Age is just a number... Lolito is an unconventional love story about a fifteen-year-old boy who finds solace in the arms of a middle-aged woman on the Internet. Fifteen-year-old Etgar Allison is spending spring break alone in an empty house, when he inadvertently learns that his girlfriend has cheated on him with another boy. Heartbroken and lonely, without parental supervision, he turns to alcohol. Unable to cope with his grief, he looks to the Internet for comfort and lands in an adult chatroom. There he meets Macy, a bored but attractive housewife; flirtatious IMs escalate into cybersex chats and soon Etgar is raiding his savings account for a romantic rendezvous in London. . . What could possibly go wrong? Ben Brooks's Lolito is an uncompromising look at the turbulent emotional life of teenage boys, a funny and poignant story that injects raw honesty—and even a little tenderness—into its portrait of a taboo relationship.

Traveling from Saigon to Hanoi on a Honda Win motorbike-two Dutch friends decide to give it a go. Once the bikes have been purchased in Saigon, they embark-without any experience-on an adventurous journey that takes them along the coast and into the Central Highlands. On the way, they lose each other in Saigon's impossible traffic, sleep in dirt cheap hotels, continuously experience engine trouble, marvel at the

brehtaking landscape, and end up in tiny villages. Everything goes according to plan, until two Italian backpackers and their stunningly beautiful Russian passenger, who seem to be in a rush to get to Hanoi, join the two Dutch friends. While one of the Dutchies can barely go faster than 30 kilometers per hour uphill, the other Dutchie holds on to the jolly Italians, who are inclined to cover five-hundred kilometers per day. Can their friendship-and the trip-withstand the ever-growing annoyances?

The JF/J2F "Duck" was one of those military workhorses moving around in the background before and during WWII which did a tremendous job but never got the publicity of its' more glamorous teammates. Some said the Duck could be more aptly named the "Ugly Duckling." Be that as it may; when no other bomber could be found, it carried bombs; when no other transport could be found, it transported; when no other photo plane could be found, it photographed and when no other rescuer

could be found, it rescued. When it came to "Utility Craft," the JF/J2F was the definitive.

Emmy has always known that Ben comes with more baggage than she can handle—and not the Louis Vuitton kind. Yet Ben is the only man who has ever loved Emmy for who she is, and she wants nothing more than to do the same for him, even if it means forgiving his past and overlooking their wildly different lifestyles. But when a shocking secret from Ben's past comes to light, unraveling all of their progress, Emmy must decide if their relationship is worth the fight, or if it's time to ignore her passion for him and let go.

### **A Vindication of the True Deity of Our Blessed Saviour**

As an acoustic engineer, Trevor Cox has spent his career eradicating unwanted noises - echoes in concert halls, clamour in classrooms. Until the day he heard something so astonishing that he had an epiphany: rather than quashing rare or bizarre sounds, we should be celebrating these sonic treasures. This is the story of his investigation into the mysteries of these Sonic Wonders of the World. In the Mojave Desert he finds sand dunes that sing. In France he discovers an echo that tells jokes. In California he drives down a musical road that plays the William Tell Overture. In Cathedrals across the world he learns how acoustics changed the history of the Church. Touching on physics, music, archaeology, neuroscience, biology, and design, Cox explains how sound is made and altered by the environment and how our body reacts to peculiar noises - from the exotic sonic wonders he encounters on his journey, or the equally unique and surprising sounds of our everyday environment. In a world dominated by the visual, Sonic Wonderland encourages us to become better listeners and to open our ears to the glorious cacophony around us. Listen to a selection of astonishing sounds here:

### **Craving Him**

"There has never been a book provoking more delirium, foolishness and irrational movements, without any relationship to Jesus Christ [than the Book of Revelation]." --Jacques Ellul, Introduction Known for his trenchant critique of modernity and of those Christians who celebrate their captivity to it, Ellul here cuts to the heart of the theological intention of the Book of Revelation, and thereby reveals the liberating gospel in all its offensiveness. Neither an exhaustive commentary nor a work of historical-exegetical analysis, Apocalypse is a provocative, independent interpretation. Ellul seeks to rescue Revelation from the reassuring and orthodox banality to which commentators often reduce it. The goal is to perceive the totality of the book in its movement and structure. "Architecture in movement" is the key to understanding Revelation's puzzling but simple

message. This edition also comes with a new foreword by Jacob Marques Rollison who provides an essential aid for guiding readers through Ellul's thorough engagement with Revelation.
