Appropriate for Paralegal Studies, Legal Studies, Pre-Law, and Business Programs Hames and Ekern's Introduction to Law, 2e will teach students the basic legal concepts related to substantive and procedural law, introduces them to cases, statutes, and the constitution, and develops their legal vocabulary and analytical skills. A new chapter on constitutional law, expanded coverage of employment and environmental law, and information on technology makes this an excellent resource for any Introduction to Law course for all disciplines of study including pre-law, legal studies, and business programs. Using this text, your students will learn how to develop their own critical-thinking skills, read high-interest cases, expand their legal vocabulary and discuss case law and issues impacting today's legal system.
