A captivating and fanatically thorough reevaluation of Marshall's life and times."

My Life on the Plains

This first biography of General George A. Custer was published late in 1876, only months after the disaster at the Battle of the Little Big Horn. A Complete Life was the beginning of a legend, and Frederick Whittaker did more than anyone else except Libby Custer to make the flamboyant Boy General a permanent resident of the national consciousness. Quite aside from its contribution to the public image of Custer, this important book placed him and his associates against a concrete background of onrushing events. Drawing on newspaper reports and the general's own words, Whittaker captures the excitement of the era. Continuing the story of Custer from Volume 1, which dealt with his childhood in Ohio, cadetship at West Point, courtship of Elizabeth Bacon, and service as a cavalryman in the Civil War, Volume 2 takes Custer west to head up the newly created Seventh Cavalry and fight the Arapahoes, Cheyennes, Kiowas, and Sioux. Whittaker gives full scope to Custer's brushes with authority, his changeable relations with his troops, and his famous expeditions, ending with a memorable description of his last stand at the

A Complete Life of General George A. Custer-Major-General of Volunteers; Brevet Major-General, US Army; and Lieutenant-Colonel, Seventh US Cavalry, is the first biography of General George A. Custer published in 1876, six months after Custer's defeat at the Battle of the Little Big Horn.

The Life of General George Monck

Custer

George Henry Gordon, who moved to Framingham, Massachusetts, at the age of five, attended the U.S. Military Academy at West Point, where his attitudes toward the country were shaped alongside classmates George McClellan, Thomas "Stonewall" Jackson and Ulysses S. Grant. Gordon went on to hold political and military offices in the North, and as a general in the Union army, he led his troops against Jackson in the Valley Campaign, at Antietam and at the Siege of Charleston. Join historian Frederic A. Wallace as he recounts the largely untold story of General George H. Gordon, Framingham's favorite son, with personal diary entries and letters that reveal a man of integrity and honor whose actions displayed an outright love for his country.

History in 30

General of the Army

General George Crook spent his entire military career, with the exception of the Civil War years, on the frontier. Fighting the Indians, he earned the distinction of being the lowest-ranking West Point cadet ever to rise to the rank of major-general. Crook's autobiography covers the period from his graduation from West Point in 1852 to June 18, 1876, the day after the famous Battle of the Rosebud.

Get Free The Life Of General George Monck For King And Cromwell

Editor Martin F. Schmitt has supplemented Crook's life story with other material from the general's diaries and letters and from contemporary newspapers. "When Red Cloud, the Sioux chief, heard of the death of his old antagonist, the Army officer they called Three Stars, he told a missionary, 'He, at least, never lied to us.' General Sherman called Crook the greatest Indian fighter and manager the Army ever had. Yet this man who was the most effective campaigner against the Indians had won their respect and trust. To understand why, you ought to read General George Crook: His Autobiography, edited and annotated by Martin F. Schmitt."—Los Angeles Times "A story straightforward, accurate, and interesting, packed with detail and saturated with a strong western flavor. The importance of this book lies not merely in its considerable contribution to our knowledge of military history and to the intimate and sometimes trenchant remarks made by Crook about his colleagues, but more particularly in the revelation of the character and aims of the general himself."—Chicago Tribune

A Complete Life of Gen. George A. Custer

Master of War

The Past Lives and Reincarnation of General George S. Patton Jr.

"The Custer literature is voluminous and most of it is highly controversial. Through the tangle of charges and countercharges Jay Monaghan cuts a clear path in his fresh account of Custer's whole career. Where possible, Monaghan relies on original sources, and he appraises them with the sound judgment of the practiced historian he is. He is sympathetic with Custer but does not hesitate to show the man's foibles and failures. He presents no attorney's brief and yet he disproves a number of ill-founded accusations. . . ."

My Life on the Plains

Taking place during the most critical period of our nation's birth, The First Conspiracy tells a remarkable and previously untold piece of American history that not only reveals George Washington's character, but also illuminates the origins of America's counterintelligence movement that led to the modern day CIA. In 1776, an elite group of soldiers were handpicked to serve as George Washington's bodyguards. Washington trusted them; relied on them. But unbeknownst to Washington, some of them were part of a treasonous plan. In the months leading up to the Revolutionary War, these traitorous soldiers, along with the Governor of

Get Free The Life Of General George Monck For King And Cromwell

New York, William Tryon, and Mayor David Mathews, launched a deadly plot against the most important member of the military: George Washington himself. This is the story of the secret plot and how it was revealed. It is a story of leaders, liars, counterfeiters, and jailhouse confessors. It also shows just how hard the battle was for George Washington and how close America was to losing the Revolutionary War. In this historical page-turner, New York Times bestselling author Brad Meltzer teams up with American history writer and documentary television producer, Josh Mensch to unravel the shocking true story behind what has previously been a footnote in the pages of history. Drawing on extensive research, Meltzer and Mensch capture in riveting detail how George Washington not only defeated the most powerful military force in the world, but also uncovered the secret plot against him in the tumultuous days leading up to July 4, 1776. Praise for *The First Conspiracy*: "This is American history at its finest, a gripping story of spies, killers, counterfeiters, traitors?and a mysterious prostitute who may or may not have even existed. Anyone with an interest in American history will love this book." —Douglas Preston, #1 bestselling author of *The Lost City of the Monkey God* "A wonderful book about leadership?and it shows why George Washington and his moral lessons are just as vital today. What a book. You'll love it." —President George H.W. Bush "This is an important book: a fascinating largely unknown chapter of our hazardous beginning, a reminder of why counterintelligence matters, and a great read." —President Bill Clinton

The Life of General George Monck

Rommel, Guderian, Liddell-Hart, and JFC Fuller were all early exponents and practitioners of armored warfare, tactics that were to break the stalemate that had characterized World War I. Advocates of the tank and above all speed, it was their ideas which decimated Saddam Hussein's forces in the 1990 Gulf War. But among the proponents and practitioners of armored warfare, the brash, bold, arrogant, and eccentric George S. Patton remains the world's greatest armored commander by the one yardstick that really counts: the battlefield. In 1944-45, Patton's Third Army raced across northern Europe, covering more ground and destroying more enemy resources than any other equivalent force in history. Patton is one of America's most celebrated, but his story has its origins in the form of a shy, dyslexic boy who could cry uncontrollably and who viewed his own emotional intelligence as unmanly. Patton was a fascinating, complicated and controversial man whose life story ranges between genius, folly and tragedy, with absolute determination the one constant theme. He was also a man constantly on the move, whether it was as an Olympic athlete or as one of the first American soldiers to work with tanks in World War I, but his life's work truly went toward revolutionizing warfare on and off the battlefield. Between the two World Wars, he wrote at length about mechanized warfare and tactics, and during the Second World War he worked his way up colorfully, controversially, and capably, all of which made him more conspicuous during the war. Patton's shocking death just a few months after

Get Free The Life Of General George Monck For King And Cromwell

the war ended ensured that the general died at the height of his fame and would always be remembered for his legendary attitude and exploits. Few other Americans did as much for the freedom of millions as Patton did during the last century. Without Patton, the armored divisions of the American Army would have been behind the Germans in both World Wars, but this brilliant man became a foremost expert in tank warfare and became the greatest American cavalry commander of the 20th century. History in 30: The Life of General George S. Patton provides a quick but comprehensive look at the life of the general.

A Complete Life of General George A. Custer

A gripping portrait of the first president of the United States from the author of Alexander Hamilton, the New York Times bestselling biography that inspired the musical. Celebrated biographer Ron Chernow provides a richly nuanced portrait of the father of our nation and the first president of the United States. With a breadth and depth matched by no other one volume biography of George Washington, this crisply paced narrative carries the reader through his adventurous early years, his heroic exploits with the Continental Army during the Revolutionary War, his presiding over the Constitutional Convention, and his magnificent performance as America's first president. In this groundbreaking work, based on massive research, Chernow shatters forever the stereotype of George Washington as a stolid, unemotional figure and brings to vivid life a dashing, passionate man of fiery opinions and many moods. Winner of the 2011 Pulitzer Prize for Biography Ron Chernow's new biography, *Grant*, will be published by Penguin Press in October 2017. "Truly magnificent... [a] well-researched, well-written and absolutely definitive biography" -Andrew Roberts, *The Wall Street Journal* "Superb... the best, most comprehensive, and most balanced single-volume biography of Washington ever written." -Gordon S. Wood, *The New York Review of Books* "A truly gripping biography of George Washington I can't recommend it highly enough—as history, as epic, and, not least, as entertainment. It's as luxuriantly pleasurable as one of those great big sprawling, sweeping Victorian novels." -Hendrik Hertzberg, *The*

New Yorker Lin-Manuel Miranda's smash Broadway musical Hamilton has sparked new interest in the Revolutionary War and the Founding Fathers. In addition to Alexander Hamilton, the production also features George Washington, Thomas Jefferson, James Madison, Aaron Burr, Lafayette, and many more.

Private record of the life of general sir George Hewett

George Armstrong Custer has been so heavily mythologized that the human being has been all but lost. Now, in the first complete biography in decades, Jeffry Wert reexamines the life of the famous soldier to give us Custer in all his colorful complexity. Although remembered today as the loser at Little Big Horn, Custer was the victor of many cavalry engagements in the Civil War. He played an important role in several battles in the Virginia theater of the war, including the Shenandoah campaign. Renowned for his fearlessness in battle, he was always in front of his troops, leading the charge. His men were fiercely loyal to him, and he was highly regarded by Sheridan and Grant as well. Some historians think he may have been the finest cavalry officer in the Union Army. But when he was assigned to the Indian wars on the Plains, life changed drastically for Custer. No longer was he in command of soldiers bound together by a cause they believed in. Discipline problems were rampant, and Custer's response to them earned him a court-martial. There were long lulls in the fighting, during which time Custer turned his attention elsewhere, often to his wife, Libbie Bacon Custer, to whom he was

Get Free The Life Of General George Monck For King And Cromwell

devoted. Their romance and marriage is a remarkable love story, told here in part through their personal correspondence. After Custer's death, Libbie would remain faithful to his memory until her own death nearly six decades later. Jeffry Wert carefully examines the events around the defeat at Little Big Horn, drawing on recent archeological findings and the latest scholarship. His evenhanded account of the dramatic battle puts Custer's performance, and that of his subordinates, in proper perspective. From beginning to end, this masterful biography peels off the layers of legend to reveal for us the real George Armstrong Custer.

George Washington

General George E. Pickett in Life and Legend

General George H. Thomas, the “Rock of Chickamauga” of the history books, was a Virginian who chose the northern side in the Civil War. While Thomas was considered a traitor by his family, his military superiors regarded him with a certain mistrust because of his southern background. Nonetheless, Thomas was prominent in the battles of Mill Springs, Shiloh, Corinth, Perryville, and Nashville, and was immortalized at Chickamauga, where he tenaciously held the field until ordered to withdraw.

George S. Patton: The Entire Life Story of an Outstanding General

General George Monck is famous for the key role he played in the restoration of the monarchy in 1660 - his actions changed the course of British history. But his statesmanship in the dangerous time between the death of Cromwell and the bloodless return of Charles II distracts attention from his extraordinary career as a soldier and general, admiral, governor and administrator. During the confused, often bloody, era of the English Civil Wars and the Protectorate he was one of the great survivors. Peter Reese, in this perceptive new study, follows Monck through his long, varied career, from his impoverished upbringing in the West Country and

Get Free The Life Of General George Monck For King And Cromwell

his military apprenticeship on the Continent, to his experience as a commander on both sides during the civil wars. He distinguished himself on the battlefields of Ireland and Scotland, and as a general-at-sea for both Cromwell and Charles II. AUTHOR Peter Reese is well known as a military historian with a particular interest in Scottish military history. He concentrated on war-related studies whilst a student at King's College London and served in the army for twenty-nine years. His other books include a biography of William Wallace and a study of the Battle of Bannockburn. He lives in Aldershot. 60 illustrations

shrewdness and firmness of character, his skill as a leader, his high popularity with his troops and his occasional ruthlessness gained for him a formidable reputation. On Cromwell's death he was one of the few men in England with the power, personal authority and political skill to secure the restoration of Charles II and to bring to an end twenty years of conflict.

The Life of George Washington

During the summer of 2002, I began the research that resulted in the writing of this book. Keeping a promise I had made to myself in early childhood, I set out that summer to discover my past life identity. I strongly suspected that I lived an earlier life prior to my birth. At a very young age, I remembered having had a family in a previous life. I promised myself at the time, as an adult I would seek them out, in order to let them know that although I had died, I was alive once again. By the end of the summer, I had not had any success, and had given up hope of ever knowing for sure if I had a previous life. However, in October of 2002, I had an unexpected breakthrough. From an unlikely source, I discovered my identity in a past life that had occurred in the United States during the mid-19th century, including the period of the American Civil War. This was just the beginning of a series of discoveries, which would culminate with the identification of my most recent past life as General George S. Patton Jr. Although many books have been written on General Patton's military exploits and most mention his belief in reincarnation,

Get Free The Life Of General George Monck For King And Cromwell

which was even depicted in the movie Patton, none has focused primarily on this aspect of his life. General Patton was a firm believer in reincarnation. Not only did he believe that he had lived many lifetimes in earlier periods of history, but he also believed he would reincarnate once again after his death. This book not only identifies and explores six of General Patton's past lives, and attempts to show how they were interconnected, it confirms that he was correct in his belief that he would return to walk the earth once again. The most exciting aspect of my past life research is the implication for humanity. Death is no longer something to fear or dread, for it no longer implies a permanent end or separation. It should be viewed as a natural transition, the return home, and the gateway to a new life where we will be reunited with our family and friends. It is my hope that this book will provide reassurance to anyone, who contemplates his or her own mortality, as well as comfort to the person grieving the death of a loved one.

An Eulogy of the Life of General George Washington

In this revelatory, dynamic biography, one of our finest historians, Benson Bobrick, profiles George H. Thomas, arguing that he was the greatest and most successful general of the Civil War. Because Thomas didn't live to write his memoirs, his reputation has been largely shaped by others, most notably Ulysses S. Grant and William Tecumseh Sherman, two generals with whom Thomas served and who, Bobrick says, diminished his successes in their favor in their own memoirs. Born in

Get Free The Life Of General George Monck For King And Cromwell

Virginia, Thomas survived Nat Turner's rebellion as a boy, then studied at West Point, where Sherman was a classmate. Thomas distinguished himself in the Mexican War and then returned to West Point as an instructor. When the Civil War broke out, Thomas remained loyal to the Union, unlike fellow Virginia-born officer Robert E. Lee (among others). He compiled an outstanding record as an officer in battles at Mill Springs, Perryville, and Stones River. At the Battle of Chickamauga, Thomas, at the time a corps commander, held the center of the Union line under a ferocious assault, then rallied the troops on Horseshoe Ridge to prevent a Confederate rout of the Union army. His extraordinary performance there earned him the nickname "The Rock of Chickamauga." Promoted to command of the Army of the Cumberland, he led his army in a stunning Union victory at the Battle of Chattanooga. Thomas supported Sherman on his march through Georgia in the spring of 1864, winning an important victory at the Battle of Peachtree Creek. As Sherman continued on his March to the Sea, Thomas returned to Tennessee and in the battle of Nashville destroyed the army of Confederate General John Bell Hood. It was one of the most decisive victories of the war, and Thomas won it even as Grant was on his way to remove Thomas from his command. (When Grant discovered the magnitude of Thomas's victory, he quickly changed his mind.) Thomas died of a stroke in 1870 while still on active duty. In the entire Civil War, he never lost a battle or a movement. Throughout his career, Thomas was methodical and careful, and always prepared. Unlike Grant at Shiloh, he was never surprised by an enemy. Unlike Sherman, he never panicked in battle but always

Get Free The Life Of General George Monck For King And Cromwell

remained calm and focused. He was derided by both men as "Slow Trot Thomas," but as Bobrick shows in this brilliant biography, he was quick to analyze every situation and always knew what to do and when to do it. He was not colorful like Grant and Sherman, but he was widely admired by his peers, and some, such as Grant's favorite cavalry commander, General James H. Wilson, thought Thomas the peer of any general in either army. He was the only Union commander to destroy two Confederate armies in the field. Although historians of the Civil War have always regarded Thomas highly, he has never captured the public imagination, perhaps because he has lacked an outstanding biographer -- until now. This informed, judicious, and lucid biography at last gives Thomas his due.

Framingham's Civil War Hero

When it comes to the Founding Fathers, Thomas Jefferson, Benjamin Franklin, and Alexander Hamilton are generally considered the great minds of early America. George Washington, instead, is toasted with accolades regarding his solid common sense and strength in battle. Indeed, John Adams once snobbishly dismissed him as "too illiterate, unlearned, unread for his station and reputation." Yet Adams, as well as the majority of the men who knew Washington in his life, were unaware of his singular devotion to self-improvement. Based on a comprehensive amount of research at the Library of Congress, the collections at Mount Vernon, and rare book archives scattered across the country, Kevin J. Hayes corrects this misconception

Get Free The Life Of General George Monck For King And Cromwell

and reconstructs in vivid detail the active intellectual life that has gone largely unnoticed in conventional narratives of Washington. Despite being a lifelong reader, Washington felt an acute sense of embarrassment about his relative lack of formal education and cultural sophistication, and in this sparkling literary biography, Hayes illustrates just how tirelessly Washington worked to improve. Beginning with the primers, forgotten periodicals, conduct books, and classic eighteenth-century novels such as Tom Jones that shaped Washington's early life, Hayes studies Washington's letters and journals, charting the many ways the books of his upbringing affected decisions before and during the Revolutionary War. The final section of the book covers the voluminous reading that occurred during Washington's presidency and his retirement at Mount Vernon. Throughout, Hayes examines Washington's writing as well as his reading, from The Journal of Major George Washington through his Farewell Address. The sheer breadth of titles under review here allow readers to glimpse Washington's views on foreign policy, economics, the law, art, slavery, marriage, and religion-and how those views shaped the young nation.. Ultimately, this sharply written biography offers a fresh perspective on America's Father, uncovering the ideas that shaped his intellectual journey and, subsequently, the development of America.

General George E. Pickett in Life and Legend

One of the Civil War's most successful generals is heralded by military historians

Get Free The Life Of General George Monck For King And Cromwell

but never achieved the lasting fame of Grant, Lee, Jackson or Sherman. George Thomas's Southern birth, the ambition of fellow officers, and his action in the less-publicized Western Theater combined to keep him from attaining recognition. This comprehensive biography focuses on the military career that covered such battlegrounds as Chickamauga, Missionary Ridge and Nashville, as well as the political maneuvers that kept Thomas out of the spotlight.

Washington

The Life of Major-General George H. Thomas

An autobiography by General George Armstrong Custer, written a few years before he departed for the Montana campaign and died at the Battle of the Little Bighorn. Covers the period of Custer's life from the end of the Civil War to his campaign against the Sioux and Cheyenne, culminating in the Battle of the Washita in 1868.
