pause: Mr Edgar Nevett, an arrogant banker, is the father of the bully who made Ned's life hell at boarding school. Nevertheless, Ned accepts the commission to ensure the Nevett family silver bears no ancient or modern curses, and then prepares to banish the Nevett family to unpleasant memory again. Until Edgar Nevett is killed by an enchanted silver candlestick-one of the pieces Ned declared magically harmless. Calling on his old school friend Julian Lynes-private detective and another victim of the younger Nevett-Ned races to solve the murder, clear the stain on his professional reputation, and lay to rest the ghosts of his past. Assisted by Ned's able secretary Miss Frost, who has unexpected metaphysical skills of her own, Ned and Julian explore London's criminal underworld and sodomitical demimonde, uncover secrets and scandals, confront the unexpected murderer and the mysteries of their own relationship. In *Death by Silver* veteran authors Melissa Scott and Amy Griswold introduce a Victorian London where magic works, influencing every aspect of civilized life, and two very appealing detectives.

Roswell

A welcome return to the vividly realized city of Asteiant with its intricate magics and deadly politics. *Point of Knives* takes place in the interval between the widely praised earlier novels *Point of Hopes* and *Point of Dreams*. A fantastical mystery and a rousing adventure, *Point of Knives* also reveals for the first time the beginning of the romance between Adjunct Point Nicolas Rathe and ex-soldier

Philip Eslingen. The events of Midsummer have hardly been forgotten by the Fall Balance, and Nicolas Rathe can hardly complain that they've done any harm to his reputation, or to the reputation of the Points in general. However, it has meant that he's more in demand as an investigator, and the increased recognition and workload has made it hard to pursue friendship, or anything more, with Philip Eslingen, his comrade in the rescue of the stolen children. Eslingen is still Hanselin Caiazzo's bodyguard and Caiazzo is involved in any number of questionably legal ventures, and it does neither of them any good to be seen too often in each other's company. When a father and son who are both rumored to have been pirates are murdered on the same night, and Rathe finds Eslingen standing over the son's body, Eslingen proves his innocence easily enough, though he refuses to say exactly what errand he's running for Caiazzo at that hour of the morning. But when the old man's grandson and the son's self-proclaimed wife quarrel over the son's meager belongings, and Caiazzo dispatches Eslingen to represent his interests in the investigation, Rathe begins to wonder if their friendship is going to survive. Or whether they'll survive at all.

The Fractured Void

A new tale based on the People's Choice Award-winning television series finds the team of soldiers and scientists working to unravel a new mystery in the Pegasus galaxy. Original.

Stargate Atlantis

The Land of Laughs

The city of Astreiant has gone crazy with enthusiasm for a new play, "The Drowned Island," a lurid farrago of melodrama and innuendo. Pointsman Nicolas Rathe is not

amused, however, at a real dead body on stage and must investigate. A string of murders follow, perhaps related to the politically important masque that is to play on that same stage. Rathe must once again recruit the help of his lover, former soldier Philip Eslingen, whose knowledge of actors and the stage, and of the depths of human perversity and violence, blends well with Rathe's own hard-won experience with human greed and magical mayhem. Their task is complicated by the season, for it is the time of year when the spirits of the dead haunt the city and influence everyone, and also by the change in their relationship when the loss of Philip's job forces him to move in with Nicolas. Mystery, political intrigue, floral magic, astrology, and romance--both theatrical and personal--combine to make this a compelling read. A winner of the Lambda Literary Award for Best LGBT Speculative Fiction.

threatens them and our whole planet? And while they're on Earth, what new menace enters the scene in the Pegasus galaxy? All will be revealed in this exciting new collection of American Mythology's first two story arcs, StargateAtlantis: Back To Pegasus and Stargate Atlantis: Gateways, the comics that made one review say, "As far as television franchises continuing on in comic books I think this one is definitely the most authentic to the series."

Fairs' Point

Secret Service Agent Oakes Weaver is in the midst of the biggest assignment of her career—leading the advance team for President Andrew Powell’s impending trip to Philadelphia where everyone expects he will be nominated to run for a second term. The last thing she needs is a tragedy among the president's inner circle that might not be an accident, or the sudden recruitment of Ari Rostof, a woman who might be a lot more than she seems. But Oakes doesn't get a say in policy. She only has to secure the president’s safety—at all costs. First Daughter Blair Powell and her spouse, Cameron Roberts, are among the reelection campaign members accompanying President Andrew Powell to Philadelphia. The twenty-first book in the beloved *Foreigner* saga continues the adventures of diplomat Bren Cameron, advisor to the atevi head of state. The overthrow of the atevi head of state, Tabini-aiji, and the several moves of enemies even since his restoration, have prompted major changes in the Assassins' Guild, which has since worked to root out its seditious elements—a clandestine group they call the Shadow Guild. With the Assassins now rid of internal corruption, with the birth of Tabini's second child, and with the appointment of an heir, stability seems to have returned to the atevi world. Humans and atevi share the space station in peaceful cooperation, humans and atevi share the planet as they have for centuries, and the humans' island enclave is preparing to welcome 5000 human refugees from a remote station now dismantled, and to do that in unprecedented cooperation with the atevi mainland. In general Bren Cameron, Tabini-aiji's personal representative, returning home to the atevi capital after securing that critical agreement, was ready to take a well-earned rest—until Tabini's grandmother claimed his services on a train trip to the smallest, most remote and least significant of the provinces, snowy Hasjuran—a move concerning which Tabini-aiji gave Bren a private instruction: protect her. Advise her. Advise her—perhaps. As for protection, she has a trainload of high-level Guild. But since the aiji-dowager has also invited a dangerously independent young warlord, Machigi, and a young man who may be the heir to Ajuri, a key northern province—the natural question is why the dowager is taking this ill-assorted pair to Hasjuran and what on this earth she may be up to. With a Shadow Guild attack on the train station, it has become clear that others

have questions, too. Hasjuran, on its mountain height, overlooks the Marid, a district that is part of the atevi nation only in name—a district in which Machigi is one major player, and where the Shadow Guild retains a major stronghold. Protect her? Ilisidi is hellbent on settling scores with the Shadow Guild, and her reasons for this trip and this company now become clear. One human diplomat and his own bodyguard suddenly seem a very small force to defend her from what she is setting in motion.

Classic original fiction set in the Alien world, featuring Earth Hive by Steve Perry, Nightmare Asylum by Steve Perry and The Female War by Steve Perry and Stephani Perry. Earth Hive: Wilks was a space marine with a near-fatal flaw: he had a heart. Billie was a child, the only survivor of a far-flung colony outpost. Thrown together in the last hellish night of an alien invasion, Billie and Wilks helped each other get out alive. Thirteen years later Wilks is in prison, and Billie lives in a mental institution, the nightmare memories of the massacre at Rim seared into her mind. Now the government has tapped Wilks to lead an expedition to the aliens' home planet to bring back a live alien. But the competition on Earth to develop the aliens as a new weapons system is brutal. When Wilks's team departs on their mission, a trained assassin trails them. And what follows is no less than guerrilla warfare on the aliens' planet--and alien conquest on Earth! Nightmare Asylum: Wilks, Billie, and Bueller were the last survivors of a devastating assault on the aliens' home planet. But once their return to the solar system made them refugees once more, fleeing Earth and its alien infestation in a desperate attempt to stay alive. Now, in an otherwise unmanned military transport, they hurtle through

space. Destination: unknown. Little do they know that the cargo they carry with them is a legacy of death that they will ultimately have to face. Nor do they know that they head toward a remote colony and military outpost. This pocket of humanity at the very edges of space is at the mercy of a general names Spears with an agenda all his own. Now Billie, Wilks, and Bueller face a new nightmare, and it is nothing they could ever have imagined: a gift of madness from an alien world, unbalanced mind, and the experiences of a mysterious pilot named Lieutenant Ellen Ripley. The Female War: Lieutenant Ellen Ripley awoke from her long journey in space with a hole in her memory and an overwhelming drive to survive. When she meets Wilks and Billie, two battered veterans in the war against the aliens she realizes she's found two comrades in arms--and she's ready to take up the fight. Only then does she discover the devastating secret that lurks behind her long sleep. When she, Wilks, and Billie prepare to meet the aliens head-on to turn a powerful alien queen against her spawn in a battle intended to save Earth, that secret becomes her greatest weapon--and her greatest liability. As the fate of Earth hangs in the balance, Ripley and Billie must come to terms with what it means to be an alien . . . and what it means to be human.

Stargate: Daniel Jackson

From Daryl Gregory, whose Pandemonium was one of the most exciting debut novels in memory, comes an astonishing work of soaring imaginative power that

breaks new ground in contemporary fantasy. Switchcreek was a normal town in eastern Tennessee until a mysterious disease killed a third of its residents and mutated most of the rest into monstrous oddities. Then, as quickly and inexplicably as it had struck, the disease—dubbed Transcription Divergence Syndrome (TDS)—vanished, leaving behind a population divided into three new branches of humanity: giant gray-skinned argos, hairless seal-like betas, and grotesquely obese charlies. Paxton Abel Martin was fourteen when TDS struck, killing his mother, transforming his preacher father into a charlie, and changing one of his best friends, Jo Lynn, into a beta. But Pax was one of the few who didn't change. He remained as normal as ever. At least on the outside. Having fled shortly after the pandemic, Pax now returns to Switchcreek fifteen years later, following the suicide of Jo Lynn. What he finds is a town seething with secrets, among which murder may well be numbered. But there are even darker—and far weirder—mysteries hiding below the surface that will threaten not only Pax's future but the future of the whole human race. From the Trade Paperback edition.

Mirror, Mirror

During Dog Moon, the chief entertainment in the great city of Astreiant, for nobles and commons alike, is the basket-terrier races at New Fair. This year, with spectacularly bad timing, the massive and suspicious bankruptcy of a young nobleman has convulsed the city, leading to suicides, widespread loss of employment, and inconvenient new laws around the universal practice of betting on the races. As well, a rash of mysterious burglaries seems to suggest a magistical conspiracy. Pointsman Nicolas Rathe is naturally in the midst of all these disturbances--as is his lover, foreign former mercenary Philip Eslingen. When Eslingen receives a basket-terrier puppy in the redistribution of the bankrupt's household goods, he makes the best of it by having the pup trained for the races, an action that draws him and Rathe deeper into the coils of a mystery somehow involving New Fair's dog races, bookies and bettors, the bankruptcy and its causes and fallout, burglaries, and a new uncanny form of murder.
