No one writes about mountaineering and its attendant hardships and victories more brilliantly than critically acclaimed author Jon Krakauer. In this collection of his finest work from such magazines as *Outside* and *Smithsonian*, he explores the subject from the unique and memorable perspective of one who has battled peaks like K2, Denali, Everest, and, of course, the Eiger. Always with a keen eye, an open heart, and a hunger for the ultimate experience, he gives us unerring portraits of the mountaineering experience. Yet *Eiger Dreams* is more about people than about rock and ice—people with that odd, sometimes maniacal obsession with mountain summits that sets them apart from other men and women. Here we meet Adrian the Romanian, determined to be the first of his countrymen to solo Denali; John Gill, climber not of great mountains but of house-sized boulders so difficult to surmount that even demanding alpine climbs seem easy; and many more compelling and colorful characters. In the most intimate piece, “The Devils Thumb,” Krakauer recounts his own near-fatal, ultimately triumphant struggle with solo-madness as he scales Alaska's Devils Thumb. *Eiger Dreams* is stirring, vivid writing about one of the most compelling and dangerous of all human pursuits.

In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. His name was Christopher Johnson McCandless. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. Digging

deeply, he takes an inherently compelling mystery and unravels the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page. From the Trade Paperback edition.

A New York Times Bestseller "The Wild Truth is an important book on two fronts: It sets the record straight about a story that has touched thousands of readers, and it opens up a conversation about hideous domestic violence hidden behind a mask of prosperity and propriety."-NPR.org The spellbinding story of Chris McCandless, who gave away his savings, hitchhiked to Alaska, walked into the wilderness alone, and starved to death in 1992, fascinated not just New York Times bestselling author Jon Krakauer, but also the rest of the nation. Krakauer's book, Into the Wild, became an international bestseller, translated into thirty-one languages, and Sean Penn's inspirational film by the same name further skyrocketed Chris McCandless to global fame. But the real story of Chris's life and his journey has not yet been told - until now. The missing pieces are finally revealed in The Wild Truth, written by Carine McCandless, Chris's beloved and trusted sister. Featured in both the book and film, Carine has wrestled for more than twenty years with the legacy of her brother's journey to self-discovery, and now tells her own story while filling in the blanks of his. Carine was Chris's best friend, the person with whom he had the closest bond, and who witnessed firsthand the dysfunctional and violent family dynamic that made Chris willing to embrace the harsh wilderness of Alaska. Growing up in the same troubled household, Carine speaks candidly about the

#1 NEW YORK TIMES BESTSELLER • A timely and important book that challenges everything we think we know about cultivating true belonging in our communities, organizations, and culture, from the #1 bestselling author of *Rising Strong*, *Daring Greatly*, and *The Gifts of Imperfection* Don't miss the hourlong Netflix special *Brené Brown: The Call to Courage!* HELLO SUNSHINE BOOK CLUB PICK "True belonging doesn't require us to change who we are. It requires us to be who we are." Social scientist Brené Brown, PhD, LMSW, has sparked a global conversation about the experiences that bring meaning to our lives—experiences of courage, vulnerability, love, belonging, shame, and empathy. In *Braving the Wilderness*, Brown redefines what it means to truly belong in an age of increased polarization. With her trademark mix of research, storytelling, and honesty, Brown will again change the cultural conversation while mapping a clear path to true belonging. Brown argues that we're experiencing a spiritual crisis of disconnection, and introduces four practices of true belonging that challenge everything we believe about ourselves and each other. She writes, "True belonging requires us to believe in and belong to

ourselves so fully that we can find sacredness both in being a part of something and in standing alone when necessary. But in a culture that's rife with perfectionism and pleasing, and with the erosion of civility, it's easy to stay quiet, hide in our ideological bunkers, or fit in rather than show up as our true selves and brave the wilderness of uncertainty and criticism. But true belonging is not something we negotiate or accomplish with others; it's a daily practice that demands integrity and authenticity. It's a personal commitment that we carry in our hearts." Brown offers us the clarity and courage we need to find our way back to ourselves and to each other. And that path cuts right through the wilderness. Brown writes, "The wilderness is an untamed, unpredictable place of solitude and searching. It is a place as dangerous as it is breathtaking, a place as sought after as it is feared. But it turns out to be the place of true belonging, and it's the bravest and most sacred place you will ever stand."

Macbeth is among the best-known of William Shakespeare's plays, and is his shortest tragedy, believed to have been written between 1603 and 1606. It is frequently performed at both amateur and professional levels, and has been adapted for opera, film, books, stage and screen. Often regarded as archetypal, the play tells of the dangers of the lust for power and the betrayal of friends. For the plot Shakespeare drew loosely on the historical account of King Macbeth of Scotland by Raphael Holinshed and that by the Scottish philosopher Hector Boece. There are many superstitions centred on the belief the play is somehow "cursed", and many actors will not mention the name of the play aloud, referring to it instead as "The Scottish play". see. But when the cinema decides to stop showing these films, he must do the unthinkable: make new friends. At the very least he must work with others intent on keeping these screenings going: first, a mysterious woman who knows everything about him, then a group of misfits who are suspiciously similar to his old friends. Together they form The Screen Savers. The Screen Savers is a comedy about friendships and whether to avoid them. Most of the films Adam watches are about how to gain friends - about how to get over your flaws and integrate back into society. But what do you do if you've got too many friends and they're all irritating? How do you create a life doing what you want to do rather than going along with the duty that friendship entails?

Since the discovery over one hundred years ago of a body of Mesopotamian poetry preserved on clay tablets, what has come to be known as the Epic of Gilgamesh has been considered a masterpiece of ancient literature. It recounts the deeds of a hero-king of ancient Mesopotamia, following him through adventures and encounters with men and gods alike. Yet the central concerns of the Epic lie deeper than the lively and exotic story line: they revolve around a man's eternal struggle with the limitations of human nature, and encompass the basic human feelings of loneliness, friendship, love, loss, revenge, and the fear of oblivion of death. These themes are developed in a distinctly Mesopotamian idiom, to be sure,

WE were in mourning for our mother, who had died the preceding autumn, and we had spent all the winter alone in the country-Macha, Sonia and I. Macha was an old family friend, who had been our governess and had brought us all up, and my memories of her, like my love for her, went as far back as my memories of myself. Sonia was my younger sister. The winter had dragged by, sad and sombre, in our old country-house of Pokrovski. The weather had been cold, and so windy that the snow was often piled high above our windows; the panes were almost always cloudy with a coating of ice; and throughout the whole season we were shut in, rarely finding it possible to go out of the house. It was very seldom that any one came to see us, and our few visitors brought neither joy nor cheerfulness to our house. They all had mournful faces, spoke low, as if they were afraid of waking some one, were careful not to laugh, sighed and often shed tears when they looked at me, and above all at the sight of my poor Sonia in her little black frock.

Former debutante Rachel Hansworth longs for the days when "alligator" was followed by "pumps" or "handbag." Broke, Rachel takes the only job she can find: removing nuisance animals from Florida homes. Unfortunately, fighting the attraction to her boss proves more difficult than wrestling a gator. Army veteran Mark Winters needs help with his business, but he wants Rachel more. He must honor a promise to his dying mother and find a fiancée. A real girlfriend isn't part of the plan—he's been there, done that. There's only one problem: He can't stop kissing Rachel. She refuses to be duped by love again, and he won't let a few hot make-out sessions tear down the walls he's erected. But she's all about the big bonus she'll receive if she helps Mark. They'll lower their defenses enough to trust each other when a wild animal is involved, but can they pull off the fake fiancée ruse and not be bitten by love?
