### **The Big Book of Sudoku for Kids Easy Level with Answers**

Easy Sudoku For Kids If you are looking for a great gift to introduce a young girl or boy to the fun and challenge of solving Sudoku puzzles, this activity book is the perfect solution. It is filled with 96 Sudoku puzzles that range from easy to just a bit harder or intermediate level of difficulty. The puzzles are accompanied by 80 sketch pad pages for youngsters to create drawings, doodle, color, make notes or do whatever they fancy. The sketch pages are disbursed throughout the book so that children will never get board using this activity book. This is a great first introduction for kids that have never played Sudoku before. Solving Sudoku is fantastic for teaching kids how to challenge their minds and figure out logical strategies for winning by learning to work out their moves in advance. Each puzzle within this book has been verified to have only one possible solution. The game of Sudoku was originally called "Number Place" and appeared under that name since 1979 in newspapers, magazines and books. However, in 1986 the Japanese puzzle company, Nikoli, started using the name Sudoku, which means "Single Number" and today this is the more commonly used name to describe this type of puzzle game. Sudoku for kids 8-12 - The only guide you need for good Sudoku solving. If you don't wish to lose out on the Ultimate Sudoku puzzle book to increase your kids' IQ while having fun doing it, then keep reading. As a child, Jim struggled with Numbers, Counting and Maths. Well, it always resulted in getting lower grades in the Maths subjects and he used to be depressed about why he was not as good as the other kids. At that time Jim had no one to guide him in this journey because neither coaching classes were there, nor were his parents educated enough to help him out with this skill related to Maths. Hence, he struggled throughout his teens and even wanted to skip his high school exams because of fear. The result, Jim ended up being poor in words, vocabulary, and language. Thus, he was a discouraged kid in his teens. Later Jim discovered a fun way to learn about Numbers and improve his Mathematics all in his free time. Searching for numbers became an amazing experience not just for Jim, but also for his school students. They enjoyed every moment they spent on Sudoku and the joy of finding out the numbers made their day. Increase their Number and Maths skills

### **The Kids' Book of Sudoku 1**

The hotter-than-hot puzzles, now in a format just for kids! Youngsters who want to start solving can have fun with these smaller sudokus that are right on their level. Instead of the usual sudoku grid, which goes from 1 to 9, most of these puzzles go only from 1 to 6. It's simpler, increases the chances for success, and minimizes frustration. At the same time, children are building their skills--and preparing themselves to work on the 22 regular-size versions that are found at the end of the book. An introduction teaches the basic sudoku rules and offers easy-to-follow hints on how to figure out which number goes where. "The new international craze!"--The New York Times "People are wild about it"--Sherry Stern of the Los Angeles Times
