The Kid Justice Series is trying to send a message to the youth of this world that it is alright to be normal. It's alright to help people in need and that it is wrong to do harm to our fellow men and women. This is the first volume. Volume two is being written at present. The book covers some of the wrong that our young may encounter and the evil forces a city can thrust upon them. It is not trying to scare anyone but does show, in a graphic way, some of the issues all society is confronted with, day in and day out. Kid Justice, (Corey Groves), is a young man, eighteen years of age, who becomes dedicated to fighting crimes of all kinds, and is a young master of the martial arts. His master teacher is Master Jung, his uncle, who becomes his father after Corey's parents are killed in a car accident. Together they create the Justice Team and work alongside the police as a surveillance squad displaying a presence that becomes a deterring force to be reckoned with. The Justice Team starts out with just four members. Corey, Lake, Sheena and their Master Teacher, Master Jung. You'll have to buy the book to find out how they become a team and all the issues they are confronted with. It has action for those who like that. It has romance for the women and some of the issues a young girl might encounter while growing up. So please enjoy! The two continued walking and then suddenly heard a screaming cry for help. It was loud enough to pierce an ear drum. Seeing a young girl being bullied by two of the scum they had been searching for, caused them to accelerate to the scene like two black and whites without lights and sirens. Scum being what they are took the girl using her for cover with a switch blade at her throat. They were brave enough to bully a girl,

innocent and kindhearted, causing her to fear for her life; but weak and cowardly when threatened by a force to be reckoned with. Corey slowly closed the distance to the bully. "Don't come any closer man," This scum that doesn't respect anything, human or otherwise, warned.

The Invisible Government

The State of Africa series project was conceived by the Africa Institute of South Africa (AISA) during its 2003--04 financial year for purposes of mapping out on a regular basis critical issue areas relating to intra- and inter-African as well as extra-African relations. The first and second volumes of the series were published in 2004 and 2008 respectively. Volume 1: *The State of Africa: Thematic and Factual Review* served as an exploratory piece and covered a broad range of issues relating to politics and governance, millennium development goals (MDGs), peace and conflict and regional development. Volume 2: *The State of Africa: Post-Conflict Reconstruction and Development* focused thematically and examined--from critical and comprehensive perspectives--issues associated with post-conflict in Africa. The volume was grounded on the continent's quest for conflict prevention,

management and resolution as a means of creating an enabling environment for the consolidation of democracy and reconstruction of societies affected by crisis in general and war in particular. This volume, Volume 3: Parameters and Legacies of Governance and Issue Areas takes a multi-pronged and multi-faceted approach to some of these issues by providing in-depth analysis of dynamics at national, regional, continental and international levels. The global transformation in the 1980s and 1990s, which witnessed the crumbling of the Soviet Union, the Warsaw Pact and opened a window of opportunities for East--West bipolar rapprochement, particularly between the United States and Russia, also had impact on Africa at the national, regional and continental levels. Focusing on conceptual units, such as the state, indigenous organisations, regional and continental organisations as well as selected priority issues--in particular gender and empowerment, the global South, and space science--the chapters in the book provide useful insights into the nature and impact of the transformation and its impact on the socio-economic and politico-security situation in Africa.
