### The Devil Rides Out

A disarming novel that asks a simple question: Can gentle people change the world? In this charming and truly unique debut, popular Irish musician Ronan Hession tells the story of two single, thirty-something men who still live with their parents and who are . . . nice. They take care of their parents and play board games together. They like to read. They take satisfaction from their work. They are

resolutely kind. And they realize that none of this is considered . . . normal. Leonard and Hungry Paul is the story of two friends struggling to protect their understanding of what's meaningful in life. It is about the uncelebrated people of this world — the gentle, the meek, the humble. And as they struggle to persevere, the book asks a surprisingly enthralling question: Is it really them against the world, or are they on to something?

In 1973, aged twenty-two, Timothy O'Grady left America. For the next thirty years he lived in and wrote about Europe. As he did, the American counter-culture crashed, Ronald Reagan came and went, wars were declared and the country was attacked by air. Much of the world began to look at America in a new way, wondering what had happened to it and where it was going. Among them was Timothy O'Grady, and he decided to go back and investigate. He went out onto the American road, travelling over fifteen thousand miles through thirty-five states. He met academics, the homeless, war veterans, political activists, New Orleans rappers, billionaires, novelists and a Ku Klux Klansman. In every bar he stopped in, it seemed, there was a story of American life to be heard.

The 2017 National Book Critics Circle (NBCC) Finalist, International Bestseller, and a Kirkus Best Nonfiction Book of 2017! “Marsh has retired, which means he’s taking a thorough inventory of his life. His reflections and recollections make Admissions an even more introspective memoir than his first, if such a thing is possible.” —The New York Times “Consistently entertaining Honesty is abundantly apparent here—a quality as rare and commendable in elite surgeons as one suspects it is in memoirists.” —The Guardian “Disarmingly frank storytelling his reflections on death and dying equal those in Atul Gawande’s excellent Being Mortal.” —The Economist Henry Marsh has spent a lifetime operating on the surgical frontline. There have been exhilarating highs and devastating lows, but his love for the practice of neurosurgery has never wavered. Following the publication of his celebrated New York Times bestseller Do No Harm, Marsh retired from his full-time job in England to work pro bono in Ukraine and Nepal. In Admissions he describes the difficulties of working in these troubled, impoverished countries and the further insights it has given him into the practice of medicine. Marsh also faces up to the burden of responsibility that can come with trying to reduce human suffering. Unearthing memories of his early days as a medical student, and the experiences that shaped him as a young surgeon, he explores the difficulties of a profession that deals in probabilities rather than certainties, and where the overwhelming urge to prolong life can come at a tragic cost for patients and those who love them. Reflecting on what forty years of handling the human brain has taught him, Marsh finds a different purpose in life as he approaches the end of his professional career and a

fresh understanding of what matters to us all in the end.

#### **Me**

At the time of Jesus' birth , the world was full of gods. Thousands of them jostled, competed and merged with one another. In Syria ecstatic devotees castrated themselves in the streets to become priests of Atargatis In Galilee, holy men turned oil into wine, healed the sick, drove out devils, and claimed to be the Messiah. Every day thousands of people were leaving their family and tribes behind them and flocking into brand new multi-ethnic cities. The ancient world was in ferment as it underwent the first phase of globalisation, and in this ferment rulers and ruled turned to religion as a source of order and stability. Augustus, the first emperor of Rome (though he never dared officially to call himself so) was maneuvering his way to becoming worshipped as a god – it was one of the most brilliant makeovers ever undertaken by a ruler and his spin doctors. In North Africa, Amanirenas the warrior queen exploited her god-like status to inspire her armies to face and defeat Rome. In China the usurper Wang Mang won and lost his throne because of his obsession with Confucianism. To explore the power that religious

belief has had over societies through the ages, Selina O'Grady takes the reader on a dazzling journey across the empires of the ancient world and introduces us to rulers, merchants, messiahs, priests and holy men. Throughout, she seeks to answer why, amongst the countless religious options available, the empires at the time of Jesus 'chose' the religions they did? Why did China's rulers hitch their fate to Confucianism, a philosophy more than a religion? And why was a tiny Jewish cult led by Jesus eventually adopted by Rome's emperors rather than the cult of Isis which was far more popular and widespread? The Jesus cult, followed by no more than 100 people at the time of his death, should, by rights, have disappeared in a few generations. Instead it became the official religion of the Roman Empire. Why did Christianity grow so quickly to become the predominant world religion? What was it about its teachings that so appealed to people? And Man Created God looks at why and how religions have had such an immense impact on human history and in doing so uncovers the ineradicable connection between politics and religion - a connection which still defines us in our own age. This is an important, thrilling and necessary new work of history.

"I had spent most of my childhood thinking I was a dog, and suspect I had aged in dog years. By the time I was ten I had discovered the pain of unbearable loss. I had felt joy and jealousy. Most important of all, I knew how to love and how to let myself be loved. All these things I learned through animals. Horses and dogs were my family and my friends. This is their story as much as it is mine." Clare Balding grew up in an unusual household. Her father a champion horse trainer, they shared their lives with more than one hundred thoroughbred racehorses, mares, foals, and ponies, as well as an ever-present pack of dogs, on a sprawling estate in the

Hampshire Downs. As a child, Clare happily rode the legendary racehorse Mill Reef and received her first pony, Valkyrie, as a gift from Her Majesty the Queen of England. But Clare ranked low in the family pecking order—as a girl, she was decidedly below her younger brother, and both of them were certainly below the horses. Left to her own devices, she had to learn life’s toughest lessons through the animals, and through her adventures in the stables and the surrounding idyllic English countryside. From her struggles at boarding school to her triumphs as an amateur jockey and event rider, Clare weaves her own coming-of-age story through portraits of the beloved horses and dogs, from the protective Candy to the unruly Frank, who were her earliest friends. The running family joke was that “women ain’t people.” Clare has to prove them wrong, to make her voice heard—but first she had to make sure she had something to say. *My Animals and Other Family* is a witty, brave, and moving account of stumbling—often literally—into one’s true self.

Comedian, teatime talk show host and all-round entertainer, multi-award winning Paul O'Grady is one of the most popular figures on British television. But his real-life journey has been more dramatic than any of his on-stage stories. Born into a noisy Irish Catholic household in Birkenhead, Paul was always determined to live a colourful life. He was a boxing champion as a boy. He became a dad as a teenager. He has been a barman in a brothel and spent his first years in London working as a carer to some of the capital's most at-risk kids. In this, the first major biography of the star, Neil Simpson reveals the extraordinary highs and the terrible lows of Paul's life. He explains: how Lily Savage was born as a way to make more money - and help Paul take his mind off the horrors he saw every day as a social worker; how tough it was for the 'blonde bombsite from Birkenhead' to break into the entertainment mainstream; and, why Paul decided to risk everything by throwing off Lily's wig and carving out a new career as himself. The depression, the private grief and the near fatal heart attacks that struck as Paul re-invented himself as the funniest and most successful chat show host in the country. Frequently hilarious and sometimes heart-wrenchingly sad, Paul O'Grady has always lived his life on a

rollercoaster of emotions. Today he is a proud grandfather, a multimillionaire and a man loved by millions of devoted fans. This is his incredible story.

A novel of extraordinary power from a writer to watch. In a small flat in London, a young man is turning to gold. But before he dies, before his skin and eyes and tongue harden into a golden death mask, he wants to share the amazing story of his life. Born and raised on the barren Orkney Islands off the coast of Scotland, his childhood is a brutal one, devoid of tenderness. It is a miracle when he meets Tracy, falls in love, and discovers his true gift: the merest touch of him is enough to induce visions of angels and orchids. The physical heights he is able to reach-and to which he can bring others-go far beyond any normal sensual pleasure. Armed with this inexplicable talent, he makes his way to London, where he falls in with a group of teens forced to make a living on the street. Luke Sutherland's modern-day myth about the power of love veers from stratosphere to gutter, from visions of heaven to the all-too-mortal yearning for even one glimpse of it. With *Venus as a Boy* Sutherland has written a moving, poetic novel that manages to imbue the harsh realities of life on the street with a mesmerizing and ethereal beauty.

The life and work of Sigmund Freud continue to fascinate general and professional readers alike. Joel Whitebook here presents the first major biography of Freud since the last century, taking into account recent developments in psychoanalytic theory and practice, gender studies, philosophy, cultural theory, and more. Offering a radically new portrait of the creator of psychoanalysis, this book explores the man in all his complexity alongside an interpretation of his theories that cuts through the stereotypes that surround him. The development of Freud's thinking is addressed not only in the context of his personal life, but also in that of society and culture at large, while the impact of his thinking on subsequent issues of psychoanalysis, philosophy, and social theory is fully examined. Whitebook demonstrates that declarations of Freud's obsolescence are premature, and, with his clear and engaging style, brings this vivid figure to life in compelling and readable fashion.

INSTANT #1 NEW YORK TIMES BESTSELLER In his first and only official autobiography, music icon Elton John reveals the truth about his extraordinary life, from his rollercoaster lifestyle as shown in the film *Rocketman*, to becoming a living legend. Christened Reginald Dwight, he was a shy boy with Buddy Holly glasses who grew up in the London suburb of Pinner and dreamed of becoming a pop star. By the age of twenty-three he was performing his first gig in America, facing an astonished audience in his bright yellow dungarees, a star-spangled T-shirt, and boots with wings. Elton John had arrived and the music world would never be the same again. His life has been full of drama, from the early rejection of his work with song-writing partner Bernie Taupin to spinning out of control as a

chart-topping superstar; from half-heartedly trying to drown himself in his LA swimming pool to disco-dancing with Princess Diana and Queen Elizabeth; from friendships with John Lennon, Freddie Mercury, and George Michael to setting up his AIDS Foundation to conquering Broadway with *Aida*, *The Lion King*, and *Billy Elliot the Musical*. All the while Elton was hiding a drug addiction that would grip him for over a decade. In *Me*, Elton also writes powerfully about getting clean and changing his life, about finding love with David Furnish and becoming a father. In a voice that is warm, humble, and open, this is Elton on his music and his relationships, his passions and his mistakes. This is a story that will stay with you by a living legend.

Artwork and popular cultures are crucial sites of contesting and transforming power relationships in world politics. The contributors to this edited collection draw on their experiences across arts, activist, and academic communities to analyze how the global politics of colonialism, capitalism, and patriarchy are expressed and may be transformed through popular cultures and artistic labour. Through their methodological treatment of artwork and popular cultures as material sites of generating aesthetic knowledge and embodying global power, the authors foreground an analysis of global hierarchies and transformative empowerment through critically engaged political imagination and cultural projects. By

centralizing an intersectional analysis of the racialized, gendered, economic dimensions of the praxis of culture, *The Art of Global Power* demonstrates how artwork and popular culture projects, events, and institutions are vital sites of transgressing the material conditions that produce and sustain unjust global power hierarchies. This book intervenes in the international relations popular culture literature by problematizing the idea of a single homogenizing global popular culture and engaging with multiple popular cultures articulated from diverse global locations and worldviews. To the international relations aesthetics literature this book contributes an intersectional analysis of aesthetics as an embodied process of knowledge production and action that takes place within global conditions of colonialism, capitalism, and patriarchy. This book will be of interest to students, researchers and practitioners of international relations, and gender, cultural and media studies.

The Roux family is the most influential family associated with food in Britain. Through their various restaurants (Le Gavroche, Waterside Inn, Brasserie Roux) and catering services they have trained many of Britain's top chefs. Albert and Michel Sr brought French high cuisine to Britain in the sixties, much of the produce being brought twice weekly from France by Michel's mother in the family car. Michel grew up in an environment of respect for fine food and ingredients, of never

settling for second best, and of traditional French family excursions to find wild food. He tells the story of what it was like to grow up as part of this close-knit family. He left school at 16 to start his first apprenticeship with Maitre Patissier Hellegourarche in Paris. He then worked with Alain Chapel at Mionnay before doing his military service at the Elysee Palace cooking for Presidents Giscard d'Estaing and Francois Mitterand. After a stint cooking at the Mandarin Hotel in Hong Kong and catering in London, he took over the running of Le Gavroche in 1994.

Graham Norton, whose impish charm and quick wit has earned him a place in our hearts, looks back at his life so far. In his own words, SO ME is 'a real romp through a journey from living in a cockroach-infested council flat in Hackney to buying Claudia Schiffer's townhouse in Manhattan, from my mother dragging me to school to me dragging her to Sharon Stone's house for New Year's brunch'. From a not-so-miserable Irish childhood to dropping out of Cork University and joining a commune of hippies in San Francisco, from his disastrous attempts at becoming a serious actor to the rise of his comedy career in London, this is a hilarious, insightful and moving account of a colourful life.
