The two-year search for General Douglas MacArthur's speeches and reports was truly a labor of love. My Administrative Assistant, Ellen Schaefer, and I culled over 1,000 sources including memories, biographies, histories, military magazines such as the Army and Air Force Journals, unit histories, commercial magazines and newspapers. Magazines included such publications as National Geographic, Life Magazine and many esoteric less circulated literature such as Military Magazine, Retired Officers Magazine, Air Force Magazine and so many others. We received guidance and assistance from such sources as the U.S. Military Academy, the Engineering School at Ft. Leavenworth, the Command and General Staff School at Leavenworth, the Army War College, the MacArthur Archives Director James Zobel, the Library of Congress, the War Department; the sources seemed endless. We do believe we were able to capture all

the major public speeches and reports covering MacArthur's truly productive years from 1908 through 1964. Contains more than 125 speeches/reports. It will be interesting to note, MacArthur established his personality early in his military career and never veered from this. His admonition from his Mother when MacArthur was a student at West Point was, never cheat, never lie, never tattle"". Adhering to this edict MacArthur offered to resign from the Academy rather than answer questions from the Academy panel investigating hazing and harassment by a group of fellow students. MacArthur continued to develop his hard line against political and military intrigue by resolving to always do what he believed right even if he knew no one was watching. Further he was determined never to refuse to carryout the order of a senior officer - never be insubordinate to constituted authority. ""

This Goncourt Lyceens Award-winning novel is “a powerfully visualized magic-realist fable” of secrets, faith, and female defiance in twelfth century France (Kirkus Reviews). France, 1187. On the day of her wedding, the beautiful fifteen-year-old Esclarmonde

scandalizes the court when she refuses to marry the knight chosen by her father, the brutish lord of the domain of Whispers. Defying her father's wishes, she vows to give herself to God. To punish her willfulness, her father imprisons her in a cell adjoining the castle's chapel. Instead of the peaceful solitude she sought, Esclarmonde finds in her cell the crossroads between the living and the dead. Walled in, with nothing but a single barred window connecting her to the outside world, Esclarmonde exerts a mysterious power over the kingdom. The virgin sorceress reaches a saint-like status, and men and women journey from far and wide to hear her speak. When even her own father falls under her sway, Esclarmonde persuades him to undertake an ill-fated war in the Holy Land.

Deathstalker: Of the Line of Mer

How a Chinese pirate defeated European colonialists and won Taiwan during the seventeenth century
During the seventeenth century, Holland created the world's most dynamic colonial empire, outcompeting the British and capturing Spanish and Portuguese colonies. Yet, in the Sino-Dutch War—Europe's first war with China—the Dutch met their match in a colorful Chinese warlord named Koxinga. Part samurai, part pirate, he led his generals to victory

over the Dutch and captured one of their largest and richest colonies—Taiwan. How did he do it? Examining the strengths and weaknesses of European and Chinese military techniques during the period, *Lost Colony* provides a balanced new perspective on long-held assumptions about Western power, Chinese might, and the nature of war. It has traditionally been asserted that Europeans of the era possessed more advanced science, technology, and political structures than their Eastern counterparts, but historians have recently contested this view, arguing that many parts of Asia developed on pace with Europe until 1800. While *Lost Colony* shows that the Dutch did indeed possess a technological edge thanks to the Renaissance fort and the broadside sailing ship, that edge was neutralized by the formidable Chinese military leadership. Thanks to a rich heritage of ancient war wisdom, Koxinga and his generals outfoxed the Dutch at every turn. Exploring a period when the military balance between Europe and China was closer than at any other point in modern history, *Lost Colony* reassesses an important chapter in world history and offers valuable and surprising lessons for contemporary times.

"There's evil people around, Dermot love. . . . I knew about them even before me dream. Really evil people. Won't we have to fight them!" This latest tale of Nuala Anne McGrail, the engagingly fey heroine of such irresistible books as *Irish Cream* and *Irish Lace*, begins with a foreboding dream of some terrible impending evil. Dermot Michael Coyne, Nuala's adoring husband and spear-carrier, knows better than to ignore his wife's second sight, but from whence does this nameless peril originate? From the Homeland Security goons determined to deport the Irish-born Nuala on the basis of nothing more than vague suspicions and accusations? From the spiteful neighbors campaigning against their family's beloved Irish wolfhounds? Or from the tangled dealings of the Currans, a prosperous clan of Irish-American aristocrats, with whom Nuala and Dermot have recently become acquainted? The true danger becomes shockingly apparent when a catastrophic car-bombing rocks the Chicago riverfront. Uncovering the twisted minds behind the bombing is not easy; Dermot and Nuala soon find themselves enmeshed in a complicated tapestry of lies and secrets. Nuala's

preternatural instincts also lead her to a forgotten manuscript revealing the treachery and deceit behind a tragic chapter in Irish history: the saga of bold Robert Emmet and the failed uprisings of 1798 and 1803. Between the past and the present, our heroine and her devoted spouse have more than enough mysteries to contend with, but the two of them are bound to make the truth just as clear as . . .
