In 2011, Philip Zimbardo gave a TED Talk called “The Demise of Guys,” which has been viewed by over 1.8 million people. A TED eBook short followed that chronicled how in record numbers men are flaming out academically and failing socially and sexually with women. This new book is an expansion of that brief polemic based on Zimbardo’s observations, research, and the survey that was completed by over 20,000 viewers of the original TED Talk. The premise here is that we are facing a not-so-brave new world; a world in which young men are getting left behind. Philip Zimbardo and Nikita Coulombe say that an addiction to video games and online porn have created a generation of shy, socially awkward, emotionally removed, and risk-adverse young men who are unable (and unwilling) to navigate the complexities and risks inherent to real-life relationships, school, and employment. Taking a critical look at a problem that is tearing at families and societies everywhere, Man, Interrupted suggests that our young men are suffering from a new form of “arousal addiction,” and introduce a bold new plan for getting them back on track. The concluding chapters offer a set of solutions that can be affected by different segments of society including schools, parents, and young men themselves. Filled with telling anecdotes, results of fascinating research, perceptive analysis, and concrete suggestions for change, Man, Interrupted is a

broadcasting career in tatters, a middle aged radio personality must choose between apathy and righteousness in dealing with his landlord. A man's fear of irony creates an unescapable quandary. Things might not be as they appear when a young couple worry and fret for an elderly friend who taps into the magic of the holiday season. His lemonade stand a success, a young boy harnesses his creative spirit in dealing with the complexities of having cash. A naive man goes to a casino to play poker for the first time and proves that perceptions aren't always reality. A guilt ridden brother determines that forgiveness is only divine if all sinners are on board. A happy man, a horse that can't lose, and an approved credit card authorization leads to a tough conversation between friends. An aging Canadian member of parliament must avoid the condescending barbs of family and friends and use his perceived frailness to his advantage in order to serve his country. A wedding between two parents of four proves that beauty is in the mind of the beholder. The chance to spend time alone motivates a couple as they deal with all the nuances of family life, and redefine the prize that awaits. Rumours & Lies is a book for everyone; from young adults to those with a little more seasoning. If you enjoy reading stories that tap into the irony of life, and don't mind the odd twist and turn, you'll enjoy this book.

The life he knew the day before was long gone Who will protect his mother now? The future of our civilization has always been in the hands of our children. What you may not know is that many years ago, a few of our young ones fought a quest against evil-an evil unlike anything anyone has ever seen under this sun. In *Seven & Two*, the first book of the *Our Young Guardians* series, we begin the chronicle of one who was brave enough to leave behind what he knew. His faded handwriting not only captures how they struggled through that war, but how they learned to find themselves as they grew up away from their families. You and I owe them more than we could ever give. And even though there is no word of them ever asking for anything, my heart tells me they would only ask for one thing-to keep them where their friends are. The least we can do for them is honor their story.

A roaring, rollicking, foot-stomping farce. Ketchup Soup is an epic, and at times ribald, comedy about the lovable James Reichardt, a verbose junior copywriter who's just landed his first job at a sleepy advertising agency in New Orleans. Part genius, part naive miscreant, James suffers from illusions of grandeur, not the least of which are the beliefs that business is the key to happiness and that he is Caesar reincarnated. In his first 364 days in the Big Easy he'll join forces with the many colorful characters of the city to bring down the ad agency, swear allegiance to art and lead a revolt against capitalism at the height of Mardi Gras. A tale that is both hilarious and heartfelt, Ketchup Soup is the side-splitting story of one young man's journey through the nonconformists and dank back alleys of New Orleans.

James Bailey's form of obsessive-compulsive disorder (OCD) was as bizarre as it was unbearable. He was obsessed by a fear of drugs and their effects, believing himself to be in constant danger of becoming insanelly high through people spiking his food, or even by just touching a photograph of a marijuana leaf. The treatment programme he went through at a specialist American clinic was challenging, to say the least. He was asked to shake hands and mingle with the local junkies, fighting his anxieties and the urge to go and wash for as long as possible in order to 'expose' himself to his fears. *Man, Interrupted* gives us a glimpse into the tortured world of a man suffering from what is an increasingly common disorder. But far from being a doom-laden account of mental illness, the result is uniquely revealing, hilariously entertaining and wonderfully rewarding.

If I Loved You

The National Book Critics Circle Award-winning author delivers a collection of essays that serve as the perfect “antidote to mansplaining” (*The Stranger*). In her comic, scathing essay “Men Explain Things to Me,” Rebecca Solnit took on what often goes wrong in conversations between men and women. She wrote about men who wrongly assume they know things and wrongly assume women don’t, about why this arises, and how this aspect of the gender wars works, airing some of her own hilariously awful encounters. She ends on a serious note— because the ultimate problem is the silencing of women who have something to say, including

those saying things like, “He’s trying to kill me!” This book features that now-classic essay with six perfect complements, including an examination of the great feminist writer Virginia Woolf’s embrace of mystery, of not knowing, of doubt and ambiguity, a highly original inquiry into marriage equality, and a terrifying survey of the scope of contemporary violence against women. “In this series of personal but unsentimental essays, Solnit gives succinct shorthand to a familiar female experience that before had gone unarticulated, perhaps even unrecognized.” —The New York Times “Essential feminist reading.” —The New Republic “This slim book hums with power and wit.” —Boston Globe “Solnit tackles big themes of gender and power in these accessible essays. Honest and full of wit, this is an integral read that furthers the conversation on feminism and contemporary society.” —San Francisco Chronicle “Essential.” —Marketplace “Feminist, frequently funny, unflinchingly honest and often scathing in its conclusions.” —Salon

Young men are failing as never before - academically, socially and sexually. But why is this so? What are the implications? And what needs to be done about it before it's too late? Philip Zimbardo and co-writer Nikita Coulombe examine the modern meltdown of manhood and how this is manifest in the lives of young men today. They consider such factors as absent fathers, and legislation favouring

women, which contribute to many men lacking social skills and direction in their lives. Most controversially, Zimbardo argues that readily available hardcore pornography and exciting gaming realities provide digital alternatives that are less demanding and far more appealing for many than sex, sports and social interaction in the real world. Immersion in these alternative realms is playing havoc with these boys' cognitive development, their ability to concentrate and their social development, allowing girls to excel in the real world where social skills are a source of success. By illuminating the symptoms and causes of these gloomy trends, Zimbardo and Coulombe shed light on how we arrived at this state of affairs and, most significantly, what the solutions might be.

The Saturday Evening Post

The idea for this book occurred to me one night years ago at a bar on Pittsburgh's South Side. I was with four friends. We met there every week to watch Will & Grace. As we drank our beer, I realized that we were five gay men, all divorced from women, and among us, we had fourteen children. Even though I had met married men on gay sites online, up until that night, I had considered myself something of an anomaly. I was a heterosexual man who didn't realize I was gay until I was married and had children. Before that night at the bar, I had been vaguely aware that my friends and I were meeting a lot of married men--men in straight marriages--in gay bars and other venues in which these supposedly straight men were looking to hook up with other men. That night in the South Side,

it hit me that I was not an anomaly. There is something happening in American culture. People are starting to wake up and realize that they are not who they thought they were. They're waking up and finding themselves married to someone that biologically no longer rings their bells. And this phenomenon is much more common than people think.

Our Young Guardians

In 1967, after a session with a psychiatrist she'd never seen before, eighteen-year-old Susanna Kaysen was put in a taxi and sent to McLean Hospital. She spent most of the next two years in the ward for teenage girls in a psychiatric hospital as renowned for its famous clientele—Sylvia Plath, Robert Lowell, James Taylor, and Ray Charles—as for its progressive methods of treating those who could afford its sanctuary. Kaysen's memoir encompasses horror and razor-edged perception while providing vivid portraits of her fellow patients and their keepers. It is a brilliant evocation of a "parallel universe" set within the kaleidoscopically shifting landscape of the late sixties. *Girl, Interrupted* is a clear-sighted, unflinching document that gives lasting and specific dimension to our definitions of sane and insane, mental illness and recovery.

The Male Mother

The Male Mother book is first of a series of four that are designed to help men develop their feminine side. Men are largely unaware of their feminine side that has been ignored and denigrated by many in our modern world. This series of books The Real Men series because it addresses the need for men to become fully mature and effective adults. The Real Men series is about helping adult men develop and integrate their often-ignored feminine side. Otherwise, they are unable to meet many of the challenges of modern life, in general, and fatherhood, in particular. In order to meet these challenges, fathers need to acquire new skills in male mothering. One of the first challenges many adult men face is being able

to be an effective father for their children. I have yet to meet a father who feels like he was well equipped for the job. This book presents a more complete picture of what mature adult fathers looks like. It is rare that fathers get this kind of information. Many men do not even know what a mature father looks like, because our culture paints men as macho, dominant, non-feeling critters. It also encourages men who have avoided and denigrated feminine aspects of their personality. This means being more in touch with their feelings and seeking committed, equalitarian, adult relationships. My research clearly suggests there is a rapidly emerging trend among younger men in our culture that supports being interested in developing and integrating their feminine side. This book presents a roadmap of the emerging feminine side of development for men to follow. Many men silently carry guilt and shame about what they did or did not do raising their children. This book shows fathers how to overcome their perceived failings as a father and describes the skills they need to help correct mistakes they may have made as a father. Fathers need to learn some of the following Male Mother skills:

- Display genuine empathy toward their children when they are experiencing deep emotions.
- Speak and act in ways that nurture their children.
- Show compassion toward their children even when they oppose their father's ideas or requests.
- Look their children in the eyes and connect with them as separate human beings.
- Forgive their children's failings without judgment.
- Give them emotional support, mirroring and unconditional love.
- Negotiate to get their needs met without diminishing the needs of their children.
- Create a lifestyle that models life-giving

values, beliefs and behaviors toward humans, plants, animals and all creatures that are vulnerable and dependent. • Access to the “wisdom of the heart” or intuition to guide his decisions. This book will help you perform four important “initiations” for your children that provide the secure foundation they need to become responsible, mature adults. The four initiations are: • Cutting the Cord: Creating the Divine Family Triangle • Facilitating the Completion of the Psychological Birth of Your Children. • Helping Your Children Achieve Mastery of Everyday Tasks. • Helping Your Children Learn To Negotiate to Get Their Needs Met and How to Cooperate with Others. Even if your children are older, it is never too late to provide this support for them. Once you know what to do, you can find ways to fill in the developmental gaps in your children. Of the three boys, Chris McKellar is the conventional one of the group-the glue that binds the troubled Teddy and smart, introverted Charlie together. The story is Chris's adult recollection of the time when he, Teddy, and Charlie decide to travel on their own to Grumman Aerospace Company, the builders of the Lunar Excursion Model-the craft that will eventually deliver man to the moon. Just as the boys embark on their journey, the dark-hearted preacher Lovejoy ambushes them. Teddy's grandpa has amassed a secret fortune, but it's no secret to Lovejoy, who is seducing Teddy's mother and will do anything to get the money. But the boys resist the preacher's attack in a way that leaves him dead in the creek or so they think. In shock, they follow their compass, toward the fraternity of hopes, dreams and, unsuspectingly, manhood.
