Founders of the phenomenally successful publishing company Lonely Planet, Tony and Maureen Wheeler have produced travel guides to just about every corner of the globe. Lonely Planet Publications was born in 1973 when the Wheelers self-published a quirky travel guide, *Across Asia on the Cheap*. This was quickly followed by what soon became the backpackers' bible, *South-East Asia on a Shoestring*. Going boldly where no other travel publisher had ventured, they catered to a new generation of independent, budget-conscious travelers long before the advent of mass tourism. *Unlikely Destinations: The Lonely Planet Story* is a unique mix of autobiography, business history and travel book. It traces Tony and Maureen Wheeler's personal story as well as the often bumpy evolution of their travel guide business into the world's largest independent travel publishing company. Not surprisingly, after thirty years in the business the Wheelers have an unrivalled set of anecdotes which they share in *Unlikely Destinations: The Lonely Planet Story*. They have been hassled by customs, cheated by accountants, let down by writers, banned in Malawi, berated for their Burma guide and had books pirated in Vietnam. Tony has been gored by a cow in Benares, declared dead

around the world in an assortment of gruesome and greatly exaggerated accounts and their company has been accused of the "Lonely Planetization" of the world. Through it all, from the heady days of discovery in the '70s to the rocky patch after the September 11th terrorist attacks, the Wheelers' passion for the planet and traveling certainly hasn't diminished, and comes shining through in this enthralling travelogue. But above all, their memoir reveals the spirit of adventure that has made them, according to the New York Daily News, "the specialists in guiding weird folks to weird places."

The Rough Guide to Czech Republic

On a quiet street in the suburban Midwest, a popular, seemingly stable family keeps a terrible, dark secret behind closed doors -- a secret that will have life-changing consequences for all who know them. Sarah Laden, a young widow and mother of two, struggles to keep her family together. Since the death of her husband, her high-school-age son, Nate, has developed a rebellious streak, constantly falling in and out of trouble. Her kindhearted younger son, Danny, though well behaved, struggles to pass his remedial classes. All the while, Sarah must make ends

meet by running a catering business out of her home. But when a shocking and unbelievable revelation rips apart the family of her closest friend, Sarah finds herself welcoming yet another young boy into her already tumultuous life. Jordan, a quiet and reclusive elementary-school boy and classmate of Danny's, has survived a terrible tragedy, leaving him without a family. When Sarah becomes Jordan's foster mother, a relationship develops that will force her to question the things of which she thought she was so sure. Yet Sarah is not the only one changed by this young boy, and as the delicate balance that holds her family together begins to falter, the Ladens will all face truths about themselves and one another -- and discover the power of love to forgive and to heal. Powerful and poignant, *The Kindness of Strangers* is a shocking look at how the tragedy of a single family in a small suburban town can affect so many. Katrina Kittle has created a haunting vision of the secret lives of the people we think we know best. Through gripping and heartrending storytelling, *The Kindness of Strangers* shows that even after the most grave injuries, redemption is always possible.
