The Wit & Wisdom of Ratan Tata

The astonishing true story of America's most accomplished art forger: a kid from New Jersey who became a master, fooling experts and eluding the FBI for thirty years. Ten years ago, an FBI investigation in conjunction with the U.S. Attorney's Office in the Southern District of New York was about to expose a scandal in the art world that would have been front-page news in New York and London. After a trail of fake paintings of astonishing quality led federal agents to art dealers, renowned experts, and the major auction houses, the investigation inexplicably ended, despite an abundance of evidence collected. The case was closed and the FBI file was marked "exempt from public disclosure." Now that the statute of limitations on these crimes has expired and the case appears hermetically sealed shut by the FBI, this book, *Caveat Emptor*, is Ken Perenyi's confession. It is the story, in detail, of how he pulled it all off. Glamorous stories of art-world scandal have always captured the public imagination. However, not since Clifford Irving's 1969 bestselling *Fake* has there been a story at all like this one. *Caveat Emptor* is unique in that it is the first and only book by and about America's first and only great art forger. And unlike other forgers, Perenyi produced no paper trail, no fake provenance whatsoever; he let the paintings speak for themselves. And that they did, routinely mesmerizing the experts in mere seconds. In the tradition of Frank Abagnale's *Catch Me If You Can*, and certain to be a bombshell for the major international auction houses and galleries, here is the story of America's greatest art forger.

Poor Richard's Almanack

Wit and Wisdom from Poor Richard's Almanack

Franklin's Autobiography is one of the most famous works in American literature.

He started it as a private collection of anecdotes for his son, but soon it was transformed into a work of history, both personal and national, revealing Franklin as the man who, as Herman Melville said, possessed “deep worldly wisdom and polished Italian tact, gleaming under an air of Arcadian unaffectedness.

A Few Lessons for Investors and Managers

This book is about the fictitious Seeker, who has known a lot of misery, and his visit to the "Library of Wisdom" where he meets another fictitious character - the Librarian- along with Warren Buffett and Charles Munger. The Seeker learns how to make better decisions to help his children avoid doing the dumb things he has done. For instance, he learns from Buffett and Munger the best way to prevent trouble is to avoid it altogether by learning what works and what does not. They do so in the spirit of the anonymous man who said: "All I want to know is where I'm going to die so I'll never go there." Additionally, the book provides examples of pure folly and some lessons on how to make fewer dumb mistakes than other people. And then how to fix mistakes faster, should you make them. The major lesson is "ignorance removal" and the notion that decision-making is not about making brilliant decision, but avoiding terrible ones. This is not a book for those who like complexities or advanced math - rather it's for those who love efficiency, simplicity and common sense or judgment - hallmarks of Buffett and Munger. Like Einstein, both have a remarkable ability to eliminate folly and superficiality and get directly to the heart of things.

No B.S. Wealth Attraction in the New Economy

#1 NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Steven Spielberg. “Enchanting . . . Willy Wonka meets The Matrix.”—USA Today • “As one adventure leads expertly to the next, time simply evaporates.”—Entertainment Weekly A world at stake. A quest for the ultimate prize. Are you ready? In the year 2045, reality is an ugly place. The only time Wade Watts really feels alive is when he’s jacked into the OASIS, a vast virtual world where most of humanity spends their days. When the eccentric creator of the OASIS dies, he leaves behind a series of fiendish puzzles, based on his obsession with the pop culture of decades past. Whoever is first to solve them will inherit his vast fortune—and control of the OASIS itself. Then Wade cracks the first clue. Suddenly he’s beset by rivals who’ll kill to take this prize. The race is on—and the only way to survive is to win. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Entertainment Weekly • San Francisco Chronicle • Village Voice • Chicago Sun-Times • iO9 • The AV Club “Delightful . . . the grown-up’s Harry Potter.”—HuffPost “An addictive read . . . part intergalactic scavenger hunt, part romance, and all heart.”—CNN “A most excellent ride . . . Cline stuffs his novel with a cornucopia of pop culture, as if to wink to the reader.”—Boston Globe “Ridiculously fun and large-hearted . . . Cline is that rare writer who can translate his own dorky enthusiasms into prose that’s both hilarious and compassionate.”—NPR “[A] fantastic page-turner . . . starts out like a simple bit of fun and winds up feeling like a rich and plausible picture of future friendships in a world not too distant from our own.”—iO9

The Way to Wealth and Poor Richard's Almanac

Charlie Munger, Berkshire Hathaway's visionary vice chairman and Warren Buffett's indispensable financial partner, has outperformed market indexes again and again, and he believes any investor can do the same. His notion of "elementary, worldly wisdom"—a set of interdisciplinary mental models involving economics, business, psychology, ethics, and management—allows him to keep his emotions out of his investments and avoid the common pitfalls of bad judgment. Munger's system has steered his investments for forty years and has guided generations of successful investors. This book presents the essential steps of Munger's investing strategy, condensed here for the first time from interviews, speeches, writings, and shareholder letters, and paired with commentary from fund managers, value investors, and business-case historians. Derived from Ben Graham's value-investing system, Munger's approach is straightforward enough that ordinary investors can apply it to their portfolios. This book is not simply about investing. It is about cultivating mental models for your whole life, but especially for your investments.

University of Berkshire Hathaway

The Wit and Wisdom of Oscar Wilde

Organizations now need to attract, retain, and motivate teams and employees across distance, time zones, and cultural differences. Building authentic and lasting human relations may be the most important calling for leaders in this century. According to management and global leadership specialist Maya Hu-Chan, the concept of "saving face" can help any leader preserve dignity and create more empathetic cross-cultural relationships. "Face" represents one's self-esteem, self-worth, identity, reputation, status, pride, and dignity. Saving face is often understood as saving someone from embarrassment, but it's also about developing an understanding of the background and motivations of others to discover the unique facets we all possess. Without that understanding, we risk causing others to lose face without even knowing it. Hu-Chan explains saving face through anecdotes and practical tools, such as her BUILD leadership model (Benevolence, Understanding, Interacting, Learning, and Delivery). This book illustrates how we can give face to create positive first impressions, avoid causing others to lose face, and, most importantly, build trust and lasting relationships inside and outside the workplace.

The Joyful Frugalista

A successful entrepreneur who has influenced one million business owners as an advisor and business coach provides new tactics and strategies to help business owners attract opportunity, increase personal value, and change their lives. Original.

Tao of Charlie Munger

Charles Munger is Warren Buffett decade's long business partner, and his investment filter, jokingly called by Mr. Buffett - the abominable no man. The early pages cover Munger's family history, his framework for investing [wait for the fat pitches, and assess each opportunity using rational, rigorous frameworks drawn from multiple disciplines (and not finance theory!)], and even some warm testaments from family, friends and colleagues. The next section, assembled by leading investor Whitney Tilson, is well edited and benefits from Tilson's massaging of quotations made over time into logical sub-headings. The bulk of the text though is, as the subtitle suggests, the wit and wisdom of Mr. Munger as conveyed through various speeches in the last couple decade or so before 2006.

Trust First

"Would it be all right with you if life got easier?" Thousands worldwide have answered yes to that question at Dr. Maria Nemeth's breakthrough workshops, "You and Money," where they have learned how to build a powerful new relationship with money and bring their dreams to fruition. Now in *The Energy of Money*, Dr. Nemeth synthesizes spiritual and practical techniques to create a unique, authoritative program for achieving personal life goals and financial wealth. Combining a thorough self-help and self-discovery regimen with proven methods of money management from Nemeth's nationally successful seminars--including four steps to establishing a healthier relationship with money--this powerhouse guide to prosperity will help you uncover the hidden landscape of beliefs, patterns, and habits that underlie and sometimes subvert your everyday use of money and personal resources. Through exercises and meditations, worksheets, and other interactive processes, Dr. Nemeth takes you on a journey from which you will discover your sources of personal power and financial fulfillment; work through inner obstacles to your success and happiness; and harness the energy of money to realize your most cherished goals and aspirations. "Money is congealed energy," said Joseph Campbell, and releasing it releases life's possibilities. *The Energy of Money* is clear, down-to-earth, and inspiring. It will guide you to financial success and help you manifest your special contribution to the world. From the Hardcover edition.

AUSTRALIA'S BEST-SELLING SHAREMARKET TITLE RETURNS IN ITS 27TH EDITION
With the 2020 COVID-19 pandemic bringing about Australia's first recession in 29 years, discover the high-quality Australian companies that have continued to thrive, reporting year-on-year profits regardless of the financial markets. *Top Stocks 2021* is the definitive guide to the best stocks to buy on the Australian sharemarket. With easy access to key information, this book allows even inexperienced investors the chance to build and grow an impressive portfolio. Through a focus on profitability, debt levels and dividends, you'll find each company's financial data in a format perfect for quick comparison. By only profiling companies that meet a meticulous set of criteria, distilled to a concise selection of premium purchases across market sectors, *Top Stocks 2021* gives you: comprehensive, unbiased analysis of the latest results from 90 of Australia's leading companies comparative sales and profits data, as well as in-depth ratio analysis detailed research on each company's overall outlook, and tables ranking

all companies according to financial data. With Top Stocks 2021, you get the analysis you need and expert insight you can trust.

Seeking Wisdom

Poor Charlie's Almanack

When a boat that vanished twenty-five years prior returns to its old berth in Seattle with a cabin containing symbols drawn in human blood, Greywalker Harper Blaine investigates what happened to the ship's passengers and crew.

ILL - Poor Charlie's almanack : the wit and wisdom of Charles T. Munger

Words of wisdom from Charlie Munger—Warren Buffett's longtime business partner and the visionary Vice Chairman of Berkshire Hathaway—collected and interpreted with an eye towards investing by David Clark, coauthor of the bestselling Buffettology series. Born in Omaha, Nebraska in 1924 Charlie Munger studied mathematics at the University of Michigan, trained as a meteorologist at Cal Tech Pasadena while in the Army, and graduated magna cum laude from Harvard Law School without ever earning an undergraduate degree. Today, Munger is one of America's most successful investors, the Vice Chairman of Berkshire Hathaway, and Warren Buffett's business partner for almost forty years. Buffett says "Berkshire has been built to Charlie's blueprint. My role has been that of general contractor." Munger is an intelligent, opinionated business man whose ideas can teach professional and amateur investors how to be successful in finance and life. Like The Tao of Warren Buffett and The Tao of Te Ching, The Tao of Charlie Munger is a compendium of pithy quotes including, "Knowing what you don't know is more useful than being brilliant" and "In my whole life, I have known no wise people who didn't read all the time—none, zero." This collection, culled from interviews, speeches, and questions and answers at the Berkshire Hathaway and Wesco annual meetings, offers insights into Munger's amazing financial success and life philosophies. Described by Business Insider as "sharp in his wit and investing wisdom," Charlie Munger's investment tips, business philosophy, and rules for living are as unique as his life story; intelligent as he clearly is; and as successful as he has been.

Ready Player One

Berkshire Hathaway Letters to Shareholders 1965 - 2013

If we choose to trust unconditionally, how many lives could we change? When Pastor Bruce Deel took over the Mission Church in the 30314 zip code of Atlanta, he had orders to shut it down. The church was old and decrepit, and its neighborhood--known as "Better Leave, You Effing Fool," or "the Bluff," for short--had the highest rates of crime, homelessness, and incarceration in Georgia. Expecting his time there to only last six months, Deel was not prepared for what

happened next. One Sunday, he was approached by a woman he didn't know. "I've been hooking and stripping for fourteen years," she said. "Can you help me?" Soon after, Bruce founded an organization called City of Refuge rooted in the principle of radical trust. Other nonprofits might drug test before offering housing, lock up valuables, or veto a program giving job skills and character references to felons as "a liability." But Bruce believed the best way to improve outcomes for the marginalized and impoverished was to extend them trust, even if that trust was violated multiple times--and even if someone didn't yet trust themselves. Since then, City of Refuge has helped over 20,000 people in Atlanta's toughest neighborhood escape the cycles of homelessness, joblessness, and drug abuse. Of course, trust alone can't overcome a broken system that perpetuates inequality. Presenting an unvarnished window into the lives of ex-cons, drug addicts, human trafficking survivors, and displaced souls who have come through City of Refuge, Trust First examines the context in which Bruce's Atlanta neighborhood went downhill--and what City of Refuge chose to do about it. They've become a one-stop-shop for transitional housing, on-site medical and mental health care, childcare, and vocational training, including accredited intensives in auto tech, culinary arts, and coding. While most social services focus on one pain point and leave the burden on the poor to find the crosstown bus that'll serve their other needs, Bruce argues that bringing someone out of homelessness requires treating all of their needs simultaneously. This model has proven so effective that a dozen new chapters of City of Refuge have opened in the US, including in California, Illinois, Ohio, Maryland, Virginia, Texas, and Georgia. More than a narrative about a single place in time, this radical primer for behavioral change belongs on every leader's shelf. Heartfelt, deeply personal, and inspiring, Trust First will break down your assumptions about whether anyone is ever truly a lost cause. Bruce will donate a portion of his proceeds from Trust First to the charitable organization City of Refuge.

The Energy of Money

A NEW YORK TIMES, WALL STREET JOURNAL, AND USA TODAY BESTSELLER Named one of the Best Business Books of 2018 by Business Insider The legendary investor shows how to identify and master the cycles that govern the markets. We all know markets rise and fall, but when should you pull out, and when should you stay in? The answer is never black or white, but is best reached through a keen understanding of the reasons behind the rhythm of cycles. Confidence about where we are in a cycle comes when you learn the patterns of ups and downs that influence not just economics, markets and companies, but also human psychology and the investing behaviors that result. If you study past cycles, understand their origins and remain alert for the next one, you will become keenly attuned to the investment environment as it changes. You'll be aware and prepared while others get blindsided by unexpected events or fall victim to emotions like fear and greed. By following Marks's insights — drawn in part from his iconic memos over the years to Oaktree's clients — you can master these recurring patterns to have the opportunity to improve your results.

Poor Richard's Almanack and Other Writings

A fascinating compilation of weather forecasts, recipes, jokes, and aphorisms, Poor

Richard's Almanack debuted in 1732. This edition presents hundreds of Franklin's timeless maxims, plus selections from the Letters, Autobiography, and Franklin's Way to Wealth.

The Warren Buffett Portfolio

In Introspection, Peter Kaufman, changes focus and starts out by giving readers a major volume of his poetry concerning the ever changing variety of communication, thinking and philosophy, of all kinds, in human life today; included is the assistance of an exceptional artist who again adds her illustrative talent to the printed word. C P Snow, a great writer, wrote in Th e Realist, Preface, 1978, ----a writers life is not just connected with his work; it cannot be separated from his life. Introspection illustrates Snows thoughts dramatically.

Every day and in every way, you can learn the art of self-affirmation. Read Badass Affirmations and: Learn the habit of affirming yourself daily Experience a life filled with love, joy, fulfillment and satisfaction Take control of your destiny Strengthen your self-esteem “This book is something you can use as a sort of coffee table book or something you can carry with you every day and no matter how you use it, there can be benefits for you and your daily life.” —Nerdy Girl Express

Mastering the Market Cycle

Roxy Nouvelle and Luke Callahan, two accomplished illusionists who double as jewel thieves, team up as partners in crime and passion until Luke's mysterious past forces them apart.

House of Night #2

"This is that rarity, a useful book."--Warren Buffett Howard Marks, the chairman and cofounder of Oaktree Capital Management, is renowned for his insightful assessments of market opportunity and risk. After four decades spent ascending to

the top of the investment management profession, he is today sought out by the world's leading value investors, and his client memos brim with insightful commentary and a time-tested, fundamental philosophy. Now for the first time, all readers can benefit from Marks's wisdom, concentrated into a single volume that speaks to both the amateur and seasoned investor. Informed by a lifetime of experience and study, *The Most Important Thing* explains the keys to successful investment and the pitfalls that can destroy capital or ruin a career. Utilizing passages from his memos to illustrate his ideas, Marks teaches by example, detailing the development of an investment philosophy that fully acknowledges the complexities of investing and the perils of the financial world. Brilliantly applying insight to today's volatile markets, Marks offers a volume that is part memoir, part creed, with a number of broad takeaways. Marks expounds on such concepts as "second-level thinking," the price/value relationship, patient opportunism, and defensive investing. Frankly and honestly assessing his own decisions--and occasional missteps--he provides valuable lessons for critical thinking, risk assessment, and investment strategy. Encouraging investors to be "contrarian," Marks wisely judges market cycles and achieves returns through aggressive yet measured action. Which element is the most essential? Successful investing requires thoughtful attention to many separate aspects, and each of Marks's subjects proves to be the most important thing.

Caveat Emptor

Who knew frugality could be so much fun? Australians are amongst the wealthiest people on the planet, but for some reason we don't like to think or talk about money. Once upon a time, thrift and frugality were celebrated as virtues - not anymore. When did 'frugal' become such a dirty word? It's time to reclaim it! When you respect and understand money, it almost magically transforms itself into something that grows exponentially. In *The Joyful Frugalista*, Money Magazine's Serina Bird shares myriad practical tips for saving money in small ways every day for a better, brighter future. Discover inside: *Ideas and resources for saving on everything from energy bills to weddings, clothing and eating out *Clever ways to cut down your waste *Tips for embracing the joy of minimalism *Ways to wring every drop of pleasure from the money you have *Challenges to help you live life better, including how to feed your family well on \$50 per week. *The Joyful Frugalista* is the essential handbook to living frugally, mindfully and with real joy on any budget.

Poor Charlie's Almanack

Damn Right!

"Outlines a new approach to investing based on the ideas of two highly successful investors; Charlie Munger of Berkshire Hathaway and Bill Miller of Legg Mason. Both Munger and Miller believe in the lattice-work approach to investing, one that

is based on a working knowledge of a variety of disciplines." -- Jacket.

Wit's End: What Wit Is, How It Works, and Why We Need It

Seawitch

"A witty book about wit that steers an elegant path between waggishness and wisdom." —Stephen Fry Much more than a knack for snappy comebacks, wit is the quick, instinctive intelligence that allows us to think, say, or do the right thing at the right time in the right place. In this whimsical book, James Geary explores every facet of wittiness, from its role in innovation to why puns are the highest form of wit. Geary reasons that wit is both visual and verbal, physical and intellectual: there's the serendipitous wit of scientists, the crafty wit of inventors, the optical wit of artists, and the metaphysical wit of philosophers. In *Wit's End*, Geary embraces wit in every form by adopting a different style for each chapter; he writes the section on verbal repartee as a dramatic dialogue, the neuroscience of wit as a scientific paper, the spirituality of wit as a sermon, and other chapters in jive, rap, and the heroic couplets of Alexander Pope. *Wit's End* agilely balances psychology, folktales, visual art, and literary history with lighthearted humor and acute insight, drawing upon traditions of wit from around the world. Entertaining, illuminating, and entirely unique, *Wit's End* demonstrates that wit and wisdom are really the same thing.

Badass Affirmations

Struggling to understand her connection to the vampyre goddess Nyx and her elemental affinities, Zoey Redbird's got her hands full at the House of Night. Add needing a plan to revamp the student group known as the Dark Daughters, and this third-former vampyre's in need of a hand. Turning to her friends, Zoey hopes to gain clarity in her quest to understand where she fits into the modern world of vampyrism. * P. C. Cast brings her best-selling novels to comics for brand-new stories! * Over 12 million novels sold in 35 countries with legions of loyal fans! "Move over, Stephenie Meyer."_People_

Introspection

With more than 700 pithy proverbs, this work lays out the rules you should live by and offers advice on such subjects as money, friendship, marriage, ethics, and human nature.

Honest Illusions

Poor Richard's Almanac

Praise for Damn Right! From the author of the bestselling WARREN BUFFETT SPEAKS. . . "Charlie Munger, whose reputation is deep and wide, based on an extraordinary record of brilliantly successful business strategies, sees things that

Acces PDF Poor Charlies Almanack The Wit And Wisdom Of Charles T Munger Expanded Third Edition

others don't. There is a method to his mastery and, through this book, we get a chance to learn about this rare individual." -MICHAEL EISNER, Chairman and CEO, The Walt Disney Company "Janet Lowe uncovers the iconoclastic genius and subtle charm behind Charlie Munger's curmudgeonly facade in this richly woven portrait of our era's heir to Ben Franklin. With a biographer's detachment, an historian's thoroughness, and a financial writer's common sense, Lowe produces a riveting account of the family, personal, and business life of the idiosyncratically complex and endlessly fascinating figure." -LAWRENCE CUNNINGHAM, Cardozo Law School, Author of The Essays of Warren Buffett: Lessons for Corporate America "For years, Berkshire Hathaway shareholders and investors worldwide (me included) have struggled to learn more about Warren Buffett's cerebral sidekick. Now we can rest and enjoy reading Janet Lowe's book about this rare intellectual jewel called Charlie Munger." -ROBERT G. HAGSTROM, Author of The Warren Buffett Way "Charlie has lived by the creed that one should live a life that doesn't need explaining. But his life should be explained. In a city where heroism is too often confused with celebrity, Charlie is a true hero and mentor. He lives the life lessons that he has studiously extracted from other true heroes and mentors, from Ben Franklin to Ben Graham. This book illuminates those life lessons." -RONALD L. OLSON, Munger, Tolles & Olson llp "Janet Lowe's unprecedented access to Charlie Munger and Warren Buffett has resulted in a first-class book that investors, academics, and CEOs will find entertaining and highly useful."-TIMOTHY P. VICK, Money Manager and Author of How to Pick Stocks Like Warren Buffett

Latticework

In times of adversity, you have two choices — you can either steal yourself away from the situation or steel yourself up towards it. For Ratan Tata, the choice was made early on. To be given the reins to India's largest business conglomerate can be extremely daunting. But Ratan Tata's takeover as the chairman of the Tata group proved that what is already great can be made even better. His legacy has the innate power to inspire great leadership. His success can motivate any beyond words. But, if how the world sees you is a result of how well you communicate, Ratan Tata's wisdom is unmatched. This book contains his simplicity, his determination, his defining moments, his generosity, his learning curve, his humility and his intellectual curiosity. From a man who has lived his days redefining success, his experiences and learnings can brighten the light at the end of any entrepreneurial tunnel. If ever, on your journey of life, you need a little nudge, a push or a spark, this book will never fail to deliver. Not even for a nano second.

The Most Important Thing

Each year, for thirty years, two veteran investment advisors attended Berkshire Hathaway's Annual Shareholders Meeting. After each meeting, they chronicled Warren Buffett and Charlie Munger's best lessons from that year. This book compiles those thirty years of wisdom for the first time.

Poor Charlie's Almanack

Saving Face

“One of the finest, most compelling accounts of what happened to corporate America and Wall Street in the 1980’s.” —New York Times Book Review A #1 New York Times bestseller and arguably the best business narrative ever written, *Barbarians at the Gate* is the classic account of the fall of RJR Nabisco. An enduring masterpiece of investigative journalism by Bryan Burrough and John Helyar, it includes a new afterword by the authors that brings this remarkable story of greed and double-dealings up to date twenty years after the famed deal. The Los Angeles Times calls *Barbarians at the Gate*, “Superlative.” The Chicago Tribune raves, “It’s hard to imagine a better story and it’s hard to imagine a better account.” And in an era of spectacular business crashes and federal bailouts, it still stands as a valuable cautionary tale that must be heeded.

"All I Want to Know is where I'm Going to Die So I'll Never Go There"

The Warren Buffett Way provided the first look into the strategies that the master uses to pick stocks. A New York Times bestseller, it is a valuable and practical primer on the principles behind the remarkable investment run of the famed oracle of Omaha. In this much-awaited companion to that book, author Robert Hagstrom takes the next logical step, revealing how to profitably manage stocks once you select them. *THE WARREN BUFFETT PORTFOLIO* will help you through the process of building a superior portfolio and managing the stocks going forward. Building a concentrated portfolio is critical for investment success. *THE WARREN BUFFETT PORTFOLIO* introduces the next wave of investment strategy, called focus investing. A comprehensive investment strategy used with spectacular results by Buffett, focus investing directs investors to select a concentrated group of businesses by examining their management and financial positions as compared to their stock prices. A strategy that has historically outperformed the market, focus investing is based on the principle that a shareholder's return from owning a stock is ultimately determined by the economics of the underlying business. Hagstrom explains in easy-to-understand terms exactly what focus investing is, how it works, and how it can be applied by any investor at any level of experience. He demonstrates how Buffett arranges his stocks in a focus portfolio and reveals why this is as responsible for his incredible returns as the individual stocks he picks. Ultimately, Hagstrom shows how to use this technique to build and manage a portfolio to achieve the best possible results.

The Model Thinker

NEW YORK TIMES BESTSELLER • Immortal Faerie and ancient feuds, secrets and sacrifices—a thrilling new chapter in the bestselling Fever series begins, featuring Dani, Ryodan, and other beloved characters, as they battle to save Dublin from the rising of a terrifying evil determined to enslave the human race. There is no action without consequence. Dani O’Malley was nine years old when the delusional, sadistic Rowena transformed her into a ruthless killer. Years later, Dani is tough

and hardened, yet achingly vulnerable and fiercely compassionate, living alone by her own exacting code. Despite the scars on her body, and driven by deeper ones carved into her soul, no one is more committed to protecting Dublin. By day she ensures the safety of those she rescues, by night she hunts evil, dispensing justice swiftly and without mercy, determined to give to those she cares for the peace she has never known. There is no power without price. When the Faerie Queen used the dangerously powerful Song of Making to heal the world from the damage done by the Hoar Frost King, catastrophic magic seeped deep into the earth, giving rise to horrifying, unforeseen consequences—and now deadly enemies plot in the darkness, preparing to enslave the human race and unleash an ancient reign of Hell on Earth. There is no future without sacrifice. With the lethal, immortal Ryodan at her side, armed with the epic Sword of Light, Dani once again battles to save the world, but her past comes back to haunt her with a vengeance, demanding an unspeakable price for the power she needs to save the human race. And no one—not even Ryodan, who would move the very stars for her—can save her this time. Praise for High Voltage “A romance wrapped up in a thrilling sci-fi novel—what more could you want?”—PopSugar “If you’ve never read a Karen Marie Moning book before, you’re missing out. Her heroines alone are worth the read. . . . Despite being set in a dystopian world filled with magic and fae, the obstacles that these characters go through are very much humanlike. . . . Cannot wait to see where [she] takes this series next.”—Under the Covers

Barbarians at the Gate

High Voltage

How anyone can become a data ninja From the stock market to genomics laboratories, census figures to marketing email blasts, we are awash with data. But as anyone who has ever opened up a spreadsheet packed with seemingly infinite lines of data knows, numbers aren't enough: we need to know how to make those numbers talk. In *The Model Thinker*, social scientist Scott E. Page shows us the mathematical, statistical, and computational models--from linear regression to random walks and far beyond--that can turn anyone into a genius. At the core of the book is Page's "many-model paradigm," which shows the reader how to apply multiple models to organize the data, leading to wiser choices, more accurate predictions, and more robust designs. *The Model Thinker* provides a toolkit for business people, students, scientists, pollsters, and bloggers to make them better, clearer thinkers, able to leverage data and information to their advantage.
