Anne Ryerson is a senior honor student who also loves to roller skate. Her skate club is called "Rollerland Skate". One day, many children and teens are practicing diverse spins and jumps when their instructor, Kathy Schillings, informs them that roller skating should make the 2012 Summer Olympics as an Exhibition Sport. All the skaters are excited at this prospect. Lynn Harrington, Anne's best friend, encourages her to compete, (something that Anne has never done before). She, like Joyce Eddies, a Senior-level competitor, believes that Anne has a natural gift for skating and that she should carry her abilities to the next level. However, Anne has a serious obstacle to her entering competition: her mother who considers herself to be an exceedingly prim and proper individual, ( as well as someone who knows all the answers about everything), is dead set against Anne's entering any kind of a skating competition. Anne's mother, (though not her father), objects strenuously. Her mother's objection doesn't disturb Anne very much. Skating Proficiency Tests, school work, and house work keep Anne sufficiently busy.

The Da Vinci Poems, the second book of poetry produced by artist and writer Anthony (Tony) Crisafulli, is inspired by the classic Italian fables that can be found scribed throughout Da Vinci's famous notebooks. had been doing research on Da Vinci's Last Supper when I came across some fables in his notebooks. Renaissance as well as to the present time. They were truly amazing and showed a dimension of Da Vinci that I had never known before. So when I finished writing my last book, I decided to do something with them; firstly because they captivated me and secondly because my children so enjoyed them. My first attempt at translating Da Vinci's stories was an utter failure. This was not because my translation was bad or the stories uninteresting in English, but rather they textually lacked the flow and surprise that Italian is so adept at communicating. Over the next few weeks, I lived with the texts that would not seem to let me be. One day, without thinking, I began to see them in verse. Instantly, I was pleased. Shortly after, I shared some of the poems with my publisher and he encouraged me to continue on and turn the collection into a book. A writer always has at least one audience in mind when creating a work for the public eye. I had two. The first audience was children. Not typical children, but the sort that find pleasure in reading deeper into a story -- those who seek to discover the hidden references and the second meaning that peaks out from behind the curtain of symbols and solitude. The other audience was my colleagues who are artists and poets. This is my gift to them for all the inspiration their work and friendship has provided me.

COEUR D'ALENE GOLD BUST is the tale of a short-lived gold stampede to northern Idaho that occurred in the early 1880's, as told through newspaper accounts of the times. In 1881, a lone prospector by the name of A.J. Pritchard, who had been grubstaked by a rich widow, discovered gold along the North Fork of the Coeur d'Alene River in Idaho Territory. He set about filing claims to tie up much of the land. Through Pritchard's boastful talk and letters to friends, as well as the promotional literature put out by the Northern Pacific Railway, promising "free gold in North Idaho for the price of a ticket on the railroad," word got out that there was a fortune to be had for anyone willing to come there and seek it. Hundreds of people flocked to the area. However, once they got there, most of them had their dreams shattered. The promised gold bonanza did not exist. They returned home penniless and defeated. In an ironic twist, this book, COEUR D'ALENE GOLD BUST, ends with the tale of how it was a small burro that made the richest find of all in the Coeur d'Alene gold stampede of the 1880's. Despite mighty efforts and sacrifices put forth by hundreds of fools with gold fever, who endured untold harsh conditions in search of a gold bonanza, it was not one of these two-legged jackasses-but a four-legged one-that made the biggest fortune of all from what turned out to be the great Coeur d'Alene gold bust.

Says Coach K: "In all forms of leadership, whether you are a coach, a CEO, or a parent, there are four words that, when said, can bring out the best in your team, your employees, and your family: BELIEVE IN YOU. These four words can mean the difference between a fear of failure and the courage to try." In his previous bestselling books, Coach K has guided readers to success the way he has guided his teams at Duke University - - with the power of his inspirational words and phenomenal leadership skills. But that was with college kids..Now, Coach K has stepped up to take on an entirely new challenge - by volunteering to coach the US Olympic Basketball team. Comprised of some of the biggest NBA stars, Coach K had to work with huge egos and personal rivalries in order to create an American team that could win against the best competition in the world and restore Team USA to the gold standard of basketball. This is more than a celebratory book - it's Coach K's first-hand account of how he dealt with such stars as LeBron James, Kobe Bryant, Carmelo Anthony and all the rest to buy into his "total team" play. Half a book on basketball, half a book on management techniques, THE GOLD STANDARD captures Coach K's personal style and approach to getting different (and sometimes difficult) people to work hard and succeed in reaching a common goal.

worldly woes we all endure. But carry on, and you will soon see these are not the usual Sherlock Holmes tales. For they are exposed by an apparition of Holmes. Virtually 150 years after he was laid to rest by Sir Arthur Conan Doyle, he appears here for the first time as a phantasmagoric chimera of the great investigator. Unspeaking and unhearing, he is still quite capable of reasoning and making a point. Aided by his past sidekick, Dr. John Watson, the two seek the arcane reverie of retirement only to be stymied by forensic interventions. Some cases are ancient, dealing with the origins of Stonehenge, the Tower of London, stolen Crown Jewels, London Bridge, Jack the Ripper, the Bank of England. Others are as contemporary as the Nazi art swag, the 9/11 terrorist bombings, the Mona Lisa heist, and recent O.J. murders. But here any similarity to reality ends. For these are all firsts of their genre. Not once in their existence have the works of Sherlock Holmes ever been out of print. You will find a similar proclivity for longevity in this newest collection. Each story will bear self-satisfied re-telling for years to come. Each has a dash of humor. And each contains a confounded puzzlement. In that sense-sustaining your reading pleasure-we are honored to introduce this new collection of Ghostly Adventures of Sherlock Holmes.

Disney World or Universal Studios, they usually went somewhere weird and cheap that their father, former boy bander Don Masters, found in an ad in a truck stop coupon magazine. But this year was different. Where they went couldn't be found on any map or in any truck stop coupon book. They passed through a portal to a place called Turtle Island, an alternate version of America that diverged from our history before the pilgrims landed at Plymouth Rock. It was there where they met world famous action movie star Jordie Paine -- star of such films as I Plan to Kill You Now and the sequel, I Plan to Kill You Now, Too, the ninja film, Chuck Butcher: Sword Wielding Jackal, as well as the light-hearted romp, Harry Hinklehoffer and the Giant Dancing Toad of East Nebraska -- who would be their guide in this strange new world. Jordie, they later learned, brought the Masters family to Turtle Island for a very specific reason. Because they look just like the ruthless first family of Turtle Island, the Masters are pawns in a coup to overthrow the dictator. But things don't go as planned and the Masters wind up in the Survival Games, Turtle Island's national pastime/system of justice where criminals competitors, or crimpetitors, compete for their freedom. In this scifi comedy, the stakes are very simple -- if they win, they rule, if they lose, they must suffer the consequences.

My intentions were never to be a "baby mama." I knew for sure that I'd have a college degree, a house, and a career, and a husband before I brought a life into this world. That was the reason I studied so hard in school, didn't hang out with the popular kids, and didn't rebel against my parents. When I turned 17 years old and became the Valedictorian of my class, I knew I was on the right track. I was ready to go to college and embark on my journey towards becoming a corporate lawyer. Never in a million years did I think that by the time I was eighteen years old, I would be pushing out a baby. Never did I think my life could change so drastically. I had no degree, no career, no house, and no husband; but I had a daughter. I still remember the night everything changed between us. Or maybe things had already changed, and it was the first time I noticed it. I know for sure that it was the first time I had ever accepted the fact that I was truly just a "baby mama" and Flip had

no real plans of making me his wife. I remember feeling so many emotions that night. I was hurt, angry, confused, disappointed, and betrayed. But I was still very much in love. I loved him too much to hate him so quickly, so I resented him and I hated myself for being so naive. It didn't take long for that resentment to magnify because once the truth is out, you begin to connect the dots to every lie you've ever been fed and it makes you wonder if any of it was ever real. The moment you lose respect for someone, everything changes. The love is still there, but it's not the same. You become guarded, you become defensive, and sometimes you just want to hurt them the way they hurt you. That's when they start to call you bitter. I never pictured myself becoming a bitter baby mama, but you know what? Maybe they're right. Maybe I am bitter but I feel like I have every damn right to be. This is my story.

### **Tornado Gold**

Panning for Gold is the remarkable and memorable journey of a young man who has to come to terms with the adversities he had to struggle against as a child and teenager growing up in foster care from the ages of 6-19 years. His mother was a paranoid schizophrenic and he never knew his real father. All he had was his two younger brothers and his belief in a higher power to help him endure and overcome the pain. The young child was gifted in the literary arts but never accepted his talent because he was always too busy trying to fit in with his surroundings to maintain a placement. It is a heartwrenching, yet funny tale of what many children today have to endure while coming from a

Now, there is only one way to stop the Tyranny: go back in time and prevent it from ever starting. At times eloquent, funny, satirical, and infuriating, The Theta Timeline is not only Dietzel's most powerful book, it is as important as any dystopian vision created to date.
