One of the most original American writers, Edgar Allan Poe shaped the development of both the detective story and the science-fiction story. Some of his poems—"The Raven," "The Bells," "Annabel Lee"—remain among the most popular in American literature. Poe's tales of the macabre still thrill readers of all ages. Here are familiar favorites like "The Purloined Letter," "The Fall of the House of Usher," and "The Murders in the Rue Morgue," together with less-known masterpieces like "The Imp of the Perverse," "The Narrative of A. Gordon Pym," and "Ligeia," which is now recognized as one of the first science-fiction stories, a total of seventy-three tales in all, plus fifty-three poems and a generous sampling of Poe's essays, criticism and journalistic writings.

ranging contemporary themes as galvanism, time travel and resurrection of the dead. 'The Unparalleled Adventure of One Hans Pfall' relates a man's balloon journey to the moon with a combination of scientific precision and astonishing fantasy. Elsewhere, the boundaries between horror and science are elegantly blurred in stories such as 'The Facts in the Case of M. Valdemar', while the great essay 'Eureka' outlines Poe's own interpretation of the universe. Powerfully influential on later authors including Jules Verne, these works are essential reading for anyone wishing to trace the genealogy of science fiction, or to understand the complexity of Poe's own creative vision

### **The Complete Tales & Poems of Winnie-the-Pooh**

This book contains tales and poems by Edgar Allan Poe that became innovative literature discoveries at the time and extremely popular in its genre: The Fall of the House Usher, The Gold-Bug, poem The Raven. Edgar Poe was one of the first American writers who wrote mostly novellas. Within twenty years Edgar Poe created two short novels, two poems, one play, about seventy stories, fifty poems and ten essays that were published in magazines and almanacs and then gathered in collection books. Edgar Poe was highly valued by Jules Verne, Arthur Conan Doyle and Howard Phillips Lovecraft who admitted his pioneer role in the genres they were popularizing. In his thriller stories Poe tries to show psychic side of the crime from the inside. He is not interested in social roots of the crime, but in unmotivated actions that go beyond normal behavior of a person in the society.

Nevertheless, in a series of stories while describing the acts committed by characters under influence of “contradiction demon” or “perversion demon”, Poe puts in rational reasons. For example, the character from the story The Black Cat understands that his brain is poisoned with alcohol, and as a result his mental health and temper were injured. But this reasoning is too plain and trivial for the thriller. Narrating on behalf of the criminal, Poe brings actions under the control of contradiction demon. Combination of plans puts volume to the stories the events are at the same time rational and not, motivated and incredibly paradoxical.

Today the names of H. P. Lovecraft, Robert E. Howard, August Derleth, and Clark Ashton Smith, all regular contributors to the pulp magazine *Weird Tales* during the first half of the twentieth century, are recognizable even to casual readers of the bizarre and fantastic. And yet despite being more popular than them all during the golden era of genre pulp fiction, there is another author whose name and work have fallen into obscurity: Seabury Quinn. Quinn's short stories were featured in well more than half of *Weird Tales*'s original publication run. His most famous character, the supernatural French detective Dr. Jules de Grandin, investigated cases involving monsters, devil worshippers, serial killers, and spirits from beyond the grave, often set in the small town of Harrisonville, New Jersey. In de Grandin there are familiar shades of both Arthur Conan Doyle's Sherlock Holmes and Agatha Christie's Hercule Poirot, and alongside his assistant, Dr. Samuel Trowbridge, de Grandin's knack for solving mysteries—and his outbursts of peculiar French-isms (*grand Dieu!*)—captivated readers for nearly three decades. Collected for the first time in trade editions, *The Complete Tales of Jules de Grandin*, edited by George Vanderburgh, presents all ninety-three published works featuring the supernatural detective. Presented in chronological order over five volumes, this is the definitive collection of an iconic pulp hero. The first volume, *The Horror on the Links*, includes all of the Jules de Grandin stories from "The Horror on the Links" (1925) to "The Chapel of Mystic Horror" (1928), as well as an introduction by George Vanderburgh and Robert Weinberg.

Poe's preference for not naming his narrators is potent once again in "The Tell-Tale Heart", a story that is trying so hard to appear sane, but fails miserably in the end. With minute preparations, perfect calculations, and even more precise execution of the conceived gruesome act, the narrator successfully fulfils his purpose, only to be lost in a battle with his sanity and guilt afterwards. Backed by the numerous movie and theatrical adaptations, the story is considered one of Poe's most popular and critically acclaimed. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1945), "The Black Cat" (1943), and "The Gold-Bug" (1843).
