The Clue of the Tapping Heels

“London’s style is typically lush but his viewpoint is skeptical and dystopianthe story reminds us of the dangers we still court with our careless ways.”-The Times “Jack London saw this coming. Why didn’t we?To revisit The Scarlet Plague during the COVID-19 crisis is to marvel at how much London understood- a century ago-about the challenges we face now.”-The Baltimore Sun The Scarlet Plague (1915) is an early dystopian novel written by Jack London in 1910, serialized in London Magazine in 1912, and finally published as a book in 1915. Set in 2073, sixty years after a pandemic has wiped out most of earth’s population, an old man recounts the events of 2013 to his grandsons. He had been a professor of English Literature at the University of California Berkeley, and managed to survive the pandemic by isolating himself in the chemistry facility at the school. Later, he spent years living alone in an empty hotel in Yosemite, until he finally joined a group of rag-tag survivors in San Francisco who called themselves “The Chauffeurs”. The Scarlet Plague opens at the end of civilization when Professor James Howard Smith is an old man on a beach outside of San Francisco, when he tells his story. The world that he describes has no relation to the post-apocalyptic desolation of 2073, and the culture and civilization that he evokes are met with abject skepticism. Smith is convinced that he is the remaining survivor who can describe how the world existed before it descended into complete barbarism. The Scarlet Plagueis a harrowing classic of early science fiction that eerily resonates with the tumultuous events of our own times. With an eye-catching new cover, and professionally typeset manuscript, this edition of The Scarlet Plague is both modern and readable.

Look at Me Becoming a Florist and Shit

There are 54 core lessons for Starter which can be boosted by an extra 30 lessons in the Work Book. The Class Book contains a Starter Unit and six units with core teaching materials and two festival and holiday units. There are 6 pages of mini flashcards (smaller versions of the flashcards) along with pop outs and stickers. Great home-school links with the Class Book 1. Class Book activity pages are perforated - so children can take them home 2. In every unit the children make a pop-out based on the story that they can take home to tell the story there. The Classbook contains FOUR activities per unit: 1. Consolidation activity - following the story the children complete an activity using the stickers 2. Vocabulary activity - to practise the vocabulary song with the use of 3. Cross-curricular activity - to consolidate the theme 4. Key language activity - to bring together all of the language learnt in the unit

The Scarlet Plague

Early on the morning of her eleventh birthday, on the beach beside her North Carolina home, Daria Cato receives an unbelievable gift from the sea—an abandoned newborn baby. When the infant's identity cannot be uncovered, she is adopted by Daria's loving family. But her silent secrets continue to haunt Daria. Now, twenty years later, Shelly has grown into an unusual, ethereal young woman whom Daria continues to protect. But when Rory Taylor, a friend from Daria's childhood and now a television producer, returns at Shelly's request to do a story about the circumstances surrounding her birth, something precarious shifts in the small town of Kill Devil Hills. The more questions Rory asks, the more unsettled the tiny community becomes, as closely guarded secrets and the sins of that long-ago summer begin to surface. Piece by piece, the mystery of summer's child is being exposed, a mystery that no one involved—not Shelly, Daria, not even Rory—is prepared to face.
