The Absolutely True Diary of a Part-Time Indian

It was just another ordinary day at McKinley High—until a massive explosion devastated the school. When loner David Thorpe tried to help his English teacher to safety, the teacher convulsed and died right in front of him. And that was just the beginning. A year later, McKinley has descended into chaos. All the students are infected with a virus that

makes them deadly to adults. The school is under military quarantine. The teachers are gone. Violent gangs have formed based on high school social cliques. Without a gang, you're as good as dead. And David has no gang. It's just him and his little brother, Will, against the whole school. In this frighteningly dark and captivating novel, Lex Thomas locks readers inside a school where kids don't fight to be popular, they fight to stay alive.

The end of the world is coming. How or when, scientists can't agree upon. For decades, Earth's best line of defense has been a team of young soldiers known as the Apocalypse Five, forced into virtual reality simulations to train for Doom's Day. But, this is no game. Death on the grid is brutally final and calls up the next in a long line of cadets. Stationed aboard the AT-1-NS Starship, the A5 are celebrities thrust into the limelight by a calling they didn't choose. All it takes is one unscheduled mission, showing seventeen-year-old team leader Detroit a harsh and unfathomable reality, to shake the A5's belief in all they thought they knew. After questioning people with the power to destroy them, the team is framed for a crime they didn't commit and marked for death. Now, the hunt is on. Can the Apocalypse Five expose the truth the starship would kill to keep hidden? Or, will their bravery end in a public execution?

The hilarious instant New York Times bestseller, *The Hunger Pains* is a loving parody of the dystopian YA novel and film, *The Hunger Games*. Winning means wealth, fame, and a life of therapy losing means death, but also fame! This is *The Hunger Pains*. When Kantkiss Neverclean replaces her sister as a contestant on the Hunger Games—the second-highest-rated reality TV show in Peaceland, behind *Extreme Home Makeover*—she has no idea what to expect. Having lived her entire life in the telemarketing district's worst neighborhood, the Crack, Kantkiss feels unprepared to fight to the death while simultaneously winking and looking adorable for the cameras. But when her survival rests on choosing between the dreamy hunk from home, Carol Handsomestein, or the doughy klutz, Pita Malarkey, Kantkiss discovers that the toughest conflicts may not be found on the battlefield but in her own heart . . . which is unfortunately on a battlefield.

Anyone can master the fundamentals of game design - no technological expertise is necessary. *The Art of Game Design: A Book of Lenses* shows that the same basic principles of psychology that work for board games, card games and athletic games also are the keys to making top-quality videogames. Good game design happens when you view your game from many different perspectives, or lenses. While touring through the unusual territory that is game design, this book gives the reader one hundred of these lenses - one hundred sets of insightful questions to ask

yourself that will help make your game better. These lenses are gathered from fields as diverse as psychology, architecture, music, visual design, film, software engineering, theme park design, mathematics, writing, puzzle design, and anthropology. Anyone who reads this book will be inspired to become a better game designer - and will understand how to do it.

Scythe

First in the ground-breaking HUNGER GAMES trilogy, this new foiled edition of THE HUNGER GAMES is available for a limited period of time. Set in a dark vision of the near future, a terrifying reality TV show is taking place. Twelve boys and twelve girls are forced to appear in a live event called The Hunger Games. There is only one rule: kill or be killed. When sixteen-year-old Katniss Everdeen steps forward to take her younger sister's place in the games, she sees it as a death sentence. But Katniss has been close to death before. For her, survival is second nature.

and a hostage of the galactic court. A Diabolic is ruthless. A Diabolic is powerful. A Diabolic has a single task: Kill in order to protect the person you've been created for. Nemesis is a Diabolic, a humanoid teenager created to protect a galactic senator's daughter, Sidonia. The two have grown up side by side, but are in no way sisters. Nemesis is expected to give her life for Sidonia, and she would do so gladly. She would also take as many lives as necessary to keep Sidonia safe. When the power-mad Emperor learns Sidonia's father is participating in a rebellion, he summons Sidonia to the Galactic court. She is to serve as a hostage. Now, there is only one way for Nemesis to protect Sidonia. She must become her. Nemesis travels to the court disguised as Sidonia—a killing machine masquerading in a world of corrupt politicians and two-faced senators' children. It's a nest of vipers with threats on every side, but Nemesis must keep her true abilities a secret or risk everything. As the Empire begins to fracture and rebellion looms closer, Nemesis learns there is something more to her than just deadly force. She finds a humanity truer than what she encounters from most humans. Amidst all the danger, action, and intrigue, her humanity just might be the thing that saves her life—and the empire.

Graduation Day

The New York Times bestseller that gives readers a paradigm-shattering new way to think about motivation from the author of *When: The Scientific Secrets of Perfect Timing* Most people believe that the best way to motivate is with rewards like money—the carrot-and-stick approach. That's a mistake, says Daniel H. Pink (author of *To Sell Is Human: The Surprising Truth About Motivating Others*). In this provocative and persuasive new book, he asserts that the secret to high performance and satisfaction—at work, at school, and at home—is the deeply human

need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human motivation, Pink exposes the mismatch between what science knows and what business does—and how that affects every aspect of life. He examines the three elements of true motivation—autonomy, mastery, and purpose—and offers smart and surprising techniques for putting these into action in a unique book that will change how we think and transform how we live.

The Hunger Games

A special 20th anniversary edition of the beloved international bestseller that changed millions of lives. Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He reconnected with Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final "class:" lessons in how to live. Tuesdays with Morrie is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world.

The Art of Game Design

Starting middle school brings all the usual challenges — until the unthinkable happens, and Fern and her family must find a way to heal. Twelve-year-old Fern feels invisible. It seems as though everyone in her family has better things to do than pay attention to her: Mom (when she's not meditating) helps Dad run the family restaurant; Sarah is taking a gap year after high school; and Holden pretends that Mom and Dad and everyone else doesn't know he's gay, even as he fends off bullies at school. Then there's Charlie: three years old, a "surprise" baby, the center of everyone's world. He's devoted to Fern, but he's annoying, too, always getting his way, always dirty, always commanding attention. If it wasn't for Ran, Fern's calm and positive best friend, there'd be nowhere to turn. Ran's mantra, "All will be well," is soothing in a way that nothing else seems to be. And when Ran says it, Fern can almost believe it's true. But then tragedy strikes- and Fern feels not only more alone than ever, but also responsible for the accident that has wrenched her family apart. All will not be well. Or at least all will never be the same.

author Stephen King, the most riveting and unforgettable story of kids confronting evil since *It*. In the middle of the night, in a house on a quiet street in suburban Minneapolis, intruders silently murder Luke Ellis's parents and load him into a black SUV. The operation takes less than two minutes. Luke will wake up at The Institute, in a room that looks just like his own, except there's no window. And outside his door are other doors, behind which are other kids with special talents—telekinesis and telepathy—who got to this place the same way Luke did: Kalisha, Nick, George, Iris, and ten-year-old Avery Dixon. They are all in Front Half. Others, Luke learns, graduated to Back Half, "like the roach motel," Kalisha says. "You check in, but you don't check out." In this most sinister of institutions, the director, Mrs. Sigsby, and her staff are ruthlessly dedicated to extracting from these children the force of their extranormal gifts. There are no scruples here. If you go along, you get tokens for the vending machines. If you don't, punishment is brutal. As each new victim disappears to Back Half, Luke becomes more and more desperate to get out and get help. But no one has ever escaped from the Institute. As psychically terrifying as *Firestarter*, and with the spectacular kid power of *It*, The Institute is Stephen King's gut-wrenchingly dramatic story of good vs. evil in a world where the good guys don't always win.
