Cook with confidence and find inspiration with Gordon Ramsay's fun, delicious recipes for novice cooks and experienced chefs alike. Based on a new cooking show, this book will give experienced as well as novice cooks the desire, confidence and inspiration to get cooking. Ramsay will offer simple, accessible recipes with a "wow" factor. Gordon has travelled the world from India and the Far East to LA and Europe, and the recipes in this book will draw all these culinary influences together to show us simple, vibrant and delicious recipes that reflect the way we eat today. For example: Miso braised salmon fillet with Asian vegetables, Pork and Bacon slider with home made bbq sauce, Curried Sweetcorn Soup, Wild Mushroom Risotto Arrancini, and Baked Lemon Cheesecake with Raspberries. Each chapter will concentrate on a different area of cooking--from the classics to the secret of cooking with Chili and spice, through roasting, baking, and helpful sections on cooking good food for less and cooking for a crowd. Woven into the book will be useful tricks and tips--from ways to save time and money, to cleaning and prepping ingredients, to pan frying like a pro. Stuffed full of delicious recipes, invaluable tips and lashings of Gordon's trademark cheeky wit, Gordon Ramsay's

Combining the convenience of a dictionary with the depth of a history of philosophy, this new reference book fills a great need and should prove exceedingly useful to all students and scholars in classics, philosophy, theology and linguistics. The book defines and translates key terms used by pre-Christian philosophers up to the time of Proclus, with special references to the writings of the philosophers as they developed nuances and new meanings for the terms. Entries are arranged in dictionary style, but a knowledge of Greek is not necessary to use the book, since an English-Greek index provides the reader with Greek equivalents of English terms, with cross-reference to the main text. Its great value is that it isolates terms and allows the reader to follow their individual careers, while at the same time it offers an evolutionary history of the concept instead of a mere definition.
