## **The Collected Sermons of Walter Brueggemann**

Johann Herolt OP (Discipulus) of Nrnberg was the most prolific and skilful writer of model sermons in fifteenth century Europe. The Brethren of the Common Life praised him as pre-eminent among modern sermonists. Herolts collection of sermons and homiletic guides circulated widely in manuscript in mid-century, and after the advent of printing, edition after edition was published. He was one of the most published authors of the incunabular period. Some of his works are readily accessible, but others exist only in single manuscripts. This book draws new attention to these influential sermons circulating on the eve of the Reformation.

#### **Solomon and Shulamite. Sermons on the Book of Canticles. Translated from the last German Edition**

"Through this book, Craddock has, for a quarter century, been teaching countless students to preach lively, substantive, and faithful sermons. Preaching will take its place, alongside the texts of Augustine, Fenelon, Broadus, Luccock, and others, as benchmark examples of the best wisdom in the treasury of homiletics."---Thomas G. Long, from the Foreword

This groundbreaking volume has guided generations of students and pastors through the daunting challenge of learning to preach. Fred Craddock weaves history, theology, and hermeneutics into a practical, comprehensive, and contemporary text on how to prepare and deliver the sermon. Painstakingly prepared for seminary students and clergy, Preaching answers the fundamental question, How does one speak a word from God? This format provides an intelligible guide to sermon preparation and allows for concentrated study of all the particular dimensions of the homiletical process. "Fred Craddock's is a book filled with practical wisdom. It is free of the older homiletical prescriptions that too often confined the preacher's creativity. In place of rules, Craddock invites his readers to participate with him in the whole

cycle of the preparation and delivery of sermons, and to do so in such a way that readers supplement the author's ideas with their own experiences and insights. Best of all, the book is free of jargon and the technical language of homiletics and theology. Preaching is a liberating book."---Richard Lischer, Duke University Divinity School

Doing justice to the complexity of the preaching task and the questions that underlie it, Wilson organizes both the preparation and the content of the sermon around its "four pages." Each "page" addresses a different theological and creative component of what happens in any sermon. Page One presents the trouble or conflict that takes place in or that underscores the biblical text itself. Page Two looks at similar conflict--sin or brokenness--in our own time. Page Three returns to the Bible to identify where God is at work in or behind the text--in other words, to discover the good news. Page Four points to God at work in our world, particularly in relation to the situations described in Page Two.

the human nature of Jesus' words and then points out life-changing lessons from these truths, which, if we truly apply them to our hearts and lives, will make us much better people in the service of our Lord.

According to Wayne, his main attempt has been to make these grand sermons live anew in the hearts of the Lord's people. He has said, "They have lived for me; I want them to live for others." This series of sermons can be utilized as a great study tool in gaining a more thorough understanding of Jesus' parables. It is also just an enjoyable read for the spiritually minded!

The period 1689-1901 was 'the golden age' of the sermon in Britain. Sermons out-sold other books until the mid-nineteenth century and were a key part of peoples' religious worship. Sermons influenced the outcome of elections, they challenged science and were used as vehicles for popular campaigns such as that for the abolition of slavery. The popularity of sermons should not be underestimated. Preachers attracted huge crowds, the Baptist minister Charles Spurgeon regularly preached to 5,000 people, and the popular demand for sermons was never higher. Sermons were also taken by missionaries and clergy

## **Sermons from the Book of Haggai**

Preeminent biblical scholar and preacher Walter Brueggemann says the book of Jeremiah is not a sermon, but it does sound the cadences of the tradition of Deuteronomy that serve as sermons--that is, as expositions based on remembered and treasured tradition. In this volume, Brueggemann conducts an experiment in homiletics. He wants us to wrestle with the question, What if we allow the canonical shape of the book of Jeremiah to instruct us concerning the shape and trajectory of the sermon? More specifically, he wonders: What if the book of Jeremiah is treated as a long sermonic reflection about the traumatic events that led to exile and

displacement for the people of Judah? Why did it happen? Is God faithful? Does God punish? Is there any future? This theme and these questions can also be related to the crucifixion of Jesus and the displacement experienced by his followers.

Brueggemann extends his wonderment further to the displacement experienced in modern American culture, as events jolt our notions of exceptionalism and chosenness. All of those same propensities were at work in ancient Israel in the wake of the displacement of Jerusalem, a wake given voice in the book of Jeremiah. Brueggemann analyzes the various parts of the sermon through the organization of the book of Jeremiah, looking at Introduction, Body, and Conclusion, comparing them to Good Friday, Holy Saturday, and Resurrection Sunday. The task of the preacher mirrors the task of the prophet who seeks to pluck and tear down, as well as to plant and to build. The preacher cannot, as he says, participate in a cover-up. The preaching task requires honesty about what God requires and a clear proclamation of what God has done and will yet do.

And he continues to speak to us, through the Genevan Reformer, in these twenty-eight sermons. Calvin's commitment to the sovereignty of divine

Have you ever wondered why televangelists live in mansions and make millions of dollars when scripture makes it clear ministers should live modest humble lives? Have you ever wondered why Christians look just like the world they are supposed to be called out of? Have you ever wondered why the word of God says one thing yet churches are the exact opposite? There is a difference between sermons brought forth by the Holy Ghost versus those brought forth by the lust of the flesh, the lust of the eye and the pride of life. The sermons in this book were revealed by the Spirit. While only a few of many they should show the reader that true sermons do not revolve around begging for money or fame or fortune. The first few are from my Kindle books but they are followed by quite a few unpublished ones. While the
