One Perfect Day

No Daffodils, No Clouds, like Tom Lyford's earlier poetry books, is a compendium of baby boomer Americana. The table of contents listing, with everything from “Brat Packs” and “Idiots' Guide to Wormholes” to “A Terrible Thing to Waste” and “Poem Nazis,” reads like the big board of Alex Trebeck's Jeopardy categories. Allow Tom Lyford to personally introduce you to his unwitting mentors Janis Joplin, Bob Dylan, Tom Waits, Leonard Cohen, Stephen King, J. D. Salinger, and Ray Bradbury. Accept the tokens he offers for passage back through the Twilight Zone turnstile to relive those sights and sounds and smells of your '50s and '60s drive-in movie theater and roller skating pavilion. Contemplate his long view as to where we've been, and where we're headed. But you'll discover no “wandering lonely as a cloud” or “host of daffodils” here. Why? Because legions of Wordsworth wannabes have been doing that since 1802. What you will find, however, is a lot of humor and heart. You'll find accessible poems that you can understand. And you'll even find creative illustrations...

As Long as We Both Shall Love

In As Long as We Both Shall Love, Karen M. Dunak provides a nuanced history of the American wedding and its celebrants. Blending an analysis of film, fiction, advertising, and prescriptive literature with personal views from letters, diaries, essays, and oral histories, Dunak demonstrates the ways in which the modern wedding epitomizes a diverse and consumerist culture and aims to reveal an ongoing debate about the power of peer culture, media, and the marketplace in America. What does consumerism have to do with the sacraments? We live in cultures where our senses of meaning, identity, and purpose are often found in what we purchase. Apart from the question of hedonism, there is the question of how we orient ourselves in an environment in which we end up marketing our very selves. In this book, Timothy Brunk examines how this consumer culture has had a corrosive effect on the seven sacraments of the Catholic Church. He also assesses how

sacramental worship can provide resources for responsible Christian discipleship in today's consumer culture.

I waited until the last two years of high school to take Spanish and am now one of only three seniors; Sam and Rob are the

others. Every day we have to conjugate verbs and today, the teacher was in a rare mood. Amar: to love That's what I associated with Rob Holland, the newest student at Naylorville High who somehow has the power to make me blush, stammer and trip all at once. Molestar: to annoy That should be Sam Seeley's middle name. Since seventh grade he has annoyed me to the point where I should earn a gold medal for ignoring him. Matar: to kill This is what I want to do to the person putting black origami roses in my locker, writing hateful notes, rude emails and texts and throwing a rock at my bedroom window. Nadar: to swim My one talent. A college scholarship I desperately need. Something I never thought I wouldn't be able to do until an "accident" cuts my swim season short. Aprender: to learn I have a lot to learn. About Rob and how emotionally stunted a person can be. About Sam and how his life isn't better than anyone else's. About how one friend's mental illness can have lasting effects. About love. About myself Lane Meyers.

Waihoura, the Maori Girl

Andrew J. Cherlin's three decades of study have shown him that marriage in America is a social and political battlefield in a way that it isn't in other developed countries. Americans marry and divorce more often and have more live-in partners than Europeans, and gay Americans have more interest in legalizing same-sex marriage. The difference comes from Americans' embrace of two contradictory cultural ideals: marriage, a formal commitment to share one's life with another; and individualism, which emphasizes personal choice and self-development. Religion and law in America reinforce both of these behavioral poles, fueling turmoil in our family life and heated debate in our public life. Cherlin's incisive diagnosis is an important contribution to the debate and points the way to slowing down the partnership merry-go-round.

In the salad of Michael Collins' otherwise perfect life there lurked one undoubted caterpillar, an immature determination to win a county junior hurling title with his beloved De Wets. Collins' playing history and his personal life contain much to vex the ordinary fan and strain his credulity, which is as it must be. And, like all the great matches "The Drinker with the Hurling Problem" is full of excitement, black humour and gritty reality. Collins' story will move the compassionate to tears, the just to indignation and the cruel to laughter. This book tells the story of what it takes to make an Irish male vow to change his life, to say nothing of his underpants. Every novelist writes one book too many and maybe that's what Paddy Coyne has just written; another variation on the Icarus theme: about wax melting, unscheduled descents and, of course, the inclination of God to look the other way when people are suffering most acutely.

The Diary of a Nobody

The moment Diane Burke, an author and mother of two grown sons, received an unexpected certified letter in the mail, she had no idea her life would be shaken to its core. Memories of a past she had buried more than forty years ago suddenly resurfaced and she wasn't prepared to deal with them. Steve Orlandi, happily married, father of two and step-father of three, was living the typical middle class American life. But since the age of eight, when he discovered he was adopted, he had led that life dealing with inner questions about his self-identity and genetic history. Always on his mind was one simple, yet complicated and loaded question: Who am I? In One Perfect Day, Diane shares with readers how she came to the heartbreaking conclusion to give her baby up for adoption and how this decision has affected her life sense. Through Steve's invaluable perspective, readers will also experience the lengths he traveled to discover his mother's identity and reach out to her, not knowing whether she'd want to meet with him after nearly four decades of separation. It all comes

together on one perfect day. This book asks and answers the questions: What defines family? What does it mean to forgive? And is it worth the time, energy, and emotional cost to love a stranger?

Soul Revival

Boundaries is a disturbing story about the blurred lines between love and betrayal, freedom and control, fantasy and treachery, good and evil, past and future. Diane Alders is a successful, workoholic sales executive in the medical field who has a void in her heart as a result of the tragic death of her husband seven years ago. Mickey Rollins is a genius and entrepreneur about to introduce a revolutionary new therapy that will 'repair' injured or impaired brains. Their sputtering romance hits full speed when Mickey invites Diane to accompany him on a lavish and bizarre vacation to the exotic South Seas intended to stretch their senses, fulfill wild dreams, and bring them closer together. Disaster strikes, and it is Diane who becomes Mickey's first human test subject. There's a catch...the healing process requires a surrogate, and Mickey chooses their mutual friend, lover and temptress—the beautiful Suki. The resurrection of Diane that transpires is not only a transfer of physical and cerebral attributes, but a blending of relationships, feelings, and emotions, drawing many into the fray, ending as shockingly as it begins.

Advertising Cyclopedia of Selling Phrases

Most travellers from London enter Paris in the evening, and I think they are wise. I wish it were possible again and again to enter Paris in the evening for the first time; but since it is not, let me hasten to say that the pleasure of re-entering Paris in the evening is one that custom has almost no power to stale. Every time that one emerges from the Gare du Nord or the Gare St. Lazare one is taken afresh by the variegated and vivid activity of it all—the myriad purposeful self-contained bustling people, all moving on their unknown errands exactly as they were moving when one was here last, no matter how long ago. For Paris never changes: that is one of her most precious secrets. The London which one had left seven or eight hours before was populous enough and busy enough, Heaven knows, but London's pulse is slow and fairly regular, and even at her gayest, even when greeting Royalty, she seems to be advising caution and a careful demeanour. But Paris—Paris smiles and Paris sings. There is an incredible vivacity in her atmosphere. Sings! This reminds me that on the first occasion that I entered Paris—in the evening, of course—my cabman sang. He sang all the way from the Gare du Nord to the Rue Caumartin. This seemed to me delightful and odd, although at first I felt in danger of attracting more attention than one likes; but as we proceeded down the Rue Lafayette—which nothing but song and the fact that it is the high road into Paris from England can render tolerable—I discovered that no one minded us. A singing cabman in London would bring out the Riot Act and the military; but here he was in the picture: no one threw at the jolly fellow any of the chilling deprecatory glances which are the birthright of every light-hearted eccentric in my own land. And so we proceeded to the hotel, often escaping collision by the breadth of a single hair, the driver singing all the way. What he sang I knew not; but I doubt if it was of battles long ago: rather, I should fancy, of very present love and mischief. But how fitting a first entry into Paris!

The Calling

Four clairvoyant Earthlings are summoned to a distant galaxy, to assist an abducted race of humans; struggling to defeat an invasion of astral entities. This epic sci-fi/fantasy draws us out of ordinary reality and into multiple worlds of extraterrestrial beauty, fabled history, and life-and-death stakes. Read and be transported.

The Drinker with the Hurling Problem

The Diary of a Nobody is an English comic novel that records the daily events in the lives of a London clerk, Charles Pooter, his wife Carrie, his son Lupin, and numerous friends and acquaintances over a period of 15 months.

One Perfect Summer

'Hey, you! Beautiful!' The voice was compelling—an order. So I turned around. 'Yeah, you,' he said. 'What are you doing in here? You look normal.' 'I am,' I said. Bettye Kronstad met Lou Reed in 1968 as a nineteen-year-old Columbia University student; they were married, briefly, in 1973. Their relationship spanned some of the most pivotal years of his life and career, from the demise of The Velvet Underground to the writing and recording of his seminal solo masterpieces Transformer, for which Lou wrote 'Perfect Day' about an afternoon they spent together in the park, and Berlin, which draws on tales from Bettye's childhood. In Perfect Day, Bettye looks back on their initially idyllic life together on the Upper East Side; Lou's struggle to launch a solo career after leaving perhaps the most influential rock band of all time; his work and friendships with fellow stars David Bowie and Iggy Pop; and his descent into drink and drug abuse following the success of Transformer, which sent him spinning out from gentle soul to rock'n'roll animal and brought a swift and calamitous end to their relationship. The result is a powerful and poignant meditation on love, loss, writing, and music.
