Secrets of the Serpent: In Search of the Sacred Past by Philip Gardiner
Across time and across the world, an ancient serpent cult once dominated mankind. Then a great battle ensued and Christianity stamped its authority on the face of the planet. Now, after years of research, the real religious history of the world can be told. In Secrets of the Serpent, Philip Gardiner for the first time reveals the world's most mysterious places were once sacred to the Serpent Cult. The history and mythology of the so-called reptilian agenda and alien visitation in ancient times now has a solid opponent - giving answers for the

many symbols and myths often confused by those who believe in such things. In *Secrets of the Serpent*, the author reveals the real "bloodline" spoken of by Dan Brown in the *Da Vinci Code*- it was in fact a serpent bloodline. Philip Gardiner is the international best selling author of *The Shining Ones*, *The Serpent Grail*, *Gnosis: The Secret of Solomon's Temple Revealed and Proof - Does God Exist?* He has appeared on hundreds of radio and television programs worldwide speaking on religion and propaganda. He has infiltrated various secret societies and been initiated into Orders many people had thought were long forgotten. Committed to the constant struggle to uncover the real history of mankind and the unraveling of manipulative propaganda, he has come up against many obstacles and yet in his book, *The Serpent Grail* he reveals a truth about the Holy Grail that gained the backing of academia and scholars. The truth shall be found in the *Secrets of the Serpent*

Secret and Sacred

Hidden: Sacred/Secret is a masterpiece of love, history, faith, struggle, repression, persecution, tragedy, endurance, and passion tied into the true story of sacred being secret and eternal. It is the powerful description of mortals attempting to gain immortality while acting out their human existence. It provides the evidence given to support the defense for polygamy as given to the first Mormons who attempted living the "law of Sarah" and "celestial marriage." It is the truth as given to my grandmother and great-grandmothers. Anyone can start a war, but very few have the passion to right the errors of their fathers and be responsible for the next generations' well-being and happiness.

Peace in the Present Moment

The purpose of this book is to expose doctrines of the "Sacred Name Only" groups which are often very divisive in the Body of Messiah. Many of the proponents of their doctrine aggressively proselytize among established Messianic Congregations and churches and say that unless you call upon the Name of the Lord, you cannot be saved. We must understand what the Bible truly says of this phrase and whether the Sacred Name doctrine today has any validity.

The Sacred Mushroom and the Cross

"Hidden Mountain Secret Garden: a theological contemplation on prayer" helps the reader discover the riches of mental prayer in the Catholic Tradition. In fact, the images of the "Hidden Mountain" and the "Secret Garden" are ancient metaphors for contemplative prayer, a kind of prayer that begins and ends in faith. This book is especially for those whose prayer is a search for the loving eyes of One who has conquered death. This kind of prayer beholds the wonder of Christ's living but hidden presence in one's highest thoughts and most noble aspirations as well as in one's instinctual urges and deepest longings. The ecstasy of this kind of prayer extends beyond even the vast unexplored horizons of the human heart and opens to an immensity of such excessive mercy that all else is forgotten -- and only love remains. The whole world needs this love: it is the secret garden, the hidden mountain, the inexhaustible riches only prayer knows and an excess of grace only prayer can make known. This is why Blessed John Paul II told the Church not to be afraid to open wide the doors of our hearts to Christ and it is why He told the young people of the world to be proud to proclaim the Gospel of the Lord. For those brave souls who have faithfully open their hearts to the Lord through this discipline of this kind of prayer, every Christian owes you a debt of gratitude. For those who want to join them, this work encourages you along the way -- for the journey you endeavor is at once the most perilous, the most heart-rending and the most wonderful adventure this world has ever known. "Dr. Anthony Lilles has authored an introduction to prayer that is inspiring and encouraging. For those desiring to pray this is a resource that is full of practical advice - written simply and attractively. This book bears the mark of a man - husband, father and teacher - who is not only imbued with the wisdom of the Saints, but who has also, through his own prayer, learned how all of us can, through prayer, foster faith in and love for Jesus and his Gospel." THOMAS G. WEINANDY, O.F.M., CAP. Executive Director for the Secretariat for Doctrine United States Conference of Catholic Bishops This is a wonderful book. I've taught spiritual theology many years and I wish I had had this text use. In fact, I wish I had written this book. It is scriptural, patristic, historical, theological, mystical, experiential and user friendly. Dr. Lilles takes us through the spiritual journey of prayer, citing Fathers and doctors, saints and even sinners to guide us on our Christian way toward contemplation. Weaving many themes into a harmonious whole, he opens up the life of contemplation for all Christians, our baptismal birthright in a way that is accessible and attractive. This is a book one will read more than once. FR. GILES

DIMOCK, O.P., S.T.D University Parish of St. Thomas Aquinas At the University of Virginia In this book we find the real meat of the new evangelization. The church in America will not be renewed by "facts about Jesus" but only through one's choice to let Christ reach the heart and change it from within. It is an ancient message received by only few: Do not be afraid of letting go of what now defines you. Let Christ tell you who you are. Dr. Lilles is one of the ablest guides to lead us through to such a choice. Will I stay with knowledge about Jesus or will I enter the garden of prayer and finally come to know Him!! Do not be afraid to be loved, read this book. DEACON JAMES KEATING, PH.D, Institute for Priestly Formation, Omaha, NE

A Sacred Landscape

"One May day in 1896, at a dining-room table in Cambridge, England, a meeting took place between a Romanian-born maverick Jewish intellectual and twin learned Presbyterian Scotswomen, who had assembled to inspect several pieces of rag paper and parchment. It was the unlikely start to what would prove a remarkable, continent-hopping, century-crossing saga that has in many ways revolutionized our understanding of Jewish history, religion, and culture. In Sacred Trash, MacArthur-winning poet and translator Peter Cole and acclaimed essayist Adina Hoffman tell the story of the retrieval from an Egyptian geniza—a repository for worn-out texts—of the most vital cache of Jewish manuscripts ever discovered. This tale of buried scholarly treasure weaves together unforgettable portraits of Solomon Schechter and the other heroes of this drama with explorations of the medieval documents themselves—letters and poems, wills and marriage contracts, Bibles, money orders, fiery dissenting religious tracts, fashion-conscious trousseaux lists, prescriptions, petitions, and mysterious magical charms. Presenting a panoramic view of nine hundred years of vibrant Mediterranean Judaism, Hoffman and Cole bring modern readers into the heart of this little-known trove, whose contents have rightly been dubbed the Living Sea Scrolls. (With black-and-white illustrations throughout.) "

of the Sacred. This little book has spiritual insights that are a source of daily inspiration particularly helpful in times of personal challenges, grieving, or simple attendance to one's spiritual growth. There is much depth in these pages which offers a meaningful lens into ordinary life through a deeper way of knowing. It would appeal to a wide audience as it speaks beyond any one particular concept of God. The contemplative poetry, when read slowly, becomes a meditation and prayer in itself. Many people have a longing for a sense of the Sacred, a sense of the presence of God, and these poems supports growth in spiritual sensitivity and awareness of the Sacred in every aspect of the fully lived life. The mystical nature of the writings, the sense of inner calm that it fosters, and the utter simplicity of its spiritual perspectives, make this book a likely daily companion. Girard's forceful and thought-provoking analyses of Biblical narrative, Greek tragedy and the lynchings and pogroms propagated by contemporary states illustrate his central argument that violence belongs to everyone and is at the heart of the sacred. The Sacred Wound

A Search in Secret India is the story of Paul Brunton's journey around India, living among yogis, mystics and gurus, some of whom he found convincing, others not. He finally finds the peace and tranquility which come with self-knowledge when he meets and studies with the great sage Sri Ramana Maharishi. Paul Brunton was a British philosopher, mystic, traveler, and guru. He left a journalistic career to live among yogis, mystics, and holy men, and studied Eastern and Western esoteric teachings. Dedicating his life to an inward and spiritual quest, Brunton felt charged to communicate his experiences about what he learned in the East to others. His works had a major influence on the spread of Eastern mysticism to the West. Taking pains to express his thoughts in layperson's terms, Brunton was able to present what he learned from the Orient and from ancient tradition as a living wisdom. His writings express his view that meditation and the inward quest are not exclusively for monks and hermits, but will also support those living normal, active lives in the Western world.

Is there a Sacred Code hidden in the Pyramids? Here is a story of the revelation of this dynamic number as a key to Heaven and Earth, Space and Time; with dramatic discoveries of synchronicity for major events in history. It promotes an holistic view of life towards unveiling Mother Nature or Mother Mary and her Angels; or the Goddess and her Devas and may be crucial in averting a Third World War. This emerging code served to predict 8 earthquakes during this story's writing with the "Signatures of God" of Solar Eclipses, showing signs from the Winged Sun for the location and timing of Sumatran and Japanese Tsunamis and for Baptismal flooding of New Orleans, the Indus River and Queensland. It reveals eclipse patterns linking lives of great leaders in history: From Buddha to Jesus to Muhammad; from Genghis Khan to Merlin and Shakespeare, Galileo and Nostradamus; Joan of Arc, Karl Marx, Mao Zedong, Stalin; Einstein, Jan Smuts, Roosevelt and Churchill; Gandhi, Benhazir Bhutto and Barack Obama. Hitherto unknown related timing of the major events in history such as a clear link from the Titanic to the 1929 Wall Street Crash; the Atom Bomb to 9/11; Princess Di and the Andromeda Galaxy with Nelson Mandela, JFK, Abraham Lincoln and Barack Obama all linked to Cosmic events from Galaxy alignments like 2012 to Comets and the Winged Sun of Solar Eclipses. This elegant intuitive numerology blends Science and Religion in unified Sound, Colour and Number for all who look to a better understanding of the Plan and Story of Life. An expanded sacred Geometry from circles in the sky with sacred mountains and lakes giving clues to the Secret Chambers in the Pyramids and Sphinx and Signs of the Second Coming of Christ and Avatars. Because the LDS presence is spreading and being felt throughout the world in both economic and political venues that affect all facets of human life, the purpose of this book is to reveal to the world at large, and most significantly to the LDS people themselves, the exact meaning of the endowment, and to unfold all of the mysteries and hidden symbolism that pertain to it. In so doing, the non-LDS mind will come to an understanding of its extraordinary beauty, wonder, and glorious message. But more significantly, through its exceptional clarity and plainness, this profound and original explanation will allow the LDS people the opportunity to become aware of exactly what they are symbolically doing when performing the endowment. This insight will help them gain a better eternal perspective and understanding of the hidden mysteries of God they do not yet understand. In being made aware of its true purpose and intent, LDS members and their leaders might come to acknowledge the insignificance of this ordinance with regard to the salvation of a soul, and at the same time, reveal to all people its paramount significance in teaching the mysteries of the plan of our mutual Creator. The beauty of the temple endowment is that it is meant for everyone upon earth regardless of gender, race, or religious creed.

The land shimmers with sacred power. From prehistoric times on, our ancestors were aware of this. They sought healing, wisdom, and shamanic access to the spirit realm through interaction with the powerful forms of the natural world, and they built their ritual sites in intimate harmony with its contours. Sacred Secrets: Visionary Insights Into the Hidden Mysteries of God

This is an account of one of life's most painful experiences--the sudden death of a child. A mother's anguish compels her to examine beliefs about what comes after death and to explore ancient healing methods in Mexico, Brazil, and Bali. At its core a spiritual odyssey, The Sacred Wound is about creating meaning from life-shattering events--events which can utterly destroy us or serve as a call to extraordinary courage and growth. A life-shattering event is a modern day "sacred wound," a wounding so profound that it pierces the soul and penetrates the veils of who we are and what we think life is about. Like a mythological hero, we will emerge from the ordeal another person. As the author says, "For three years grief was my consort, it became my teacher." This inspiring and searingly honest book is about more than survival following the death of a loved one; it is about the gift in tragedy's other hand. It is about discovering the truth that love is the central experience of life and not simply mortality, and that this truth can emerge in ways we can never predict or expect

The story takes us from Heliopolis to Luxor, Alexandria, Toulouse, Florence, Rome, Paris, London, Washington DC, New York, and finally to the global pandemonium following 9/11/2001. It is a tale filled with romance and intrigue, heroism and faith, peopled by ancient Egyptian astronomer priests, Christian Gnostics, Hermetic sages, learned Jews, Arab savants, Occitan Counts, Cathar 'perfecti', Knights Templar, Renaissance magi, Rosicrucian 'invisibles', Bavarian Illuminati and Freemasons. An amazing new quest.

Sacred, Not Secret

"The Sacred Heart is, as Simeon prophesied of Jesus Himself, 'Signum cui contradicetur.' Like the title of His Blessed Mother, who is in very truth 'Mother of God,' it has drawn to itself all the assaults of heresy. For it is a divine test of faith in the mystery of the Word made Flesh, 'ut revelentur ex multis cordibus cogitationes.' Those who have trusted with a yearning hope that the faith of Englishmen, in the Incarnation at least, was firm and clear were saddened and silenced when the pilgrimage to Paray-le-Monial elicited from some of the highest sources of the established religion a profession of simple Nestorianism. It was then that the first fifty pages in this book were published. Having been out of print for some time, they are now reprinted, as the doctrinal foundation of all that follows. The devotion of the Sacred Heart has two aspects: the one as the centre of all dogma; the other as the source of the deepest devotion. In this latter aspect it reveals to us the personal love of our Divine Redeemer towards each and every one for whom He died. It is a manifestation of His pity, tenderness, compassion, and mercy to sinners and to penitents. Nevertheless, its chief characteristic and its dominant note is His disappointment at the returns we make to Him for His love, and above all, His divine displeasure at the faults and sins of those who are specially consecrated at His service. He seems to be sadly upbraiding us with the three doubting questions which He put to Peter, 'Lovest thou Me?' and to be looking upon us as He turned and looked on him, when he had thrice denied his Master. Into this part of the devotion of the Sacred Heart I have not ventured. It has already been treated so profusely by others, and by many of whom I have only to learn; it is in itself so deep and intimately related to the personal life and mind of each, that I have always felt it better to use but few suggestive words rather than to draw out devotional acts, which to the writer are no doubt spontaneous, natural, and real, but to the reader may be a burden like Saul's armour to David. In the following pages, therefore, I have intentionally confined myself to the dogmatic side of the devotion; and for the following reasons. I believe firmly that when divine truth is fully and duly apprehended it generates devotion; that one cause of shallowness in the spiritual life is a superficial apprehension of the dogma of the Incarnation; and that one divine purpose in the institution and diffusion of the devotion of the Sacred Heart, in these last times, is to reawaken in the minds of men the consciousness of their personal relation to a Divine Master. He has foretold the dimness and coldness of these latter days: 'The Son of Man, when He cometh, shall He find, think you, faith on the earth? (S. Luke xviii. 8.)' 'Because iniquity hath abounded, the charity of many shall grow cold (S. Matt. xxiv. 12).' In that day the disciples of the Sacred Heart at least will 'know whom they have believed.'"

A SEARCH IN SECRET(SACRED)HINDUISM

An Introduction: The purpose of writing the book is to provide a brief idea and knowledge about the various Vedic religious, rituals, practices, science, mathematics, beliefs prevalent in Hinduism. In short, to reveal the secrets of Hinduism. In India one should know that there were the intellectuals like rishis and saints and also tribals. The rishis and seers gave the

written form of Vedas, Vedangas, languages, sciences, and all forms of knowledge. Sages and seers developed all faculties for Human knowledge, right from medicine to maths, philosophy, physics, astronomy and so on. The concept of re incarnation was one of the highest secrets of Hinduism and followed subsequently by other eastern religions. Though all were in pure Sanskrit it formed the base for the entire world to accelerate their development in all spheres of life. These were all introduced by seers in India through spirituality obtained from incessant meditation. The core practice is meditation. Since tribals living in India were accepted into the Hindu fold their practice still continues though reforms by Shankaracharya had its impact. These tribal practices were commonly criticized as a practice of Hinduism by westerners and other foreigners which is not true. Hinduism allowed their system also to flourish without much intervention. This book shall serve as an eye opener to all especially the younger generation who in the midst of their busy work may not have sufficient time to go deep into the Vedas and realize them. In whatever permissible context I have quoted the relevant portions of the Vedas and other texts to substantiate the authority of the writing. This book has also been written keeping in mind the innumerable NRI families and other foreigners belonging to various religions and cultures, across the globe, who would like to know about Hinduism and its secrets , and who at the same time have not been much exposed to its vast culture. Attempt has been made to analyse every topic to its semantics and explain to the reader for his understanding. Though India is divided by its language it is united by its culture which is Hinduism. However it must be noted that all Indian languages have their base in Sanskrit. The culture of religion was introduced by those ancient seers through epics, puranas emanating from the Vedas. Thus this culture is being experienced by the people in India called as Hindus. Hinduism has been a very tolerant society and over a period of civilizations has assimilated and welcomed many diverse cultures. Hinduism is not a religion in the strict modern sense, but is a composite culture. People living on the other side of river Sindhu were called as Hindus by the Persians (modern Iran) as they shared a common border with the ancient India (now in the region of West Pakistan). In the ancient Persian language they did not have phonetics or syllable for “sa or saa”, hence instead of being called as Sindhus they called as Hindus. “The swastika the early symbol of Hinduism has been widely found in Neolithic European ruins during the past two centuries of archaeological excavations. This has convinced scholars during Past and present that prehistoric Europeans practiced an early form of Hinduism with high spiritual concepts of eternal soul, transmigration, karma, yoga, the third eye and the Nirvana” says Richard Cassaro, Journalist and speaker. Most of us living in the modern age, especially the younger generation , would not have a holistic idea of the practices, science and technology prevalent in this culture especially from vedic times, and therefore this book is an attempt to impart and reveal in a nutshell of the wide beneficial practices prevalent in this ancient culture for the welfare of Humanity.
