## The Adventures of Wrong Man and Power Girl!

Two rich and bored junior high school kids, John and Glenn, living in a little town in Texas, decided that they had to do something spectacular, an event that they would remember for the rest of their life, and yes, it eventually turned out that way. What they had in mind was against the law. It was depraved and immoral enough that it could ruin somebody's life forever. The victim that they had selected was, unfortunately for them, not somebody you could mess with without some serious repercussions and revenge. Her life so far was not a bed of roses, and she had to struggle to stay above water. She was alone and on the streets of New Orleans when she was sixteen years old. Her parents were killed when the hurricane Katrina hit the town. The boy's parents were the richest and most powerful citizens in their little town. Minor infractions of the law were never enforced, and this made them forget that some events were still against the law and that it was indecent behavior and would have them punished if caught. This story will make you want to read all the incredible, strange, scary, and wonderful events that the boys and girls have to go through. The story is at the same level of vicious, tender, and dramatic. It will make you angry and upset and, maybe, make you even cry and feel good. It's a novel where the author can't tell you too much in

this synopsis without ruining the story. I hope you will have the time and desire to read this book. People who did read the book find it to be very entertaining, creative, and passionate, and they find it very hard to put down.

Winner of the National Book Critics Circle Award for Autobiography A New York Times 2016 Notable Book National Best Seller Named one of TIME magazine's "100 Most Influential People" An Amazon Top 20 Best Book of 2016 A Washington Post Best Memoir of 2016 A TIME and Entertainment Weekly Best Book of 2016 An illuminating debut memoir of a woman in science; a moving portrait of a longtime friendship; and a stunningly fresh look at plants that will forever change how you see the natural world Acclaimed scientist Hope Jahren has built three laboratories in which she's studied trees, flowers, seeds, and soil. Her first book is a revelatory treatise on plant life—but it is also so much more. Lab Girl is a book about work, love, and the mountains that can be moved when those two things come together. It is told through Jahren's remarkable stories: about her childhood in rural Minnesota with an uncompromising mother and a father who encouraged hours of play in his classroom's labs; about how she found a sanctuary in science, and learned to perform lab work done "with both the heart and the hands"; and about the inevitable disappointments, but also the triumphs and exhilarating discoveries, of scientific work. Yet at the core of this book is the story of a relationship Jahren forged with a brilliant, wounded man named Bill, who becomes her lab partner and best friend. Their sometimes rogue adventures in science take them from the Midwest across the United States and back again, over the Atlantic to the ever-light skies of the North Pole and to tropical Hawaii, where she and her lab currently make their home. Jahren's probing look at plants, her astonishing tenacity of spirit, and her acute insights on nature enliven every page of this extraordinary book. Lab Girl opens your eyes to the beautiful, sophisticated mechanisms within every leaf, blade of grass, and flower petal. Here is an eloquent demonstration of what can happen when you find the stamina, passion, and sense of sacrifice needed to make a life out of what you truly love, as you discover along the way the person you were meant to be.

## Cancer Picked the Wrong Girl

Ethel Dillon wrote this true story about herself while praying and hoping that anyone with cancer or that will be diagnosed with cancer will be convinced about the power of God and what He will do for you, if you only put your trust in Him, believe His word and what it says about you, and never, ever let the enemy (devil) defeat you by ruling your thoughts and controlling your mind. Fight the good fight of faith and give no place to his lies. Know that when God sees your choosing faith over fear, He will show up and do amazing things for you. Always remember that all God asks of you is your faith and faithfulness and to believe and trust in Him, who loves you so much that He gave His only begotten Son (John 3:16). Thank you God!

Award-winning and Boston Globe bestselling author Hank Phillippi Ryan presents a spine-chilling, heart-wrenching suspense novel that explores a terrifying scenario striking at the heart of every family. Does a respected adoption agency have a frightening secret? Tipped off by a determined ex-colleague on a desperate quest to find her birth mother, Boston newspaper reporter Jane Ryland begins to suspect that the agency is engaging in the ultimate betrayal—reuniting birth parents with the wrong children. Then Jake finds an empty cradle at the murder scene. Where is the baby who should have been sleeping there? Jane and Jake are soon on a trail full of twists and turns that takes them deep into the heart of a foster care system in crisis and threatens to blow the lid off an adoption agency scandal. When the threatening phone calls start, Jane knows she is on the right track but with both a killer at large and an infant missing, time is running out. *The Wrong Girl* is a riveting novel of familial relationships—both known and unknown—vile greed, senseless murder, and the ultimate in deception. ### **The Memory Keeper**

Award-winning and Boston Globe bestselling author Hank Phillippi Ryan presents a spine-chilling, heart-wrenching suspense novel that explores a terrifying scenario striking at the heart of every family. Does a respected adoption agency have a frightening secret? Tipped off by a determined ex-colleague on a desperate quest to find her birth mother, Boston newspaper reporter Jane Ryland begins to suspect that the agency is engaging in the ultimate betrayal—reuniting birth parents with the wrong children. For detective Jake Brogan and his partner, a young woman's brutal murder seems a sadly predictable case of domestic violence, one that results in two toddlers being shuttled into the foster care system. Then Jake finds an empty cradle at the murder scene. Where is the baby who should have been sleeping there? Jane and Jake are soon on a trail full of twists and turns that takes them deep into the heart of a foster care system in crisis and threatens to blow the lid off an adoption agency scandal. When the threatening phone calls start, Jane knows she is on the right track but with both a killer at large and an infant missing, time is running out. *The Wrong Girl* is a riveting novel of familial relationships—both known and unknown—vile greed, senseless murder, and the ultimate in deception. What if you didn't know the truth about your own family? *The Wrong Girl* is the winner of the 2013 Agatha Award for best contemporary novel.
