Practice Makes Perfect: English Verbs, Third Edition

Par son étude détaillée des difficultés - en particulier celles traitées trop sommairement ailleurs - cet ouvrage offre un complément utile aux grammaires traditionnelles. Parmi ses caractéristiques, citons : - une comparaison de chaque élément étudié avec toutes les alternatives possibles; - de nombreux exemples commentés et souvent traduits; - une indication systématique de la fréquence et du registre (formel, informel) des formes proposées; - une étude des divergences entre l'anglais et le français (un index spécial en facilite l'accès); - outre la partie "structurelle", purement grammaticale, une part de l'ouvrage traite en profondeur des principales fonctions langagières.

Ideal for PET and FCE preparation Packed full of useful study extras, the Cambridge Learner's Dictionary helps you on your way to becoming a confident, natural English speaker. With clear definitions, written especially for intermediate level students, and thousands of examples that put the language into context, this dictionary is an invaluable companion, whether you are learning English for work or pleasure, or preparing for an exam. The best bits of the dictionary * NEW! Improved and expanded study pages include the innovative 'Talk' section, focussing on conversation, and how people really speak in day-to-day situations. * NEW! Word Partner boxes show how words are used together, helping you develop natural sounding English. * NEW! Special 'new words' section focuses on the latest words to enter the English language, ensuring that the language you learn is always up to date. * NEW! Thesaurus boxes make your English sound more natural by providing alternatives to over-used words, helping you to widen your vocabulary. * Learner Error notes taken from the Cambridge Learner Corpus - based on real student errors from Cambridge ESOL papers - help you to avoid typical mistakes. The Cambridge Learner's Dictionary CD-ROM includes the whole dictionary in a handy searchable format and much more, too! You can listen to every word in British and American English - and even record yourself for comparison. The best bits of the CD-ROM * UNIQUE! SMART thesaurus helps build vocabulary and allows you to create topic-related word lists at the click of a button.

* QUICKfind, a mini pop-up version of the dictionary, lets you look up words as you work with no effort. * Hundreds of interactive vocabulary practice exercises - to use on-screen, or print out for classroom use - help you to monitor your progress.

Past Perfect, Present Tense

Seminar paper from the year 2006 in the subject English Language and Literature Studies - Linguistics, grade: 1, University of Innsbruck (Department of English), course: Language Awareness III, 3 entries in the bibliography, language: English, abstract: The focus of this paper is on the different types and forms of verbs and especially on their semantic and grammatical function. Verbs can convey lexical meaning or solely be used for grammatical constructions without conveying meaning. First of all, they will be given a possible classification of verbs depending on their function either as conveyers of meaning or elements in grammatical constructions. Then, the functions of different verb forms will be looked at. Finally, the verb's role in a sentence and the distinction between phrasal verbs and prepositional verbs will be analyzed. In a more practical part the theory will be applied to texts and proved by that. The analysis of the texts is intended to provide a concrete understanding of the abstract theory that is depicted in the chapters at the beginning.

Life 2, American English, Student Book

From bestselling author Susan Isaacs comes her "feisty, funny, and smart" (New York Times) novel about a successful TV writer who once worked for the CIA. Katie seems to have the perfect life—a great husband, a precocious and winning ten-year-old son; and a glamorous job as writer for the long-running TV series, *Spy Guys*, based on her own surprisingly successful novel. But for Katie, writing about the spy business isn't as satisfying as working in it. Fifteen years ago, she was working at CIA headquarters. She loved her job, and especially her boss. Then, suddenly, for no apparent reason, she was fired. Katie comes from a family of Manhattan achievers, so it's been tough to accept such humiliation. She'd give almost anything to know what falsehoods lay in her personnel file. A surprise call from former colleague Lisa gives Katie hope. Lisa says she urgently needs Katie's help on a matter of national importance and promises to reveal all if Katie will work with her. Then Lisa disappears. One person is dead, then another. Who will be next? With some help from a couple of colorful ex-spies, Katie embarks on a scary mission, leading her back to the extraordinary and eerie days as the Berlin Wall was about to crumble. Flawlessly crafted, witty and suspenseful, *Past Perfect* is classic Susan Isaacs in top form.

Intermediate English Grammar: A Reference and Practice Book 1 (16K)

Essential Elements of English Grammar

"Essential Elements of English Grammar" with Answer Key An informative and easy to use grammar book for intermediate to advanced students of English. Essential Elements of English Grammar can be used as a self-study guide or as a classroom textbook. This book covers rules regarding the use of verbs in the English language from verb tenses to verb usage topics such as active and passive voice, auxiliary (helping) verbs, and conditional sentences. The exercises have been thoroughly evaluated to help the student learn and understand each grammar lesson.

Practice Makes Perfect: Basic English

The study endeavors a detailed and systematic classification of linguistic simultaneity expressions. Further, it aims at a well described survey of how simultaneity is expressed by native speakers in their own language. On the basis of real production data the book answers the questions of how native speakers express temporal simultaneity in general, and how learners at different levels of proficiency deal with this situation under experimental test conditions. Furthermore, the results of this study shed new light on our understanding of aspect in general, and on its acquisition by adult learners.

Practice Makes Perfect English Conversation

Seminar paper from the year 2011 in the subject English Language and Literature Studies - Linguistics, grade: 1,0, University of Würzburg, language: English, abstract: 1. Introduction: Tense and aspect A foreign learner of the English language has to struggle with many tasks concerning vocabulary and grammar. Especially the correct usage of the verb phrase includes a highly difficult problem and has to be analysed very detailed. It includes not only the grammatical category of tense but as well the category of aspect, mood and voice. This paper is supposed to concentrate on the grammatical categories tense and aspect. Tense is used to express the location of an event or state in time. It can be divided into future, present and past tense. By contrast to that “aspect” expresses the way in which the action or the state is experienced. It reflects the meaning of the verb in relation to time. That means it shows whether the action is finished or is still in progress. The English verb system includes the perfective aspect, the progressive aspect, the simple aspect and the perfect-progressive aspect. (Quirk et al. 1979: 40) In the following an overview of the tense past combined with the perfective aspect will be given. First of all the definitions of this tense and aspect will be compared in three different grammars: “Meaning and the English Verb” by Leech, “A Student’s Grammar of the English Language” by Quirk and Greenbaum and “Longman Student Grammar of spoken and written English” by Biber et al.. In the second part of the paper the application of the past perfect will be analysed in an excerpt of “Harry Potter and the Prisoner of Azkaban” written by Joanne K. Rowling.

Practice Makes Perfect: English Vocabulary for Beginning ESL Learners, Third Edition

Practice Makes Perfect English Grammar for ESL Learners, 2nd Edition

Grammatical and Semantic Functions of Verbs in the English Language

This book is the first book-length study on the Swedish present perfect. It provides an in-depth exploration of the present perfect in English, German and Swedish. It is claimed that only a discourse-based ExtendedNow-approach fully accounts for the present perfect. The main claim is that the length of the ExtendedNow-interval varies cross-linguistically. The book is couched within the framework of the Discourse Representation Theory and also within Distributed Morphology. It is shown that Swedish provides empirical evidence against all previous research in the field. The following questions are investigated: Is it possible to assign a single

uniform meaning to the present perfect? How can we account for the different readings of the perfect? How can we account for the cross-linguistic variation? These issues are addressed from a comparative perspective by integrating previous research on the present perfect. This book is of interest to all those working in the field of tense and aspect.
