the story of humanity? In *The Gospel of Adam*, David L. Bishop takes well-known stories and characters from history and presents them through the eyes of Adam, as though he were living throughout all time on a mission to restore fallen humanity to a place worthy of returning to perfection. Following Adam through his profound interactions with Noah, King David, Jesus of Nazareth, and even Adolf Hitler, this book shows how Adam struggles not only with his mission to help humanity but also his own internal doubts as a man of faith. In the vein of works like *The Da Vinci Code* and *The Last Templar*, Bishop's *The Gospel of Adam* weaves history, philosophy, religion, and politics throughout a thought-provoking first-person narrative that both challenges and inspires the reader to consider what it really means to be human.

The Execution Channel

In January 2006, Hamas, an organisation classified by Western governments as terrorist, was democratically elected to govern the Palestinian territories. The inherent contradictions in this situation have left many analysts at a loss. Hamas uses terror tactics against Israel, yet runs on a law and order ticket in Palestinian elections; it pursues an Islamic state, yet holds internal elections; it campaigns for shar'iah law, yet its leaders are predominantly secular professionals; it calls for the destruction of Israel, yet has reluctantly agreed to honour previous peace agreements. In *Hamas in Politics*, Jeroen Gunning challenges the assumption that

Read Book Hamas A History From Within Dhaze

religion, violence and democracy are inherently incompatible and shows how many of these apparent contradictions flow from the interaction between Hamas' ideology, its local constituency and the nature of politics in Israel/Palestine. Drawing on interviews with members of Hamas and its critics, and a decade of close observation of the group, he offers a penetrating analysis of Hamas' own understanding of its ideology and in particular the tension between its dual commitment to 'God' and 'the people'. The book explores what Hamas' political practice says about its attitude towards democracy, religion and violence, providing a unique examination of the movement's internal organisation, how its leaders are selected and how decisions are made.

The Gospel of Adam

Presents a history of the territory, in an effort to understand the essence of the conflicts in the Gaza Strip.

Hamas

Hamas Jihad

A history of Israel in the context of the modern Jewish experience and the history of the Middle East

Hamas

Joshua Norton may have lost his mind, but that didn't stop him from successfully declaring himself Emperor of the United States and Protector of Mexico in 1859. After growing and then losing his inheritance during the California Gold Rush, Norton commiserates in total isolation with a locket containing the visages of his parents. Once delusions of grandeur fully pervade his twisted mind, he rises from bankruptcy and emerges from exile to proclaim his majestic authority over an obliging San Francisco population. On his final brisk and rainy eve, Norton gifts the locket to a young boy. Years later, Emma, the boy's daughter, comes to possess the item and quickly discovers a cryptic clue alluding to treasure. Her adventurous nature allows her obsession with the locket to grow rampantly as more clues are revealed, leading her - and her reluctant fiancée - to South Africa and Norton's

Read Book Hamas A History From Within Dhaze

footprints. Spanning nearly a century and including natural disaster, adventure, and romance, MAJESTIC MADNESS is a historical fiction novel which offers a colorful insight into the eccentric world of Emperor Norton and his mysterious locket.

Hamas

In June 2007 civil war broke out in the Gaza Strip between two rival Palestinian factions, Hamas and Fatah. Western peace efforts in the region always focused on reconciling two opposing fronts: Israel and Palestine. Now, this careful exploration of Middle East history over the last two decades reveals that the Palestinians have long been a house divided. What began as a political rivalry between Fatah's Yasir Arafat and Hamas leader Sheikh Ahmed Yassin during the first intifada of 1987 evolved into a full-blown battle on the streets of Gaza between the forces of Arafat's successor, Mahmoud Abbas, and Ismael Haniyeh, one of Yassin's early protégés. Today, the battle continues between these two diametrically opposing forces over the role of Palestinian nationalism and Islamism in the West Bank and Gaza. In this thought-provoking book, Jonathan Schanzer questions the notion of Palestinian political unity, explaining how internal rivalries and violence have ultimately stymied American efforts to promote Middle East peace, and even the Palestinian quest for a homeland.

Footnotes in Gaza

A Heroine of France

Recent developments in Palestinian political, economic, and social life have resulted in greater insecurity and diminishing confidence in Israel's willingness to abide by political agreements or the Palestinian leadership's ability to forge consensus. This volume examines the legacies of the past century, conditions of life in the present, and the possibilities and constraints on prospects for peace and self-determination in the future. These historically grounded essays by leading scholars engage the issues that continue to shape Palestinian society, such as economic development, access to resources, religious transformation, and political movements.

Identity and Religion in Palestine

Hamas won an overwhelming electoral victory in January 2006, overturning many assumptions regionally and globally. Branded as terrorist by Israel and the West, it is the largest Palestinian militant Islamist organization, formed fifteen years ago at the beginning of the first intifada. Its short-term objective is to drive Israeli forces

Read Book Hamas A History From Within Dhaze

from the West Bank and Gaza, an aim it hopes to realize through attacks on Israeli troops and settlers in the Occupied Territories and - more controversially - civilians. It also has the long-term aim of establishing an Islamic state on all of historic Palestine. In the post-Oslo world, Hamas gained power and influence as Israel steadily destroyed the power structure of the avowedly secular Yasser Arafat and his Palestinian Authority. A grass-roots organization that commands wide respect among Palestinians for its incorruptibility, Hamas is divided into two main sections, one responsible for establishing schools, hospitals and religious institutions, the other for military action and terror attacks carried out by its armed underground wing the Izzedine al-Qassam Brigades. This book charts the origins of Hamas among the Muslim Brotherhood, details the influence of its exiled leadership in Syria and elsewhere, and sets out its internal structure and political objectives. This new edition includes an additional chapter covering events since the book's original publication in November 2006.

The Last Palestinian

revised and updated edition/' a key resource in English for any serious assessment of the Palestinian-Israeli conflict.'--Publishers Weekly (starred review)/One must understand Hamas in order to understand the current state of the Israeli--Palestinian conflict. Hamas: A History from Within provides an unrivaled account of Hamas's history, structure, and objectives, largely in its own words. A

Read Book Hamas A History From Within Dhaze

grassroots organization that commands wide respect among Palestinians for its incorruptibility, Hamas is divided into two main sections: one is responsible for establishing schools, hospitals, and religious institutions; the other for military action and terror attacks carried out by its armed underground wing the Izzedine al-Qassam Brigades. Tamimi's longtime relationships and extensive interviews with Hamas's leading members allow him to create a more intimate portrait of Hamas, in its own words and from its own members, than has yet been available in English.

Majestic Madness

A groundbreaking history that shows how peace between Egypt and Israel ensured lasting Palestinian statelessness The 1978 Camp David Accords and the signing of the Egypt-Israel peace treaty are widely viewed as a triumph of U.S. diplomacy in the Middle East. Yet the Palestinians—the would-be beneficiaries of this vision for a comprehensive regional settlement—remain without a state to this day. How and why Palestinian statelessness persists are the central questions of Seth Anziska's groundbreaking history of the Palestinian-Israeli peace process. Based on newly declassified sources and interviews with key participants, Preventing Palestine charts how Egyptian-Israeli peace was forged at the cost of sovereignty for the Palestinians, creating crippling challenges to their aspirations for a homeland—hurdles that only increased with Israeli settlement expansion and Israel's 1982 invasion of Lebanon. The first Intifada and the end of the Cold War

Read Book Hamas A History From Within Dhaze

brought new opportunities for a Palestinian state, but the 1993 Oslo Accords undermined the meaning of independence. Filled with astute political analysis, Preventing Palestine offers a bold new interpretation of an enduring struggle for self-determination.
