101 Weird Ways to Make Money

PREVIEW Billionaire Javelin, aka "Jav," Montague had never met a woman like Serena Lockett. She intrigued him, he desired her and what Jav Montague wanted, Jav Montague usually got until Serena. **** The last thing down-on-her-luck, single mom Serena Lockett was in the market for was a relationship -- of any kind, especially with the likes of Jav Montague. She knew his type all too well. At Eastside Prep, the exclusive private school she'd attended years ago, she saw first-hand the arrogance of the rich, especially the boys. They thought they were entitled to whatever and whomever they wanted. They grew up to be men who were used to using women and discarding them when they tired of them. Men like Jav Montague. No thanks! Serena vowed. While she was grateful for what Jav had done for her, she wanted nothing more from him. At least that's what she told herself to keep from falling for him. And the longer she and her daughter remained under his roof, the harder it was to make herself believe. **** "This is wrong. Wrong!" Serena screamed. "The only crime I've committed is being poor. You can't take my baby! You can't do this," she ended on a desperate whisper, reaching for Kayla again. A struggle ensued and Kayla was finally whisked away from her. Serena's guttural screams competed with her daughter's more heartbreaking Mommy! Mommy! cries, bringing hundreds of eyes in the station to their little corner, including the cool,

slate-grey orbs of billionaire Jav Montague. **** It hadn't even been a year since Keith, her fiancé, had been killed. She had experienced living on the edge of poverty before she met Keith, but she had no idea how quickly things could plunge headlong into it when the financial rug is pulled out from under you. Within six months of his death, she and her daughter found themselves homeless, living in her car. And tonight, but for Jav stepping in, she could have lost her daughter to foster care, possibly forever. Serena couldn't believe he'd done what he did. "Why would you put yourself on the line like that for a perfect stranger?" Serena asked. "To be perfectly honest, I did it for your daughter," Jav explained. "No child that young should be separated from a loving parent," he said, Kayla's screams ringing in his ears once again. Serena clasped Kayla's hand tighter, his frankness disarming her. "I happen to know something about that," Jav continued, a flicker of sadness in his eyes. A pang of guilt shot through Serena at her undeniable attraction to her rescuer. She was still grieving one love. How could she be so stirred by another?

The 4-hour Chef

President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America's foremost deal-maker. "I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big."—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has

formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks—really talks—about how he does it. *Trump: The Art of the Deal* is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for *Trump: The Art of the Deal* “Trump makes one believe for a moment in the American dream again.”—The New York Times “Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet.”—Chicago Tribune “Fascinating . . . wholly absorbing . . . conveys Trump's larger-than-life demeanor so vibrantly that the reader's attention is instantly and fully claimed.”—Boston Herald “A chatty, generous, chutzpa-filled autobiography.”—New York Post

What it Takes to Make More Money Than Your Parents

The co-host of the popular NPR podcast Planet Money provides a well-researched, entertaining, somewhat irreverent look at how money is a made-up thing that has evolved over time to suit humanity's changing needs. Money only works because we all agree to believe in it. In *Money*, Jacob Goldstein shows how money is a useful fiction that has shaped societies for thousands of years, from the rise of coins in ancient Greece to the first stock market in Amsterdam to the emergence of shadow banking in the 21st century. At the heart of the story are the fringe thinkers and world leaders who reimagined money. Kublai Khan, the Mongol emperor, created paper money backed by nothing, centuries before it appeared in the west. John Law, a professional gambler and convicted

murderer, brought modern money to France (and destroyed the country's economy). The cypherpunks, a group of radical libertarian computer programmers, paved the way for bitcoin. One thing they all realized: what counts as money (and what doesn't) is the result of choices we make, and those choices have a profound effect on who gets more stuff and who gets less, who gets to take risks when times are good, and who gets screwed when things go bad. Lively, accessible, and full of interesting details (like the 43-pound copper coins that 17th-century Swedes carried strapped to their backs), *Money* is the story of the choices that gave us money as we know it today.

In the course of communicating with its customers and employees, an average corporation generates an enormous volume of writing. Yet, in today's downsized business world, the catchword is outsourcing. Many companies are asking: "Why pay salaries and benefits when freelancers - offering a range of talent and fresh "outsider" perspectives - give us only what we need, and only when we need it?" In TFWW, you'll learn what those writing projects are, where they are, how to land them, and how to get hired again and again (even with less-than-brilliant writing ability...). A Surprisingly Accessible (and Lucrative) Writing Direction... With NO industry contacts, NO previous paid writing experience, and NO writing training, the author built a commercial writing business from fantasy to full-time in less than four months. Have an unusual niche? Live in a small town? Need to start part-time? Terrified of "sales and marketing"? It's all here. How to Sell, Then Write Your Nonfiction Book

Sell your book the easy way --- sell a proposal You can get paid to write a book. It's easily possible to make a fast \$10,000, or even a six figure amount. You could even make seven figures --- over a million dollars for twenty pages of text. It sounds incredible, but a fast seven figures is certainly possible if you have a HOT, hot idea or have had an experience that hundreds of thousands of people want to read about. In his 2001 book about writing non-fiction, *Why Didn't I Write That?*, author Marc McCutcheon says that it's not hard to make a good income: "you can learn the trade and begin making a respectable income much faster than most people think possible." The good part is that you don't need to write your book before you get some money. You write a proposal, and a publisher will give you an advance, which you can live on while you write the book. Writing a proposal is the smart way to write a book. It's the way professional writers sell non-fiction. Selling a book on a proposal is much easier than selling a book that you've already written. A book proposal is a complete description of your book. It contains the title, an explanation of what the book's about, an outline of chapters, a market and competition survey, and a sample chapter. A book proposal functions in the same way as any business proposal does: you're making an offer to someone you hope to do business with. It will be treated by publishers in the same way that any business treats a proposal. A publisher will read your proposal, assess its feasibility, cost it, and if it looks as if the publisher

will make money, the publisher will pay you to write the book. When you've sold your proposed book to a publisher, your role doesn't end with writing your book. You're in partnership with your publisher to ensure the book's success. If you do your part, both you and your publisher will make money."

In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. His name was Christopher Johnson McCandless. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's

short life. Admitting an interest that borders on obsession, he searches for the clues to the dries and desires that propelled McCandless. Digging deeply, he takes an inherently compelling mystery and unravels the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page. From the Trade Paperback edition.

There are many books that teach you how to self-publish on Amazon. Yet few talk about how to make money as an author. There's a good reason for this. Most authors don't earn a living from their books. However, it's not impossible. In *Make Money from Kindle Self-Publishing*, I not only show you how to earn \$120 a month (triple the average earnings of a U.S. nonfiction book), I also show you how to earn \$1,000, \$5,000, and even \$10,000 a month. Writing books is difficult. Publishing your books is even harder. It can be scary putting your book out into the world. What if nobody buys? Or worse, people read your book and don't enjoy it? What if all of your hard work is for nothing? I want to help you overcome your fears. So that you can sell more books, serve more people, and make more money. In this book I show you how you can:

- * Quickly and easily self-publish your book on Amazon;
- * Promote your book and reach thousands of readers;
- * Build a loyal following of email subscribers;
- * Maximize earnings from your first book and all of your future offerings.

When you read this book you're going to save time. You can stop trying to figure things out on your own. You're also going to save money. I tell you exactly how to get your book edited and formatted without breaking the bank. I even give you my day-by-day launch plan that's proven to work. It is the exact plan I used to launch my first Kindle book *Make Money On Airbnb*. This book reached over 1,500 readers in its first month and I still sell multiple copies every day. These strategies haven't just worked for me. I interviewed other self-published authors. I asked them exactly which promotion and monetization strategies worked for them. Their responses are included in these pages.
