This book is intended to be a roadmap towards a successful practice for medical students, residents, fellows, and doctors. This roadmap focuses on how to build and manage a medical practice, and can be applied regardless if the reader is employed, joins a small group, or if they are a doctor who decides to start their own practice. Part I covers the basic business concepts that every physician needs to know. Chapters emphasize the benefits that accrue to a physician who understands the basics of business. Part II provides a guide for doctors who are beginning a medical practice. The chapters define the various options for doctors' employment such as solo practice, group practice, and academic medicine. The section also includes the process of negotiating contracts, identifying the advisers

who help physicians become successful, and secure within their field and practice. The final part emphasizes strategies on how to build and grow a successful practice by covering topics such as hiring staff, employee motivation, creating a brand, gaining recognition, online reputation and presence, crisis management, integrating new technology, and work/life balance. The Business Basics of Building and Managing a Healthcare Practice serves as a valuable resource that helps doctors make a difference in the lives of their patients, as well as help them make good financial decisions.

In every field of therapeutic practice a significant amount of time is spent writing letters about and to patients. In *Letters From the Clinic* Derek Steinberg applies detailed literary and psychological analysis to over 40 letters, highlighting why certain words or phrases were used, how they could have been put better, and builds around them principles and theoretical positions based on narrative therapy, consultative approaches and the psychological impact of words and phrases. Using the context of child, adolescent and family psychiatry, while also applicable to all therapeutic work, the book deals with issues such as \* explaining clinical conditions and treatments \* confirming clinical contracts \* conveying difficult advice and painful news \* missed appointments and other practicalities Each letter is followed by detailed annotations and discussion. *Letters From the Clinic* will prove a valuable tool to all those working in clinical and therapeutic practice.
