Marketing Management, 5/e by Mullins, Walker, Boyd, and Larreche is specifically designed for courses in which decision-focused cases are an important element and/or where student projects, such as the development of a marketing plan, are assigned. The concentration on strategic decision making sets this book apart from other texts that place greater emphasis on description of marketing phenomena than on the strategic and tactical marketing decisions that managers and entrepreneurs must make each and every day. This edition continues to be the most current and internet-savvy book available, injecting the latest developments in internet-based communication and distribution technology into every chapter. Also, an entire chapter (Chapter 15) is devoted to the development of marketing strategies for the new economy.

The author team's rich entrepreneurial, marketing management, and consulting experience spanning a broad variety of manufacturing, service, software, and distribution industries provides an abundance of real-world, global perspectives.

Marketing

Internet Marketing: Readings and Online Resources provides students with an introduction to internet marketing and the informative foundation they need to maneuver through the world of "interactive marketing". This term describes how marketers are using the Internet to decrease transaction costs, improve brand image, enhance customer relations, and create entirely new distribution channels for products and services. Richardson mixes a collection of current readings to introduce the student to fundamental concepts of internet marketing organized in a traditional principles of marketing approach. Traditional marketing concepts are still valid; what changes in the internet environment are the applications.

Marketing

Kerin/Hartley's Marketing 14th edition is the most robust Principles of Marketing solution available to meet the needs of a wide range of faculty. Addressing the immensely important topic of research credibility, Raymond Hubbard's groundbreaking *Corrupt Research* proposes that we must treat such information with a healthy dose of skepticism. This book argues that the dominant model of knowledge procurement subscribed to in these areas—the significant difference paradigm—is philosophically suspect, methodologically impaired, and statistically broken. Hubbard introduces a more accurate, alternative framework—the significant sameness paradigm—for developing scientific knowledge. The majority of the book comprises a head-to-head comparison of the “significant difference” versus “significant sameness” conceptions of science across philosophical, methodological, and statistical perspectives.

Global Perspectives on Contemporary Marketing Education

Core values of society, health and wellbeing impact today on all aspects of our lives, and have also increasingly influenced patterns of tourism consumption and production. In this context wellness has developed into a significant dimension of tourism in a number of new and long established destinations. However, although it is consistently referred to as one of the most rapidly growing forms of tourism worldwide there still remains a dearth of academic literature on this topic. This book uniquely focuses on the supply side of wellness tourism from a destination perspective in terms of the generation and delivery of products and services for tourists who seek to maintain and improve their health. This approach provides a better understanding of how wellness tourism destinations develop and explores the specific drivers of that growth in a destination context and how destinations successfully compete against each other in globalised market place. A range of wellness destination development and management issues are examined including the importance of authenticity, an appropriate policy framework, delivery of high quality goods and services, participation of a broad range of stakeholders and the development of networks and clusters as well as collaborative strategies essential for a successful development and management of a wellness tourism destination. International case studies and examples from established and new wellness tourism destinations are integrated throughout. This timely volume written by leaders in this sector will be of interest to tourism and hospitality students and academics internationally.

Closed-loop supply chain activities such as remanufacturing, recycling, dismantling for spare parts, and reverse logistics have helped many companies tap into new revenue streams by finding secondary markets for their products, all while reducing their overall carbon footprint. A comprehensive yet concise presentation of closed-loop supply chain processes, *Closed-Loop Supply Chains: New Developments to Improve the Sustainability of Business Practices* investigates the state of the art in this rapidly growing and environmentally significant field. Written by academic experts, in language that is accessible to practitioners, this reader-friendly reference examines recent research and case studies of companies running profitable reuse/remanufacture/recycling operations in various industries. It illustrates profitable practices in returned and recovered products, and clearly explains how to: design a reverse logistics network, conduct production planning, implement effective marketing strategies for recovered products, and apply closed-loop supply chain strategies in other industries besides manufacturing. From product development to materials to assembly and profitability, this authoritative resource illustrates the impact of these processes across all aspects of the supply chain. It provides a business perspective of how to properly implement these processes in your company to achieve profitable and sustainable operations in a more environmentally friendly manner. It also: Investigates strategic decisions companies face in regard to the secondary market for their products, including opportunity costs Examines tactical issues firms will face once the decision to remanufacture has been made, including how to market remanufactured products Summarizes the key characteristics and practices in a variety of industries where remanufacturing has been successful Explains how to conceptualize and manage changes due to switching to a closed-loop supply chain Demonstrates how to handle changing legislation Designed for ease of reference, each chapter covers a specific topic—in a completely self-contained manner—allowing readers to quickly and easily

reference the chapters of particular relevance to their industry and situation.

Marketing Strategy: A Decision Focused Approach

Loose-leaf Edition Marketing

This book contains the full proceedings of the 2015 Academy of Marketing Science Annual Conference held in Denver, Colorado. Marketing has become ubiquitous: it doesn't matter who you are, where you are or what you are doing, you cannot escape it. In these times of instantaneous news, information and entertainment, everyone is exposed to messages from the moment they awake until the minute they drift off to sleep. America spends the most money in the world on advertising and other marketing communication. So, it could be said that marketing is America's pastime, as much so as the classics: baseball, hot dogs, and apple pie. Under the theme of "Celebrating America's Pastimes: Baseball, Hot Dogs, Apple Pie and Marketing", this volume discusses all of the good things that marketing can do. Showcasing research from academics, scholars and practitioners from around the world, this volume provides insight and strategies that will help marketers move forward and focus on the positive that marketing can provide to consumers, stakeholders and society. Founded in 1971, the Academy of Marketing Science is an international organization dedicated to promoting timely explorations of phenomena related to the science of marketing in theory, research, and practice. Among its services to members and the community at large, the Academy offers conferences, congresses and symposia that attract delegates from around the world. Presentations from these events are published in this Proceedings series, which offers a

comprehensive archive of volumes reflecting the evolution of the field. Volumes deliver cutting-edge research and insights, complimenting the Academy's flagship journals, Journal of the Academy of Marketing Science (JAMS) and AMS Review. Volumes are edited by leading scholars and practitioners across a wide range of subject areas in marketing science.
