A Practical Guide to Spoken English

A Course of Spoken English

This is a textbook which looks at the practice of ELT from an Indian perspective. It has a training-oriented approach and can be used as a manual by teacher trainers, students at the undergraduate and graduate levels in B.Ed. and allied programmes.

Understanding Spoken English

This practical book contains over 100 different speaking exercises, including interviews, guessing games, problem solving, role play and story telling with accompanying photocopiable worksheets.

The Language Instinct

The place of English in the secondary curriculum has been the subject of intense debate in the general media as well as in education circles. This reader addresses the key issues of that debate in a way that is both accessible and lively. Separate sections cover the historical background to the debate, including the major teaching areas of speaking, listening, reading and writing, assessment and the professional development of teachers within the subject. Specially commissioned articles

look at some of the most controversial issues in the subject--for instance the place of grammar and the centrality of literature in the curriculum. Novice English teachers will find this book an invaluable introduction to the complexities of their subject. For their more experienced colleagues, this text will be an invaluable way to keep up to date with current thinking.

Teaching the Core Skills of Listening and Speaking

Teaching of English in India has been traditionally grammar based. The teacher teaches a good deal of grammar; assigns exercises in class or as homework and makes a lot of corrections. Such painstaking efforts on the part of the teacher are, of course, helpful in learning the language but does not much help the student to use the language in day-to-day conversation. Leaving aside the traditional method of dealing with grammar as an isolated subject, the present book offers a specific course in spoken English that focuses on the language of interaction and social exchanges. Its main emphasis is on developing communicative ability of the learner.

Michelle Maxom's step-by-step guide provides practical tips to get you started and offers key advice to help unleash the creative English language teacher within.' - Claire Woollam, Director of Studies & a Teacher Trainer at Language Link London

The Ultimate ESL Teaching Manual

Spoken English

Following the Second World War, the British Council, along with British publishers and universities, began to take a serious interest in English as a foreign language teaching ('ELT') and the UK soon gained a dominant role in the development and export of teaching approaches and materials. This set includes the works of neglected theorists such as Horace Wyatt, who indicated that English can be taught through the mother tongue as well as 'directly', and Michael West, whose emphasis on the educational value of teaching reading 'in difficult circumstances' has often been ignored in favor of the more utilitarian, spoken-language approach to ELT.

Spoken English Kindergarten Teacher's Manual 1st Ed. 2004

English is learnt, internationally, in a range of diverse settings. This book examines processes of language acquisition in English, as well as what it means to learn English in different parts of the world. It looks at the place of English within formal education, and at some of the controversies that have surrounded the teaching of English.

Teaching English as a Foreign Language, 1912-1936: Lawrence Faucett

Spoken English

Essay from the year 2017 in the subject English - Pedagogy, Didactics, Literature Studies, , language: English, abstract: For decades, there has been a widespread assumption in the field of English language education that native speakers are better teachers. They are said 'to speak "unaccented" English, understand and use idiomatic expressions fluently, and completely navigate the culture of at least one English-dominant society. As a result, nonnative English-speaking educators have found themselves often implicitly, and sometimes explicitly discriminated against' native speakers of English. Around the world 80 per cent of English language teachers are non-native speakers of English. But native speakers of English are usually given more value: they find it easier to get a job as an English teacher and get in general better payed. They are seen as belonging to a higher professional status than non-native speakers. It is said that as native speakers grew up speaking English they are more acquainted with the language and with that provide a better language education to their students.

How to Teach Speaking

"Drawing on wide-ranging literature from a variety of relevant disciplines, as well as their own extensive experience in

teaching spoken English, the authors give a fascinating, comprehensive, and insightful account of the nature of second language speaking skills. The research and theory they survey then serves as the basis for the principles, strategies, and procedures they propose for the teaching of spoken English. This book will, therefore, provide an invaluable resource for teachers, teachers in training, and researchers, providing both a state-of-the-art survey of the field as well as a source of practical ideas for those involved in planning, teaching, and evaluating courses and materials for the teaching of spoken English"--

Teacher's book two

This well-established and highly successful book, now in its Second Edition, builds on the strength of the previous edition, retaining many of the topics and incorporating some new topics in consonance with the present-day needs. The accompanying CD contains all the attributes of a good speech—proper stress, intonation and correct pronunciation—to enable better comprehension of the topics. Some of the conversations and Words Often Mispronounced are also included in the CD to emphasize on the correctness of learning and enrich the learners in language skills. Primarily intended for students and learners who wish to enhance their spoken English skills, this book will be useful also for those who have long-felt need to communicate in English. It has all the rich ingredients to facilitate the learners talk effectively and confidently:

- About 50 real-life conversations to improve one's speech
- Extensive list of vocabulary to aid in group discussions
- Several useful language tips to pursue the global quest for personal and academic excellence
- NEW TO THIS EDITION
- Discusses the need of the body language
- Gives dos and don'ts for an effective communicator
- Provides a list of a few non-verbal behaviours and their universal interpretation
- KEY FEATURES
- Application of idioms for effective and creative speaking
- Learning of expressions and phrases for better practical presentation
- Numerous word meanings to clarify doubts
- Grammar and usage in almost all the chapters to grasp the correct syntax
- Activity to instill confidence in public speaking

New Ways in Teaching Speaking

Teaching English as a Second Language

Teaching of English

Effortless English: Learn To Speak English Like A Native A.J. HOGE, THE WORLD'S #1 ENGLISH TEACHER, teaches you his most powerful methods for learning to speak English fluently and confidently. Famous for training corporate and

government leaders, A.J. Hoge gives you a step by step program teaching you the system that will help you master English and achieve ultimate success with English. You have studied English for years and yet you still do not speak well. When you speak English, you make grammar mistakes. Your pronunciation is not clear. Worst of all, you feel nervous and shy when you try to speak English. You read English well, but after all these years you still cannot speak well. The good news is, it's not your fault. You have simply used old ineffective methods. Effortless English will teach you a completely new way to learn English faster. Effortless English will.. *Teach you how to overcome nervousness, shyness, and fear when speaking English. *Master spoken English grammar quickly and naturally *Teach you how to improve your English pronunciation and develop an American, British, or Australian accent. *Show you how to achieve a high TOEFL, IELTS, or TOEIC score. *Help you learn vocabulary 4-5 times faster. *Tell you how to feel stronger, calmer, and more powerful when speaking English. *Teach you how to understand native speakers and communicate clearly with them during real conversations. *Help you get better jobs by learning business English. *Teach you how to learn grammar without memorizing grammar rules. "You have studied English many years, yet you still do not speak well. You read English but you feel nervous and frustrated when speaking. It is time for a change. I will teach you to speak English quickly, easily, and automatically using my Effortless English System (TM). I will teach you to speak with correct grammar and excellent pronunciation. You can achieve success now simply by changing the way you learn English." --A.J. Hoge

TEACHING ENGLISH AS A SECOND LANGUAGE

Teaching English as an Additional Language

Today, English Language Teaching (ELT), especially English as a Second Language (ESL) and English as a Foreign Language (EFL), has been witnessing unprecedented changes in curriculum, teaching methodology, and the application of learning theories. This has created a demand for teachers who can teach English to learners of varied cultural, socio-economic and psychological backgrounds. This book discusses the modern trends, innovations, as well as the difficulties and challenges in teaching and learning ESL in a non-native context. The book, with contributions from many experts (each one specializing in a particular field) from countries such as UK, USA, Australia, New Zealand, India, Nigeria, Sri Lanka, China, and Japan, provides new methods, strategies and application-oriented solutions to overcome the problems in a practical way. The book deals with all topics pertinent to ESL and these are reinforced by a large number of examples and quotations from different sources. What distinguishes the text is its focus on modern innovations and use of technology in ELT/CLT (communicative language teaching). Teachers, teacher-trainees (B.Ed./M.A. Education/M.Ed.), and teacher-educators who are concerned with teaching English as a Second Language (ESL) should find this book immensely helpful.

Spoken English 1 Teacher's Manual 3rd Ed. 2003

face2face Elementary Teacher's Book

The second edition includes updates and insights on current research and pedagogical practice that have developed over the last decade. This new edition of Teaching Pronunciation - undoubtedly the gold standard for pronunciation methodology texts - has been revised to reflect recent research into the sound system of North American English, as well as new practices in pronunciation pedagogy. Audio CDs with additional examples are now packaged with the book.

Spoken English 5 Teacher's Manual 3rd Ed. 2003

Speaking in a second or foreign language may be the most demanding of the four language skills. This book addresses the varied difficulties learners face in learning to speak another language. The 100+ activities presented in this volume focus on fluency, accuracy, pronunciation, and speaking in specific contexts. These activities use dialogues, role plays, games, and audiovisual aids to practice such speech events as conversation, oral presentations, and interviewing. --From publisher's description.

Drawing both on decades of research data and on the authors' real-life experiences as teachers of English language learners, this book is replete with ideas for fostering real academic discourse in your classroom.

English Teaching Forum

Teaching the Spoken Language is about teaching the spoken language. It presents in a highly accessible form the results of the author's important research on teaching and assessing effective spoken communication. The authors examine the nature of spoken language and how it differs from written language both in form and purpose. A large part of it is concerned with principles and techniques for teaching spoken production and listening comprehension. An important chapter deals with how to assess spoken language. The principles and techniques described apply to the teaching of English as a foreign and second language, and are also highly relevant to the teaching of the mother tongue.

Easy Spoken English

This book presents a corpus-based study of spoken learner language produced by university-level ESL students in the classroom. Using contemporary theories as a guide and employing cutting-edge corpus analysis tools and methods, the authors analyse a variety of learner speech to offer many new insights into the nature and characteristics of the spoken language of college ESL learners. Focusing on types of speech that are rarely examined, this original work makes a significant contribution to the study and understanding of ESL spoken language at university level. It will appeal to students and scholars of applied linguistics, corpus linguistics, second language acquisition and discourse analysis.

Exploring Spoken English Learner Language Using Corpora

Spoken English 4 Teacher's Manual 3rd Ed. 2003

Content-Area Conversations

Unique, original, long overdue method for everyone to learn quickly and easily how to speak conversational English, simply by talking about themselves in relation to everyday topics with a native English speaker. Grammar/grammatical analysis are not required in this natural speaking, quick progress course method. Lessons are 3-hour immersion sessions for maximum retention/progress. All dialogue is recorded on paper for regular review, providing accent elimination/speech perfection. The method presented can be applied to learning other languages besides English. The program presented was originally written and published by the author for extended adult education classes. His subsequent private tutoring of 100's of clients from Japan and Europe evolved the original program into what you see here. No matter what method or program you currently use, Paul's original book will be the best addition ever to your current curriculum. Your clients' progress and satisfaction will go to another level.

Is it better to learn English from a native or a non-native speaker teacher?

With the Common Core State Standards emphasizing listening and speaking across the curriculum, these long-neglected language arts are regaining a place in schools. For teachers, this means reexamining practices and rethinking expectations. How much do we know about teaching listening and speaking as the complex communication skills they are? How do we teach students to discuss appropriately, integrate and understand the mountains of information they receive, and express themselves clearly and effectively? In this lively and practical book, 20-year teaching veteran Erik Palmer presents an approach aligned to the six Common Core anchor standards for speaking and listening but focused on preparing students for 21st century communication inside and beyond the classroom. Here, you'll get concrete guidance for teaching and assessing * Collaborative discussion * Listening and media literacy * Questioning and reasoning * Speech presentation * Effective multimedia use * Adapting speech to different content and tasks With due respect to reading and writing, we do most of our communicating—in the classroom and in life—through listening and speaking. Filled with examples and specific activities targeted to variety of subjects and grade levels, this book is an essential resource for all teachers interested in

helping students acquire core skills that cross the content areas and support long-term success.

Teaching Speaking

A Practical Guide to Spoken English

The classic book on the development of human language by the world's leading expert on language and the mind. In this classic, the world's expert on language and mind lucidly explains everything you always wanted to know about language: how it works, how children learn it, how it changes, how the brain computes it, and how it evolved. With deft use of examples of humor and wordplay, Steven Pinker weaves our vast knowledge of language into a compelling story: language is a human instinct, wired into our brains by evolution. The Language Instinct received the William James Book Prize from the American Psychological Association and the Public Interest Award from the Linguistics Society of America. This edition includes an update on advances in the science of language since The Language Instinct was first published.
