Blood Brotherhoods

"Digital Vertigo provides an articulate, measured, contrarian voice against a sea of hype about social media. As an avowed technology optimist, I'm grateful for Keen who makes me stop and think before committing myself fully to the social revolution." —Larry Downes, author of The Killer App In Digital Vertigo, Andrew Keen presents today's social media revolution as the most wrenching cultural transformation since the Industrial Revolution. Fusing a fast-paced historical narrative with front-line stories from today's online networking revolution and critiques of "social" companies like Groupon, Zynga and LinkedIn, Keen argues that the social media transformation is weakening, disorienting and dividing us rather than establishing the dawn of a new egalitarian and communal age. The tragic paradox of life in the social media age, Keen says, is the incompatibility between our internet longings for community and friendship and our equally powerful desire for online individual freedom. By exposing the shallow core of social networks, Andrew Keen shows us that the more electronically connected we become, the lonelier and less powerful we seem to be.

Church of Spies

The Oxford Handbook of Organized Crime provides an informed, authoritative, and comprehensive overview of current knowledge about the nature and effects of the principal forms of organized crime, as well as the type and effectiveness of efforts to prevent and control them.

Spider-Man

After 80 years, it's here—the 1,000th issue of DETECTIVE COMICS, the title that literally defines DC! This 96-page issue is stacked with an unbelievable lineup of talent that will take you on a journey through Batman's past, present and future plus a sensational epilogue that features the first-ever DC Universe appearance of the deadly Arkham Knight! But who is under the mask? And why do they want Batman dead? The incredible future of Batman adventures begins here!

Forbidden Prayer

Collects Daredevil (2015) #595-600. New York has fallen to Wilson Fisk, the Kingpin of Crime: Daredevil's greatest and deadliest adversary is now the city's newly elected mayor! And the stage is set for their most unbelievable showdown yet. Matt Murdock has the law and his incredible abilities in his arsenal — but Fisk has an entire city on his side. As the mayor declares Daredevil Public Enemy No. 1, Matt Murdock receives the most incredible offer of his legal career! And while Fisk pursues a crusade against costumed vigilantes, a new player joins the resistance against him: the psychopathic murder artist Muse! Can Daredevil withstand assaults from both sides of this terrible conflict? As tensions build to a climax, the heroes and villains of New York's streets join the fray as the city is shaken to its very core.

Close Reach

Jordan Belfort—immortalized by Leonardo DiCaprio in the hit movie *The Wolf of Wall Street*—reveals the step-by-step sales and persuasion system proven to turn anyone into a sales-closing, money-earning rock star. For the first time ever, Jordan Belfort opens his playbook and gives you access to his exclusive step-by-step system—the same system he used to create massive wealth for himself, his clients, and his sales teams. Until now this revolutionary program was only available through Jordan's \$1,997 online training. Now, in *Way of the Wolf*, Belfort is ready to unleash the power of persuasion to a whole new generation, revealing how anyone can bounce back from devastating setbacks, master the art of persuasion, and build wealth. Every technique, every strategy, and every tip has been tested and proven to work in real-life situations. Written in his own inimitable voice, *Way of the Wolf* cracks the code on how to persuade anyone to do anything, and coaches readers—regardless of age, education, or skill level—to be a master sales person, negotiator, closer, entrepreneur, or speaker.

Detective Comics (2016-) #1000

Collects Daredevil: The Man Without Fear #1-5

Kingpin

This book delineates the attempt, carried out by the Congregations of the Inquisition and the Index during the sixteenth and early seventeenth century, to purge various devotional texts in the Italian vernacular of heterodox beliefs and superstitious elements, while imposing a rigid uniformity in liturgical and devotional practices. The first part of the book is focused on Rome's anxious activity toward the infiltration of Protestant ideas in vernacular treatises on prayer meant for mass consumption. It next explores how, only in the second half of the sixteenth century, once Rome's main preoccupation toward Protestant expansion had subsided, the Church could begin thinking about a move from a rejection of any consideration of the merits of interior prayer to a recovery and acceptance of mental prayer. The final section is dedicated to the primary objective of the Church's actions in purging superstitious practices which was not simply the renewal of the spiritual life of the faithful, but also the control of the religious and social life of many faithful who were uneducated. Based on a careful examination of the archival records of the two Roman dicasteri in question, many of which have only been accessible to scholars since 1998, as well as a close reading of the many of suspect devotional texts themselves, this book offers a fascinating contribution towards a fuller appreciation of the complex landscape that characterized the spiritual realities of early modern Italy.

The Great Movies

La Marvel! L'universo a fumetti più celebre e seguito al mondo! Un'immensità infinita di mondi, personaggi, eventi e situazioni che hanno incantato generazioni di lettori. Questo volume ripercorre cronologicamente tutta la sua storia, dal Big Bang ai giorni nostri, con uno sguardo al futuro. Mark Waid (Dr. Strange) e Javier Rodríguez (Royals) ci offrono un affresco entusiasmante di tutte le vicende a fumetti che hanno scandito gli 80 anni della Casa delle Idee. Segreti oscuri e scioccanti rivelazioni uniscono decine di trame passate e presenti. La più grande storia mai narrata e osservata prima d'ora!
[CONTIENE HISTORY OF THE MARVEL UNIVERSE (2019) 1-6]

Battling Jack Murdock

Kevin David Mitnick was cyberspace's most wanted hacker. Mitnick could launch missiles or cripple the world's financial markets with a single phone call - or so went the myth. The FBI, phone companies, bounty hunters, even fellow hackers pursued him over the Internet and through cellular airways. But while Mitnick's alleged crimes have been widely publicized, his story has never been told. Now Jonathan Littman takes us into the mind of a serial hacker. Drawing on over fifty hours of telephone conversations with Mitnick on the run, Littman reveals Mitnick's double life; his narrow escapes; his new identities, complete with college degrees of his choosing; his hacking techniques and mastery of "social engineering"; his obsession with revenge.

La Storia dell'Universo Marvel

In this astounding account, Wall Street's notorious bad boy—the original million-dollar-a-week stock chopper—leads us through a drama worthy of *The Sopranos*, from the FBI raid on his estate to the deal he cut to rat out his oldest friends and colleagues to the conscience he eventually found. With his kingdom in ruin, not to mention his marriage, the Wolf faced his greatest challenge yet: how to navigate a gauntlet of judges and lawyers, hold on to his kids and his enraged model wife, and possibly salvage his self-respect. It wasn't going to be easy. In fact, for a man with an unprecedented appetite for excess, it was going to be hell. But the man at the center of one of the most shocking scandals in financial history soon sees the light of what matters most: his sobriety, and his future as a father and a man.

At the Devil's Table

This exploration of the full diversity of the Italian Antimafia draws on primary sources and interviews to provide the first complete analysis of social, political and grassroots efforts since 1992. This fascinating study looks at Antimafia initiatives within the context of international initiatives against organized crime.

The Juggler of Notre Dame and the Medievalizing of Modernity

The Italian-American mafia has its roots in a mysterious and powerful criminal network in Sicily. While the mythology of the mafia has been widely celebrated in American culture, the true origins of its rituals, laws, and methods have never actually been revealed. John Dickie uses startling new research to expose the secrets of the Sicilian mafia, providing a fascinating account that is more violent, frightening, and darkly comic than anything conceived in popular movies and novels. How did the Sicilian mafia begin? How did it achieve its powerful grip in Italy and America? How does it operate today? From the mafia's origins in the 1860s to its current tense relationship with the Berlusconi government, *Cosa Nostra* takes us to the inner sanctum where few have dared to go before. This is an important work of history and a revelation for anyone who ever wondered what it means to be "made" in the mob.

The Fugitive Game

Presents a collection of essays that combine history, analysis, and love for movies covering such films as "All About Eve," "Casablanca," "Lawrence of Arabia," and "Schindler's List."

The Poison Artist

A collection for laypersons and experts alike, this authoritative work includes biographies of the stars, producers, directors, writers, technical information, and more

John Belushi. Chi tocca muore

The true story of Max Butler, the master hacker who ran a billion dollar cyber crime network. The word spread through the hacking underground like some unstoppable new virus: an audacious crook had staged a hostile takeover of an online criminal network that siphoned billions of dollars from the US economy. The culprit was a brilliant programmer with a hippie ethic and a supervillain's double identity. Max 'Vision' Butler was a white-hat hacker and a celebrity throughout the programming world, even serving as a consultant to the FBI. But there was another side to Max. As the black-hat 'Iceman', he'd seen the fraudsters around him squabble, their ranks riddled with infiltrators, their methods inefficient, and in their dysfunction was the ultimate challenge: he would stage a coup and steal their ill-gotten gains from right under their noses. Through the story of Max Butler's remarkable rise, KINGPIN lays bare the workings of a silent crime wave affecting millions worldwide. It exposes vast online-fraud supermarkets stocked with credit card numbers, counterfeit cheques, hacked bank accounts and fake passports. Thanks to Kevin Poulsen's remarkable access to both cops and criminals, we step inside the quiet, desperate battle that law enforcement fights against these scammers. And learn that the boy next door may not be all he seems.

Mickey Cohen

“Right out of the gate, the entire game was designed to empty the pockets of those rich, celeb-loving LA suckers.”—Houston Curtis Leonardo DiCaprio. Alex Rodriguez. Tobey Maguire. Ben Affleck. Matt Damon. John Cassavetes. What do these people have in common? Not just fame and fortune; all these men are also alumni of the ultra-exclusive, high-stakes poker ring that inspired Aaron Sorkin's Oscar-nominated film, *Molly's Game*. But Houston Curtis, the card shark who co-founded the game with Tobey Maguire, knows that Sorkin's is the whitewashed version. In *Billion Dollar Hollywood Heist*, Curtis goes all-in, revealing the true story behind the game. From its origins with Maguire to staking DiCaprio's first game, installing Molly Bloom, avoiding the hookers and blow down the hall, and weathering the FBI investigation that left Curtis with a lien on his house, this is the no-holds-barred account of the world's most exclusive Texas Hold 'Em game from the man who started it—with all the names and salacious details that *Molly's Game* left out. With the insider appeal of *Rounders*, more A-listers than *Ocean's 11*, and the excitement of *The Sting*, *Billion Dollar Hollywood Heist* is the untold, insider's story that makes *Molly's Game* look tame.

Billion Dollar Hollywood Heist

“An electrifying read . . . I haven’t read anything so terrifying since Red Dragon.” — Stephen King “Magnificent, thoroughly unnerving . . . I dare you to look away.” — Justin Cronin Caleb Maddox is a San Francisco toxicologist studying the chemical effects of pain. He’s out drinking after a bad breakup when a hauntingly seductive woman sits down at his side. He talks to Emmeline over absinthe, but their encounter is fleeting. She brushes her lips on his ear and disappears. He must find her. As Caleb scours the city, he begins helping the city’s medical examiner with a serial-murder investigation. Soon the search for the killer entwines with Caleb’s hunt for Emmeline, and the closer he gets to each, the more dangerous his world becomes. “A wicked mix of Poe, The Silence of the Lambs, and Vertigo,”* The Poison Artist spins a thrilling tale of obsession, damage, a man unmoored by an unspeakable past, and a woman who offers the ultimate escape. “A totally new take on the mystery-thriller genre . . . Fresh and unpredictable. The writing is top-notch . . . Grade: A.” — Cleveland Plain Dealer “Genuinely scary, in the very best way, and nastily twisty, also in the very best way . . . Hypnotic.” — Guardian * William Landay

The Wolf of Wall Street

This book offers the first comprehensive study of recent, popular Italian television. Building on work in American television studies, audience and reception theory, and masculinity studies, *Sympathetic Perpetrators and their Audiences on Italian Television* examines how and why viewers are positioned to engage emotionally with—and root for—Italian television antiheroes. Italy’s most popular exported series feature alluring and attractive criminal antiheroes, offer fictionalized accounts of historical events or figures, and highlight the routine violence of daily life in the mafia, the police force, and the political sphere. Renga argues that Italian broadcasters have made an international name for themselves by presenting dark and violent subjects in formats that are visually pleasurable and, for many across the globe, highly addictive. Taken as a whole, this book investigates what recent Italian perpetrator television can teach us about television audiences, and our viewing habits and preferences.

Daredevil

A professional pathfinder breaks out of a torture cell in pursuit of his worst extraction scenario ever: escaping on foot across a sprawling and secret off-world colony established a hundred years ago and filled with generations of lunatics. His only ally? A disaffected young murderess. From WARREN ELLIS and JASON HOWARD, the creators of the critically acclaimed TREES, which is currently being adapted for television. Collects CEMETERY BEACH #1-7

Hunting LeRoux

[This ambitious and vivid study in six volumes explores the journey of a single, electrifying story, from its first incarnation in a medieval French poem through its prolific rebirth in the nineteenth and twentieth centuries. The Juggler of Notre Dame tells how an entertainer abandons the world to join a monastery, but is suspected of blasphemy after dancing his devotion before a statue of the Madonna in the crypt; he is saved when the statue, delighted by his skill, miraculously comes to life. Jan Ziolkowski tracks the poem from its medieval roots to its rediscovery in late nineteenth-century Paris, before its translation into English in Britain and the United States. The visual influence of the tale on Gothic revivalism and vice versa in America is carefully documented with lavish and inventive illustrations, and Ziolkowski concludes with an examination of the explosion of interest in The Juggler of Notre Dame in the twentieth century and its place in mass culture today. Volume 3: The American Middle Ages hinges upon two figures influenced by the juggler: Henry Adams, scion of Presidents and distinguished cultural historian whose works contributed to the rise of medievalism in America during the Gilded Age, and Ralph Adams Cram, the architect whose vision of Gothic accounts directly or indirectly for the campuses of West Point, Princeton, Yale, Chicago, Notre Dame, and many other universities across America. Presented with great clarity and simplicity, Ziolkowski's work is accessible to the general reader, while its many new discoveries will be valuable to academics in such fields and disciplines as medieval studies, medievalism, philology, literary history, art history, folklore, performance studies, and reception studies. [Elib].

Kingpin

NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Martin Scorsese and starring Leonardo DiCaprio By day he made thousands of dollars a minute. By night he spent it as fast as he could. From the binge that sank a 170-foot motor yacht and ran up a \$700,000 hotel tab, to the wife and kids waiting at home and the fast-talking, hard-partying young stockbrokers who called him king, here, in Jordan Belfort's own words, is the story of the ill-fated genius they called the Wolf of Wall Street. In the 1990s, Belfort became one of the most infamous kingpins in American finance: a brilliant, conniving stock-chopper who led his merry mob on a wild ride out of Wall Street and into a massive office on Long Island. It's an extraordinary story of greed, power, and excess that no one could invent: the tale of an ordinary guy who went from hustling Italian ices to making hundreds of millions—until it all came crashing down. Praise for The Wolf of Wall Street “Raw and frequently hilarious.”—The New York Times “A rollicking tale of [Jordan Belfort's] rise to riches as head of the infamous boiler room Stratton Oakmont . . . proof that there are indeed second acts in American lives.”—Forbes “A cross between Tom Wolfe's The Bonfire of the Vanities and Scorsese's GoodFellas . . . Belfort has the Midas touch.”—The Sunday Times (London) “Entertaining as pulp fiction, real as a federal indictment . . . a hell of a read.”—Kirkus Reviews

Cosa Nostra: A History of the Sicilian Mafia

The story of Daredevil's father, Battlin' Jack Murdock.

Manhunters

With a foreword by four-time Oscar nominated filmmaker Michael Mann. The story of Paul LeRoux, the twisted-genius entrepreneur and cold-blooded killer who brought revolutionary innovation to international crime, and the exclusive inside story of how the DEA's elite, secretive 960 Group brought him down. Paul LeRoux was born in Zimbabwe and raised in South Africa. After a first career as a pioneering cybersecurity entrepreneur, he plunged hellbent into the dark side, using his extraordinary talents to develop a disruptive new business model for transnational organized crime. Along the way he created a mercenary force of ex-U.S. and NATO sharpshooters to carry out contract murders for his own pleasure and profit. The criminal empire he built was Cartel 4.0, utilizing the gig economy and the tools of the Digital Age: encrypted mobile devices, cloud sharing and novel money-laundering techniques. LeRoux's businesses, cyber-linked by his own dark worldwide web, stretched from Southeast Asia across the Middle East and Africa to Brazil; they generated hundreds of millions of dollars in sales of arms, drugs, chemicals, bombs, missile technology and murder. He dealt with rogue nations—Iran and North Korea—as well as the Chinese Triads, Somali pirates, Serb mafia, outlaw bikers, militants, corrupt African and Asian officials and coup-plotters. Initially, LeRoux appeared as a ghost image on law enforcement and intelligence radar, an inexplicable presence in the middle of a variety of criminal endeavors. He was Netflix to Blockbuster, Spotify to Tower Records. A bold disruptor, his methods brought international crime into the age of innovation, making his operations barely detectable and LeRoux nearly invisible. But he gained the attention of a small band of bold, unorthodox DEA agents, whose brief was tracking down drugs-and-arms trafficking kingpins who contributed to war and global instability. The 960 Group, an element of the DEA's Special Operations Division, had launched some of the most complex, coordinated and dangerous operations in the agency's history. They used unorthodox methods and undercover informants to penetrate LeRoux's inner circle and bring him down. For five years Elaine Shannon immersed herself in LeRoux's shadowy world. She gained exclusive access to the agents and players, including undercover operatives who looked LeRoux in the eye on a daily basis. Shannon takes us on a shocking tour of this dark frontier, going deep into the operations and the mind of a singularly visionary and frightening figure—Escobar and Victor Bout along with the innovative vision of Steve Jobs rolled into one. She puts you in the room with these people and their moment-to-moment encounters, jeopardy, frustration, anger and small victories, creating a narrative with a breath-taking edge, immediacy and a stranger-than-fiction reality. Remarkable, disturbing, and utterly engrossing, *Hunting LeRoux* introduces a new breed of criminal spawned by the savage, greed-exalting underside of the Age of Innovation—and a new kind of true crime story. It is a look into the future—a future that is dark.

Way of the Wolf

The heart-pounding history of how Pope Pius XII -- often labeled "Hitler's Pope" -- was in fact an anti-Nazi spymaster, plotting against the Third Reich during World War II. The Vatican's silence in the face of Nazi atrocities remains one of the great controversies of our time. History has accused wartime pontiff Pius the Twelfth of complicity in the Holocaust and dubbed him "Hitler's Pope." But a key part of the story has remained untold. Pope Pius in fact ran the world's largest church, smallest state, and oldest spy service. Sainly but secretive, he sent birthday cards to Hitler -- while secretly plotting to kill him. He skimmed from church charities to pay covert couriers, and surreptitiously tape-recorded his meetings with top Nazis. Under his leadership the Vatican spy ring actively plotted against the Third Reich. Told with heart-pounding suspense and drawing on secret transcripts and unsealed files by an acclaimed author, Church of Spies throws open the Vatican's doors to reveal some of the most astonishing events in the history of the papacy. Riebling reveals here how the world's greatest moral institution met the greatest moral crisis in history.

Catching the Wolf of Wall Street

The Bonfire of the Vanities

Vintage Tom Wolfe, *The Bonfire of the Vanities*, the #1 bestseller that will forever define late-twentieth-century New York style. "No one has portrayed New York Society this accurately and devastatingly since Edith Wharton" (The National Review) "A page-turner . . . Brilliant high comedy." (The New Republic)

The Encyclopedia of Film

Scott Lang has never exactly been the world's best superhero. But when the superior Iron Man calls with a once-in-a-lifetime opportunity, Scott's going to get the chance to turn it all around and be the hero he's always dreamed of being.

Digital Vertigo

Go deep into the L.A. underworld with the true story of one obsessive gangster's unparalleled quest for privilege, power, and paydays This biography of celebrity gangster Mickey Cohen digs past the sensational headlines to deliver a remarkable story of a man who captivated, corrupted, and terrorized Los Angeles for a generation. When Bugsy Siegel was murdered, his henchman Mickey Cohen took over the criminal activity in Los Angeles. Mickey Cohen attained such power and dominance from the late 1940s until 1976 that he was a regular above - the - fold newspaper name, accumulating a remarkable count of more than 1,000 front - pages in Los Angeles papers alone, and was featured in hundreds of articles in

national and international periodicals. His story and the history of mid - century L.A. are inextricably intertwined. Mickey Cohen is a seductive, premium - octane blend of true crime and Hollywood that spins around a wildly eccentric mob boss. Author Tere Tereba delivers tales of high life, high drama, and highly placed politicians, among them RFK and Richard Nixon, as well as revelations about countless icons, including Shirley Temple, Lana Turner, Frank Sinatra, and the Reverend Billy Graham. Meticulously researched, this rich tapestry presents a complete look at the Los Angeles underworld.

The Juggler of Notre Dame and the Medievalizing of Modernity

Documents how a troubled young computer hacker seized control of a massive international computer fraud network in 2006, tracing the efforts of FBI and Secret Service agents as well as an undercover operator to locate and arrest him. Reprint.

The Interplay of People and Technologies

Traces the 1990s collaborative effort between two U.S. agents and a security chief for a notorious Colombian drug cartel to dismantle the organization and bring its leaders to justice, a life-risking venture marked by a race to extract damaging evidence and protect the life of a key witness.

Cemetery Beach

The Antimafia

In a riveting tale of suspense and terror on the high seas, Bram Stoker Award nominee Jonathan Moore pits human beings against nature—and something far deadlier: one another. Kelly Pratihari-Reid and her husband sail their yacht into Antarctic waters, thinking their gravest concerns will be ice and storms—and their cracked marriage. A British girl shrieking across a short-range VHF frequency ends that illusion. It's coming, she screams. It saw us and it's coming back! Her voice is drowned by a tide of signal-jamming static, and Kelly sees a target on the radar screen: A ship is coming for them. Thus begins an unforgettable cat-and-mouse game across stormy polar seas and dire landfalls. Kelly's pursuers will test her to the limits of her endurance—and beyond. For the ship in her wake is crewed by pirates, with a young leader trained to use the most sadistic tortures in pursuit of his ultimate objective . . . a goal as shocking as it is horrific. Praise for *Close Reach* "This is the kind of horror that will make your heart race."—*Examiner.com* "Mind-blowing . . . I started reading it and didn't stop till I finished."—*Cabin Goddess* "A visceral edge-of-the-seat roller coaster ride."—*The Novel Pursuit* "A book that will appeal to

sailing enthusiasts, horror enthusiasts or both!”—To Read or Not to Read Is Not a Question “Pure adrenaline . . . definitely recommended for fans of dark thrillers.”—Pamelibrarian “Set on the icy polar seas, bristling with suspense, Jonathan Moore’s *Close Reach* is as horrifying and claustrophobic as any haunted house story. The plot pitches and yaws with twist after twist, and by midpoint the reader is a goner. Leave the lights on, lock the doors, feed the cats, this is an irresistible page-turner of the first order. Highly recommended!”—Jay Bonansinga, New York Times bestselling co-author of *The Walking Dead: Fall of the Governor, Part Two* and author of *The Sinking of the Eastland* “Readers will need their sea legs for this hugely enjoyable, roller-coaster voyage of a novel. *Close Reach* is a brutal tale of redemption and revenge with a heroine to root for at every shocking twist and turn. Jonathan Moore’s writing is as rich as it is raw and thrilling—and storms along at a breakneck pace that will leave you gasping for air.”—Frazer Lee, Bram Stoker Award-nominated author of *The Lamplighters*, *Panic Button*, and *The Jack in the Green*

Ant-Man

This ambitious and vivid study in six volumes explores the journey of a single, electrifying story, from its first incarnation in a medieval French poem through its prolific rebirth in the nineteenth and twentieth centuries. *The Juggler of Notre Dame* tells how an entertainer abandons the world to join a monastery, but is suspected of blasphemy after dancing his devotion before a statue of the Madonna in the crypt; he is saved when the statue, delighted by his skill, miraculously comes to life. Jan Ziolkowski tracks the poem from its medieval roots to its rediscovery in late nineteenth-century Paris, before its translation into English in Britain and the United States. The visual influence of the tale on Gothic revivalism and vice versa in America is carefully documented with lavish and inventive illustrations, and Ziolkowski concludes with an examination of the explosion of interest in *The Juggler of Notre Dame* in the twentieth century and its place in mass culture today. *The Juggler of Notre Dame and the Medievalizing of Modernity* is a rich case study for the reception of the Middle Ages in modernity. Spanning centuries and continents, the medieval period is understood through the lens of its (post)modern reception in Europe and America. Profound connections between the verbal and the visual are illustrated by a rich trove of images, including book illustrations, stained glass, postage stamps, architecture, and Christmas cards. Presented with great clarity and simplicity, Ziolkowski's work is accessible to the general reader, while its many new discoveries will be valuable to academics in such fields and disciplines as medieval studies, medievalism, philology, literary history, art history, folklore, performance studies, and reception studies.

Daredevil

1915, World War I rages in Europe but it is a war of wizards, dragons, vampires and magic as much as a war of bullets and barbed wire. Join young Fletcher Arrowsmith as he joins up in search of adventure and glory, training to become an airman

-- one of the flying wizards that fight in the skies above the trenches. But what Fletcher discovers in the battlegrounds of Gallia is far more, and far worse, than he ever dreamed.

Watching Sympathetic Perpetrators on Italian Television

MAFIA. CAMORRA. 'NDRANGHETA. The Sicilian mafia, known as Cosa Nostra, is far from being Italy's only dangerous criminal fraternity. The country hosts two other major mafias: the camorra from Naples; and, from the poor and isolated region of Calabria, the mysterious 'ndrangheta, which has now risen to become the most powerful mob group active today. Since they emerged, the mafias have all corrupted Italy's institutions, drastically curtailed the life-chances of its citizens, evaded justice, and set up their own self-interested meddling as an alternative to the courts. Yet each of these brotherhoods has its own methods, its own dark rituals, its own style of ferocity. Each is uniquely adapted to corrupt and exploit its own specific environment, as it collaborates with, learns from, and goes to war with the other mafias. Today, the shadow of organized crime hangs over a country racked by debt, political paralysis, and widespread corruption. The 'ndrangheta controls much of Europe's wholesale cocaine trade and, by some estimates, 3 percent of Italy's total GDP. Blood Brotherhoods traces the origins of this national malaise back to Italy's roots as a united country in the nineteenth century, and shows how political violence incubated underworld sects among the lemon groves of Palermo, the fetid slums of Naples, and the harsh mountain villages of Calabria. Blood Brotherhoods is a book of breathtaking ambition, tracing for the first time the interlocking story of all three mafias from their origins to the present day. John Dickie is recognized in Italy as one of the foremost historians of organized crime. In these pages, he blends archival detective work, passionate narrative, and shrewd analysis to bring a unique criminal ecosystem—and the three terrifying criminal brotherhoods that have evolved within it—to life on the page.

Kingpin

Good ninjas never die, let alone the baddest one of all! Fan favorite Frank Miller ushers his awesome assassin through good and evil, life and death, rebirth and more! As the Hobgoblin stands exposed at last, the threats of Norman Osborn and an all-new Green Goblin wait in the wings! Featuring all your favorite Spidey characters, from Mary Jane to Betty Brant to Robbie Robertson!

Il Mereghetti

For the first time, legendary DEA operatives Steve Murphy and Javier F. Peña tell the true story of how they helped put an end to one of the world's most infamous narco-terrorists in *Manhunters: How We Took Down Pablo Escobar*—the subject of the hit Netflix series, *Narcos*. Colombian drug lord Pablo Escobar's brutal Medellín Cartel was responsible for trafficking tons of cocaine to North America and Europe in the 1980s and '90s. The nation became a warzone as his sicarios mercilessly murdered thousands of people—competitors, police, and civilians—to ensure he remained Colombia's reigning kingpin. With billions in personal income, Pablo Escobar bought off politicians and lawmen, and became a hero to poorer communities by building houses and sports centers. He was nearly untouchable despite the efforts of the Colombian National Police to bring him to justice. But Escobar was also one of America's most wanted, and the Drug Enforcement Administration was determined to see him pay for his crimes. Agents Steve Murphy and Javier F. Peña were assigned to the Bloque de Búsqueda, the joint Colombian-U.S. taskforce created to end Escobar's reign of terror. For eighteen months, between July 1992 and December 1993, Steve and Javier lived and worked beside Colombian authorities, finding themselves in the crosshairs of sicarios targeting them for the \$300,000 bounty Escobar placed on each of their heads. Undeterred, they risked the dangers, relentlessly and ruthlessly separating the drug lord from his resources and allies, and tearing apart his empire, leaving him underground and on the run from enemies on both sides of the law. *Manhunters* presents Steve and Javier's history in law enforcement from their rigorous physical training and their early DEA assignments in Miami and Austin to the Escobar mission in Medellín, Colombia—living far from home and serving as frontline soldiers in the never ending war on drugs that continues to devastate America.

The Oxford Handbook of Organized Crime

L'ex hacker Kevin Poulsen si è costruito negli ultimi dieci anni una reputazione invidiabile come uno dei massimi giornalisti investigativi nel campo della criminalità digitale. In *Kingpin* riversa per la prima volta in forma di libro una conoscenza e un'esperienza diretta impareggiabili, consegnandoci la storia avvincente di un gioco del gatto col topo e una panoramica senza precedenti del nuovo e inquietante crimine organizzato del ventunesimo secolo. Nell'underground dell'hacking la

voce si era diffusa come un nuovo virus inarrestabile: qualcuno – un cyber-ladro brillante e temerario – aveva appena scatenato il takedown di una rete criminale online che sottraeva miliardi di dollari all'economia statunitense. L'FBI si affrettò a lanciare un'ambiziosa operazione sotto copertura per scoprire questo nuovo boss del crimine digitale; altre agenzie di tutto il mondo dispiegarono decine di talpe e agenti sotto copertura. Collaborando, i cyber-poliziotti fecero cadere nelle loro trappole numerosi hacker sprovveduti. La loro vera preda, però, mostrava sempre una capacità straordinaria di fiutare i loro informatori e cogliere le loro trame. Il bersaglio che cercavano era il più improbabile dei criminali: un brillante programmatore con un'etica hippie e la doppia identità di un supercattivo. Importante hacker "white hat", Max "Vision" Butler era una celebrità nel mondo della programmazione e in passato aveva addirittura collaborato con l'FBI. Ma nei panni di un "black hat", come "Iceman", trovava nel mondo del furto dei dati un'opportunità irresistibile di mettere alla prova le sue enormi capacità. Penetrò in migliaia di computer di tutti gli Stati Uniti, rubando a suo piacimento milioni di numeri di carte di credito.
