the mouth-watering recipes she used to seduce her men, smooth over the lumps, and console herself when the relationships flamed out. From an affectionate alcoholic, to the classic New York City commitment-phobe, to a hipster aged past his sell date, and not one, but two novelists with Peter Pan complexes, Giulia has cooked for them all. She suffers each disappointment with resolute cheer (after a few tears) and a bowl of pastina (recipe included) and has lived to tell the tale so that other women may go out, hopefully with greater success, and if that's not possible, at least have something good to eat. Peppered throughout Giulia's delightful and often poignant remembrances are fond recollections of her mother's cooking, the recipes she learned from her, and many she invented on her own inspired by the men in her life. Readers will howl at Giulia's boyfriend-littered past and swoon over her irresistible culinary creations.

The 1960s and 1970s were the heyday of spaghetti westerns--low-budget films about the early American West mostly filmed in Italy. Though sometimes derided as excessively violent imitations of American-made westerns, they attracted a substantial following that has endured. With its classic elements of gunfights, gambling, heroes, sidekicks, love, and death, the genre is now perceived by critics as an intriguing object of study. This book analyzes the construction of the stories presented in spaghetti westerns. It examines the content of the Italian

western using concepts and constructs borrowed from scholars studying "pre-industrial" narratives. Plot, the constellation of characters, their relationship to each other, and their motives are studied. Films examined in detail include the seminal *A Fistful of Dollars* as well as *Django*, *For a Few Dollars More* and *The Good, the Bad and the Ugly*. There is also a discussion of the early spaghetti westerns. The study then probes the elements of bounty hunters, the deprived hero, partnerships, betrayal, and comedy. An appendix details the top grossing Italian westerns between 1964 and 1975, including title, director, lead actor and intake. A second appendix provides a list of films quoted by Italian title and then by English title.
