Just for Kicks

"Let us listen to the counsels of American engineers. But let us beware of American architects!" declared Le Corbusier, who like other European architects of his time believed that he saw in the work of American industrial builders a model of the way architecture should develop. It was a vision of an ideal world, a "concrete Atlantis" made up of daylight factories and grain elevators. In a book that suggests how good Modern was before it went wrong, Reyner Banham details the European discovery of this concrete Atlantis and examines a number of striking architectural instances where aspects of the International Style are anticipated by US industrial buildings.

Green Business

An analysis of the potentially catastrophic implications of the growing worldwide unemployment crisis explains how we can avoid economic collapse, create conditions for a new more humane social order, and redefine the role of the individual in the new technological society. Original. 30,000 first printing.

Urban Society In Roman Italy

Centinela Contra Judios Puesta En La Torre de la Iglesia de Dios

Perhaps no economist was more vindicated by the global financial crisis than Hyman P. Minsky (1919–96). Although a handful of economists raised alarms as early as 2000, Minsky's warnings began a half-century earlier, with writings that set out a compelling theory of financial instability. Yet even today he remains largely outside mainstream economics; few people have a good grasp of his writings, and fewer still understand their full importance. Why Minsky Matters makes the maverick economist's critically valuable insights accessible to general

readers for the first time. L. Randall Wray shows that by understanding Minsky we will not only see the next crisis coming but we might be able to act quickly enough to prevent it. As Wray explains, Minsky's most important idea is that "stability is destabilizing": to the degree that the economy achieves what looks to be robust and stable growth, it is setting up the conditions in which a crash becomes ever more likely. Before the financial crisis, mainstream economists pointed to much evidence that the economy was more stable, but their predictions were completely wrong because they disregarded Minsky's insight. Wray also introduces Minsky's significant work on money and banking, poverty and unemployment, and the evolution of capitalism, as well as his proposals for reforming the financial system and promoting economic stability. A much-needed introduction to an economist whose ideas are more relevant than ever, *Why Minsky Matters* is essential reading for anyone who wants to understand why economic crises are becoming more frequent and severe—and what we can do about it.

The Oxford Handbook of Organizational Psychology

This book offers a corpus-based synchronic and diachronic investigation of Experiential constructions in Latin, focusing on patterns of variation and change in argument realization and non-canonical case-marking and providing insights in the domain of diachronic verbal syntax and semantics.

Master Narratives of Islamist Extremism

Las Vegas showgirl Carly Jacobsen keeps learning the hard way that her idea of fun differs radically from that of her neighbor Wolfgang Jones. Sure, he looks incredible, and he seems to have a thing for her legs, but the man's a robot. So what's with their chemistry? Wolf has a plan for his life, and it doesn't include finding himself tempted by the freewheeling Carly...mile-high legs or not. Yet in a moment of weakness, the two discover at least one area where they do both have fun. But outside the bedroom the stakes are getting higher, and love might come down to a roll of the dice...

Satyrae

Hot & Bothered

"Rosanvallon argues that social policies must be more narrowly targeted. And he draws on evidence from around the world, in particular France and the U.S., to show that such programs as unemployment insurance and workfare could better reflect individual needs by, for example, making more explicit use of contracts between the providers and receivers of benefits. His arguments have broad implications for welfare programs everywhere and for our understanding of citizenship in modern democracies and economies."--BOOK JACKET.

Lectures on Architecture

Democracy

A Ride On the Wild Side The last place Catherine MacPherson ever expected to find herself was sitting on a Greyhound bus, handcuffed to a surly bounty hunter, with only a suitcase of her twin sister's flashy, shrink-wrap clothing to wear! Just two hours ago, the respectable schoolteacher was sitting quietly at home when this bi-macho hunk crashed through her door, mistook her for her errant Miami showgirl sister, and hauled her off in his strong arms. And no matter how sexy he is, she's furious! Twins-ha! Sam McKade's the last person to ever fall for that line. He's finally got the gorgeous, leggy redhead just where he wants her-and no matter what outrageous tricks she pulls, he's not letting her get away. The problem is, she's a lot smarter-and sweeter-than he'd expected. And he's got this deep-buried tenderness she hadn't expected. And their kisses are so hot, they just might burn up before they sort it all out.

The Nature and Function of Art

This volume introduces the concept of Islamist extremist 'master narratives' and offers a method for identifying and analyzing them. Drawing on rhetorical and narrative theories, the chapters examine thirteen master narratives and explain how extremists use them to solidify their base, recruit new members, and motivate actions.

Experiential Constructions in Latin

Skintight

Professional poker player Jax Gallagher should have known better than to wager a World Series baseball that wasn't his to lose. Now the man who won the collectible is demanding his prize...or else. Trouble is, the ball is owned by his estranged father's widow—a flamboyant Las Vegas showgirl. Jax will do whatever it takes to get it back. Yet Treena McCall is anything but the ruthless gold digger Jax expects. She's built a life for herself filled with good friends and hard work. And she's got enough on her plate trying to hang on to her job as a dancer without being wined, dined and seduced by sexy Jax Gallagher....

That Thing Called Love

These papers explore an important syntactic feature of South Asian languages, the experiencer subject construction. Contributing scholars investigate this feature in such languages as Marathi, Bhojpuri, Sinhalese, Marwari, Oriya, Punjabi, Bengali, Kalasha, Gujarati, Bepali, Maithili, and Malayalam. The experiencer subject not only defines South Asian languages as a linguistic unit, but also has implications for theoretical linguistics. Mahendra Verma is a professor of linguistics at the University of Wisconsin, Madison. Tara Mohanan is a linguistics professor in the English department of the National University of Singapore.

The Conversos and Moriscos in Late Medieval Spain and

Beyond

This volume, which includes essays by women scientists, researchers, journalists, and administrators, investigates how gender analysis can spark creativity in science and engineering.

The Letters that Never Came

Social Justice Art

This is the first introductory sociology text to look at Britain in terms of its geographical position within Europe and its political and economic situation as a member of the European Union.

The New Social Question

In this accessible and engaging book, Jozs Nun provides a comprehensive analysis of the theory and practice of democracy from ancient Greece to contemporary Latin America. The author's authoritative historical and comparative discussion of democracy is combined with his own evaluation of the conditions and possibilities for the development of genuinely democratic societies in our time throughout the world. All readers will benefit from Nun's insightful distinction between two visions of democracy-government of the people or government of the politicians-and their profound consequences. Visit our website for sample chapters!

Android Application Development For Dummies

This book charts the history of the most vitriolic and successful anti-Semitic polemic printed in the early modern Hispanic world, offering the first analysis, edition and translation of the text: the Centinela contra judíos of the Franciscan Francisco de Torrejoncillo.

Nos Sapatos De Valéria

The story of longing and hope in the life of a Jewish boy and his family in 1930s Uruguay.

New Developments in Polymer Research

This is the first general study of the fortunes of Catullus in the Renaissance. After a brief introduction tracing the transmission of the poet from antiquity to the middle of the fifteenth century, the book follows his reception and interpretation by editors, commentators, university lecturers, and poets from the first edition (1472) through the sixteenth century. The focus is on Catullus but also on his Renaissance readers. Their text and interpretations not only influenced the ways in which later generations (including our own) would read the poet, but also provide windows into their own intellectual and historical worlds, which include Poliziano's Florence, Rome under the Medici Pope Leo X and his puritanical successor Adrian VI, the

Paris of Ronsard and Marc-Antoine de Muret, post-Tridentine Rome, and sixteenth-century Leiden--as well as fifteenth-century Verona, where Catullus was an object of patriotic veneration, and Pontano's Naples, where poets learned to read and imitate him through Martial's imitations.

The End of Work

New Developments in Polymer Research

The Garden of Priapus

The Holy Father's third encyclical focuses on "the dignity and rights of those who work."

Secrecy and Deceit

The International Style project was initiated 18 June 1930 with Henry-Russell Hitchcock and Philip Johnson's plan to write a popular book on modern architecture. With the support of The Museum of Modern Art, a proposal for an exhibition grew out of the project. It was first envisioned as a show of architectural models and was greatly influenced by Johnson and Hitchcock's travels during the summer of 1930. During the sojourn the coauthors saw most of the work and met many of the architects who would be included in their MoMA survey. Modern Architecture -- International Exhibition, opened 9 February 1932.

Modern Architectural Theory

This collection of original essays focuses upon Roman Italy where, with over 400 cities, urbanization was at the very centre of Italian civilization. Informed by an awareness of the social and anthropological issues of recent research, these contributions explore not only questions of urban origins, interaction with the countryside and economic function, but also the social use of space within the city and the nature of the development process.; These studies are aimed not only at ancient historians and classical archaeologists, but are directed towards those working in the related fields of urban studies in the Mediterranean world and elsewhere and upon the general theory of towns and complex societies.

Nightingale and Other Stories

Describes the influence of the Roman Empire on Spain, and looks at society, industry, trade, architecture, and religion in Spain during Rome's rule

Roman Spain

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world),

and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. The International Style

A History of the Jews in Christian Spain

When Victoria Hamilton's vacation fling resulted in a baby, she began a new life far from her overbearing family. Now Tori's father has been murdered—and her half brother, Jared, needs her help to prove his innocence. But confronting her past when she comes face-to-face with private investigator John "Rocket" Miglionni sure isn't what she had in mind. Thrilled to find the woman who once rocked his world, John takes one look at her little girl and gets the shock of his life. Now the rugged former Marine has two females holding a big piece of his heart, a troubled teenager who expects the worst in life...and a second chance to make it right for all of them.

A Concrete Atlantis

This book examines the role that art plays in addressing social injustice inside and outside the classroom. The framework, called social justice art, is thoroughly explored and provides teachers with practical strategies for activist arts pedagogy.

Britain in Europe

Converso and Morisco are the terms applied to those Jews and Muslims who converted to Christianity (mostly under duress) in late medieval Spain. "Converso and Moriscos Studies" examines the manifold cultural implications of these mass conversions.

Popularizing Anti-Semitism in Early Modern Spain and its Empire

Organizational psychology is the science of psychology applied to work and organizations. In two volumes comprising 42 chapters written by 69 leading scholars in the field, *The Oxford Handbook of Organizational Psychology* is a landmark publication that rigorously compiles knowledge in organizational psychology to date, encapsulates key topics of research and application, summarizes important research findings, and identifies innovative directions for research and practice.

Baby, I'm Yours

Statues of the god Priapus stood in Roman gardens to warn potential thieves that the god would rape them if they attempted to steal from him. In this book, Richlin argues that the attitude of sexual aggressiveness in defense of a bounded area serves as a model for Roman satire from Lucilius to Juvenal. Using literary, anthropological, psychological, and feminist methodologies, she suggests that aggressive sexual humor reinforces aggressive behavior on both the individual and societal levels, and that Roman satire provides an insight into Roman culture. Including a substantial and provocative new introduction, this revised edition is important not only as an in-depth study of Roman sexual satire, but also as a commentary on the effects of all humor on society and its victims.

Why Minsky Matters

When globe-trotting photojournalist Jake Bradshaw returns to Razor Bay to claim his young son, he is met with resistance from inn manager Jenny Salazar who, loving Austin as her own, stands in the way of him making up for past mistakes. Original. 124,000 first printing.

Gendered Innovations in Science and Engineering

Modern Architectural Theory is the first book to provide a comprehensive survey of architectural theory, primarily in Europe and the United States, during three centuries of development. In this synthetic overview, Harry Mallgrave examines architectural discourse within its social and political context. He explores the philosophical and conceptual evolution of its ideas, discusses the relation of theory to the practice of building, and, most importantly, considers the words of the architects themselves, as they contentiously shaped Western architecture. He also examines the compelling currents of French rationalist and British empiricist thought, radical reformation of the theory during the Enlightenment, the intellectual ambitions and historicist debates of the nineteenth century, and the distinctive varieties of modern theory in the twentieth century up to the profound social upheaval of the 1960s. Modern Architectural Theory challenges many assumptions about architectural modernism and uncovers many new dimensions of the debates about modernism.

Danish Fairy Legends and Tales. [Translated by Caroline Peachey.]

Secrecy and Deceit documents the religious customs of the Iberian Jews who converted to Catholicism, largely under duress, in the fourteenth and fifteenth centuries. Although many of the converts quickly melded into the Catholic mainstream, thousands of others and their descendents strove to preserve their Jewish culture despite the efforts of the Inquisition to suppress them. The book details crypto-Jewish culture in Spain, Portugal, and their American colonies, principally Mexico, Peru, and Brazil. The author uses Inquisition records, chronicles, rabbinical rulings, letters, eyewitness accounts, religious books, and other historical documents to give the most thorough and accurate picture of crypto-Jews

ever cataloged. This book raises questions about living outside a Jewish community and what happens to religions of approximation.

Catullus and His Renaissance Readers

This volume provides an overview of key principles, approaches, strategies, and tools that businesses have used to reduce environmental impacts and contribute to sustainability. Entries reflect the expertise of scholars and practitioners from varied fields and provide references to other entries as well as citations for further reading. The editors have also included photos, hyperlinks, cross references, and a resource guide.
