In a clear and encouraging voice, Sosa reveals how Napoleon Hill's positive, practical, and empowering ideas can help Latinos overcome self-esteem issues, thrive while embracing change, and map a clear-cut plan to achieve their goals and fulfill their dreams. By applying the proven principles of preparation, competence, hard work, and sincerity devised by legendary motivational author Napoleon Hill, Lionel Sosa advanced from painting signs at \$1.10 an hour to running the largest Hispanic ad agency in America. In this indispensable guide to prosperity, Sosa shares his inspiring story of achievement, as well as those of other respected members of the Latino community, including: Alberto Gonzales, who rose from humble roots in San Antonio and Houston to become the first Hispanic attorney general of the United States. Linda Alvarado, who defied both racism and sexism to head the biggest construction company in America led by a woman. Jeff Valdez and Bruce Barshop, the team that created SiTV, the first and only twenty-four-hour English-language cable channel aimed at Latinos. Patricia Diaz Dennis, who triumphed over many obstacles and personal tragedy to serve as the first Latina chair of the Girl Scouts in the United States.

The Secret Revealed Napoleon Hill promises that there is a secret encoded in Think and Grow Rich. Hill writes that the secret appears hundreds of times in his book—but is never directly stated. Now, New Thought scholar and historian Mitch Horowitz reveals to you the master's secret, and explores exactly how to apply it in your life. In The Secret of Think and Grow Rich, Mitch also explores Hill's four most powerful steps, including the intriguing and widely misunderstood question of "sex transmutation." In this short book, Mitch supplies the clearest and most actionable chapter ever written on Hill's method of sex transmutation, a tremendously powerful and under-appreciated part of his wealth-building program. After reading The Secret of Think and Grow Rich, you will experience Hill's work in a whole new way. Your practice will grow more effective and dynamic—and you will experience positive and radical change. This is the book's promise. Discover it today.

The One Thing

Buy now to get the insights from Napoleon Hill's Think and Grow Rich. Sample Insights: 1) Thoughts are truly powerful. When mixed with the definiteness of purpose, persistence, and desire, they can be translated into riches or other material objects. Desire is the starting point from which the dreamer must take off. Dreams are not born of indifference, laziness, or lack of ambition. 2) Desire is thus the first

step to riches. The method by which desire for riches can be transmuted into its financial equivalent consists of six definite, practical actions. The first action is fixing in our minds the exact amount of money we desire.

Think and Grow Rich

Having sold somewhere over 37 million copies, Napoleon Hill was constantly working to improve his bestseller. Until recently, it still contained a flaw which kept many people from fully realizing the book's promise. James Breckenridge Jones taught Hill's work and developed the missing formula which could help anyone become a millionaire - and built a national business in just four years that put tens of thousands on the road to personal prosperity and abundance. In fact, this book has been known as the textbook for millionaire makers - and has been used to train the likes of Jim Rohn, Zig Ziglar, Tony Robbins, and Mary Kay Ash - each of which became multi-millionaires in their own right. This collection was created with your own prosperity in mind. If you learn, study, and apply these natural laws and principles, there is no limit to achieving your dreams. Summary: Think and Grow Rich

If you're a Canadian investor who's feeling ripped off lately, you're not alone. Canadians pay the highest fees in the world when it comes to investments in RRSPs and other registered accounts. Is this just because Canadians are foolish, or is there something more sinister at work? Now, and for the first time, *The RRSP Secret* reveals many of the financial industry's most closely guarded secrets - providing the individual investor an unprecedented view into how the financial system negatively impacts the financial freedom of most Canadians. More importantly, the book outlines specifically how to defend your wealth and use a little-known strategy to create double-digit returns - the same way the banks do. You'll never hear a bank manager or financial advisor tell you about this secret strategy, and you won't read about it in the newspaper. Why? Because they'd rather continue selling you underperforming investments that increase their profits instead of making you wealthy. The financial industry is a massive marketing machine that isn't designed to make you money, and the only way you'll become financially free is if you take control of your financial future - and this is your opportunity. In *The RRSP Secret*, Greg Habstritt

The 5 Essential Principles of Think and Grow Rich

In creating one of the first and most successful examples of the inspirational self-help book, James Allen was motivated by his own hard experience to show how our mental attitude has profound control over our lives and how we experience the world. More than that, he shows how, in mastering how we think,

we can master our place in the world. As a Man Thinketh first appeared in 1903 and draws its title from the Bible (Prov. 23: 7) “As a man thinketh in his heart, so is he.” Written to be accessible to all, the author persuasively describes how readers need to take responsibility for their thoughts as well as their actions, and that how a person thinks literally shapes their life path. In improving our thoughts, we can improve our lives. With an eye-catching new cover, and professionally typeset manuscript, this edition of As a Man Thinketh is both modern and readable.
