Corporate Responsibility and Stakeholding

The Nature of Fascism draws on the history of ideas as well as on political, social and psychological theory to produce a synthesis of ideas and approaches that will be invaluable for students. Roger Griffin locates the driving force of fascism in a distinctive form of utopian myth, that of the regenerated national community, destined to rise up from the ashes of a decadent society. He lays bare the structural affinity that relates fascism not only to Nazism, but to the many failed fascist movements that surfaced in inter-war Europe and elsewhere, and traces the unabated proliferation of virulent (but thus far successfully marginalized) fascist activism since 1945.

The Routledge Handbook of Lexicography

This volume provides concise, authoritative accounts of the approaches and methodologies of modern lexicography and of the aims and qualities of its end products. Leading scholars and professional lexicographers, from all over the world and representing all the main traditions and perspectives, assess the state of the art in every aspect of research and practice. The book is divided into four parts, reflecting the main types of lexicography. Part I looks at synchronic dictionaries -

those for the general public, monolingual dictionaries for second-language learners, and bilingual dictionaries. Part II and III are devoted to the distinctive methodologies and concerns of the historical dictionaries and specialist dictionaries respectively, while chapters in Part IV examine specific topics such as description and prescription; the representation of pronunciation; and the practicalities of dictionary production. The book ends with a chronology of the major events in the history of lexicography. It will be a valuable resource for students, scholars, and practitioners in the field.

Oxford Advanced Learner's Dictionary, 8th Edition: Paperback

This title presents an in-depth treatment of over 22,000 words, phrases and meanings. Informed by the 85-million-word Oxford Corpus of academic English, which includes a broad range of textbooks and academic journals from 26 different disciplines within the subject areas of humanities, social sciences, life sciences and physical sciences. Corpus-based examples show words in genuine academic contexts and help students use words correctly.

Oxford English-English-Malay Dictionary

bull Features: 83,000 illustrative quotations from 7,000 authors All major words in English used after 1700 Details of rare and obsolete words

Gran Diccionario Oxford

"Webster's New World Dictionary is a precise reference tool carefully created to meet the needs of the most demanding user. Definitions are accurately written to convey the most up-to-date information in a user-friendly, easily understood style. Commonly used foreign expressions that should be italicized are clearly identified; and an innovative feature is a syllabification system that distinguishes between preferred word breaks for line-end hyphenation and possible but less desirable breaks. In this updated edition, new entries map the frontiers of English in an era of unparalleled diversity and rapid development, while more than 150,000 entries ensure that you'll find the word you're looking for and a great deal more." "In today's information age, in which clarity of expression and understanding are at a premium, and the ability to communicate crisply and accurately becomes more important every day, a high-quality desk dictionary is absolutely essential. Webster's New World Dictionary, Third College Edition, is such a dictionary."--Jacket.

Oxford Modern English Grammar

A fully updated edition of the best-selling Cambridge Advanced Learner's Dictionary. It includes up-to-date vocabulary, clear definitions, hundreds of pictures and illustrations, and a new 'Focus on Writing' section. English Verbs & Essentials of Grammar for ESL Learners

An easy-to-use dictionary containing 90,000 up-to-date words, phrases, and definitions.

Oxford Business English Dictionary

In this classic text the authors examine the links between racism, psychological ill health and inadequate treatment of ethnic minorities. Through a series of case studies they discuss: * the psychological legacy of colonialism and slavery * the racist bias in psychiatric and psychological theory * diagnostic bias * the role of religion in mental health or illness * the value of anthropological and pschoanalytic insights. The concluding chapter in this edition reviews the development of 'transcultural psychiatry' and summarises changes in administration of the Mental Health Act.

Webster's New World Dictionary of American English

This is the first history of dictionaries of English for foreign learners, from their beginnings in Japan and East Asia in the 1920s to the present day. Anthony Cowie describes the evolution of the major titles, and their fight for dominance of what

soon became an enormous market. He shows how developments in lexical and grammatical theory crucially affected the content and structure of ELT dictionaries.

Oxford Advanced Learner's Dictionary of Current English

The English-Ciyawo Dictionary has been designed to help Yawo learners improve their English language skills for undertaking secondary school and university in the following ways: It helps a Yawo learner identify and learn the 3,000 most important and frequently used words in the English language. It gives a learner the most important meanings of each English word. It shows a learner how an English word is used in a sentence and also gives a translation of each sentence in Ciyawo to help a learner fully grasp the meaning.

Oxford Advanced Learner's Dictionary, 8th Edition International Student's Edition with CD-ROM and Oxford iWriter (only available in certain markets)

The need for constructing a lexicographical theory with a particular focus on specialised dictionaries for learners is well documented in recent publications. This will imply paying attention to, at least, four basic lexicographic categories: learners; the learner's situation; the learner's needs; dictionary assistance. In one

or other way, these categories are analysed in this book, whose eleven chapters are grouped into three parts. Part 1 reflects on some of the main ideas defended by the function theory of lexicography, perhaps the theoretical framework that has paid more attention to specialised lexicography. Part 2 presents some proposals that have already being explored in the field of general learner's dictionary and must be incorporated into specialised metalexicography: cultural aspects; figurative meaning; the inclusion of grammatical information; the use of corpora. Part 3 introduces the state of play regarding specialised dictionaries in China and offers some ideas for coping with the proliferation of terminological glossaries in Internet. The book also describes Enrique Alcaraz's academic achievements, together with some personal anecdotes, and a personal short tribute to his memory.

The Nature of Fascism

The Oxford Handbook of Lexicography

Oxford Advanced Learner's Dictionary, 8th Edition International Student's Edition with CD-ROM and Oxford

iWriter (only available in certain markets)

Shorter Oxford English Dictionary

Story-Based Inquiry: A Manual for Investigative Journalists

An all-in-one resource to help you sharpen your English verb and grammar skills. Written with ESL learners like you in mind, this book provides essential concepts regarding verbs and grammar, as well as an appendix of helpful verb tables. English Verbs & Essentials of Grammar contains a multitude of examples using contemporary language to give you a taste of the language in real-life situations. Each unit focuses on a single verbal or grammatical concept, providing concise yet

comprehensive explanations.

Preface to a Dictionary of the English Language

Although much consideration has been given to the relationship between a corporation and its stakeholders, less attention has been given as to who those stakeholders might consist of. In this book we take the widest definition of stakeholders and consider aspect of the corporation's responsibility to this community.

Oxford Idioms Dictionary for Learners of English

Oxford Advanced Dictionary of American English

Specialised Dictionaries for Learners

New Oxford English Grammar is Oxford's brand new and definitive guide to grammar usage. This book has been written by a leading expert in the field, covers both British and American English, and makes use of the unrivalled language

monitoring of Oxford's English Dictionaries programme. Arranged in three clear parts for ease of use, its comprehensive coverage ranges from the very basic to the most complex aspects of grammar, all of which are explained clearly and engagingly. This descriptive source of reference is invaluable for those with an interest in the English language, undergraduate students of all disciplines, and for anyone who would like a clear guide to English grammar and how to use it.

English Dictionaries for Foreign Learners

Produced by Oxford's American Dictionaries Program, and drawing on the expertise of scores of American scholars and advisors, The New Oxford American Dictionary sets the standard of excellence for lexicography in this country. Here is the most accurate and richly descriptive picture of American English ever offered in any dictionary. Oxford's American editors drew on our 200-million-word databank of contemporary North American English, plus the unrivaled citation files of the world-renowned Oxford English Dictionary. We started with American evidence--an unparalleled resource unique to Oxford. Our staff logged more than 50 editor-years, checking every entry and every definition. Oxford's ongoing North American Reading Program, begun in the early 1980s, keeps our lexicographers in touch with fresh evidence of our language and usage--in novels and newspapers, in public records and magazines, and on-line, too. To provide unprecedented clarity, the entries are organized around core meanings, reflecting the way people think about

words and eliminating the clutter and confusion of a traditional dictionary entry. Each entry plainly shows the major meaning or meanings of the word, plus any related senses, arranged in intuitive constellations of connected meanings. Definitions are supplemented by illustrative, in-context examples of actual usage. This major new edition of The New Oxford American Dictionary includes a guide to the pronunciations on every page, a new etymology essay by Anatoly Liberman, completely updated and revised maps, and more than a thousand new entries, covering everything new in our language from low-carb to warblog and beyond. The New Oxford American Dictionary is designed to serve the user clearly, simply, and quickly, with the precise guidance you expect from Oxford University Press. With in-depth and up-to-date coverage that all users need and expect--for reading and study, for technical terms, for language guidance--it continues the tradition of scholarship and lexicographic excellence that are the hallmarks of every Oxford dictionary. Web Site A companion web site is now available at www.oup.com/us/noad.

International Student's Edition (only available in certain
markets)**

Oxford Student's Dictionary Paperback

A working guide for students conducting theological writing and research on theology and biblical studies courses, this book integrates the disciplines of writing, rhetoric, and theology, to provide a standard text for the teaching and mentoring of writing across the theological curriculum. As a theological rhetoric, it also encourages excellence in theological writing in the public domain by helping to equip students for their wider vocations as writers, preachers, and communicators in a variety of ministerial and professional contexts. This 2nd Edition includes new chapters on 'Writing Theology in a New Language', which explores the linguistic and cultural challenges of writing theology well in a non-native language, and 'Writing and Learning Theology in an Electronic Age', addressed to distance learning students learning to write theology well from online courses, and dealing with the technologies necessary to do so.
