1000 Trivia Questions for Kids

Provides five thousand facts about everything from water parks and hair to manners and fossils.

Bugs

Spunky, eight-year-old Mallory McDonald is very unhappy when her parents decide to get her older brother Max a dog. Why would her parents agree to such a thing? Dogs are smelly and bark and chew on things. Plus, they already have a perfectly good cat, Cheeseburger. When they finally get the puppy, it's worse than Mallory imagined. Everyone loves Champ and he and Max are getting all of the attention. Poor Mallory now everyone's mad at her. What should she do?

Are You Normal ?

When Nick and Kia are invited to former Toronto Raptor Jerome "Junk Yard Dog" Williams' basketball camp in Washington, DC, they quickly discover that this is no ordinary summer hoop camp. This is a basketball boot camp that focuses on discipline and hard work. Jerome and Johnnie's father, "Sergeant Push-up" to the campers, is the no-nonsense camp director. When scrimmages begin, Nick and Kia fall victim to the antics of their teammate Jamal, a talented but troubled player who tries to win games on his own. Only after some hard lessons-and some tough losses-do the three youngsters learn that it takes everyone on the team to accomplish real success.

Mental_Floss Trivia

In this fun, fascinating and full-color guide, the fan-favorite heroes of Big Hero 6 introduce young readers to the most fascinating, unusual and downright mind-boggling concepts from science, technology, engineering and math - and of the critical thinking skills they'll need to become super-brain superheroes in their own right! Jam-packed with answers to hundreds of fascinating "why" questions that are sure to keep kids turning pages for hours, this book

leverages the STEM backgrounds of the Big Hero 6 characters to make every question and concept relevant to today's kids. They'll learn why robots will soon develop AI (whether we want them to or not), why our fingertips wrinkle when they get wet, why the sun is able to eject solar flares into space when there's no oxygen to feed them, why water sometimes runs uphill, and much, much more. While there are other books for children that try to answer the question "why?," the Big Hero 6 Super-Brain Science Book of Why is the only one completely devoted to STEM topics, which are a huge focus of children's education today. What's more, this book also introduces kids to the concept of "critical thinking," with sidebars and callouts throughout, challenging readers to understand how the scientists arrived at the conclusions to these STEM-based questions. With publication timed to coincide with the second season of this hit Disney cartoon, this book will help keep young kids educated and entertained year round.

Billy Stuart is a young raccoon who aspires to be just like his grandfather, a globe-trotting adventurer who knows no fear. When he learns that his grandfather has found a way to travel through time and is leaving on another great voyage, he sets out to see him off (and maybe sneak along). Billy Stuart follows his grandfather's puzzling clues through a maze of caves and caverns to find him before he leaves, trailed by his Scout pack, the Zintrepids. What Billy doesn't know is that once they go down the fateful path his grandfather has taken, there will be no turning back. Brightly illustrated and enhanced with games and puzzles throughout, Billy Stuart and the Zintrepids is sure to amuse readers of all ages. The next book in the Billy Stuart series will be available in Spring 2019.

Zookeepers were baffled as to how the ape was escaping, until one day they caught him in the act. Fu Manchu knew how to pick locks. Not only that, he had created his own tool that he used to pick the locks with, which he would store in his mouth so as not to be found out. This and two other charming stories will engage readers and leave them wondering if humans are really the smartest animals.

National Geographic Kids Infopedia 2021

When middle school mishaps happen, five friends form the S.M.A.R.T. Squad and use their collective skills and the power of science to bring order to their school. Science reigns supreme with this squad of young brainiacs. Join Izzy Newton and her friends in the first adventure of this fun new middle-grade fiction series from National Geographic Kids. A crowded new school and a crazy class schedule is enough to make Izzy feel dizzy. It may be the first day of middle school, but as long as her best friends Allie Einstein and Charlie Darwin are by her side, Izzy knows it'll all be okay. However, first-day jitters take an icy turn when Izzy's old pal Marie Curie comes back to town. Instead of a warm welcome, Marie gives her former pal the cold shoulder. The problems pile up when the school's air-conditioning goes on the fritz and the temperature suddenly drops to near freezing. The adults don't seem to have a clue how to thaw out the school. Cold temperatures and a frigid friendship? Izzy has had enough of feeling like an absolute zero. She rallies the girls to use their brainpower and science smarts to tackle the school's chilly mystery and hopefully to fix a certain frozen friendship along the way. Will the girls succeed and become the heroes of Atom Middle School?
